WHEREAS, The City of Newark is deeply interested in helping to bring about this transformation and is desirous of keeping step with the persons who are spending millions on the buildings referred to; and

WHEREAS, It will be necessary to remove in the very near future the Public Farmers Market from that district; and

WHEREAS, It is obvious that the maintenance of any public market such as the Centre Market would seriously interfere with the contemplated development of that district; and

WHEREAS, In the maintenance and operation of the Centre Market there is a substantial annual deficit due to the fact that a large number of stands remain vacant and unrented; and

WHEREAS, Negotiations have been started by persons who are interested in the leasing or purchase of the Centre Market property upon terms satisfactory to the City;

NOW, THEREFORE, BE IT RESOLVED, That the Director of the Department of Parks and Public Property be and he is hereby authorized to offer the said property for rent and to receive proposals from any person or persons interested in the leasing of the same between October 11th, 1929, and October 31st, 1929, and to negotiate with principals or through real estate agents for the leasing of the said Centre Market property.

Charles P. Gillen  
John Howe  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, By resolution No. 762 of the City of Newark, passed on the 14th day of August, 1929, the Director of the Department of Parks and Public Property was authorized and directed to advertise for public sale, to the highest bidder, for cash, all the right, title and interest of the City of Newark in and to certain lands in the City of Newark, Essex County, N. J., described as follows:

**First Tract:**

Beginning at a point in the center line of Maple Street as delineated on the map made by the Commissioners appointed by the Common Council of the City of Newark to lay out streets, avenues and squares in said City, which map was made the 31st day of March, 1863, which center line of Maple Street intersects the westerly line of Frelinghuysen Avenue at a point 230 feet on a course of north 31 degrees 43 minutes east of Willow Street, as said streets now exist, and which beginning point is 112.50 feet west of Frelinghuysen Avenue and in said center line of Maple Street; and running thence north 58 degrees 17 minutes west 75 feet; thence northeasterly at right angles to said first mentioned course, or nearly so, 30 feet to the northerly line of Maple Street as laid out aforesaid; thence south 58 degrees 17 minutes east 75 feet; thence southwesterly and parallel with the second course 30 feet to the point or place of beginning.

It being the intention by the above description to include all the land in the bed of Maple Street north of the center line thereof and lying between a point 112.50 feet west of the westerly line of Frelinghuysen Avenue and a point 187.50 feet west of said Frelinghuysen Avenue.

**Second Tract:**

Beginning at a point in the center line of Maple Street as delineated on the map made by the Commissioners appointed by the Common Council of the City of Newark to lay out streets, avenues and squares in said city, which said map was made the 31st day of March, 1863, which center line of Maple Street intersects the westerly line of Frelinghuysen

Avenue at a point 230 feet on a course of north 31 degrees 43 minutes east of Willow Street, as said streets now exist, and which beginning point is 229.31 feet west of Frelinghuysen Avenue, and in said center line of Maple Street; running thence north 84 degrees 8 minutes west 20.87 feet; thence on a radius of 56.30 feet, 11.57 feet to the said center line of Maple Street; and thence south 58 degrees 17 minutes east 11.57 degrees to the point or place of beginning; and

WHEREAS, Said premises were duly advertised for sale on the 30th day of September, 1929, at 11:30 o'clock in the forenoon, Standard Time, at the office of the Director of the Department of Parks and Public Property, City Hall, Newark, N. J., at which time and place the said sale was duly adjourned to October 7, 1929, at 2:00 P. M. at the same place, at which time it was put up for sale at auction by the Director of the Department of Parks and Public Property, and Benno W. Ehrke having bid therefore the sum of Fifty dollars (\$50.00), and no other person bidding so much or more, the Director of the Department of Parks and Public Property did thereupon strike off and sell said property to the said Benno W. Ehrke; now, therefore,

BE IT RESOLVED, That the sale of said property to the said Benno W. Ehrke, for the said sum of Fifty dollars (\$50.00), be and the same is hereby confirmed, and the Mayor and City Clerk be and they are hereby authorized to execute and deliver to the said Benno W. Ehrke a deed of Bargain and Sale for said premises, upon the payment by him of the purchase price bid by him at said sale.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the sum of Ninety-six thousand one hundred fifty dollars and forty cents (\$96,150.40) be and the said sum is hereby appropriated to Edward J. Grassman, being the purchase price of six tracts of land owned by said Edward J. Grassman, situate in the City of Newark, Essex County, New Jersey, described as follows:

#### **First Tract:**

Beginning in the northwest corner of meadow formerly of Miner Tunis; thence southwest along meadow of Christopher Wood 6 chains 1 rod; thence south 3 chains 1 rod; thence east, northeast 6 chains 1 rod to meadow of said Tunis; thence to the Beginning corner.

Containing two acres, more or less.  
Being the same meadow conveyed by Waldo Brown, 1842.

#### **Second Tract:**

Beginning at the west corner in line of Peter Sparks salt meadow and is bounded by said Sparks' meadow on the west, on the north side by meadow of Elias Roberts, on the east side by meadow of Jonathan H. Harrison, and on the south by meadow of Moses Price.

Containing three acres, more or less.

#### **Third Tract:**

Being in the Newark Great Meadows:

Being in the great meadows of the Elizabeth side of Bound Creek, known as the Halsey meadow, formerly owned by Silas Halsey, since owned by Louis or Sars Roberts and the heirs of John Roberts, deceased, equally, and by said Louis or Sars Roberts deeded to Elias Roberts by Quit Claim in the year 1844.

Containing 1¼ acres, more or less.  
Being same premises conveyed by Elias Roberts to Morris Stites, 1844.

#### **Fourth Tract:**

Beginning by a ditch at the northwest corner of meadow of Timothy Woodruff; thence running northeast by east twenty-one chains; thence northerly four chains; thence southwesterly twenty-one chains to a ditch and adjoining the upland; thence along said ditch four chains to the place of beginning.

Containing seven and one-half acres, more or less.

#### **Fifth Tract:**

Situated in the Elizabethtown Great Meadow, being part of a lot of salt meadow which did belong to John Potter, deceased, to wit: the southwest end of said lot, Beginning in the middle of the ditch at the

south corner of a lot of meadow devised by the said John Potter, deceased, which said corner is in the line late of his Excellency William Livingston meadows; thence running north fifty-two and a half degrees east eight chains and five links to a stake at the corner of the ten acres conveyed to the said John Potter; thence south thirty-nine degrees east ten chains and three links to Richard Townley's meadow; thence south forty-eight degrees west seven chains and sixty links; thence north forty-six and a half degrees west four chains and three links; thence south forty-two degrees west four chains; thence north six chains and ninety links; thence north sixty-four degrees west one chain and eighty links to the Beginning corner.

Containing eight and five hundred twelve thousandths (8.512) acres of land.

#### Sixth Tract:

Being in the Elizabethtown Great Meadow:

Beginning at a ditch called Dr. Walton's ditch at the eastern corner of a piece of meadow late of Benjamin Conklin and William Conklin; thence along said ditch north forty-eight degrees and thirty minutes east three chains; thence north thirty-three degrees and ten minutes east sixty-one links; thence north seventy-eight degrees east one chain and forty-nine links; thence north fifty-four degrees east eight chains and eighty-seven links to a corner in a ditch in the line of a piece of meadow known as Jagers meadow; thence along said Jagers line north thirty-nine degrees and thirty minutes west eight chains and forty-seven links to a corner in Elias Crane's meadow; thence south forty-seven degrees and thirty minutes west fourteen chains and seventy-three links to a stone; thence along the meadow late of said Conklin south forty-seven degrees and fifty minutes east seven chains to the place of Beginning.

Containing seven and eight hundred and thirty-seven thousandths (7.837) acres of land, approximately.

BE IT FURTHER RESOLVED, That said sum of Ninety-six thousand

one hundred fifty dollars and forty cents (\$96,150.40) be paid to said Edward J. Grassman upon the filing by him with the Acting Auditor of Accounts of a deed from him conveying the lands above described, approved as to form by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark has an interest in certain lands in the City of Newark, Essex County, New Jersey, lying north and west of a line, more particularly described as follows:

Beginning at a point on the west shore of Newark Bay, said point being situated 800 feet, more or less, east of the center line of Doremus Avenue and 200 feet north of the northerly side line of Port Street; thence (1) running a course north  $65^{\circ} 37' 05''$  west and parallel to the northerly side line of Port Street an approximate distance of 4,653.84 feet to the lands or easterly right of way line of the Central Railroad Company of New Jersey (Newark and Elizabeth branch); thence (2) continuing parallel with and 200 feet north of the aforementioned side line of Port Street, from the westerly right of way line of the aforesaid Central Railroad of New Jersey on a course north  $65^{\circ} 38' 05''$  west a distance of 2,781.61 feet to the center line of Avenue "I"; thence (3) continuing on a course north  $65^{\circ} 38' 05''$  west from the center line of Avenue "I" a distance of 558.49 feet to a point of curve; thence (4) continuing along a curve of  $2^{\circ} 30'$  a distance of 875.76 feet to a point of tangency, said point being distant 565 feet north of the northerly side line of Haynes Avenue (State Highway 120 feet wide) as measured on a right angle therefrom; thence (5) continuing on a course north  $87^{\circ} 31' 42''$  west parallel to and 565 feet

north of the northerly side line of Haynes Avenue a distance of 3762.75 feet, more or less, to a point of curve; thence (6) continuing along said curve of  $2^{\circ} 50'$  a distance of 2,200.14 feet to a point of tangency, said tangent point being distant 990 feet west of the westerly side line of Haynes Avenue (State Highway 120 feet wide), and measured at right angles thereto; thence (7) running a course south  $30^{\circ} 48' 07''$  west, parallel to said westerly line of Haynes Avenue, a distance of approximately 2,058.47 feet to a point; thence (8) running on a course south  $3^{\circ} 50' 57''$  east a distance of 242.92 feet to the northerly side line of Haynes Avenue (formerly Weston Avenue), all as shown on the map governing this public sale and dated October 9th, 1929.

Lot 1. Adjoining Avenue A on the east and lying west of Avenue B. and bounded on the south and east by the above described line. Containing about 11.32 acres. Reserving, however, from the above lot, an easement or right of way of 100 feet in width, the center of which shall be in line with the center of Peddie Street.

Lot 2. Lying east of Avenue B and crossed by Avenue C and bounded on the south by the above described line. Containing about 3.30 acres.

Lot 3. Lying between Avenue C and Avenue D and bounded on the south by the above described line. Containing about 3.085 acres.

Lot 4. A lot of about 15 acres, lying about 500 feet north of the above described line, east of Avenue B and west of Avenue E and crossed by Avenue C and Avenue D.

Lot 5. Lying east of Avenue D and bounded south by the above described line. Containing 47/100 acres.

Lot 6. Lying between Avenue E and Avenue F and bounded on the south by the above described line. Containing about 4.31 acres.

Lot 7. Lying east of the west line of Avenue F and west of Avenue C and bounded south by the above described line. Containing about 1.86 acres.

Lot 8. Being crossed by Avenue G and bounded south by the above described line. Containing about 2.98 acres.

Lot 9. Lying on both sides and crossed by Avenue H and bounded south by the above described line. Containing about 70/100 acres.

Lot 10. Lying about 500 feet east of Avenue I, bounded south by the above described line. Containing about 17/100 acres.

Lot 11. Lying about 600 feet east of the Central Railroad of New Jersey and bounded southerly by the above described line. Containing about 76/100 acres.

Lot 12. Lying about 2,000 feet east of the Central Railroad of New Jersey and bounded south by the above described line. Containing about 8.57 acres.

Lot 13. Lying about 3,400 feet east of the Central Railroad of New Jersey running to Doremus Avenue, bounded southerly by the aforesaid line. Containing about 2.42 acres.

Lot 14. Lying east of Doremus Avenue and bounded southerly by aforesaid line. Containing about 4.72 acres.

The references in above description are for the purpose of location only and not to be taken as recognition or dedication of them as streets, said lands being more fully shown and described on map entitled "Map of property in the City of Newark to be sold by the City of Newark under resolution proposed October 9, 1929, which map is now on file in the office of the Chief Engineer for inspection.

and,

WHEREAS, Said lands are not suitable or needed for public use by said city;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that by virtue of the authority of Article 18 of Chapter 152 of the Laws of 1917 of the State of New Jersey, said interest of the City in said lands be sold at public sale, to the highest bidder, for cash, after public advertisement given in a newspaper circulating in the municipality, at least

once a week for two weeks prior to such sale; and

BE IT FURTHER RESOLVED, That the Director of the Department of Public Affairs be and he is hereby authorized and directed to offer said lands for sale, to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**The Board of Adjustment,  
City of Newark.**

October 3, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Mier Winarsky to enlarge his automobile body building plant (licensed as a public garage) at 175-181 Belmont Avenue.

This application was rejected by the Building Department August 16, 1929, and an appeal filed with the Board of Adjustment September 20th.

A public hearing on the appeal was ordered for October 3rd, at which time Mr. M. B. Silberstein, architect, appeared on behalf of the owner. There were no objectors at the hearing.

This plant has been in existence for some years, and is within 200 feet of a theater and a lyceum.

The application was granted by unanimous vote of the Board on condition that an automatic sprinkler system be installed, and that no gasoline or oil be sold on the premises.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully

recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to October 23.

**The Board of Adjustment,  
City of Newark.**

October 3, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted varying the Zoning Ordinance and granting the application of Samuel Goldberg for a gasoline station at 952-958 Bergen Street, northeast corner of Renner Avenue.

This application was rejected by the Building Department September 9, 1929, and an appeal filed with the Board of Adjustment on September 20th.

A public hearing was ordered for October 3, 1929, at which time Mr. Speakman of Mr. Arthur Vanderbilt's office appeared as counsel for the applicant. The attention of the Board was called to the unsightly condition of the premises caused by an excavation made some time ago by a previous owner, and was referred to as both dangerous and unsanitary. Neighboring property owners appearing at the hearing who favored the application were: George J. Gates, 960-966 Bergen Street; Mrs. Ida Freedman, 131-133 Renner Avenue and George Schaeffer, 944-946 Bergen Street. Mr. Jacob Lubetkin, counsel for a number of objectors, filed a written protest signed by fifteen neighboring property owners, and Mr. A. Grossman objected on behalf of the owner of 957-959 Bergen Street.

There is no church, school or similar institution within 200 feet.

The application was granted by unanimous vote of the Board.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each  
Commissioner and further action post-  
poned to October 23.

Board of Adjustment,  
City of Newark.

October 3, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Ad-  
justment held this day resolutions were  
adopted varying the Zoning Ordinance  
and granting the application of Henry  
Goepfert for the construction of four  
individual garages at 763 Bergen  
Street.

This application was rejected by the  
Building Department August 12, 1929,  
and an appeal filed with the Board of  
Adjustment September 5th.

A public hearing on the appeal was  
ordered for September 19th, at which  
time no one appeared to represent the  
applicant, and no objectors were pres-  
ent. Application was laid over.

On October 3rd the owner appeared  
and stated that the garages would be  
used to house small delivery trucks. No  
objectors appeared. This is a business  
district. An application for a gasoline  
station was denied for these premises  
March 21, 1929.

The application was granted by  
unanimous vote.

In accordance with Section 9, Chap-  
ter 274, P. L. 1928, it is respectfully  
recommended that the above structure  
be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each  
Commissioner and further action post-  
poned to October 23.

The Board of Adjustment,  
City of Newark.

October 3, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Ad-  
justment held this day resolutions were  
adopted varying the Zoning Ordinance  
and granting the application of Joseph  
Weisberger for a gasoline station at  
536 Market Street, southwest corner  
of Jackson Street.

This application was rejected by the  
Building Department September 7,  
1929, and an appeal filed with the  
Board of Adjustment September 9th.

A public hearing on the appeal was  
ordered for September 19th, at which  
time the matter was laid over two  
weeks.

On October 3rd Mr. Samuel I. Kess-  
ler appeared as counsel for the appli-  
cant. Jacob Rosenthal, owner of 528  
Market Street, was the only objector  
present.

There is no church, school or similar  
institution within 200 feet.

Four members of the Board voted  
in favor of the application. Mr. Law-  
rence is recorded as not voting.

In accordance with Section 9, Chap-  
ter 274, P. L. 1928, it is respectfully  
recommended that the above structure  
be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each  
Commissioner and further action post-  
poned to October 23.

The Board of Adjustment,  
City of Newark, N. J.

October 3, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjust-  
ment held this day resolutions were  
adopted varying the Zoning Ordinance  
and granting the application of Yetta  
Freedman for the construction of a  
warehouse at 81-83 Wallace Street.

This application was rejected by the  
Building Department September 4th,  
1929, and an appeal filed with the  
Board of Adjustment September 6th.

A public hearing on the appeal was  
ordered for September 19th, at which  
time Mr. Edward C. Eppler, architect,  
appeared on behalf of the applicant.

He stated that it was intended to erect a two-story building to be used as the office and warehouse of an electrical contractor, and that no part of the building would be used as a garage. Mr. Samuel Denbigh objected on behalf of the owner of 86 Wallace Street, and the matter was laid over to enable him to explain more fully to his client the purposes to which the building would be put.

On October 3rd the applicant was represented by Mr. A. Stimpler. No objectors appeared.

The application was unanimously approved.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to October 23.

The Board of Adjustment,  
City of Newark, N. J.

October 3, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted varying the Zoning Ordinance and granting the application of I. E. Conway for a gasoline station at 444-448 West Market Street, southeast corner of South Seventh Street.

This application was rejected by the Building Department August 6, 1929, and an appeal filed with the Board of Adjustment August 8th.

A public hearing on the appeal was ordered for September 5th, at which time Mr. William F. Conway appeared as counsel for the applicant. Mr. Mervin G. Wiener, counsel for a number of objectors, obtained an adjournment for two weeks.

On September 19th Mr. Wiener entered his appearance for 23 objecting property owners, but questioned the jurisdiction of the Board on the grounds that two owners within 200 feet had not been notified. The matter

was laid over to enable the applicant to notify these owners.

On October 3rd Mr. Conway furnished satisfactory proof that he had served notice on all property owners within 200 feet, and also filed seven letters from neighboring property owners favoring the application. Mr. Wiener renewed his objections on behalf of his clients, and on the grounds that the Central Theatre at 505 Central Avenue is within 200 feet.

In granting the application by unanimous vote, the Board of Adjustment was of the opinion that the gasoline station would be of benefit to traffic by affording a greater range of vision at the intersection, and would in no way interfere with the Central Theatre, the entrance being 375 feet away, measured along street lines.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to October 23.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Philip Stanzione for an addition to his automobile service station at 4 Tiffany Boulevard, on condition that no new driveways to the property be constructed, and that a fence be built along Tiffany Boulevard in front of the proposed addition;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the

administrative officer in charge of granting permits, he and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: There is a woman here who lives in the house next door who wants to protest against it.

Mrs. Bessie Friedman, 6 Tiffany Boulevard: It will be against my house, and I lost my husband last year—

Commissioner Murray: Where do you live?

Mayor Congleton: This lady was in to see me. She owns the house next to it. She had to move out and she is living in Paterson with her children. She is fearful that the building of that extension around this house will make it impossible for her to sell. Did you try to sell it to this gasoline station owner?

Mrs. Friedman: Yes. He wants to sell in back of his gasoline station. That is the only house I had.

Commissioner Murray: Suppose we lay it over for two weeks to give her a chance to negotiate.

Commissioner Brennan: I move that the resolution be laid over to October 23, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Alfonso Russomanno, for the construction of a public garage at 155-159 Ridge Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of J. & M. Fernandez and Emilio Castro for the construction of a store and bake shop at 170 New York Avenue.

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of William Gulka for the construction of a commercial garage at 42 Mercer Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Brennan: I move that the resolution be laid over to October 16th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Thomas Burke to replace existing frame sheds with 8 individual garages along the rear line of the lot; premises 54-56 Fourth Street;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent

of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Vincent De Florio to convert an existing dwelling into a store and dwelling; premises 237 Clifton Avenue;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Jno F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Arthur L. Burgess for a gasoline station at 244 Chancellor Avenue;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Gerald McLaughlin, representing Mr. Arthur L. Burgess, the applicant, appeared and urged that the recommendation of the Board of Adjustment be approved.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Inspector of the Bureau of Combustibles and Fire Risks, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Alphonse J. Schlegel for an open air automobile parking station at 1021 Broad Street, for one year, on condition that the driveway from Broad Street be not more than 10 feet in width, and that all cars leave by way of Beecher Street;

**THEREFORE BE IT RESOLVED.**

By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Inspector of the Bureau of Combustibles and Fire Risks, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: There should be no entrance to a parking station on Broad Street. Driving cars across the sidewalk on Broad Street is out of order.

Commissioner Howe: If they would agree to have their entrance on the side street and not cross Broad Street I think it would not be objectionable.

Commissioner Murray: No. If they confine the entrance and exit to Beecher Street.

Commissioner Howe: They are not willing to do that.

Mr. F. G. Kautz: We are willing to do it if we can not get an entrance on Broad Street.

Commissioner Howe: Crossing Broad Street is the objection.

Mayor Congleton: The entrance would be very close to the junction of Broad Street and Clinton Avenue, where there is a traffic officer and

where cars, when the light is set against them, are backed up against this property, and when traffic is started, to have to stop for a car that is out near the trolley tracks and wants to get in there, would be a great hindrance to the speedy movement of traffic. Furthermore, I think it is a disgrace to our City to have these open air parking stations with all of the signs and all that goes with them. Personally, I shall vote against it under any conditions.

Mr. Kautz: This is only something of a temporary character.

Mayor Congleton: I know it, and just as this is temporary somebody else is temporary. The result is we have these disagreeable looking things along the main artery of our city all the while.

Mr. Kautz: This is too valuable a piece of property to stay empty for any particular length of time.

Mayor Congleton: There was a building on it.

Mr. Kautz: The building was torn down; the property is now for sale, and my client's lease is for only one year with a thirty-day removal clause in it. He has had a parking station up further, right opposite Marshall Street, and there was never any objection to it there. He always took good care of the place and crossed Broad Street at that time. If we can not cross Broad Street we would like to have an entrance on Beecher Street so we will at least get the benefit of the place.

Commissioner Murray: You have one parking station up north of Kinney Street now.

Mr. Kautz: That is gone. We were there formerly.

Commissioner Murray: You are out of that. They get these parking stations and then stick all kinds of unsightly signs to magnify the fact that there is vacant land on the main street.

Mr. Kautz: In such a case the permit could be revoked. He doesn't intend to have any display signs of any size—just merely a small board sign on an upright. There hasn't been any objection by anybody in the neighborhood that I know of, except some party on the other side of the street.

Mayor Congleton: It isn't a question

of some individual objection of some property owner in the neighborhood, but I have had many objections made to me by citizens of the City that have the interest of the City at heart, and they agree with me that such places are anything but a benefit to the City for people that are traversing our main thoroughfare.

Mr. Kautz: I don't think that is the cause of the congestion at all. If you walk down Broad Street at any hour of the day you will find any number of cars parked on Broad Street right in front of that lot. They stop the flow of traffic. If they had a place to go they could go inside and park and get off the street. That is what we need.

Commissioner Murray: If your property is going to remain vacant—

Mr. Kautz: It wouldn't look any worse than a vacant lot.

Commissioner Murray: If it had a decent fence put along the Broad Street side with an advertisement that the place was for sale, that would be one thing; it would remove the unsightly appearance of the vacant spot in such a valuable block and what was going on in there by way of storage of cars. Coming in from Beecher Street wouldn't have any particular effect on Broad Street.

Mr. Kautz: This property can not be used unless it is improved and they have got to tide themselves over in some way, and if they can tide themselves over in some way and if they can get a little rental from a parking station, I don't see any objection to that.

Mayor Congleton: You and I disagree on that.

Commissioner Howe: Do you think the block between Camp and Chestnut is sightly? That is the most disgraceful sight in the City of Newark.

Mr. Kautz: But that is a very large corner. This is only a 50-foot space between two houses. That corner is wide open.

Commissioner Murray: Would you put a fence up 8 feet high and paint it, on the Broad Street side?

Mr. Kautz: If we can not get it under any other conditions, why, of course, we would do it.

Commissioner Howe: And have the entrance on Beecher Street?

Mr. Kautz: And have the entrance on Beecher Street.

Commissioner Murray: I wouldn't object to that for one year.

Commissioner Gillen: The fence would hide the parking of cars.

Commissioner Murray: And it would be an improvement of a vacant lot.

Mayor Congleton: Why don't you see what your client will do to overcome some of these things, and we will lay it over for one week?

Mr. Kautz: All right.

Commissioner Gillen: I move that this application be laid over to October 16th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board, that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Joseph J. Kroeger for the construction of a building to be used for the storage and cutting of plate glass, and for a commercial garage; premises 170-172 South 12th Street; on condition that the proposed building be set back on a line with the foundations of adjoining buildings;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

RESOLVED, That the sum of Two thousand six hundred eighty-five dollars and ninety-five cents (\$2,685.95) be and the same is hereby appropriated to the persons named on the annexed certified list, being the bills and claims of the Department of Parks and Public Property, as follows:

Centre Market .....	\$ 980.00
City sundries .....	313.60
Public Buildings .....	1,392.35
	<hr/>
	\$2,685.95

Charles P. Gillen  
Jerome T. Congleton  
W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the sum of One thousand five hundred sixty-one dollars and fifty cents (\$1,561.50) be and the same is hereby appropriated to the City Treasurer, as per annexed certified list, being the weekly payroll of the Department of Parks and Public Property for week ending October 2, 1929, as follows:

Shade Tree.....	\$ 473.60
Alice W. Hayes Estate.....	1,087.90
	<hr/>
	\$1,561.50

Charles P. Gillen  
Jerome T. Congleton  
W. J. Brennan  
John Howe  
Jno F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any citizen have any matter to bring to the attention of the Commission this morning?

I would like to make a suggestion on these open air parking stations where they are granted. I have noticed that a lot of them, as soon as they get these permits, bring in a lot of second hand cars and put signs on them "For Sale," right along the sidewalk side. Now, if these stations are intended to help relieve the parking on the streets I think they ought to be limited to that. Other people are paying rent for storage for the purpose of selling second hand cars, and to permit these people to put cars on the sidewalk side I think it is a disgrace to our community. There is one on Central Avenue and four on Broad Street.

Commissioner Murray: I think we ought to check up on them and exclude them.

Mayor Congleton: Does any person have any other matter to bring to the attention of the Commission this morning?

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLESS P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., October 16, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of meeting of October 9th were read and approved.

The City Clerk presented the following ordinance and stated that today was the time fixed for hearing on the same:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 18, entitled "Area District Exceptions" of an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," be and the same is hereby amended by adding Paragraph F, as follows:

Section 18—Area District Exceptions.

(f) Nothing in this ordinance shall prevent the construction or alteration of a church or public building with area and clear story height exceeding the limits specified in this ordinance.

Commissioner Brennan moved that the ordinance be laid over until October 30th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating child labor, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the purchase of street cleaning apparatus and providing for the financing of the same.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the purchase of Street Cleaning Apparatus be and the same is hereby authorized.

2. That the cost of the purchase of said Street Cleaning Apparatus shall not exceed the sum of \$100,000.

3. Pursuant to the provisions of Section 13, Chapter 252 of the Laws of 1916, as amended, there shall be issued Temporary Loan Bonds of the City of Newark in the aggregate principal amount not exceeding \$100,000, bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect to said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby

authorized and directed to execute said bonds or so many thereof as the Director of Revenue and Finance shall deem it advisable to issue.

4. The sum of \$100,000 to be raised by the issuance of said temporary bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that October 30th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the curbing and flagging of the south side of Eleventh Avenue from South 18th Street to South 20th Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the south side of Eleventh Avenue from South 18th Street to South 20th Street shall be curbed and flagged, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the

grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated October 11, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$2,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$2,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear inter-

est at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that November 6th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Boudinot Street from the westerly line of Mulberry Street westerly to the easterly line of Pine Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated

as Map No. 1389-V, dated May 23rd, 1929, shall be vacated as a public street or highway.

Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of and Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that November 6th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance granting permission to Beckwith - Chandler Co. to construct, operate and maintain a single track siding at grade crossing Delancy Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That permission be and the same hereby is granted to Beckwith-Chandler Co. to construct, operate and maintain a single track siding at grade crossing Delancy Street, from a point on the southerly side thereof dis-

tant 238.45 feet easterly from the southeasterly corner of Delancy Street and Rutherford Street to a point on the northerly side thereof distant 214.05 feet easterly from the northeasterly corner of Delancy Street and Rutherford Street; as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1003-S, dated October 4th, 1929.

Section 2. That said permission be and the same hereby is given upon the condition and provision that the said single track siding shall be removed within ninety (90) days after the receipt by the said Beckwith-Chandler Co., or their successors, of notice from the City of Newark ordering the discontinuance of said single track siding; and upon the further condition and provision, that the said single track siding shall be changed in grade to correspond to any changes that may be made in the grade of Delancy Street, and upon the still further condition that the portion of the single track siding within the limits of Delancy Street shall be constructed with nine-inch Trilby rails and the area between the rails shall be paved with new granite block pavement on a concrete foundation with asphalt and sand filled joints, and that a watchman with proper signals shall be stationed at the crossings whenever necessary to give warning of the passing of cars or locomotives.

Section 3. That the said permission is given upon the further condition that the said Beckwith-Chandler Co. shall at their own expense make all changes in the pavement, curb and sidewalk, including sewer basin work, made necessary by the installation of said single track siding at grade to the satisfaction of the Director of the Department of Public Affairs.

Section 4. That the said Beckwith-Chandler Co. shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any and all claim or claims whatsoever for any damage to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location,

grade, maintenance and existence of said single track siding at grade.

Section 5. That said permission be and the same hereby is granted upon the further condition that the said Beckwith-Chandler Co. shall file with the Clerk of the City of Newark their written acceptance of the provisions of this ordinance within thirty (30) days of the date on which it takes effect and shall pay on demand of the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

Section 6. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that November 6th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Poinier Street from Broad Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and on the old concrete foundation built up with concrete as directed.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Poinier Street from Broad Street to Frelinghuysen Avenue shall be graded, curbed, flagged, paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and on the old concrete foundation built up with concrete as directed, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated October 11, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$54,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$54,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that November 6th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

To the Board of Commissioners of The City of Newark, N. J.

Dear Sirs:

I respectfully submit the statements annexed (by items) of the amount in gross as shown by the records in this office of the several openings and widenings, Chapter 152, Laws 1917, now completed, which statement is now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. Brady,  
Acting Auditor of Accounts.

Poinier Street Opening and  
Widening, Broad Street to  
Frelinghuysen Avenue...\$241,721.57

RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction and provisions of the statutes in such case made and provided.

John Howe  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That the Comptroller be and he is hereby authorized to cancel from the records in his office, 1926 taxes on Block 4047, Lot 35, as follows:

1926 Taxes:  
Index 15596 \$ .37 1st half

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

WHEREAS, Application has been made by the City of Bayonne to North Jersey District Water Supply Commission for a supply of potable water for said City from the Wanaque water supply, to commence on the first day of January, one thousand nine hundred and thirty, or as soon thereafter as water for said purpose is available from said supply; and

WHEREAS, Upon the completion of said Wanaque water supply, and during the early years of its use, there will be from the waters allocated to The City of Newark and from the waters allocated to The Town of Kearny, and to other municipalities, certain amounts of waters not immediately required by said municipalities; and

WHEREAS, It is represented to this Commission that The Town of Kearny

is willing that the unused portions of the waters allocated to it under its contract with this City and the North Jersey District Water Supply Commission be used for the purpose herein-after set forth; and

WHEREAS, In the opinion of this Commission, it is to the financial advantage of The City of Newark that the unused portions of the waters allocated to it be used for such purpose; and

WHEREAS, In the opinion of this Commission, it will be to the economic advantage of the district as a whole if such use of the unused waters allocated to all municipalities, partners in the Wanaque development, be made; therefore,

1. BE IT RESOLVED, By the City Commission of the City of Newark, that upon the concurrence of the Town Council of The Town of Kearny, the City of Newark authorizes and directs the North Jersey District Water Supply Commission to enter into contract with The City of Bayonne and The Town of Kearny for a daily supply to The City of Bayonne from the Wanaque development, during a term of five years from the commencement of deliveries therefrom, of a minimum of twelve million (12,000,000) gallons of water per day and a maximum of seventeen million (17,000,000) gallons per day, except for unavoidable interruptions, upon the terms and under the conditions set forth in the form of contract hereto annexed and made a part of this resolution, provided that the use of Kearny's unused allotment and of Newark's unused allotment of Wanaque water, after providing for Newark's needs and for its existing contracts with Elizabeth and other municipalities and the unused allotments of other partners in the Wanaque supply consenting to the Bayonne contract, is sufficient to furnish such supply to Bayonne.

2. BE IT FURTHER RESOLVED, That the waters to be supplied to The City of Bayonne under said annexed contract be supplied to it from the unused waters of The Town of Kearny and The City of Newark from the respective allocations of water to said municipalities under the contracts be-

tween them and the North Jersey District Water Supply Commission for the development of the Wanaque supply.

3. BE IT FURTHER RESOLVED, That authorization and direction hereinbefore given the North Jersey District Water Supply Commission to enter into a contract with The City of Bayonne in the annexed form, be not conditioned upon the joinder of any municipality other than the Town of Kearny.

4. BE IT FURTHER RESOLVED, That upon the execution and delivery of a contract with The City of Bayonne for a water supply, in the form hereto annexed, and upon the concurrence of The Town Council of The Town of Kearny, in the authorization and direction in this section set forth, the City of Newark hereby authorizes and directs the North Jersey District Water Supply Commission to enter into a contract for the payment by said District Commission to T. A. Gillespie Company of the sum of Two thousand dollars (\$2,000.00) per day, for every day prior to July 24, 1930, that said Company shall bring the Wanaque Aqueduct to such a state of completion as to afford full allocated quantities of water to each of the municipalities partners in the Wanaque development, and further authorizes and directs the said District Commission to apply so much of the net revenue received from the Bayonne contract, to pay or reimburse itself for payments made to the T. A. Gillespie Company for expediting the construction of the Wanaque Aqueduct, under the contract for such purpose hereinbefore authorized and directed to be made. After the T. A. Gillespie Company has been fully paid for expediting the work and the North Jersey District Water Supply Commission has been fully reimbursed for any moneys advanced for such early completion of the aqueduct, the District Commission is hereby authorized and directed to apportion the remaining net revenues of the Bayonne contract between The Town of Kearny and The City of Newark in the following manner:

(a) There shall first be determined quarterly by the District Commission the amount of waters of the respective allocations to The Town of Kearny and

The City of Newark, which shall be from time to time during the term of the contract with Bayonne unused by these municipalities.

(b) The District Commission shall then credit to The Town of Kearny and The City of Newark, respectively, an amount of such net revenue, equivalent to the percentage which the respective quantities of unused water of said Town and City shall bear to the total quantity of unused waters of said Town and City.

(c) The amount so found to be due to The City of Newark shall be paid to it quarterly and the amount found to be due or to grow due to The Town of Kearny shall be held by the District Commission until the amount so withheld shall equal the sum of five hundred dollars (\$500.00) per day for each day that the District Commission shall pay T. A. Gillespie Company the sum of two thousand dollars (\$2,000.00) per day for expediting the construction of the aqueduct, at which time the sum so withheld, from Kearny, shall be divided between The Town of Kearny and The City of Newark and paid to them upon the same basis as provided under subdivision "b".

(d) After the requirements of subdivision "c" have been met, there shall be paid to The Town of Kearny, quarterly, from the continuing net revenues under the Bayonne contract, the sums found to be due the Town under subdivision "b".

5. BE IT FURTHER RESOLVED, That should any other municipalities, partners in the Wanaque development, within thirty (30) days after the execution of the Bayonne contract, express by resolution their desire to join in the sale of the unused portion of their respective allotments of water, to supply The City of Bayonne, and by such resolution acquiesce in the contract to pay T. A. Gillespie Company two thousand dollars (\$2,000) per day for every day prior to July 24, 1930, that said Company shall bring the Wanaque Aqueduct to such a state of completion as to afford full allocated quantities of water to each of the contracting municipalities, The City of Newark hereby consents, provided The Town of Kearny also consents, that such municipalities so expressing their

desire and acquiescence shall be admitted to participate in the profits of the Bayonne contract, upon such terms and conditions to be formulated by the District Commission, as shall take into account the special advantages and savings to the respective municipalities from the early completion of the Wanaque Aqueduct and also the provisions of the existing contracts between the respective municipalities, the District Commission and The City of Newark, and the principle upon which the allocation between The Town of Kearny and The City of Newark, herein provided, is based.

THIS CONTRACT, Entered into this .....day of October, one thousand nine hundred and twenty-nine, by and among North Jersey District Water Supply Commission, hereinafter called the Commission, City of Bayonne, hereinafter called the City, and Town of Kearny, hereinafter called the Town,

WITNESSETH:

WHEREAS, The City of Bayonne is desirous of obtaining from the Wanaque Water Supply now under construction by the Commission a daily supply of potable water of not less than twelve million (12,000,00) gallons and not more than seventeen million (17,000,000) gallons for a term of five years beginning from the delivery of said water; and

WHEREAS, The Town of Kearny and The City of Newark have consented that the Commission enter into a contract with the City for the delivery of said quantities of water from unused waters allocated to said municipalities;

NOW, THEREFORE, It is agreed between the Commission and the City and Town as follows:

1. The Commission will, upon the bringing of the Wanaque Aqueduct to such point of completion as to permit of the delivery of the full allocated quantities through the Wanaque Aqueduct, and upon the construction by The Town of Kearny of a supplementary pipe line connecting the existing pipe line of The Town of Kearny with the pipe line of the City, in accordance with plans and specifications ap-

proved by the Engineers of the Commission, deliver to the City for a term of five years thereafter, through the pipe line so to be constructed by The Town of Kearny, a daily supply, except for unavoidable interruption beyond the control of the Commission, of not less than twelve million (12,000,000) gallons and not more than seventeen million (17,000,000) gallons of water, as shall from time to time be required by the City, insofar as the use of Kearny's unused allotment and of Newark's unused allotment of Wanaque water, after providing for Newark's needs and for its existing contracts with Elizabeth and other municipalities and the unused allotments of such other partners in the Wanaque supply consenting to this contract, is sufficient to furnish such supply to the City of Bayonne.

2. Said water shall be supplied at a pressure of not less than eighty pounds at the gatehouse of the City located in the Borough of North Arlington. Should the pressure fall below said 80 pounds to a point requiring Bayonne to operate its booster pumping station in order to give adequate service, the necessary cost of operating said station shall be credited by the Commission on the charges for water supplied to the City under this contract.

3. The City agrees to pay to the Commission the sum of Seventy dollars (\$70.00) per million gallons for all water delivered to it at said gatehouse, provided that in no case shall the City in any one year during the continuance of this contract pay the Commission a sum less than the sum of three hundred and six thousand six hundred dollars (\$306,600.00), provided that deduction from said minimum sum shall be made for such period in which the Wanaque supply may be interrupted, and for the necessary cost of operating the booster pumping station in the contingency provided for in Section 2.

4. Said payments shall be made monthly and shall be made in accordance with the quantity of water delivered as shown by the meter furnished and maintained by the City at its gatehouse in North Arlington, as aforesaid, said meter to be for such purpose, under the joint control and

subject to the joint examination of representatives of the Commission and of the City.

5. Should any dispute arise as to the quantities of water supplied by the Commission to the City, payment shall be made at the minimum rate of twelve million (12,000,000) gallons per day and the adjustment of additional payment shall be submitted to arbitration, one arbitrator to be chosen by the Commission, one by the City and the third by the two thus chosen, and the finding of any two of said arbitrators shall be conclusive.

6. The Town of Kearny hereby undertakes and agrees to lay a pipe line of not less than thirty-six inches in diameter, with appurtenances from the junction of Seeley Avenue and Schuyler Avenue in the Town to the Bayonne pipe line at the junction of Schuyler Avenue and Belleville Turnpike, a distance of approximately nine hundred (900) feet, at its own cost.

7. The Commission agrees, from the moneys received for water sold to the City under this contract, to pay to the Town for the construction of the line specified in paragraph 6 and for the use of all the pipe lines of the Town needed to supply the City, as follows:

(a) The sum of Seven dollars and fifty cents (\$7.50) per million gallons, payable quarterly, for such period as shall be required for a daily payment of two dollars and fifty cents (\$2.50) per million gallons of water delivered to the City to equal the cost of said connecting pipe line and appurtenances to be built by The Town of Kearny, plus interest at six per cent., upon unpaid balances of the cost, computed quarterly.

(b) After the expiration of said last mentioned period, the sum of five dollars (\$5.00) per million gallons, payable quarterly.

(c) The Town agrees, at the termination of the period mentioned in paragraph (a) of this section, and upon receipt by it of said sum of seven dollars and fifty cents (\$7.50) per million gallons for water delivered during said period, to convey all its right, title and interest in and to said connecting pipe

line to be constructed by the Town, under Paragraph 6, to the North Jersey District Water Supply Commission, without further or other payment.

In WITNESS WHEREOF, The North Jersey District Water Supply Commission has caused these presents to be signed by its Chairman and attested by its Secretary and its corporate seal to be hereunto affixed, the City of Bayonne has caused these presents to be signed by its Mayor and its Director of Revenue and Finance, and attested by its Clerk, and its corporate seal to be hereunto affixed, and the Town of Kearny has caused these presents to be signed by its Mayor and attested by its Clerk and its corporate seal to be hereunto affixed, the day and year first above written.

Re: Application for Gasoline Permit, 71 Elizabeth Avenue, Newark.

My dear Sir:

I am one of the owners of the above premises, and would appreciate it if you would grant an adjournment of this matter to Wednesday, October 23, 1929. It comes up before the City Commissioners today, Wednesday, October 16th, at 11 A. M.

Thanking you for your courtesy, I am

Yours-truly,

Saul J. Zucker.

Ordered filed.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Abe Sternbach for a gasoline station at 73 Elizabeth Avenue; approved on condition that the maximum amount of gasoline stored on the premises is not to exceed 1,000 gallons, that a fire-proof wall be erected between the filling station and the stores to the south, and that an automatic sprinkler system be installed in the garage in the rear of the filling station;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe: I move that the application be laid over to October 23, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of William Gulka for the construction of a commercial garage at 42 Mercer Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Howe: I move that the application be laid over to October 23, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Inspector of the Bureau of Combustibles and Fire Risks, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Alphonse J. Schlegel for an open air parking station at 1021 Broad Street, for ninety days, on condition that the driveway from Broad Street be not more than 10 feet in width, and that all cars leave by way of Beecher Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and

the Inspector of the Bureau of Combustibles and Fire Risks, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.

Mayor Congleton: It can not be used if they don't have an entrance from Broad Street. The applicant sent in a design of a kind of fence he will put up, which will be ornate.

Commissioner Murray: Why not limit that to a period of ninety days to try it out, with the understanding we may revoke it if conditions are unsatisfactory?

Mayor Congleton: What is your pleasure, gentlemen? The resolution is to concur.

Commissioner Murray: The resolution reads for ninety days.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The following communication was received and read:

State of New Jersey.  
State Highway Commission,  
Trenton.

October 11, 1929.

Mr. William J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

I am directed by the State Highway Commission to forward to you the inclosed certified copy of a resolution adopted by the Commission at a meeting held on October 8th, adopting, designating and taking over that part of the State Highway System known as State Highway Route No. 25 Connecting Link as set forth in the detailed description, which is made a part of the resolution herewith inclosed. I am also directed to forward to you the inclosed certified copy of an extract from the minutes of our meeting held on October 8th rescinding former ac-

tion taken by the Commission, as set forth therein.

The revised resolution contains the changes in description made necessary on account of the adoption of the plan to construct high level bridges crossing the Hackensack and Passaic Rivers on the so-called Diagonal Line between Jersey City and Newark.

Information as to the points wherein the route as described in the within resolution differ from those described in the route as heretofore taken over, may be obtained from Col. H. W. Hudson, Assistant Construction Engineer in Charge of our Jersey City Office at 921 Bergen Avenue, Jersey City.

Very truly yours,

A. Lee Grover,  
Secretary.

Referred to the Mayor.

Commissioner Brennan offered the following resolution:

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the agreement between Public Service Coordinated Transport and the City of Newark, dated May 20th, 1929, covering attachment of traffic signal cable to the Public Service Coordinated Transport's poles on Frelinghuysen Avenue in this city, a copy of which contract is hereto attached, be and the same is hereby approved, and the Director of the Department of Public Safety and the City Clerk are hereby authorized and directed to execute the said contract on behalf of the said City on the adoption of this resolution.

W. J. Brennan

Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

A communication from the Engineers' Local No. 68 relative to the statement that Business Manager Shirley made to the Board of Education and to the press, leading the Board and the public to believe that he has saved from \$9,000.00 to \$15,000.00 per year

by scrapping the power plant in the Morton Street School, and that he is about to save thousands of dollars by scrapping the power plants in three other schools, was received, read and on motion ordered filed.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. Harrison R. Van Duyne: Mr. Mayor and Commissioners, if I may, I will read our letter in reference to zoning, which is shorter than talk.

**The Zoning Commission,  
Newark, N. J.**

October 16, 1929.

The Honorable Mayor and  
Board of Commissioners of  
The City of Newark,  
City Hall, Newark, N. J.

Gentlemen:

Your Zoning Commission takes pleasure in presenting herewith the results of its work in rezoning The City of Newark. That which we are placing in your hands consists of a proposed zoning ordinance, a proposed zoning map drawn on a large scale and colored to show the different divisions, and a small copy of this map prepared in black and white for use in connection with the advertising of the ordinance.

We have held public hearings in accordance with the terms of the statute and carefully considered all of the suggestions and criticisms there presented.

Our work is now completed. We, however, hold ourselves in readiness to confer with you on this work and assist you at your public hearings.

Respectfully submitted,

**The Zoning Commission,  
Harrison R. Van Duyne,  
Chairman.**

Mayor Congleton: The proposed zoning ordinance and maps will be received and referred to conference; and on behalf of the Commission, Mr. Van Duyne, I would like to extend to you and your fellow members, our appreciation of the work that we know you have been doing, and we will be very glad, during the course of our hearings, to call upon you as suggested.

Mr. Van Duyne: Thank you, Mr.

Mayor. It has been very interesting work.

Commissioner Murray moved that the Proposed Zoning Ordinance of The City of Newark, large zoning map, colored to show different divisions, and small copy of above zoning map prepared in black and white be referred to conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Gentlemen, I want to present a resolution requesting the North Jersey District Water Commission to make a preliminary estimate of the cost to The City of Newark, and the other municipalities that may join us, for an additional supply of water. As you know, we shortly will have the Wanaque water ready for delivery. We are advised and have been advised for some time that when that supply is being delivered it will only take care of us for the next eighteen or twenty years. I have been conferring with officials of various municipalities to get them interested in this proposition, and I have the assurance from Bayonne, Town of Kearny, City of Elizabeth, and possibly Hillside, that they will pass similar resolutions requesting that the North Jersey make this study and report, and will join in a contract looking toward the development of the next supply of potable water. And it seems to me that it is a proper step for us to take and is in line with the foresight that you have heretofore exercised in always making sure that we have an adequate supply of potable water.

WHEREAS, The act creating water supply districts for the State of New Jersey provides that "The Board having charge of the water supply of any municipality in a water-supply district for which a commission has been appointed as hereinbefore provided, may, by resolution, petition the said commission for a water-supply or a new or additional water-supply, and request that a preliminary estimate be made of the cost to such municipality of such supply, and shall agree to pay for the

cost or its share of the cost of said preliminary estimate";

AND WHEREAS, The North Jersey District Water Supply Commission created under said act has estimated that the expense of a preliminary estimate of the cost of a water supply development for an additional supply for the City of Newark and such other municipalities as may be feasibly supplied from such development, will be \$25,000.00;

THEREFORE BE IT RESOLVED, By the City Commission of the City of Newark that it hereby requests and authorizes the North Jersey District Water Supply Commission to make a preliminary estimate of the cost to the City of Newark of an additional supply of water and does hereby agree to pay its proportionate share not to exceed \$15,000.00 or of such part thereof as may be necessary for the making of such preliminary estimate. The said sum of \$15,000.00 or so much thereof as may be necessary to be paid to the North Jersey District Water Supply Commission upon the agreement on the part of any other municipalities desiring to join with the City of Newark in requesting such an estimate and agreeing to furnish at least \$10,000.00 or so much thereof as may be necessary for the preparation of this preliminary report.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. Joseph E. Wiedenmayer, President of the Ironbound Manufacturers' Association; Mr. Joseph H. Gunn, Secretary of the Ironbound Manufacturers' Association; Mr. O. H. Mayer of the Sacks Barlow Foundry Company, and Mr. Charles E. Kamm appeared and urged that better police protection be given to the Ironbound Section.

Commissioner Brennan stated that

the matter will be taken up when the Budget for next year is considered, which will be in a very short time.

Mayor Congleton: Does anyone else wish to be heard? Is there any other matter to come to the attention of the Commission? I would like to have a conference next Tuesday morning at eleven o'clock.

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
W. J. BRENNAN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., October 23, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of October 16, 1929, were read and approved.

The City Clerk presented An ordinance granting permission to International Combustion Tar & Chemical Corporation to construct, operate and maintain a single track siding at grade in Avenue P, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing,

Mayor Congleton: Does any one desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance granting permission to International Combustion Tar & Chemical Corporation to construct, operate and maintain a single track siding at grade in Avenue P.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance granting permission to International Combustion Tar & Chemical Corporation to construct, operate and maintain a single track siding at grade in Avenue P", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance granting permission to International Combustion Tar & Chemical Corporation to construct, operate and maintain a single track siding at grade in Avenue P.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving and resurfacing of South 12th Street from Springfield Avenue to South Orange Avenue with asphalt pavement on the old brick pavement prepared, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mr. Joseph L. Lippman, 17 Academy Street, representing property owners, appeared and protested against the adoption of the ordinance. He also presented the following petition:

To the Honorable  
Board of Commissioners  
of the City of Newark.

Gentlemen:

We, the undersigned property owners of South 12th Street do hereby protest against the repaving and resurfacing of South 12th Street from South Orange Avenue to Springfield Avenue.

(Signed by  
112 property owners.)

Ordered filed.

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the improvement of City Railway, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to authorize the improvement of City Railway and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to authorize the improvement of City Railway

and providing for the financing thereof", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the improvement of City Railway and providing for the financing thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer to be known and designated as the "Tiffany Boulevard Storm Water Sewer."

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a storm water sewer to be known and designated as the "Tiffany Boulevard Storm Water Sewer" shall be constructed as follows: In Mt. Prospect Avenue from Second River to Erie Railroad (Montclair Branch) and in Tiffany Boulevard from Mt. Prospect Avenue to Highland Avenue. The sewer in Mt. Prospect Avenue from Second River to Tiffany Boulevard to be twenty-four (24) inch reinforced concrete pipe and from Tiffany Boulevard to Erie Railroad (Montclair Branch) eighteen (18) inch reinforced concrete pipe; in Tiffany Boulevard from Mt. Prospect Avenue to Hemlock Place twenty-four (24) inch reinforced concrete pipe; from Hemlock Place to Agate Place twenty-one (21) inch reinforced concrete pipe; from Agate Place to Ruby Place eighteen (18) inch reinforced concrete pipe; from Ruby Place to Highland Avenue fifteen (15) inch reinforced concrete pipe, together with all the appurtenances necessary to complete the same, under and by virtue

of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated October 4, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$15,-000.00 is hereby appropriated to pay the cost of said improvements and for the purpose of meeting said appropriation and temporarily financing said improvements temporary bonds or notes shall be issued from time to time in an amount not to exceed \$15,-000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that November 13th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place

when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

Charles P. Gillen  
John Howe  
Jno F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That in order to accommodate public purposes in The City of Newark, Public Service Coordinated Transport be and it is hereby requested and directed to relocate its poles at Market and Van Buren Streets, as indicated on map or plan numbered 2305-A and entitled "Public Service Coordinated Transport, Sketch showing proposed relocation of poles at Market and Van Buren Streets, Newark, N. J." hereto attached and made a part hereof, and that said poles be and are hereby relocated as shown on said map or plan.

Jerome T. Congleton  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Public Service Coordinated Transport now has a pole located on the westerly side of Frelinghuysen Avenue, distant thirty-seven feet (37') southwardly from the southerly curb line of Thorn Street, in the City of Newark, County of Essex and State of New Jersey, which pole for public purposes it is desired shall be moved ten and one-half feet (10½') southwardly from its present position, otherwise to occupy the same relative position in the highway, and said company has expressed a willingness to accede to such desire upon being authorized and directed by resolution of this body; therefore

RESOLVED, That Public Service Coordinated Transport be and it is here-

by requested and directed to move the location of said pole and place the same in the position above recited, upon the express understanding that said company shall not lose its right to maintain said pole at the former position in case the location hereby made shall be in any manner hereafter legally interfered with.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the resolution adopted by this Board of Commissioners on September 4, 1929, awarding to Chris McCann a contract for the construction of a storage shed at Port Newark Terminal in amount of \$4,175.00, be and the same is hereby amended to read \$4,172.00, said resolution in all other respects to remain in full force and effect.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, A resolution adopted on the 16th day of October, 1929, by the

City Commission of the City of Newark authorized and directed North Jersey District Water Supply Commission to enter into contract with T. A. Gillespie Company for the payment of two thousand dollars (\$2,000.00) per day to said T. A. Gillespie Company for every day prior to the 24th day of July, 1930, that said T. A. Gillespie Company should bring the aqueduct to such a state of completion as to afford full allocated quantities of water to the respective contracting municipalities; and

WHEREAS, Said resolution further provided that it should be effective only upon the adoption of a similar resolution by the Town of Kearny; and

WHEREAS, The Town of Kearny did at a meeting of the Town Council held on October 21, 1929, adopt a similar resolution, subject, however, to the following proviso: "Provided that the limit of time to complete said contract with T. A. Gillespie Company in advance of time set be not more than one hundred and twenty days and not less than thirty days";

BE IT RESOLVED, By the City Commission of the City of Newark that the proviso adopted by the Town of Kearny and above in the preamble hereto set forth be acquiesced in by the City of Newark and that the resolution adopted by the City Commission of the City of Newark on October 16, 1929, be and the same is hereby amended to provide that the limit of time to complete said contract with T. A. Gillespie Company in advance of time set be not more than one hundred and twenty days and not less than thirty days.

John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

Application of Abe Sternbach for a gasoline station at 73 Elizabeth Avenue; approved on condition that the maximum amount of gasoline stored on the premises is not to exceed 1,000 gallons, that a fire-proof wall be erected between the filling station and the stores to the south, and that an automatic sprinkler system be installed in the garage in the rear of the filling station;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of issuing permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Ralph H. Jacobs appeared and objected to granting the application.

Mayor Congleton stated that Mr. Jacob L. Newman had requested an adjournment for two weeks.

Commissioner Brennan moved that the resolution be laid over to November 6, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of William Gulka for the construction of a commercial garage at 42 Mercer Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue permits for the application above set forth.

W. J. Brennan  
John Howe  
Jerome T. Congleton  
Jno F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Philip Stanzione for an addition to his automobile service station at 4 Tiffany Boulevard, on condition that no new driveways to the property be constructed, and that a fence be built along Tiffany Boulevard in front of the proposed addition;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby

directed to issue a permit for the application above set forth.

Mrs. Bessie Friedman appeared and objected to the granting of the permit for a gasoline station at 4 Tiffany Boulevard.

Commissioner Murray moved that the application be laid over until November 6, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of I. E. Conway for a gasoline station at 444-448 West Market Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same hereby is approved and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mrs. Mervin P. Wiener appeared representing 23 property owners in the immediate vicinity protesting against the granting of the application.

Mr. William F. Conway appeared in favor of the application.

Commissioner Murray moved that the application be laid over until October 30th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the

Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Yetta Friedman for the construction of a warehouse and office for an electrical contractor; premises 81-83 Wallace Street;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Joseph Weisberger for a gasoline station at 536 Market Street;

**THEREFORE, BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Samuel Goldberg for a gasoline station at 952-958 Bergen Street;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Charles P. Gillen  
John Howe  
Jerome T. Congleton  
Jno. F. Murray, Jr.

Mr. Ira Schaarf appeared in favor of the application.

Mayor Congleton stated that the widening of Bergen Street stops at Renner Avenue and that further widening is contemplated. He would like to have his department investigate before any permanent buildings were erected on this plot.

Mr. Goldberg stated he would have no objection to that.

In response to Mayor Congleton's question, Mr. Goldberg stated that he would agree to set the pumps along Bergen Street back to a line which will be given to him as the new curb line.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent

of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Henry Goepfert for the construction of four individual garages along the rear line of premises 763 Bergen Street;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jno. F. Murray, Jr.  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**The Board of Adjustment,  
City of Newark, N. J.**

October 17, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Joseph Czaplynsky for a gasoline station in a business district at 48 16th Avenue southeast corner of Camden Street.

This application was originally denied July 25, 1929, a permit having been denied by the Building Department May 27, 1929.

A rehearing was granted by the Board on September 19, 1929, and a hearing ordered for October 3, 1929. At that time the matter was laid over at the request of Mr. M. G. Alenick, counsel for several objectors.

On October 17th Mr. M. J. Bruder appeared as counsel for the applicant. He presented a petition in favor of the application bearing 16 signatures. Mr. A. F. Zazzali appeared as counsel for five property owners favoring the application and the owners of 338 Camden Street, 41 16th Avenue, 61 16th Avenue and 580 Fairmount Avenue appeared in person to request that the application be granted. Mr. M. G. Alenick, counsel for 19 property owners, opposed to the application, filed two written protests bearing 40 signatures, some names appearing on both petitions. So far as the names appearing are concerned, affected property owners seemed to be about evenly divided. There is a theatre within 200 feet.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

At the same meeting the Board granted the application for a gasoline station at 35 16th Avenue.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and action postponed to November 6th.

October 17, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Nicholas Lichtenberger for the construction of five individual garages in a residence district in addition to five existing garages at premises 13 Magnolia Street.

The application was rejected by the Building Department on September 5, 1929, and an appeal filed October 9, 1929.

A hearing was ordered for October

17, 1929, at which time Mr. A. Doyle appeared on behalf of the applicant and explained that the proposed garages would take the place of a frame barn. No objectors appeared.

In visiting the premises prior to the hearing the Board discovered that work on these garages had been started. Upon inquiry at the Building Department it was learned that plans for the 5 new garages had been filed with that department August 8 and a permit issued August 16th. These plans did not show the existing 5 garages. On September 3, the district building inspector discovered the discrepancy in the plans and stopped the work. On the following day the permit was revoked.

A church on Waverly Avenue is slightly less than 200 feet away.

The application was granted by unanimous vote of the Board.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and action postponed to November 6th.

October 17, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of David Meyers for open air parking station at 148-152 Washington Street.

This application was rejected by the Board of Combustibles September 24, 1929, and an appeal filed with the Board of Adjustment the same day.

A public hearing on the appeal was ordered for October 17th, at which time Mr. Baldwin, of the Newark Sunday Call, owner of the property, appeared on behalf of the applicant. Mr. Baldwin stated that the property had been vacant for four years and that cars had formerly been parked on the property without supervision of any kind and that on several occasions

fences erected by the owner had been torn down.

Objections to the granting of this application were entered by Mr. Louis Good, owner of 135 Washington Street.

The Vocational School at the corner of Linden Street is within 200 feet of the premises in question.

The following applications for parking stations in the immediate vicinity were denied: July 5th, 139 Washington Street; October 3, 145-149 Washington Street. A parking station was approved for 128-130 Washington Street on July 25th. All of these locations are within 200 feet of the Vocational School.

The application was granted, Messrs. Teichner and Towe voting in the affirmative and Messrs. Lawrence and Fitzsimmons in the negative.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and action postponed to November 6th.

The Board of Adjustment,  
City of Newark, N. J.

October 17, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held September 19, 1929, an application of the Fischer Baking Company to construct a commercial garage in a business district to be used for the loading of the company's delivery cars, premises 272-278 Belmont Avenue, was denied because of the fact that all cars would enter and leave by way of Belmont Avenue. About twelve objectors appeared at the hearing.

On October 3, 1929, Mr. Samuel I. Kessler appeared and stated that the company had purchased additional land fronting on Livingston Street. This made it possible to amend the plans so that all cars would enter and leave the garage by the way of Livingston Street, and eliminating all doors to Belmont Avenue. His request for a

rehearing subject to the filing of plans amended in the above particulars was granted.

The amended plan and application was rejected by the Building Department October 4, 1929, and an appeal filed with the Board of Adjustment October 7th.

A public hearing on the appeal was ordered for October 17th, at which time Mr. Kessler appeared as counsel for the applicant, and explained that the new plans eliminated all entrance and exit by way of Belmont Avenue. About fifteen objectors were present, some of whom were represented by Mr. Bernard Friedman.

There is a synagogue within 200 feet of the proposed garage.

The application was granted on condition that an automatic sprinkler system be installed, Mr. Lawrence voting in the negative.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and action postponed to November 6th.

October 17, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Charles A. Villano for a gasoline station in a business district at No. 33 16th Avenue, northwest corner of Bergen Street.

This application was rejected by the Building Department September 25, 1929, and an appeal filed the same day.

A public hearing on the appeal was ordered for October 17, at which time Mr. S. Sidney Silver appeared as counsel for the applicant. No objectors were present.

There is a church and a theatre within 200 feet of the proposed gasoline station.

Four members of the Board of Ad-

justment voted to grant the application, Mr. Lawrence voting no.

At the same meeting the Board granted the application for a gasoline station at 48 16th Avenue.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and action postponed to November 6th.

October 17, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Herbst-Mock Company for a gasoline station in a light industrial district, premises 234-236 Frelinghuysen Avenue, northeast corner of Concord Street.

This application was rejected by the Building Department September 20, 1929, and an appeal filed October 2, 1929.

A hearing on the appeal was ordered for October 17, at which time Sidney Samandl appeared as counsel for the applicant. No objectors appeared at the hearing.

There is no church, school or similar structure within 200 feet of the proposed structure.

There have been no other gasoline stations in the immediate vicinity coming before the Board. The nearest one on the north was granted July 25, 1929, for the northeast corner of Frelinghuysen Avenue, south of Peddie Street.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above use for which application was made be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each

Commissioner and action postponed to November 6th.

October 17, 1929.

The Board of Commissioners  
of the City of Newark, N. J.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Badger Realty Company for a gasoline station in a business district at No. 25 First Street, northeast corner of New Street.

The application was rejected by the Building Department on August 3 and an appeal filed October 9th.

A public hearing on the appeal was ordered for October 17, at which time Mr. Edward E. Turkel appeared as counsel for the applicant, who filed a petition in favor of the application signed by nine property owners. The owner of 34-36 First Street was the only objector to appear at the hearing.

A similar application for this site was denied May 17, 1928, and an application for a public garage granted June 7, 1928.

There is no church, school or similar structure within 200 feet.

The application was granted by the unanimous vote of the Board.

The only other gasoline station in the vicinity was approved by the Board February, 16, 1928, at the northeast corner of Hartford Street, one block south.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and action postponed to November 6th.

The Board of Adjustment,  
City of Newark, N. J.

October 17, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjust-

ment held this day resolutions were adopted granting the application of Charles A. Villano for a gasoline station in a residence district at 754-758 Sandford Avenue.

This application was rejected by the Building Department September 25, 1929, and an appeal filed with the Board of Adjustment the same day.

A public hearing on the appeal was ordered for October 17th, at which time Mr. S. Sidney Silver appeared as counsel for the applicant. No objectors were present.

There is no church, school or similar institution within 200 feet.

Four members of the Board of Adjustment voted to grant the application. Mr. Lawrence voted in the negative.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

Other applications for gasoline stations on Sandford Avenue have been as follows:

686-692 Sanford Avenue, northeast corner of Scofield Street, denied April 16, 1929.

Same, denied July 25, 1929.

757-763 Sandford Avenue, northwest corner of Netherwood Place, granted October 4, 1928.

767-769 Sandford Avenue, southwest corner of Netherwood Place, granted January 20, 1927, for portable gasoline tanks at the curb.

780-782 Sandford Avenue, northeast corner of Mt. Vernon Place, denied December 20, 1928.

789-795 Sandford Avenue, southwest corner of Mt. Vernon Place, denied October 20, 1927.

Same, denied April 4, 1929.

806-814 Sandford Avenue, southeast corner of Mt. View Place, denied January 3, 1929.

Same, granted September 5, 1929.

829-837 Sandford Avenue, southwest corner of Fleetwood Place, withdrawn September 7, 1926.

Same, denied April 5, 1928.

Same, denied December 6, 1928.

Same, granted January 3, 1929.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each

Commissioner and action postponed to November 6th.

31 Mapes Avenue,  
Newark, N. J.

October 17, 1929.

Board of City Commissioners.

Dear Sirs:

In regard to the new Zoning Ordinance that is being considered, I own the property at 15, 17, 19 and 21 Mapes Avenue in Weequahic Section.

There are two two-family houses on it, and between it and Elizabeth Avenue an apartment house. This apartment house having deteriorated this property, which is on the north corner of Shephard Avenue.

Could this property be included in the apartment house sites? If there anything I could do to have it included as an apartment house site?

Yours truly,

Mrs. Esther C. Haffner.

Referred to conference, Tuesday, October 29th.

State of New Jersey.

Public Utility Commissioners.  
Newark, N. J.

October 21, 1929.

Application Public Service Coordinated Transport for approval of suspension of street railway service on Walnut, Elm and Magazine Streets, Newark, and substitution of bus service therefor by the Ironbound Route, Newark.

Mr. William J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

This is to inform you that the above mentioned matter has been placed on the Board's calendar to be called for hearing at a meeting to be held by the Board on Wednesday, November 13, 1929, at its rooms in the Industrial Office Building, 1060 Broad Street, Newark, at 11 A. M.

Very truly yours,

Emmett T. Drew,  
Secretary.

Referred to the Mayor.

**Commission on Flood Control,  
Hall of Records,  
Newark, N. J.**

October 17, 1929.

Mr. Wm. J. Egan,  
Newark, N. J.

Dear Sir:

You are respectfully requested to attend the conference of municipal, county and state officials to be held at 8:00 P. M. Friday, October 25 1929, in the Assembly Chamber of the Municipal Building, Montclair, N. J., to discuss the need and cost of flood control and drainage of wet lands in Northern New Jersey and the method of finance.

The survey of the Department of Conservation and Development made in 1923 shows that the floods in the valleys of the Passaic River and its tributaries can be eliminated and more than 30,000 acres of marsh land can be reclaimed at an approximate cost of \$12,000,000. The estimated increase in value due to the improvement stated by counties may be summarized as follows:

Bergen .....	\$ 6,025,000
Essex .....	20,876,187
Hudson .....	2,250,000
Morris .....	18,612,192
Passaic .....	16,847,580
Somerset .....	1,930,000
Union .....	4,750,000
Total .....	\$71,290,959

The foregoing figures clearly show the importance of this project and the attention it deserves.

Please bring this matter to the attention of your colleagues and extend to them our invitation to attend.

Yours very truly,

Commission on Flood Control,  
Z. L. Crane, Chairman.

Referred to the Mayor.

**Patriotic Order Sons of America  
Americanization Committee**

October 29, 1929.

Suggest that your Town or City Council enact an ordinance or one

similar, such as the California ordinance furnished on request for same.

An ordinance adopting and endorsing "Flag Code" adopted at The National Flag Conference, Washington, D. C., June 14-15, 1923, as revised and endorsed at the Second National Flag Conference, Washington, May 15, 1924, and providing penalties for the violation of any of the provisions of the said code.

Referred to conference.

The family of Mrs. Joseph N. Congleton acknowledges with grateful appreciation your kind expression of sympathy.

Ordered filed.

Mayor Congleton: Gentlemen, you know that last week the Zoning Commission submitted its report with a proposed zoning ordinance, which was referred to our conference. In accordance with our thought the ordinance is now introduced for information. We will hold a public hearing on it two weeks from today, the idea being to get any suggestions or objections before it is formally introduced and advertised in the newspapers. Mr. Van Duyne, how many copies of this ordinance did you have printed, do you know?

Mr. Van Duyne: I think only 25 or 30.

Mayor Congleton: Has the type been left set up?

Mr. Van Duyne: Yes.

Mayor Congleton: We could get 500 copies—

Mr. Van Duyne: I will be glad to attend to that for you, if you wish.

Mayor Congleton: I think it would be wise to have them sent to the City Clerk's office and the news men will carry the item that they are on file there and anyone wishing to study it may get a copy.

Commissioner Howe presented the following ordinance for information:

Proposed Zoning Ordinance of The City of Newark.

Commissioner Howe moved that a public hearing on this ordinance be given on Wednesday, November 6th, 1929, at 11 A. M.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. BRENNAN

JOHN HOWE

JNO. F. MURRAY, JR.

CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., October 30, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of October 23rd were read and approved.

The City Clerk presented the following ordinance and stated that today was the time fixed for hearing on the same.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 18, entitled "Area District Exceptions" of an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by adding Paragraph F, as follows:

Section 18—Area District Exceptions  
(f) Nothing in this ordinance shall prevent the construction or alteration of a church or public building with area and clear story height exceeding the limits specified in this ordinance.

Commissioner Brennan moved that

the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the purchase of Street Cleaning Apparatus and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading.

An ordinance to authorize the purchase of Street Cleaning Apparatus and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that  
said ordinance be ordered to a third  
reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that  
the ordinance be taken up on third  
reading and final passage.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that  
the title of "An ordinance to authorize  
the purchase of Street Cleaning Appa-  
ratus and providing for the financing  
thereof," be taken for its third reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the  
ordinance as follows:

An ordinance to authorize the pur-  
chase of Street Cleaning Apparatus  
and providing for the financing there-  
of.

The ordinance having been read  
three times was declared to be upon  
its third and final passage.

The roll being called, the ordinance  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced  
the following ordinance and moved its  
adoption on first reading.

The clerk then read the ordinance  
as follows:

An ordinance approving the contract  
dated September 26, 1929, between The  
City of Newark and the County of Es-  
sex wherein the care, custody and con-  
trol of bridges over the Morris Canal  
at Blanchard Street, Chapel Street, New  
Street, Norfolk Street, Dickerson Street  
Lockwood Street, Summit Street, New-

ark Street, Central Avenue and Sussex  
Avenue, is transferred to the City of  
Newark.

The Board of Commissioners of the  
City of Newark, Do Ordain:

1. That The City of Newark enter in-  
to a contract with the County of Essex  
for the transfer of the care, custody  
and control of the bridges over the  
Morris Canal at Blanchard Street,  
Chapel Street, New Street, Norfolk  
Street, Dickerson Street, Lockwood  
Street, Summit Street, Newark Street,  
Central Avenue and Sussex Avenue.

2. That the contract whereby the  
care and custody and control of the  
bridges over the Morris Canal at the  
streets named in section one hereof,  
which said contract is hereto annexed  
be and the same is hereby approved;  
and the Director of the Department of  
Public Affairs and the City Clerk are  
hereby authorized and directed to exe-  
cute the same on behalf of The City  
of Newark on the adoption of this res-  
olution.

3. This ordinance shall take effect  
immediately.

Mayor Congleton: This, gentlemen,  
you know we authorized that agree-  
ment with the county taking over  
these bridges. We did it by resolution,  
and the County wanted it by ordinance.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
November 13th, 1929, at 11 A. M., or  
as soon thereafter as said matter can  
be reached, and the Board's meeting  
room, second floor, City Hall, Newark,  
N. J., be fixed as the time and place  
when and where said ordinance will be  
further considered for final passage,  
and that the City Clerk be and he is  
hereby directed to publish said ordi-  
nance and give public notice of its in-  
troduction and passage on first reading  
as provided by law.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED, That the sum of Three thousand fifty dollars and twenty-three cents (\$3,050.23) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, The City of Newark on

April 30, 1929, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two hundred thousand dollars(\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Sewer Construction, said Temporary Loan Bonds being numbered 1651 and 1652 and dated April 30, 1929, and payable October 30, 1929;

AND WHEREAS, The improvement for which said Two hundred thousand dollars (\$200,000.00) was issued was for Sewers now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two hundred thousand dollars(\$200,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two hundred thousand dollars (\$200,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and

they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on April 30, 1929, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two hundred thousand dollars(\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Openings, said Temporary Loan Bonds being numbered 1649 and 1650 and dated April 30, 1929, and payable October 30, 1929;

AND WHEREAS, The improvement for which said Two hundred thousand dollars (\$200,000.00) was issued was for Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two

hundred thousand dollars(\$200,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two hundred thousand dollars (\$200,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916.

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Comptroller be and he is hereby authorized to cancel from the records in his office, taxes for the year 1920, 2nd half, amounting to Fourteen dollars and six cents (\$14.06), on property known as 152 South 12th Street, Block 1825, Lot 61. Index 7501. As this is church property it is being cancelled by order of the Law Department.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Vice Chancellor Lane, I am now presenting the resolution rejecting the bid of the International Excavating Company, and I understand you desire to be heard on it before that resolution—

Mr. Merritt Lane, Prudential Building: Yes, I would like to be heard for one moment. I represent that company, and I am informed that its bid is \$133,000, approximately, less than the next lowest bid, and that the bid may be rejected because of the omission of the Company to give the name of the pipe manufacturer and the location of the pipe plant, the names of the officers of the corporation and the name of the executive who will give personal attention to the work whenever required. I direct the attention of the Commissioners to that portion of the specifications, or proposal, which provides that the City reserves the right to reject any or all bids, and to waive informalities. The purpose of the provision requiring that the name of the pipe manufacturer and the location of the pipe plant should be given in the proposal, can only be that the City be satisfied that there is a pipe manufacturer who will furnish the type of pipe specified. The contractor, or prospective contractor, did give to the City officials the name of the pipe manufacturer and a guarantee of the furnishing of that type.

Mayor Congleton: You mean after the receiving of the bids?

Mr. Lane: Yes, after the receiving of the bids. And so far as I know there is no question but that the City is satisfied as to that pipe manufacturer. Now, the only purpose that I can see could be subserved by the inclusion of the name in the proposal has in fact been subserved so far as the City is concerned by the furnishing, after the proposal, of that name. I can't see any purpose in giving the names of the officers of the corporation or the name of the executive who will give personal attention to the work whenever required. That is not subserved by the corporation having furnished those names now—

Mayor Congleton: They haven't served any name yet, sir, as to who is to be the executive on the job.

Mr. Lane: I understood that they had; but if they have not they are prepared to do it. The net result, if the City does not take advantage of the provision in this contract which gives the City the right to waive informality, will be that the City will pay approximately \$133,000 more for this

pipe than the bid of the International Excavating Company. Now, it doesn't seem to me that the City of Newark—the inhabitants of that City should be penalized to the extent of \$133,000 because a contractor in putting in his proposal has omitted to give the name of the pipe manufacturer, et cetera, where the contractor has in fact satisfied the officials of the City of Newark that the pipe as specified will be furnished. In any event, the City is protected upon its bond of over a million dollars, for the faithful performance of this work. Now, the City, as it would seem, may do either one of two things: it might insist upon the informality, in which event the City of Newark will pay \$133,000 more; or it may waive the informality, in which event there will be that saving and the other contractors cannot complain, because the other contractors bid upon these proposals with full knowledge of the clause in the proposals that any informality might be waived; or the City may do a third thing, and if it concludes, I submit, not to waive the informality, the only thing it can do which would be equitable to the taxpayers is to reject all bids and have a new bidding.

Mayor Congleton: Vice Chancellor, I want to make my position perfectly clear to you and also to the taxpayers, to whom I feel a responsibility. Those questions were inserted in the specifications upon the best engineering advice that we could obtain, for the purpose of first knowing that their pipe was coming from a plant that was large enough and was not so loaded up with contracts that it could not furnish the pipe called for within the time specified within the contract, and it was also put there for the purpose of creating standards of competition and real, honest bidding. Your client was informed the night before these bids were received, when he intimated he was going to bid not in the form required, that he was running the risk of having his bid thrown out as informal; that we looked upon the information as important information and that he was running the risk of jeopardizing his bid if he was low. He was advised to consult the Law Department of the City of Newark before he put in his bid, and he absolutely ignored all of these suggestions, and the situation we are now con-

fronted with here today is one of his own making. We have considered the interests of the taxpayers, and so far as I am concerned I do not feel that I am throwing away any part of \$133,000 of the taxpayers' money, but am performing to the best of my judgment my duties in looking after their interests. I am prepared to stand by the decision reached yesterday.

Mr. Lane: May I say one word, Mr. Mayor, if I am not trespassing too much?

Mayor Congleton: Yes sir.

Mr. Lane: It seems to me that where the contractor did not consider that the answers to those questions were material, and where, so far as I can see, there is very little materiality to them in view of the fact that there is a bond put up; we will assume that he knew he should have put them in, or was advised that he should have put them in; that he did not consider them material; that he did not put them in; I do submit that that is no reason why, because of the mistake of this contractor—or no reason why, because of the mistake of this contractor, \$133,000 more should be paid for this pipe, and is no reason, certainly, for the rejection of that course which the City may pursue if it does not want to waive the informality, and that is to require new bids, which can be obtained within a very limited space of time and which will not unnecessarily delay this work.

Mayor Congleton: And which gives your client the very opportunity that it has sought by not furnishing this information.

Mr. Lane: And which will stand the City \$133,000.

Mayor Congleton: Just let us understand each other perfectly: your client has told me why he did not put that information in. He has told me if he had his bid would have to have been considerably higher, and he has taken advantage of the situation which he created to go around shopping amongst the pipe lines and used one figure against the other. He told me the figure that it would cost him if he had filled in that information, and I say that creates a situation where we have not any fair competition, and that is what we are charged with under the law with trying to have.

WHEREAS, The Director of the Department of Public Affairs, by authority of the Board of Commissioners, did advertise for and receive sealed proposals for the furnishing and laying complete in place, a sixty-inch water conduit in the City of Newark, from Branch Brook Park to Elizabeth;

AND WHEREAS, The bid submitted by International Excavating Co., Inc., has been rejected by said Director of the Department of Public Affairs because of informalities;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Public Affairs be and the same hereby is ratified and concurred in.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
W. J. Brennan

Commissioner Murray: Mr. Mayor, before you put that question, has there been a conference on that this morning?

Mayor Congleton: Not of the Commissioners. Representatives of labor have been in to see me and they had a conference with Mr. Gillespie. The complaint to me was that Mr. Gillespie was unfair to labor. I sent for Mr. Gillespie; he is here; I asked him to be here. He has made a statement in the presence of the representatives of organized labor that he is fair with labor and that the price that he has bid for this job is one which will permit him to meet the demands that they made upon him on the Wanaque, after the contract had been let, and of which he had no notice; and that he intends to employ local labor. That was the only thing that I wanted to know something about from Mr. Gillespie, and he has assured me he has made the same statement in the presence of the representatives of labor, that he proposes to employ local labor and union labor.

Commissioner Murray: All right.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

**RESOLVED**, That the contract for the furnishing and laying complete in place of a sixty-inch water conduit in the City of Newark, from Branch Brook Park to Elizabeth, be and the same hereby is awarded to T. A. Gillespie Company, the lowest formal bidder, the amount of its bid, based on the estimated quantities, being \$1,022,-320.00, and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute the contract upon the part of The City of Newark upon the adoption of this resolution.

Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

Commissioner Brennan: Mr. Mayor, I would suggest that action on that be deferred.

Mayor Congleton: Commissioner, I would like to vote with you on that, but I think that this is a matter that is of great importance to the City, and delay is money to the City.

Commissioner Murray: I think that is true, but laying it over for a week can not do any material harm, as I see it.

Mayor Congleton: I think it can do this harm: according to what Mr. Gillespie says, he has stated he has bid a low price because his plant is ready to shut down November 15. He needs time to get ready on this contract. If the contract is held up and his plant permitted to become disorganized——

Commissioner Brennan: I move you, Mr. Mayor, that further action on this resolution be deferred for one week.

Mayor Congleton: The motion is to defer action on the awarding of the contract for one week. Those in favor will say "aye", those opposed "no." The clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Murray.

Nays: Commissioner Howe, Mayor Congleton.

Commissioner Brennan offered the following resolution:

**WHEREAS**, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of I. E. Conway for a gasoline station at 444-448 West Market Street;

**THEREFORE BE IT RESOLVED**, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Law Offices**  
**Kessler & Kessler,**  
**9 Clinton Street,**  
**Newark, N. J.**

October 29, 1929.

Commissioners of the  
City of Newark,  
Newark, New Jersey.

Gentlemen:

I understand that the hearing on the permit of the Fischer Baking Company, which company I represent, is set down for November 6th. As I expect to be out of town on that date, I would appreciate it if you could arrange to have the matter taken up at your meeting tomorrow.

Thanking you for whatever you may be able to do, I am

Yours very truly,

Samuel I. Kessler.

Mayor Congleton: I don't see how we can do that very well. We made a public statement that the public hearing would go over for two weeks. It may be that there was someone here that was in opposition to it—

Commissioner Brennan: And we have sent notices out that we laid it over for two weeks as all matters of that kind that have come to us.

Mayor Congleton: We can not grant the request.

Commissioner Murray: All the people in the neighborhood are invited to be here on that date, but not invited this morning.

The communication was ordered filed.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Fischer Baking Company for the construction of a commercial garage at 272-278 Belmont Avenue to be used for the loading of the company's delivery cars, on condition that all vehicular entrance and exit be eliminated from the Belmont Avenue front, and that a sprinkler system be installed;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: I move that the application be laid over to November 6th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

#### Reports of City Officers.

The following reports of City Officers were received and ordered filed.

Auditor's Trial Balance as of September 30, 1929.

Franklin Camp No. 39  
29 Franklin Street  
Newark, N. J.

October 19, 1929.

The Board of Commissioners  
of The City of Newark.

Gentlemen:

Regarding legislation for increase of pensions for Spanish War Veterans.

Commander C. F. Boyd.

Referred to conference.

Commissioner Gillen offered the following resolution:

RESOLVED, That the Director of the Department of Parks and Public Property be and he is hereby authorized to allow the following extra work to the following contractors on Hayes Park No. 1, North Broadway and Arlington Avenue, Newark, N. J., as per plans and specifications prepared by Vincent Rizzolo, architect and engineer.

#### Maldeis & Hannon, Inc.—

For furniture furnished as  
per estimate .....\$ 620.40

#### Fisher-Cohen Company—

Furnishing one flag pole as  
per estimate ..... 350.00

#### James J. V. Fleming—

Furnishing one bronze tablet as per estimate..... 275.00

#### Walter P. Dunn—

Extra plumbing as per estimate ..... 739.00

---

\$1,984.40

Charles P. Gillen  
John Howe  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance regulating child labor.

The Board of Commissioners of the City of Newark, Do Ordain:

1. It shall be unlawful for any child under the age of 12 years to work at selling newspapers, boot or shoe blacking, or selling or delivering any merchandise on the streets of the City of Newark.

2. It shall be unlawful for the parent, guardian or other person having control of any child under 12 years of age to permit such child to work at selling newspapers, boot or shoe blacking or selling or delivering any merchandise on the streets.

3. No child between the ages of 12 years and 16 years shall sell newspapers, work at boot or shoe blacking, or selling or delivering any merchandise on the streets unless a permit and badge shall have been issued to such child by the Board of Education of the City of Newark, or by such officer as may be officially designated by such Board for that purpose. No permit or badge shall be granted except on application by the parent, guardian or other person having control of such child.

4. No badge or permit shall be issued until the officer issuing the same shall have received, approved and placed on file satisfactory proof that such child is at least 12 years of age, and physically fit for such work. Such badge or permit shall be valid for the term of one year from date of issue.

5. Such permit shall state the place and date of birth of the child, name and address of its parent, guardian or custodian and contain a description of

such child, and shall be signed by the child in the presence of the officer issuing the same. The badge to be furnished by the officer issuing the permit shall be numbered to correspond with the number of the permit and shall bear the signature of the child. The badge above provided for shall be worn conspicuously at all times by such child while working and shall not be transferable under penalty of forfeiture.

6. Any child between the ages of twelve and fifteen years to whom a permit and badge shall have been issued may work at selling newspapers, boot or shoe blacking, or the selling or delivering of merchandise on school days between the hours of 5:30 o'clock A. M. and 8 o'clock A. M. and between 3:30 o'clock in the afternoon and 8 o'clock in the evening, and on all other days between the hours of 5:30 o'clock in the morning and 8 o'clock in the evening; provided, it shall be lawful for any child above the age of 15 years to engage in any of the above occupations until the hour of 9 o'clock P. M.

7. Any parent, guardian or other person having control of any child violating the above ordinance shall on conviction thereof be subject to a penalty of \$25.00 for the first offense and \$50.00 for any subsequent offense.

8. All ordinance or parts of ordinances inconsistent herewith be and the same are hereby repealed and this ordinance shall take effect after final reading and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that November 13, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. Theodore Gottlieb, Essex Building: I represent a group of market stockholders and we wish to present to your honorable body a counter proposal. The counter proposal is substantially as follows:

To the Honorable  
The Commissioners of  
The City of Newark, N. J.

Gentlemen:

The Centre Market Standholders, of whom we represent a majority in interest, respectfully petitions your Honorable Board to receive and consider the following brief statement of certain important considerations affecting the Public of Greater Newark and the standholders that are involved in the outcome of your action in calling for bids for leasing the present Centre Market site and building.

#### **Centre Market Municipal Institution.**

By reason of its establishment and its wide patronage since 1853 to date, the Centre Market has assumed the present importance of a municipal institution, meeting a public demand; one that has decidedly reflected favorably upon the welfare and thrift of the Newark's taxpayers.

#### **Municipal Institutions in the City Budget.**

Considerable stress has heretofore been placed on the necessity for annual appropriations from the City Budget for the Centre Market operations. It is important, in this connection to invite your attention to the following:

- (a) Most of the municipal institutions, serving the mass of the public, are not and can not be self-supporting. An inspection of the Annual Audited Accounts of the City supports this statement.
- (b) The present market building has been erected at a tremendous cost to the taxpayers. What has been

done, cannot be undone. Destroying the market by putting it to other uses would be a distinct economic and social loss to the taxpayers and would not erase the mistake of erecting a market at such a tremendous cost. The solution of the problem is to concentrate on plans to make the market a more serviceable institution.

- (c) The present market site is ideally located for the convenience of the marketing Newark public. It should not be a point that this site from a financial standpoint is too costly to the city for market purposes. The costly building cannot be removed. There are other sites, such as those used parks, libraries and public buildings that could bring into the City treasury enormous revenue, but because they are buildings essential for the community life, no financial consideration would actuate the City Commissioners to appropriate these sites for other than their present community purposes.
- (d) The stand owners have heretofore been relegated to a place in the market operations far removed from the administration, and were afforded no opportunity to participate in its management. The stand holders have been in close touch with the problems of the Market in some cases for over forty years and are therefore qualified by experience to lend considerable effort to place the market operations on, at least, a self-supporting basis.
- (e) A review of the operating expenses suggest to the standholders sweeping economies that can be inaugurated. They have in mind placing their own employees in a position during the so-called idle hours of the day to do the work of many employees whose services can thereby be dispensed with.
- (f) The initiative that will be engendered in each stand holder by placing the market on a standholders' cooperative management basis will also be productive of more income from stand rentals.

(g) Such cooperative stand holders' management has been successful in other large cities in the United States and abroad.

To that end and with the belief that your body desires to be fair and just to the stand holders (many of whom have been in the market from twenty to forty years), we submit this letter to you which has for its object the arriving at an equitable solution of the present conditions desiring it to be construed as a counter offer or proposal on our part, and a statement of what we are prepared to do and to furnish sureties for the performance of these proposals.

Our offer in brief is to take the entire market structure on a five or ten year lease, we to pay all costs of operation, management or control (exclusive of sinking fund charges), we to have sole and exclusive power to employ and to discharge help, to rent to or dispossess stand holders, and to run the market as a cooperative enterprise, and to turn back to the City Treasury the entire net profit derived from such conduct of the market.

We are all practical market men of character and approved financial standing, able and willing to undertake this responsibility.

We believe that we can operate the market as a successful and paying business enterprise, and can turn back to the City a reasonably substantial amount.

We realize that the details of this, our proposal, must be the subject of future conferences with responsible authorities on both sides, and we earnestly solicit such a conference averring our readiness and willingness to

meet your Board whenever and wherever you may determine, and to submit relevant and material data and comparisons which will tend to show that our proposals are based on knowledge of conditions, and the result of careful study on our part.

Yours very truly,

Theodore C. Gottlieb.

Mayor Congleton: That will be received and referred to our next conference when Commissioner Gillen is present.

Mr. Gottlieb: May we be advised whether in the future this will be given public attention by the Commissioners?

Mayor Congleton: It will be taken up at conference next Monday. Does any other person have any matter to bring to the attention of the Commission?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE,

CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

November, 1929

Newark, N. J., November 6, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of October 30, 1929, were read and approved.

The following petition was received and read:

Board of Commissioners of  
The City of Newark.

We, the undersigned, owners of the premises situate at the southeast corner of Commercial and South Canal Street, Newark, N. J., known and designated as Nos. 31 and 33 Commercial Street and Nos. 181, 183, 185 and 187 South Canal Street, hereby file objections to the provisions of the ordinance dated October 10th, 1929, entitled "An ordinance to provide for the opening and widening of Ferry Street on the southerly side thereof from New Jersey Railroad Avenue southerly to East Mechanic Street; for the opening and widening of Market Street on the

northerly side thereof from Commercial Street easterly to Commerce Street; for the opening and widening of Commercial Street on the southeasterly side thereof from Commerce Street northeasterly to the Passaic River."

The objections are to the third section of said ordinance, and are as follows:

That the opening of a new street or thoroughfare is merely the relocation of the present Commercial Street and does not establish a new street or thoroughfare relative to the property of the undersigned, and therefore the costs of said opening of new street, together with the necessary improvements thereto, should not be assessed against the property of the undersigned.

That the interest of the said undersigned in the present Commercial Street is not subject to be used for any purpose otherwise than as a public street or thoroughfare.

Joseph Haussling,  
Gustave Haussling.

Ordered filed.

The following resolution was received and read:

Resolutions adopted by the Ironbound Manufacturers' Association, of Newark, N. J., at a meeting held on October 10th, 1929.

To the Commissioners of  
The City of Newark:

WHEREAS, The Pennsylvania Railroad has decided upon a development in the City of Newark, comprising the construction of a new depot, the widening of the tracks, the rerouting of the Hudson and Manhattan Tube trains through the Market Street Station, the increasing of train service, and the general widening and improving of streets, all designed for the betterment of railroad, traffic and transportation facilities; and

WHEREAS, The Ironbound Section of Newark, which is that section East of the Pennsylvania Railroad tracks, is an integral part of our City, paying the same taxes, meeting the same obligations and in every way sharing the same responsibilities, as well as contributing its share to the wealth of the City by reason of its large industrial activities, is entitled to the same consideration regarding benefits and improvements as any other section of the City; and

WHEREAS, Better transportation and traffic facilities are necessary in Ironbound for the proper and efficient development of the district that in turn it may increase the community income through industrial, business, and residential expansion; therefore be it

RESOLVED, That the Ironbound Manufacturers' Association, whose object is the general betterment of the Ironbound District, recommends to the City Commission the adoption of the ordinances under consideration and which provide for the widening of Market Street, Ferry Street and Commercial Street, and the removal of the triangular plots of buildings in the areas bounded by Market, Commercial and Commerce Streets, and by Ferry, East Mechanic Street and New Jersey Railroad Avenue in order that proper approach may be had to the new Pennsylvania Station from the Ironbound Section, that opportunity may be afforded for improved transportation fa-

cilities to and from the Ironbound Section and the new depot, and that the whole may be so improved as to beautify the approach to the new depot from the Ironbound Section, in keeping and on a plane with that which is contemplated for the Western side of the station.

Joseph A. Wiedenmayer,  
President.

Attest:

Joseph H. Gunn,  
Secretary.

Newark, N. J., October 10th, 1929.

Ordered filed.

The City Clerk presented An ordinance to provide for the opening and widening of Ferry Street on the southerly side thereof from New Jersey Railroad Avenue southerly to East Mechanic Street; for the opening and widening of Market Street on the northerly side thereof from Commercial Street easterly to Commerce Street; for the opening and widening of Commercial Street on the southeasterly side thereof from Commerce Street northeasterly to the Passaic River, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Will the people who are not interested in this particular ordinance find seats so that those who are here on this particular matter can be seen and heard. We are now taking up for consideration the ordinance providing for the new streets east of the Pennsylvania Railroad. Is there anyone who desires to be heard?

Mr. Joseph Zemel, Prudential Building: Mr. Mayor and gentlemen of the Commission, the City of Newark in the past few years has gone in for a lot of improvements. We are a growing city, and it is entirely right and proper that a city like Newark should grow, and in order to grow it is necessary to make these improvements. We are going to have a very great station in this city, and I agree with you that in order to run this station and to have things right it is necessary that we make these improvements under consideration here today. It is my opinion that they will be a very great help towards making the City of Newark the great city that it ought to be. But I notice in your ordinance as it is at

present drawn, a provision that the cost of doing this work is to be considered a local improvement and assessed upon the properties peculiarly benefited.

I appear here representing myself, my brothers, and a few other people, and particularly the owners of 323-327 Market Street. It is our opinion that this widening of Market Street to make this new street, and the same thing on Ferry Street, is going to be a benefit to the entire City of Newark. But we can not see where it will act as any particular local improvement for this particular neighborhood. There will, of course, be a great deal of traffic when this work is done; it is properly expected so. We are going to have a station there that they will have to come to the station, and people coming into Newark will have to go away from the station, and in order to do that they will have to use conveyances. But this traffic in general—it has been my experience traffic does not necessarily bring business nor does it make property values any higher. If these properties are improved any, if the value is improved by reason of the new station or the other work done, why, they will be properly assessed for that; but we do not believe that this property here is going to benefit sufficiently by this to be called a local improvement, or that there is going to be any peculiar benefit to the property. I have a petition here, signed by a number of people—I am not going to burden you with it now, but I simply want to leave with you these thoughts that this improvement will be an improvement to the entire city at large. It won't bring any more business there because of the fact that you are taking away our property in this property which you will take away, these two triangles—there are now a number of business houses and there are a lot of people living there. When you take those people away, of course, you are not going to get their business. I simply want to leave that with you, this thought, that we believe it is an improvement of a city-wide nature and the entire cost should be assessed against the city at large.

Mayor Congleton: I agree with you in part that that will be a city-wide improvement; but I also believe that property that is given new frontage

will receive a peculiar benefit and that property ought to bear its fair share of the cost. I grant you it will be small, but whatever it may be the taxpayers in general are entitled to receive the benefit of it.

Mr. Zemel: The particular property I am interested in is one located on Market Street above the railroad.

Mayor Congleton: Then you will undoubtedly be able to convince the Board of Assessment Commissioners when it comes before them that your property is not benefited. But if we do not have a provision of this kind in the property that is benefited could not be assessed one dollar. We recognize that the bulk of the cost will be borne by the City at large, but where property is given new frontage and receives a peculiar benefit it ought to pay some fair share toward that improvement. That is the only reason for inserting it. It is not the intention to try to saddle any large portion of this cost upon the property in that locality.

Mr. Zemel: Very well, sir.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Joseph Wiedenmayer, 24 Commerce Street: The Ironbound Manufacturers' Association is one hundred per cent. in back of the taking of both triangles. We have had some discussion regarding the assessment on the Ironbound District, whether it were fair in having the City assume any part. That is a thing for you gentlemen to decide. But we do feel that it is a just improvement, not only for taking these triangles, but, besides, we will develop a section that has been lying dormant ever since this so-called Chinese Wall has been there; and anybody who has lived there knows it is a detriment to the Ironbound District. That will come out of here and these properties back here will open up our streets so it will be seen from Mulberry and Market, and bring new life in that section. We are back of it and we have a lot of prominent men from the Ironbound District who feel the same way about it.

Commissioner Murray: You all understand the inclusion of the term "local improvement" is put in the ordinance merely as a matter of protection to the City, because if it did not have that the City would not be able to

make any assessment against these properties.

Mr. Wiedenmayer: We can hardly conceive, when we travel in Cleveland and other places, and here is a city past two hundred and fifty years comparing with our younger cities of the West—

Mayor Congleton: This map I have in front of me shows the situation perhaps a little better. I have had the engineers mark out in red lines what would be left if we merely followed the street line, and I have also had estimates of the cost made, and I am advised that it would cost us practically the same to take according to those red lines as it would take the two triangles in their entirety, because you will notice that every single property is touched and every building on those two triangles is cut, and when you come to pay for what you take and damage to the remainder and total demolition value, you pay practically one hundred per cent. and the other fellow is left to make his profit out of it.

Mr. Curtis Burnett, Wilson Avenue: As I understand the ordinance as prepared, it does not contemplate taking properties within these triangles?

Mayor Congleton: The ordinance as now before us provides for taking all the two triangles.

Mr. Burnett: Well, I didn't want to make any misstatements. Therefore, I want to urge upon your Commission to give very serious consideration to taking the entire section as it is now, even though the cost might be somewhat in excess, as the Mayor says for taking the other section and leaving most of the properties injured. Mr. Wiedenmayer mentioned Cleveland. I happened to be in Cleveland a week ago Sunday night, and as I looked out my window in the morning I could see that development to the west three or four city blocks. All the buildings have been razed, a new street put through and the rest left in plaza form as it will eventually be when it is all plaza. It is a very parallel case with Newark. Cleveland claims to be the sixth city in population. I imagine they are in the city limits. But we as a city, with our contiguous and adjacent municipalities we have just as much right to claim as citizens of it that we are as large and influential a city as the city

of Cleveland, but they have not taken things by halves. They go into it whole heartedly, and I sincerely trust that your Commission will finally, and with the backing of citizens and others, decide to take these two entire city blocks and make them open plazas there. I don't think you will be criticized and I am sure you will not regret it. The cost—let it fall where it may.

I am interested in the development of Ironbound as one of the property owners down there. We expect to have to pay something toward that, and I am sure the property owners there and factory owners and others would be very glad to do it. It is not going to benefit only the City of Newark, it is going to benefit this entire section when the Pennsylvania Railroad with their new terminal there—it will be more of a terminal city than many other cities in the country. People with machines will come twenty, thirty, forty miles around to make trains, and we have got to have a place to put them, and it is time with that improved station, when people who go through our city will see something that they can comment on and commend rather than criticize. Therefore, whatever influence I may have, if any, upon the members of the Commission, may I say to them that the opportunity is before you now, and if you take those two entire blocks you will receive commendation from everybody, I feel certain.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Gustave Haussling, 786 Broad Street: Mr. Mayor and gentlemen, I am interested in a property at the corner of South Canal Street and Commercial. This property has a frontage of 52 feet on Commercial Street at present and extends to a depth of about 160 feet on South Canal. Now, I understand, according to the plans here drawn, this property will practically be cut in half. Now, my objection is as to the assessment imposed on this property. We have a street there at present fronting on Commercial Street and if this is shifted 75 or 70 odd feet to the east we still will front on Commercial Street. It is merely relocation of that present street. It doesn't create a new frontage for that property.

Commissioner Howe: Which particular property are you speaking of?

Mr. Haussling: The southeast corner of South Canal. It doesn't establish a new street for the balance of that property—at least, for the 52 feet.

Mayor Congleton: That may all be so, Mr. Haussling, but if we didn't have this provision in there any piece of property not in the same situation as you could not be assessed either. Now, your case lies with the Board of Assessment.

Mr. Haussling: It is a peculiar matter and perhaps it does not reflect in other properties.

Mayor Congleton: We can not deal with each individual piece in the ordinance. We have got to make it general and your argument will be with the Board of Assessment Commission.

Mr. Haussling: Now, may I ask how wide that street will be?

Mayor Congleton: Which street?

Mr. Haussling: The new street.

Mayor Congleton: East of it? 75 feet.

Mr. Haussling: Yes. The ordinance does not specify the width of the street.

Mayor Congleton: The map does. 75 feet is what the contract with the Pennsylvania Railroad calls upon us to lay out as a new street.

Mr. Haussling: Then may I ask how will the present Commercial Street be disposed of?

Mayor Congleton: I don't know.

Mr. Haussling: For what purpose is that to be used?

Mayor Congleton: Commercial, running down to the river?

Mr. Haussling: The present Commercial Street in front of that property.

Commissioner Howe: This will be Commercial Street right up to that line. (Indicating.)

Mr. Haussling: Will the westerly line of the present Commercial Street be changed?

Commissioner Murray: The present westerly line?

Mayor Congleton: Yes.

Commissioner Howe: The railroad will be there.

Mr. Haussling: That is another big expression—railroad.

Mr. Costello: That will be for the railroad tracks and overhead station.

Mr. Haussling: Of course, as I say, my main objection was having this property assessed for this improvement where it is not improved.

Mayor Congleton: Your particular piece may not be.

Mr. Haussling: Will you gentlemen—

Commissioner Howe: Is this your piece of property? (Indicating.)

Mr. Haussling: This property on the corner.

Commissioner Howe: Your property will be all taken.

Mr. Haussling: Not all.

Commissioner Howe: Well, you will be paid for what we take and you will have a frontage on a wider and better street.

Mr. Haussling: But suppose you take this away and then assess the full value against that—

Commissioner Howe: I think the Mayor has made that so clear to you you should not question it.

Mr. Haussling: You should not take things for granted until you come to it.

Commissioner Howe: That will not be.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Waldo C. Genung: I came here with the understanding that it was only purposed in this ordinance to take part of these triangles, but since arriving here I have heard from you, Mr. Mayor, that the purpose of the ordinance is to take the entire two triangles.

Mayor Congleton: That is the way the ordinance is now prepared.

Mr. Genung: Then I want to approve very heartily of taking the two triangles. It was for that purpose that I came here to try to show you the wisdom of taking them. Along with Mr. Burnett's remarks, we have always heard our friends tell about riding through Newark on the train and they see nothing. Here is a chance to have a little breathing space around that handsome building and we are all heartily in accord with the action of the Commissioners in treating this large subject in a large way, and I very heartily approve for the residents of the Ironbound District in having these two triangles affected because the

cost will not be in excess of affecting one part, because, as our Honorable Mayor says, the assessment to clean the whole thing out will not exceed the amount to take part of it. I would like to see the whole thing cleaned out, however the assessment shall be laid for the benefit.

Mrs. Mary Bennett, 382 Market Street: I own property and I feel it isn't right for any of us to assume any more taxation there. I feel I am carrying all I can do with.

Mayor Congleton: Where is your property?

Mrs. Bennett: The south side—in back of the bank.

Mayor Congleton: Well, that is your objection to it?

Mrs. Bennett: Yes, sir.

Mayor Congleton: It will be noted in the minutes. Does anyone else wish to be heard?

Mr. Joseph Gunn, Secretary, Iron-bound Manufacturers' Association: I might say, as secretary of the Iron-bound Manufacturers' Association, that that association has gone on record in favor of this improvement in its entirety, and our membership numbers about 92 members by firms and they comprise most of the large property owners—individual property owners in that territory, as the Wiedenmayers, Balentines, Feigenspanns, Henslers—citing four concerns owning large tracts of land. Here are resolutions passed at the last meeting of our association if I may be pleased to read them.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Robert G. Richter, 581 South 18th Street: Gentlemen, I have a statement to make here that I object to this ordinance dated October 10, 1929, on the ground that the City has taken illegally and without due process of law, and so forth, parts of these properties, number 175, 177 and 199 Commerce Street, City, when the City widened Commerce Street as per ordinance adopted December 19, 1922, and October 9, 1923, and that the City, through this present ordinance dated October 10, 1929, is attempting again to take property number 175-177 Commerce Street, also known as 19-25 Commercial Street, illegally and without

process of law. Objection November 16, 1929. Also, that this assessment against the property owner should be taken and assessed against the City at large. As to taking out the two blocks, I am entirely in favor of it.

Mayor Congleton: All right, sir. Your protest will be noted, also your recommendation.

Commissioner Howe: I am glad to know you are with us this time.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Nathan A. Rubin, 972 Broad Street: I represent several business men who own property and who are in small businesses on Ferry Street. One of the gentlemen in particular has been on Ferry Street for 21 years. The others have been there seven, eight, ten—averaging from six to ten years. They have plugged hard in those years to build up a business, a business from which they can make a living and become useful citizens of the City of Newark. We find the City widening the street and paving the street and assessing them. Paving and widening improvements, we say, are simply for the city at large. It simply means that traffic has quicker access down toward Port Newark on the road to New York. We have improvements on Ferry Street from which the whole city at large is being benefited by and these small business men, these people who are working hard for a living, paying taxes and assessed for the same, and I wish our objection duly noted.

Commissioner Howe: How are they going to be assessed when they are going to be wiped out?

Commissioner Gillen: I think all the objections now would be on the same line.

Mayor Congleton: Is there anyone who desires to speak bringing up new matter?

There being no one else to be heard, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the opening and widening of Ferry Street on the southerly side thereof from New Jersey Railroad Avenue southerly to East Mechanic Street; for the opening and widening of Market Street on the northerly side thereof from Commercial Street easterly to Commerce Street; for the opening and widening of Commercial Street on the southeasterly side thereof from Commerce Street northeasterly to the Passaic River.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the opening and widening of Ferry Street on the southerly side thereof from New Jersey Railroad Avenue southerly to East Mechanic Street; for the opening and widening of Market Street on the northerly side thereof from Commercial Street easterly to Commerce Street; for the opening and widening of Commercial Street on the southeasterly side thereof from Commerce Street northeasterly to the Passaic River," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the opening and widening of Ferry Street on the southerly side thereof from New Jersey Railroad Avenue southerly to East Mechanic Street; for the opening and widening of Market Street on the northerly side thereof from Commercial Street easterly to Commerce Street; for the opening and widening of Commercial Street on the southeasterly side thereof from Commerce Street northeasterly to the Passaic River.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the curbing and flagging of the south side of Eleventh Avenue from South 18th Street to South 20th Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the curbing and flagging of the south side of Eleventh Avenue from South 18th Street to South 20th Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for curbing and flagging of the south side

of Eleventh Avenue from South 18th Street to South 20th Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the curbing and flagging of the south side of Eleventh Avenue from South 18th Street to South 20th Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over to November 20th, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance granting permission to Beckwith-Chandler Co. to construct, operate and maintain a single track siding at grade crossing Delancy Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance granting permission to Beckwith-Chandler Co. to construct, operate and maintain a single track siding at grade crossing Delancy Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amend-  
ment.

Section 2 declared open to amend-  
ment.

Section 3 declared open to amend-  
ment.

Section 4 declared open to amend-  
ment.

Section 5 declared open to amend-  
ment.

Section 6 declared open to amend-  
ment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton

Commissioner Murray moved that the title of "An ordinance granting permission to Beckwith-Chandler Co. to construct, operate and maintain a

single track siding at grade crossing Delancy Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance granting permission to Beckwith-Chandler Co. to construct, operate and maintain a single track siding at grade crossing Delancy Street.

The ordinance having been read three times was declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging, paving and repaving of Poinier Street from Broad Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and on the old concrete foundation built up with concrete as directed, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Poinier Street from Broad Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and on the old concrete

foundation built up with concrete as directed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing, flagging, paving and repaving of Poinier Street from Broad Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and on the old concrete foundation built up with concrete as directed," be taken for its third reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging, paving and repaving of Poinier Street from Broad Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and on the old concrete foundation built up with concrete as directed.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize additional alterations in and about the main City Hall and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the following additional alterations and improvements in the main City Hall building be and the same are hereby authorized, to wit: electrification of elevators, alteration of offices on first floor, necessary changes in plumbing and heating plants;

2. That the total cost of said additional improvement and alterations shall not exceed the sum of Eighty-nine thousand dollars (\$89,000.00).

3. Pursuant to the provisions of Section 12 of Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto there shall be issued temporary improvement bonds of The City of Newark in an aggregate principal amount not exceeding \$89,000.00, bearing interest at a rate not exceeding 6% per annum, payable semi-annually, for the purpose of tem-

porarily financing the cost of the improvements aforesaid and all incidentals connected therewith in order to make the same suitable for said purpose. All other matters in respect to said bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252 of the Laws of 1916 and the acts amendatory thereof and supplemental thereto, and the Director of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to issue said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of \$89,000.00 to be raised by the issuance of said temporary improvement bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that November 20, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks in Walnut Street, from New Jersey Railroad Avenue to Lang Street, and requiring the removal of obstructions, projections or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks in Walnut Street, from New Jersey Railroad Avenue to Lang Street, is hereby changed and established as follows:

From New Jersey Railroad Avenue to Lang Street ten and one-half (10 1/2) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate, or cause to be taken out, removed or abated any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Walnut Street between the limits herein stated, contrary to the provisions of this ordinance, and the expense thereof shall be recoverable of the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that November 27, 1929, at 11 A. M., or as soon thereafter as said matter can

be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of all that part of High Street lying west of the westerly line of High Street as it is laid out on the Commissioners' Map of the City of Newark, from Lackawanna Avenue northerly to the southerly line of Nassau Street and from the northerly line of Nassau Street northerly about 92 feet to the northerly line of Hedenberg Map.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That all that part of High Street lying west of the westerly line of High Street as it is laid out on the Commissioners' Map of the City of Newark, from Lackawanna Avenue northerly to the southerly line of Nassau Street, and from the northerly line of Nassau Street northerly about 92 feet to the northerly line of the Hedenberg Map, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1396-V, dated Sept. 26, 1929, shall be vacated as a public street or highway.

Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that November 27, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of an unnamed Street 60 feet in width as shown on the Commissioners' Map of the City of Newark, the center line of said street being laid out on a course approximately north 3° 20' west and intersecting the center line of Albert Avenue at a point about 119.12 feet westerly from the intersection of the center line of Albert Avenue and Cornelia Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an unnamed street 60 feet in width as shown on the Commissioners' Map of the City of Newark, the center line of said street being laid out on a course approximately north 3° 20' west and intersecting the center line of Albert Avenue at a point about 119.12 feet westerly from the intersection of the center lines of Albert Avenue and Cornelia Street, and also as shown on a map prepared under the

direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1398-V, dated October 25, 1929, shall be vacated as a public street or highway, such vacation to extend from the southerly terminus of said unnamed street about 575 feet south of the southerly line of Albert Avenue northerly about 1,642 feet to the northerly terminus of said unnamed street, excepting from such vacation all those parts of said unnamed street lying within the limits of Albert Avenue, Lister Avenue, Cornelia Street and Brown Street.

Under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that November 27, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the vacation of a portion of Chancellor Avenue on the southerly side thereof from Maple Avenue westerly about 270 feet.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a portion of Chancellor Avenue on the southerly side thereof from Maple Avenue westerly about 270 feet, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof, and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1397-V, dated October 2nd, 1929, shall be vacated as a public street or highway, the part to be vacated being described as follows:

Beginning at a point in the westerly line of Maple Avenue where it is intersected by a line parallel to and distant 80 feet measured southerly at right angles from the northerly line of Chancellor Avenue; thence northwesterly along said line parallel to the northerly line of Chancellor Avenue 270 feet more or less to a point where it is intersected by the southerly line of Chancellor Avenue; thence southeasterly along the southerly line of Chancellor Avenue 270 feet more or less to the westerly line of Maple Avenue; thence northeasterly along the westerly line of Maple Avenue 9 feet more or less to the place of beginning.

Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII of an Act of the Legislature of the State of New Jersey entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton

Commissioner Brennan offered the following resolutions:

WHEREAS, A Bill known as S-476 —H. R. 2662 is now pending before the Senate and House of Representatives of the United States, which Bill, if enacted into law, will allow granting of pensions and increase of pensions to certain soldiers, sailors and nurses of the War with Spain, the Philippine Insurrection and China Relief Expedition; and

WHEREAS, Industry having closed its doors against those of fifty years of age or over, depriving the intended beneficiaries of this Bill of the opportunity of earning their living; and

WHEREAS, The proposed legislation is not only commendable, but just and necessary;

THEREFORE, BE IT RESOLVED, That the Board of Commissioners of the City of Newark, New Jersey, in regular meeting assembled on November 6th, 1929, requests that due consideration to such proposed legislation be had, to the end that such measure will be enacted into law as a proper recognition of the patriotic and voluntary services of the intended beneficiaries during the War with Spain, the Philippine Insurrection, and China Relief Expedition.

BE IT FURTHER RESOLVED, That the City Clerk be directed to transmit a copy of this resolution to the Senators and Congressmen from this district.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Public Service Coordinated Transport now has a pole located on the northerly side of Orange Street distant eighteen feet (18') eastwardly from the easterly curb line of Hudson Street produced, in the City of Newark, County of Essex and State of New Jersey, which pole for public reasons it is desired shall be moved eight and one-half feet ( $8\frac{1}{2}$ ') westwardly from its present location, otherwise to occupy the same relative position in the highway, and said company has expressed a willingness to accede to such desire upon being authorized and directed by resolution of this body; therefore,

RESOLVED, That Public Service Coordinated Transport be and it is hereby requested and directed to move the location of said pole and place the same in the position above recited, upon the express understanding that said company shall not lose its right to maintain said pole at the former position in case the location hereby made shall be in any manner hereafter legally interfered with.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton

RESOLVED, That the contract for the furnishing and laying complete in place of a sixty-inch water conduit in the City of Newark, from Branch Brook Park to Elizabeth, be and the same hereby is awarded to T. A. Gillespie, the lowest formal bidder, the amount of its bid, based on the estimated quantities, being \$1,022,320.00, and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute contract on the part of The City of Newark upon the adoption of this resolution.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

Mayor Congleton: Before the resolution is put to a vote, I have had a request from Mr. Breitskopf to be heard, and he may be heard at this time.

Mr. Michael Breitskopf, Kinney Building: Last week I appeared here with Vice Chancellor Lane representing the International Excavating Company, which was the lowest bidder on this particular work. He has asked me to appear here today and add, in addition to what he has already said—there was one thought that Mr. Lane wanted to leave with you, Mr. Mayor, and with you gentlemen of the Commission before this contract was formally award-

ed; and that thought was this: In the form in which the proposals are now prepared it is very evident that competitive bidding on pipe is stifled. It allows the pipe companies to fix a price prior to the award having been made, and that was aptly shown by the result in this particular award. Under the circumstances it is manifestly unfair that the taxpayers of the City of Newark, as well as any other competitive bidder for these propositions, shall be placed in the position where they are faced with a non-competitive situation. There was a difference of \$133,000 in this particular bid, which was caused by that condition existing in this particular proposal for bids. Under the circumstance, the only fair thing to do for the citizens of the City of Newark and taxpayers, is to disregard these bids and readvertise so that the City of Newark and its taxpayers can be given the benefit of competitive bidding for this pipe. The specifications were met by the low bidder and everything was in order except the name of this pipe company, which would have cost, as the Mayor has said——

Mayor Congleton: That is not true, Mr. Breitkopf. State it all. He not only did not name the pipe company or companies, he did not name the officers of his company and he did not give the name of the executive, the technical man, who would be in charge of this work that we might call upon so we might have some opportunity of knowing whether or not there was going to be a man in charge of the work that knew something about this class of work.

Mr. Breitkopf: That can be furnished.

Mayor Congleton: Oh yes, it can be, but that does not make for fair competition, and you know it.

Mr. Breitkopf: I don't know it, or I wouldn't be here arguing this question.

Mayor Congleton: It is time you learned it.

Mr. Breitkopf: I might say this, the officers of this corporation signed this proposal, the president and secretary. The composition of the company is well known to the City and is a matter of record. It is a matter of record in our State Departments. Such an absence

of that would not in any way invalidate or make this bid such an informal one that it could not be accepted by the City of Newark. However, that is beside the point and does not matter. It does not matter whether Fay and his International Company left this thing out purposely or not. That is beside the issue. The issue is the protection of the taxpayers and the lowest bidder should have the opportunity of doing this work.

Mayor Congleton: He had his opportunity and he was warned if he put his bid in in the form which he did——

Mr. Breitkopf: That is not my understanding.

Mayor Congleton: I have talked with him and I know what I am talking about.

Mr. Breitkopf: Even if he has—supposing he purposely left this thing out, taking the Mayor's word for it—supposing that had occurred, how can that in any way get away from the situation from the competitiveness or the price of this pipe as told me——

Mayor Congleton: I do not follow you in that, Mr. Breitkopf, because if you will ignore for the moment the bid of your client, there is a difference between the next lowest bidder and the highest bidder of \$266,000 and there is only \$7,000 difference between the second and third bidders.

Mr. Breitkopf: That may be true. However, your Honor at the last hearing made that statement, that it allows the low bidder to go out and bargain for this pipe. That was the statement made by your Honor, and I am taking that for what it is worth and I am arguing that standpoint.

Mayor Congleton: And if you will start from that standpoint and study the cases that have been decided by the courts of our State I think you will agree with me that such conditions make for unfair competition, and the courts do not sanction it.

Mr. Breitkopf: Well, it also works out the other way and it makes an exception where we are forced to have a non-competitive proposition on our hands when we are going to pay their price. That is what we are up against there. However, the interest of the taxpayers should be regarded in this thing and I want to leave that thought with

you; and further, that this particular bid and proposal made by our company, as I understand it, and as your Honor understands it, and as the Commissioners understand it, was to have been a local labor job, fully one hundred per cent, union.

Mayor Congleton: And if you will take the bids that were submitted, Mr. Breitskopf, and examine them, you will find that there is a great variation in the price bid on pipe, so that your statement is not borne out by the bids that we received.

Mr. Breitskopf: I was merely following out your Honor's statement of last week. That was not the question as to your Honor's statement that it would cost \$50,000 to name the pipe company. That was the statement your Honor made.

Mayor Congleton: I was merely repeating things he had stated to me.

Mr. Breitskopf: Following out that line, I merely said that even if that had been true, I would still be faced with the situation where we cannot account for that other \$83,000.

Mayor Congleton: Well, the result is before you.

Mr. Fred Scholl, Chairman of the Board of Business Agents, Building Trades Council: If it is permissible, Mr. Mayor, I would like to have just a word to say regarding T. A. Gillespie Company. Mr. Mayor and Commissioners, in a few words on behalf of the building trades concerning T. A. Gillespie Company on this contract, T. A. Gillespie Company is an unfair concern to the building trades. Some few hours ago there was an overture made to a certain particular organization to try to lead the Commissioners to believe it was going to be one hundred per cent, union job. Now, that overture that has been made can not be accepted until such time as the executive board of the Boiler Makers' organization accept that proposition. That remains to be seen. Now, they might lead you to believe, because he is going to straighten out with the boiler makers it is going to be a one hundred per cent, union job. Well, it isn't. It is unfair to the carpenter who does the sheathe piling; it is unfair to my own trade. You might say we are a little late in protesting, but we don't feel we are.

Now, last week I was in a conference or I would have been here protesting against the T. A. Gillespie Company, who never hired any union carpenters on this particular class of work. Now, we represent twelve to fifteen thousand building trade mechanics in the City of Newark, all taxpayers, and we believe we are entitled to some recognition for work from these men. At the present time we have got any amount of them on the streets walking around who are in a position to do this particular class of work. Never get one chance to do it with the T. A. Gillespie Company. Now, as a representative of labor, of the building trades, I appeal to this Commission not to award this contract to the T. A. Gillespie Company until such time as we know what position we are in with the T. A. Gillespie Company in regards to local labor.

Mayor Congleton: We have had a statement made to us by Mr. Gillespie that he intends to employ local labor and union labor.

Mr. Scholl: He has only made that to one particular trade.

Mayor Congleton: No, he has not; he made it to the Commissioners.

Mr. Scholl: Well, in my presence this morning he just made it that he made overtures to the boiler makers' organization.

Mayor Congleton: Because the boiler makers were the ones raising some question last week and he met with them.

Mr. Scholl: He met with them, and at the present time it isn't straightened out and can not be straightened out until his executive board straightens it out, but that remains to be seen whether they will accept his proposal. On the other hand, if they don't accept his proposal, what is the consequence? He will simply bring his organization from the Wanaque Dam job, and we can look idly on and see our men walk the streets.

Mayor Congleton: We have made the specifications to comply with the State law, which requires any contractor doing State, County or Municipal work—we can not say in the specifications, as you know, that he has got to use union labor—but we have said in the specifications, and this is as far as we

can go under the law, that the union rate of wage shall prevail and that eight hours shall be considered a day's work. We have made reference in our specifications particularly to the State statute.

Mr. Scholl: Well, that is fine. On the other hand, if he don't live up to it, what position are we placed in?

Mayor Congleton: There are means of enforcing it.

Mr. Scholl: He will simply stand by and laugh at it, and that is the reason I am appealing to you, as president of the Board of Business Agents of the Building Trades Council, to hold up this contract and not award it to T. A. Gillespie Company until such time as we know what position we are in with that company. He has made overtures to other organizations in time gone by and has never lived up to it. He has done it with the engineers; he has done it with the boiler makers; he has done it with several other trades. He has got a wonderful organization to come down here and do the whole job on a non-union proposition. Certainly he will pay the union scale of wages, but that doesn't help our men in the City of Newark. He will go to Pennsylvania. That won't help us here who help defray the expenses of the City as taxpayers. What redress do we get from him? Nothing whatsoever. And we appeal to you as a building trade not to award this contract to him until he sits down and makes a final agreement, an honest-to-God agreement with the building trades that all trades employed there be under union conditions.

Mayor Congleton: This matter was laid over last week for one week to permit labor to have their conference with Mr. Gillespie. I voted against that delay and I shall be compelled this morning to vote against further delay, because time is of the essence of this contract. The City of Newark has entered into a contract to furnish the City of Elizabeth with water as soon as the Wanaque water is ready, which will be probably in March or April or May. It will take a long time to lay this pipe line, and every day that we are held up the taxpayers are deprived of \$90.00 a million gallons on a consumption that the City of Elizabeth will take, and they are now using ap-

proximately fourteen million gallons a day.

Mr. Scholl: You and he went into conference with labor representatives. He went into conference with one labor representative.

Mayor Congleton: No, he did not. He went into conference with more than one, even last Wednesday.

Mr. Scholl: Only one, to my knowledge, accepted, the boiler makers, and that was this morning.

Mayor Congleton: That is not so, Mr. Scholl; you are not fully informed, then. Last Wednesday he was in conference with the representatives of several of the different crafts, to my own knowledge.

Mr. Scholl: And he has made no overtures to these trades which went into conference with him.

Mayor Congleton: What?

Mr. Scholl: He has made no overtures to these trades that he went into conference with.

Mayor Congleton: Yes, he has; he restated them in the presence of some of you this morning in my office.

Mr. Scholl: The boiler makers, in my presence, the only trade he went into conference with. He offered the boiler

Mayor Congleton: Which craft does Mr. Shinn represent?

Mr. Scholl: The engineers. And he is unfair to the engineers at the present day.

Mayor Congleton: He was in conference with them. What trade does Mr. Sherlock represent?

Mr. Scholl: The ironworkers. And he is unfair to the ironworkers.

Mayor Congleton: He was in conference with them.

Mr. Scholl: He is unfair to both trades. He is unfair to the carpenter on that class of work.

Commissioner Murray. This contract called for the prevailing rate of union wages and the employment of local labor.

Mayor Congleton: No, I don't know that it says that. We appealed to Mr. Gillespie, as we have to all the contractors on this big stuff—the Pennsylvania Railroad and other contractors.

Commissioner Murray: I think, myself, that the City Commission as a whole would unquestionably expect the contractor to do any work which is being paid for by the people of Newark—to give it to fair labor and local labor.

Mayor Congleton: Mr. Gillespie has made that assurance and I think Commissioner Brennan will bear me out.

Commissioner Brennan: He has said he will employ local labor as far as it is possible to obtain it.

Commissioner Murray: It is easy to go up into Pennsylvania in the Scranton section and bring them down here and fix up a camp of some kind and set them to work. I would be opposed to that kind of construction myself.

Mr. Scholl: Eighty-five per cent. of his organization is importation.

Commissioner Gillen: Mr. Gillespie is here. Why not let Mr. Gillespie make a statement to the Board.

Mayor Congleton: Mr. Gillespie, do you desire to make any statement to the Board?

Mr. Gillespie: I don't know whether there is anything for me to say, Mr. Mayor. The whole controversy was brought about by a strike that was instituted and called by the boiler makers without warning, which they must do, I understand, under their union rules—called out over night. We did employ non-union men. We still have some of these same union men who went right back to work again and have been glad to work ever since because they themselves recognized that it was not fair. The local which pulled the strike, has been advised, I am informed, that the strike was not sanctioned by the International Brotherhood. They were told not to pull the strike and to keep the men at work until the international vice-president would attend. They didn't wait; they pulled it over night and went out, and we were entitled, as we understand it, especially being under a time heavy penalty contract, we were entitled to get the men wherever we could, and we did get men we knew could do the work and they have done it.

Commissioner Gillen: If this contract is awarded to you, is it your intention to employ union labor in all of the crafts in connection with the contract?

Mr. Gillespie: No. It can not be done. What we will do is this: We will employ union labor in so far as the particular class is concerned. In other words, the engineers are all union men and always have been union men. The boiler makers, up to the present strike, have been union men and always had been. Carpenters we don't use.

Mayor Congleton: And is it your intention to use local labor, Mr. Gillespie?

Mr. Gillespie: Absolutely.

Mayor Congleton: And in reference to the conference that was held this morning with the representatives of the boiler makers, which was the one you had your trouble with, am I correct when I say that he said in my office, in your presence and in the presence of his International officers—I think Mr. Dowd is an International officer—that the proposition that you made to them was agreeable to them and that they would recommend it to their crafts?

Mr. Gillespie: That is what they told me this morning.

Commissioner Murray: Mr. Gillespie, you say you don't use carpenters. What do you do—do you have carpenter work done by somebody else besides carpenters? Do you have any carpenter work?

Mr. Gillespie: When we have real carpenter work, yes, we employ carpenters; but we don't call carpenters what we call rough wood butchers that are necessary to put up a rough form for concrete, for instance, which has nothing to it except a box.

Commissioner Murray: You mean square sheathing

Mr. Gillespie: Wherever we find good good carpenter work is concerned we always employ carpenters. Otherwise not.

Mayor Congleton: Mr. Gillespie, how long have you been connected with the Gillespie Company?

Mr. Gillespie: Thirty-four years.

Mayor Congleton: And how many strikes have you had?

Mr. Gillespie: This is the first one.

Mayor Congleton: On the Wanaque?

Mr. Gillespie: Yes.

Mayor Congleton: The Clerk will

read the resolution. Those in favor of it will say aye, those opposed no. The Clerk will call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Philip Stanzione for an addition to his automobile service station at 4 Tiffany Boulevard, on condition that no new driveways to the property be constructed, and that a fence be built along Tiffany Boulevard in front of the proposed station;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be the Superintendent of Buildings, the and the same are hereby approved, and granting permits, be and he is hereby administrative officer in charge of directed to issue a permit for the application above set forth.

Jerome T. Congleton  
John Howe  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Now, madam, do want to object again?

Mrs. Friedman: Yes I was trying to ask him if he will buy the house. He says no.

Mayor Congleton: We have given you an opportunity to do it.

Mrs. Friedman: It is the only house I have.

Commissioner Howe: That won't hurt your house. I was up there yesterday. He has got an oil station there already and he is going to put a wall up and nobody can interfere with your place.

Mrs. Friedman: Yes, he can do anything he likes later.

Commissioner Howe: No, he can not. He won't do it.

Mrs. Friedman: Of course, you know the woman will move out and I won't be able to pay taxes.

Commissioner Howe: You can get plenty of people. That is a nice street.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

November 6, 1929.

Hon. William J. Egan,  
City Hall,  
Newark, N. J.

Re: Application for Gasoline  
Permit, 71 Elizabeth Avenue,  
Newark, N. J.

My dear Mr. Egan:

Will you be good enough to adjourn the above application which is before the City Commissioners today, Wednesday, November 6, 1929, either in the name of Abraham Sternbach or Saul J. Zucker and Harry Steiner, for two weeks to November 20, and advise me to this effect in the enclosed stamped envelope.

Thanking you for your courtesy in this matter, I am,

Very truly yours,

Jacob L. Newman.

Ordered filed.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

Application of Abe Sternbach for a gasoline station at 73 Elizabeth Avenue; approved on condition that the maximum amount of gasoline stored on the premises is not to exceed 1,000 gallons, that a fire-proof wall be erected between the filling station and the stores to the south, and that an automatic sprinkler system be installed in the garage in the rear of the filling station;

**THEREFORE BE IT RESOLVED.**  
By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: We had this up before. This is the one where the application now is made in the name of some one who has no further interest in the property, as I understand it. This has been adjourned now several times and there are people here objecting to it, and it doesn't seem quite fair to keep bringing them down. You are still objecting?

Mr. Ralph Jacobson: Yes, sir.

The roll being called, the resolution was disapproved by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application has been made be allowed:

Application of Fischer Baking Company for the construction of a commercial garage at 272-278 Belmont Avenue, to be used for the loading of the company's delivery cars, on condition that all vehicular entrance and exit be eliminated from the Belmont Avenue front, and that an automatic sprinkler system be installed;

**THEREFORE BE IT RESOLVED.**  
By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

Mayor Congleton: Does anyone wish to be heard?

Mr. Samuel M. Goodman, 1060 Broad Street: I represent one of the owners of a building near the place where this here commercial garage is going to be built.

Commissioner Howe: How near?

Mr. Goodman: Well, it is practically next door to it with the exception that they have a building right before our building gets there. Maybe less than a hundred feet.

Commissioner Murray: Adjoining property.

Mr. Goodman: Now, you gentlemen here, this here application was made before the Zoning Commission several weeks ago—I think about six weeks ago—and was refused, but on the rehearing a month after that it was granted.

Mayor Congleton: Not the same application, however.

Mr. Goodman: There was a slight difference, Mr. Mayor.

Mayor Congleton: There is quite a material difference. They did away with entrances from Belmont Avenue, bought additional property on Livingston Street so as to meet some of the objections.

Mr. Goodman: Well, after I resume my contention here I think I will make myself clear why I say slight differences. There is an ordinance, as I know, prohibiting the establishment of a garage, whether with the rear to the front or the front to the rear that is less than 200 feet from a church or synagogue, and this here building is going to be established less than 200 feet from a synagogue. Secondly, I know

you have an ordinance here that this here Belmont Avenue was established for the purpose of being a residential and business neighborhood. Now, this ordinance has not been revoked or anything has been made changed, and due to that effect there were improvements made there, the street was enlarged, paving took place, people were assessed for this purpose because it was going to be a business and residential neighborhood.

Commissioner Murray: Does your ordinance prescribe commercial garages or public garages?

Mr. Goodman: To my knowledge it prescribes any garage.

Mayor Congleton: How long has your client owned this property?

Mr. Goodman: My client owns the property there about six years, I think.

Mayor Congleton: How long has the Fischer Baking Company had its plant there?

Mr. Goodman: The plant he has next door to this property, I think, he has there a little over a year.

Commissioner Howe: No, the real plant, the bakery.

Mr. Goodman: Yes, a little over a year on Belmont Avenue.

Commissioner Howe: Thirty years.

Mr. Goodman: On Livingston Street.

Mayor Congleton: That is what I was getting at. You know that it has been there thirty years. Have you looked at that portion of the ordinance which permits a business in existence to be extended either upon the plot then owned or upon the land adjacent thereto?

Mr. Goodman: No, I have not.

Mayor Congleton: Well, there is such a provision in the Zoning Ordinance, and, of course, we have no desire to put anything objectionable up there, but we do not want to stifle a real business.

Mr. Goodman: I agree with you, Mr. Mayor, but the fact is you have an ordinance and I don't think it can be made contrary—

Mayor Congleton: One has to be read with the other. That is not an objectionable thing, is it?

Mr. Goodman: I tell you why it may be objectionable. If you intend to grant

this man the privilege of building a garage, I don't see why he wants to bring in a precedent to create rears on Belmont Avenue and fronting on Livingston Street, because you are going to injure the street, you are going to make it appear as a rear alley; you are going to make it so as their buildings come up there in order to pay less taxes and put their front on Livingston Street and put their rear on Belmont Avenue.

Mayor Congleton: What they are doing is buying 25 feet to be used as a driveway to their building, which is part of their plant. That is to load their wagons with breadstuff under cover.

Mr. Goodman: If you want to establish it this way in order to preserve the appearance of Belmont Avenue, let them have the front on Belmont Avenue.

Mayor Congleton: You objected to that.

Commissioner Howe: You have one of the worst blocks there on Belmont Avenue.

Mr. Goodman: It wasn't on that block.

Commissioner Howe: No, the block further down below.

Commissioner Murray: If you have cars running in and out of this place on Belmont Avenue it would be decidedly worse than having them go out on Livingston Street, because the people are accustomed to that on Livingston Street.

Commissioner Howe: They made these changes at the suggestion of this Commission because we objected to the crossing of Belmont Avenue.

Mr. Goodman: I feel if you are going to make the change you should make so the front is on Belmont Avenue.

Commissioner Howe: You people are responsible.

Mr. Goodman: Anybody can come up and put a rear on Belmont Avenue and destroy the valuation of that land.

Commissioner Murray: You can not prevent him from putting the front where he likes.

Mr. Goodman: If he was going to build a garage on Broad Street with the front on Halsey Street—

Mayor Congleton: We have been

trying to get them the get their entrances on Halsey Street.

Mr. Goodman: And put their rear on Broad Street?

Mayor Congleton: Yes, to keep them from crossing Broad Street.

Commissioner Howe: These people have done this at our request.

Commissioner Murray: No matter where the door is the property will be taxed on the frontage on Belmont Avenue, no matter what they call it.

Mr. Goodman: Usually you tax the frontage.

Commissioner Murray: We consider that frontage, no matter where the door is. You can not change that.

Mr. Goodman: You gentlemen of the Commission, if you can overcome the ordinance there prohibiting the building of a garage with the rear on Belmont Avenue if it is less than two hundred feet from a synagogue—

Mayor Congleton: Where it is an extension to an already existing business.

Commissioner Murray: A non-conforming use.

Mr. Goodman: I want to register my exception to that.

Mr. Edward Schoen: I represent the Fischer Baking Company. I don't think it is necessary to say anything. I was here to answer any objections that might be made, but I feel what has been said by the gentleman who has spoke needs no answer. Everything has been done to conform with the wishes of the people of the neighborhood. The Fischer Baking Company has been there thirty years and is improving the property.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles A. Villano for

a gasoline station at 754-758 Sandford Avenue;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone want to be heard?

Mr. S. Sidney Silver, 972 Broad Street: I appear in favor of it.

Mayor Congleton: Is there anything you want to say to us?

Mr. Silver: I have nothing to say except that my client is desirous of erecting a modern type gasoline station, and while there are other gasoline stations on Sandford Avenue this will be the only gasoline station on the east side of the street.

Mayor Congleton: There is one at 806. Isn't that the same side of the street as yours?

Mr. Silver: That is the opposite side.

Mayor Congleton: 806 is? 806 and 754 must be on the same side of the street.

Commissioner Murray: It may not be constructed if there was one granted.

Mr. Silver: It isn't on that particular block.

Mayor Congleton: We don't want them on every block. Does anyone else want to be heard?

The roll being called the motion was disapproved by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Badger Realty Company for a gasoline station at 23 First Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Edward E. Turkel, 810 Broad Street: I appear on behalf of the Badger Realty Company, and the president of that association, through some misunderstanding as to the time the Commission was to meet, has not made his appearance. I therefore ask you to lay it over for one week.

The roll being called, the resolution was laid over for one week.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton

WHEREAS, The Board of Adjustment has certified in writing to this Board, that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Herbst-Mock Company for a gasoline station at 234-236 Frelinghuysen Avenue;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

Mayor Congleton: Does anyone want to be heard on this one?  
(No response.)

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Inspector of the Bureau of Combustibles and Fire Risks, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of David Meyers for an open air automobile parking station at 148-152 Washington Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Inspector of the Bureau of Combustibles and Fire Risks, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Brennan moved that the application be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles A. Villano for a gasoline station at 33 Sixteenth Avenue;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same hereby is approved and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Silver: We are willing to erect and maintain it any way the Commissioners say we shall do.

Commissioner Murray: The point of objection there is that you are at a trolley junction. The cars turn west and north on Bergen Street. There are two lines of cars and there is only eight feet between your curb and the car tracks. The question is whether your applicant is willing to cut back ten feet on his land and round that corner to get you away from the trolley tracks and give it a better corner from every angle.

Mr. Silver: We will so do.

Commissioner Murray: Have you the room to do it?

Mr. Silver: Yes, I think we have.

Commissioner Murray moved that the application be laid over until November 18th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following resolution was presented:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Joseph Czaplynsky for a gasoline station at 48 Sixteenth Avenue;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Michael J. Bruder, 15 Market Street: I represent the applicant---

Mayor Congleton: Well, the Com-

mission wants to examine it before we take action on it.

Commissioner Murray: The intention is not to remove the building but to drive in around.

Mr. Bruder: These people live directly next to it and we have quite a few of the people besides—we have about thirty signatures of people who are unable to be here, and also another attorney who represents some of the people who have signed.

Commissioner Murray: Well, the people do not have to come back; you attorneys can represent them.

Commissioner Murray moved that the resolution be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Nicholas Lichtenberger for the construction of five additional garages, rear of 13 Magnolia Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the contract between The City of Newark and Clifford F. MacEvoy Company, the lowest formal bidder in response to public advertisement for sealed proposals for the construction of Section No. 4 and 5 of City Railway in the bed of the Morris Canal between New Street and Orange Street, dated the sixth day of November, 1929, and awarded to Clifford F. MacEvoy Company, a copy of which contract is hereunto annexed, be and the said contract is hereby approved, and the Director of the Department of Public Affairs and the City Clerk are authorized and directed to duly execute the same on behalf of the City upon the passage of this resolution.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

#### Reports of City Officers.

The following reports of City Officers were received and ordered filed:

Department of Weights and Measures for October, 1929.  
Clerk of First District Court for October, 1929.  
Clerk of Second District Court for October, 1929.  
Department of Buildings for October, 1929.  
Clerk of Alms House for October, 1929.  
Clerk of Centre Market for October, 1929.  
City Clerk (2) for October, 1929.  
Richard P. Rooney, Clerk 1st Criminal Court, for October, 1929.  
Ellsworth R. Noble, Deputy Clerk 1st Criminal Court, for October, 1929, Part Traffic.  
Thomas P. Guthrie, Clerk, 2nd Criminal Court, for October, 1929.  
Arthur J. Connelly, Clerk, 3rd Criminal

inal Court, Part 1, for October, 1929.

Arthur J. Connelly, Clerk, 3rd Criminal Court, Part 2, for October, 1929.

Elizabeth S. Lewis, Clerk, Family Court, for October, 1929.

City Treasurer for October, 1929.

Comptroller for October, 1929.

John Howe,  
Director of Revenue  
and Finance.

Ordered filed.

The following report of the City Treasurer for October, 1929, was received and read:

Department of Revenue and Finance.  
Office of the City Treasurer,  
City of Newark, N. J.

November 1, 1929.

To the Honorable  
The Commissioners of the  
City of Newark, N. J.

Gentlemen:

In compliance with the Act of the Legislature entitled "A further supplement of the Act entitled "An Act to amend and revise the Charter of the City of Newark, N. J.," approved Feb. 22nd, 1866", I herewith present a statement of the receipts and disbursements for the month of October, 1929, condensed as to source:

**Receipts:**

Cash on hand October 1st,	
1929 .....	\$2,169,491.73
Received from Comptroller, October.....	4,898,060.47
	<b>\$7,067,552.20</b>

**Disbursements:**

By Warrant.....	3,741,304.76
Without Warrant.....	463,226.88
	<b>\$4,204,531.64</b>

Balance on hand October 31st, 1929 .....	\$2,863,020.56
--	----------------

Respectfully submitted,

John J. Sugrue,  
Acting Treasurer.

Ordered filed.

The following communication was received and read:

October 25th, 1929.

To the Municipal Clerk:

**Transfers:**

We are now approaching the period when appropriation transfers may be

legally made, and I would like to direct your attention to the statutory limitations surrounding such transfers.

Overexpenditures.  
Assessment for benefits.  
Sinking funds.  
1930 Taxes.

Very truly yours,

Walter R. Darby,  
Commissioner of  
Municipal Accounts.

Referred to Commissioner Howe.

A communication from Kessler & Kessler, dated October 29th, 1929, relative to application of Fischer Baking Company for extension of their plant was received, read and on motion ordered filed.

The following communication was received and read:

November 4, 1929.

The Board of Commissioners  
of the City of Newark.  
c/o Mr. William J. Egan, City Clerk,  
City Hall, Newark, N. J.

Gentlemen:

I am informed that since the Zoning Ordinance left the Zoning Commission there has been a change in the classification of the west side of Mt. Prospect Avenue between Treadwell Street and Abington Avenue. This change seems to me to be destructive of the value of the land on the west side of the street and, as I am the owner of 132 foot frontage on it, I would very much like to be heard in opposition to this classification.

Unfortunately, my court engagements this week make it doubtful whether I can attend the meeting of the Commission on Wednesday, when, I am told, there is to be a public hearing, and I, therefore, request, in the event I can not attend, I may be given an opportunity to present my opposition in detail at a later day.

Let me add, that my objection will be met by putting both sides of the street in the same classification, i. e., either private dwellings or apartments.

Yours very truly,

Louis Hood.

Ordered referred to the Board Conference.

State of New Jersey.  
Passaic Valley  
Sewerage Commissioners.  
24 Branford Place,  
Newark, N. J.

October 24, 1929.

Hon. Mayor and Board of  
Commissioners of the City of Newark,  
City Hall, Newark, N. J.

Gentlemen:

After the completion of a portion of the intercepting sewer in Wallington, the work having been done by the Foundation Company, a balance of \$15,780.99 became due the Foundation Company under its contract. This Company refused to accept the money and brought suit against the Commission in the United States Courts claiming additional compensation. The result of the litigation was that the Foundation Company only recovered against the Commission the monies which the Commission admitted to be due under the contract, with interest at six per cent., making a total of \$21,162.04.

The Commission is without funds to pay these monies as they are not available out of maintenance, the work relating to original construction work and to be paid for on a different basis than the annual maintenance charge.

I enclose herewith a table showing the share which your municipality is called upon to pay together with the daily rate of interest until payment is made to this Commission.

I am therefore directed by the Commission to requisition the sum of money which is due from your municipality and to request that prompt payment be made in order to prevent the running of further interest on the principal sum.

Very truly yours,

J. H. Quigg,  
Secretary.

Ordered referred to Director Howe.  
Disabled Veterans of the World War.

Thompson Chapter No. 17,  
U. S. Veterans Hospital No. 98,  
Castle Point, N. J.

Dear Mayor and Friends in Newark:  
We believe that the people of the

United States believe in a square deal. We believe that you and your friends will help us when we place the real facts before you.

We know that an injustice has been done the disabled tubercular veterans in fixing by law, the arbitrary date, January 1, 1925, which is discriminating because the disabled veteran must prove that he has developed tuberculosis prior to that fixed date.

Sincerely yours,

Raymond E. Armstrong,

16th Ward, Uncompensated Disabled Veterans of the World War.

Referred to the Board Conference.

The City Clerk presented the proposed Zoning Ordinance of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: The Commission will now go into a hearing on the proposed Zoning Ordinance. I have a letter here from Mr. Hood. He is here now. His Court engagement did not take him apparently as long as he thought.

Mr. Hood, Prudential Building: They held the case for me to the morning, so I could appear. I want to speak to that portion of the Zoning Ordinance that concerns Mt. Prospect Avenue between Second Avenue and Abington Avenue. According to the newspaper reports when the matter was first announced that street was to be opened to apartment houses in the block. Later on I heard it whispered around that that had been changed and that only the east side is to be opened to apartment houses and the west side is to be restricted to one-family private residences. I happen to be the owner of a lot on the west side. There are only eight of us on the west side. It is a long block and the lots are all large. I say eight of us counting from Treadwell Place.

Mayor Congleton: Do you know how the other eight feel?

Mr. Hood: As far as I know there is only one that is in favor of that proposition. Mrs. Ward is not at the corner, skipping the next one who is in favor

of it—that is Mr. Henry—then comes myself, I am opposed to it; then comes Turnbull's, which, I am informed by Mr. Greenberg is opposed to it. Then comes Mr. Heller, who informs me he is opposed to it; then comes Mr. Balentine, who is away and whose views we could not ascertain; then Mr. Henry Young, who authorized me to state he is opposed to it.

Mayor Congleton: Opposed to it—

Mr. Hood: As it is reported now.

They all think it is going to be apartments on one side it ought to be apartments on both sides. Now, I think the situation is of such a character that it really needs no argument. I think to put apartment houses on the east side and to restrict the west side to one-family houses is simply to destroy the west side of all value, because we all know that so far as values go they are better for apartment house purposes than they are for private residences.

But in this case it is an exceptional case because the lots are all large, and the houses are all large, and if you restrict it to apartment houses you restrict it to people who would be willing to come along and pay a fair price for these properties, and I venture to say there are no more of that kind in the City of Newark. The district has advanced so far that you can not hope to keep it up as a private residential part. Now, what would be the result under those circumstances? Those of us who are there would probably stay there as long as we live—unless we had to get out before. And then we would offer it for sale and nobody would buy it because you can not use it for anything except a private residence. If you pulled down that residence and divided it into twenty-five-foot lots and put up private one-family houses, why, you can not make it pay as a residential proposition and you would not get anybody to come and buy it of you because that class of people would prefer to go into an apartment house than they would into the private residential houses. It has been suggested this morning that the people on the east side of the next street, Clifton Avenue, have a right to say that the property on Mt. Prospect Avenue on the west side should be kept as private property because they want to have theirs as private property, and

therefore that Mt. Prospect Avenue, the west side, must be penalized so that Clifton Avenue, the east side, may have a good outlook in the back.

Mayor Congleton: Mr. Hood, just to get your thought: Assuming we agree with you about putting the west side of Mt. Prospect Avenue in the apartment zone, what would your judgment be as to putting it on the block system so as to take in the east side of Clifton Avenue?

Mr. Hood: So far as we are concerned, we wouldn't have any objection to it.

Mayor Congleton: I am speaking from my personal experience. I don't find it objectionable to live across the street from an apartment house, but when I go to the back of my house and have to look at the back of an apartment house with their fire escapes—and try as hard as you can you can not keep everything off—my thought has been that the streets that we are going to put in the apartment house zone should be zoned on the block system so, as in your case, the west side of Mt. Prospect Avenue and the east side of Clifton Avenue should be included in an apartment house zone. Otherwise, the very thing that you are complaining about is going to injure very severely, it seems to me, the people on the east side of Clifton Avenue, to illustrate. My judgment is it ought to be in a block system.

Mr. Hood: Mr. Mayor, I haven't given that matter any consideration. I don't know that I am quite ready to answer your question. My leaning, before you put the question to me, was that while there is that difficulty that you point out, yet a division in the middle of the block—that is, apportioning it according to the length of the lot as they happen to be, make block divisions, was, for the purposes of the street, a better division for the preservation of values than a division in mid block; but I am not so sure that I could not be convinced to the contrary. There is that inconvenience, of course. On this particular block that I am talking about that question, that does not arise.

Mayor Congleton: There are only two or three houses there

Mr. Hood: There aren't any, to speak

of, other than two or three-family houses. The rest of it is all vacant land running from Mt. Prospect Avenue to Clifton Avenue, except an apartment house at the corner of Clifton Avenue and Third Avenue

Mayor Congleton: You have already got one through there.

Mr. Hood: Yes.

Mayor Congleton: We have got to meet it in many localities and I thought I would like to get your opinion about it.

Commissioner Howe: I had that in mind. If we could change that to the westerly side of Mt. Prospect Avenue, won't the same condition exist, if we grant that, to Clifton Avenue, and so on for every block? We have got to stop somewhere.

Mr. Hood: You have got to stop somewhere. For that reason it may be you have got to stop in the middle of the block. Of course, you must not lose sight of the fact that this is a changing district, anyway, and that Mt. Prospect Avenue is really an artery, and that travel is through that street, and that it is not true of the other streets; and that it is a good deal easier to restrict the other to private families than it is to restrict Mt. Prospect Avenue to private families.

Commissioner Howe: In East Orange many of the apartment houses are built in the rear with a facing the same as in the front, so there is really no objection on it. What the Mayor objects to is the form of the apartment houses; that is, the fire escape on the rear and sometimes part of the family wash and other things.

Mr. Hood: As far as I am concerned, I don't think apartment houses are objectionable if you get the right kind of apartment houses; but the trouble is you can not assure yourself of the right kind of apartment houses. Simply because Mr. Hoag has got a nice place there, it doesn't follow that the adjoining plots will not be occupied by apartment houses which are not so desirable; and, after all, you have got to keep in mind the values, and the City ought to be preserved, and the owners of valuable plots ought not to be deprived of what the lot is worth simply through a zoning proposition that may be more than doubtful, par-

ticularly so if in any particular block there isn't any demand for it. The mere fact one or two in a block desires to have it so ought not to override all the rest of them.

Mayor Congleton: Well, our thought on that was, Mr. Hood, to keep the matters within our control as much as we could for the very purpose of preserving values, and granting extensions from time to time as the need for them arises.

Mr. Hood: I know, but that does not help you in the merchandising of your real estate. The man that buys real estate won't buy it on the hope the Commission is going to change the use; he buys it on what actually is.

Mayor Congleton: That isn't the way they do it. They enter into a contract conditional upon getting the zoning ordinance changed and then come down here and make their plea.

Mr. Hood: I may not be acquainted with that.

Mayor Congleton: I imagine you will find lots of contracts in the title company's office with that condition in.

Mr. Hood: That may be. I haven't examined them.

Commissioner Murray: Doesn't it seem reasonable to assume that the City may so control construction of apartment houses as to require enclosure of fire escapes on the rear and finishing of the building presentably on the front?

Mayor Congleton: We have tried it in some cases and some have been successful and some have not where they have taken it to court. If they build it in accordance with the Building Code they can design it any way they please.

Commissioner Murray: They do it in East Orange by keeping the fire escapes on the inside.

Mayor Congleton: We tried that on Elizabeth Avenue and the court said we hadn't any right to do it.

Mr. Hood: I think everybody feels according to individual taste and individual effect. That is all I have to say. Mr. Heller is here and Mr. Gehin is here and Mr. Greenberg is here.

Mayor Congleton: Is there anyone else who wants to be heard on this particular matter?

Mr. Gehin Ward: Mrs. Charles G.

Ward, who owns the corner of Mt. Prospect and Abington Avenues, asked me to come down here to say that she didn't think it was fair to place a restriction on her property against apartment houses and allow them to be built across the street. I would like to add this just along the line of Mr. Hood's remarks about the selling value of property. Mrs. Ward only occupies that property now a few months in the year. She has a new place up in the country, and for two years we have been trying to sell that property at something like its real value, including the house; and the only applications we have had at all are from those who want to build a fine apartment house there.

Mr. E. W. Heller: I take the same position that Mr. Hood does, and he said about all I can say, except I think that if a street is zoned, the neighborhood for which the zone is formed is the street, not one-half the street and the other half can be a different neighborhood. As far as hurting values, the frontage on Mt. Prospect Avenue is very much higher than it is on the back street, Clifton Avenue, and it is going to hurt the depreciation—the depreciation is going to be very much greater for the west side of Mt. Prospect Avenue than it is going to hurt Clifton Avenue.

Mayor Congleton: What would be your notion about taking in the block from Mt. Prospect Avenue to the east side of Clifton and put that area in apartments? Couldn't it go back to the next street?

Commissioner Gillen: The Mayor means on the east side of Clifton Avenue from Second Avenue to Abington Avenue, make that all apartments.

Mr. Heller: I haven't any opinion on that and I haven't any objection.

Mayor Congleton: What I am thinking of in this particular case, you hope to open it all the way through; but to illustrate, if Mt. Prospect Avenue was put in the apartment house zone midway to the block, it is going to be pretty hard for the people who own property on the east side of Clifton Avenue to hold for private residences where they have got to look out on the backs of apartment houses.

Mr. Heller: That is true. It is going to hurt part of Mt. Prospect Avenue—

Mayor Congleton: And the poor little fellow that owns on the east side of Clifton Avenue feels that because he has not been able to get to the point where he can go out on Mt. Prospect Avenue—isn't it fair to give every piece of property in the block the same privilege all around the block?

Commissioner Gillen: It is all apartments from Treadwell Court to Second Avenue on both streets.

Mr. Heller: Yes, that is all apartments.

Commissioner Gillen: Apartments on both streets?

Commissioner Howe: That is what Mr. Hood proposed.

Mr. Heller: One-half the street is in one neighborhood and the other half in another neighborhood. There is more difference between Clifton Avenue and Mt. Prospect Avenue than the east side of Mt. Prospect and the west side of Mt. Prospect. It is a problem, and, of course, somebody is going to be hurt.

Mayor Congleton: Does anyone else desire to be heard on this particular locality? If not, we will take up another section.

Mr. William MacHarg, New Jersey Bell Telephone Company: When the original ordinance was originally made up and put in printed form, on reading it we found there was no particular provision for telephone exchange buildings. The reason why particular latitude should be given to the telephone company for such purposes is due to the fact that buildings of that nature must be placed at the most economical wire centers so that the best results can be obtained from a construction and service standpoint. We have discussed the matter a number of times with the Zoning Commission and they got to the point where they recommended under Section 5, subdivision 5, the following. (Reads section). After this amended ordinance was submitted to the Commissioners the Telephone Company received a copy of it upon request, and making a study of it we find we will be placed in the position of making use of that section on the basis, of, we will say, building on Lyons Avenue, which is in the first business district. In that case, inasmuch as the company purchased the land that extends perhaps about 200 feet, after we

reach the point 100 feet on the other side of Lyons Avenue we would be in the first residence district, which is not allowed, so far as telephone exchange buildings are concerned. We, therefore, would respectfully request that three words, after the second word on the second line of subdivision of Section 5 be added as follows: "On the side." The Section then should read "Central telephone exchange buildings immediately adjoining on the side or fronting on the first residential district."

Commissioner Murray: Have you a building in point that illustrates this?

Mr. MacHarg: Not at that particular street, but it is an example that caused us considerable anxiety, and we have taken the matter up with Mr. Van Duyne and Mr. Van Duyne agrees that the section provided by the Zoning Commission for the approval of the City Commissioners did not intend what we found the result would be, and I think I can speak for him on the basis that he would recommend that these three words be included in the report of the Zoning Commission in their last draft of the ordinance.

Mayor Congleton: You have a draft there and you would like to see it amended?

Mr. MacHarg: I have.

Mayor Congleton: If you will leave it with our secretary we will take it up. Have you given any thought to the question I asked you the other day whether or not we have any jurisdiction over these matters, and whether or not it is not in the hands of the Utility Commissioners?

Mr. MacHarg: There is that section in the latter part of the enabling act which refers just to the Public Utility Commission, but that would be rather an unsafe provision if we took that section of the ordinance as regulatory, due to the fact that it is first necessary for the company, through its chief engineers or his department, to decide on a particular locality for the purchase of land for the purpose of erecting a telephone exchange building. After that, naturally, an option would have to be taken or perhaps the land might be bought outright; and unless we have some protection from the local municipality on the basis that we are allowed to place exchange build-

ings in certain districts—all we are asking—

Mayor Congleton: How would that be any protection if there is any merit in my contention? You would still have to go to the Utility Commission and they might not agree with us, and you then have bought your property. It is a short-cut if you go to the Utility Commission.

Mr. MacHarg: That isn't my point. If you go into a locality and it is known you have taken an option on a particular location, or bought in fee at that particular location, and it is disapproved, then it is impossible to go back to that same locality and get a similar piece of property at the regular market value.

Mayor Congleton: I don't see where there is any difference whether the disapproval comes from this Commission or the Utility Board.

Mr. MacHarg: We wouldn't know exactly where to begin.

Mayor Congleton: If I am right in my contention, you would begin with the Utility Commission. They act upon notice to us.

Mr. MacHarg: Doesn't the act really intend if you can get along with the municipality then you come to us.

Mayor Congleton: I don't think so. That was not the argument made by the Utility representatives in Trenton when the bill was passed. They did not want to be left to the mercy of the local municipal authorities, they wanted it passed on by the Utility Commission which has charge of our utilities, to see that they furnish adequate and safe service and so forth; and they said it might not be safe to furnish that service if they were held up by the local municipal authorities, and it ought to be vested in the Utility Commission. Maybe they have changed their minds since.

Mr. MacHarg: I believe in going to the Public Utility Commissioners is the desirable thing to do, but it would be a further precaution, of course, to any utility if it had the confidence of the municipality so far as any particular location is desired or found necessary for the erection of a telephone exchange. There is really no doubt about that. Now, so far as such privilege

being given heretofore to municipalities under similar conditions, I furnish some twenty ordinances that have been passed by other municipalities in which it was set forth that a telephone exchange building could be placed in all use districts. Of course, the City of Newark would not ask or attempt to ask that you give us permission in the first residential district where the one-family houses are. All we are asking is that you give your approval—you can make it subject to the Public Utility Commission, if they would make the exception.

Mayor Congleton: Why not make it? The statute fixes it. If I am right, we can not do a thing about it.

Mr. MacHarg: Our present buildings are in the second business district, and all we are asking for is the first business district and the third residential district. You are invited, of course, to attend the hearing of the Public Utility Commission—

Mayor Congleton: They have to give us notice. That is why I thought they had taken unto themselves—or at least, the Legislature had given them jurisdiction because it says upon this hearing they must give the municipalities notice.

Mr. MacHarg: Wouldn't we be in the same position we were when the City of Newark and the Public Utility Commission—the City of Newark at the present time in that particular location, if the telephone has plans for a telephone exchange building, I say we could not again go back to that general locality and buy a piece of property at the market value because it is generally advertised.

Mayor Congleton: You get your option first.

Mr. MacHarg: Yes, but if it is disapproved, then we couldn't use that particular property; we would have to get another one in that locality.

Mayor Congleton: We might approve it and the Utility Commission disapprove it and you would be in the same box.

Mr. MacHarg: I think the shoe would be on the other foot.

Mayor Congleton: The Utility Commission has disagreed with us many times.

Mr. MacHarg: They probably would not approve it if you didn't want it.

Mayor Congleton: They have disagreed with us many times.

Mr. MacHarg: We have never taken expensive parks but many times we find they disagree with us.

Mayor Congleton: Are there any other points?

Mr. MacHarg: That is the only one.

Mayor Congleton: We will take it under advisement. We are going into conference after we have gotten all the suggestions. Is there anyone else who wants to be heard on the proposed Zoning Ordinance?

Mr. Robert Richter: I would just like to ask a question. In a case I have in mind I have five lots. The right-hand side is apartment houses and on the left-hand side is two-family houses. Now, on this trace there is at the present time one-family houses. How would the new zoning law affect the erection of one-family houses?

Mayor Congleton: If you will tell me where the locality is, that is fixed by the map.

Mr. Richter: South 19th Street between 16th and 17th Avenues.

Commissioner Howe: You can put a one-family house anywhere.

Mayor Congleton: If you will step up here you can see for yourself. (Discussion off of the record.)

Mayor Congleton: Does anyone else desire to be heard on the proposed zoning ordinance?

Commissioner Gillen: I move the hearing be closed.

Mayor Congleton: Now, gentlemen, what is your pleasure for further hearings on this? Shall we go into conference and consider the suggestions that have been made and then prepare an ordinance for formal introduction? There doesn't seem to be very much interest shown in it. The formal hearing on the zoning ordinance is closed and the matter will be taken into conference by the Commission for the purpose of preparing an ordinance for formal introduction.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any citizen have any matter to bring to the attention of the Commission this morning?

Mr. A. L. Burgess: Mr. Mayor and Commissioners: I fully expected to have Mr. McLaughlin here today to represent me, but on account of an important case he will not be here. Therefore, I have decided to appear before you myself.

Mayor Congleton: I might say to the Commissioners there was a representative here from Mr. McLaughlin's office who spoke to me a few minutes ago and said Mr. McLaughlin could not be here because he was in court and he would appreciate it if we would hear Mr. Burgess.

Mr. Burgess: I have been a citizen of Newark for fifty years. I have owned the property at the corner of Chancellor Avenue and Clinton Place for forty-five years. I have lived there on the property for forty years. It has cost me a good deal to carry that property. Now, I am not having any income from it. For that reason I am asking you gentlemen to grant me a permit to build a first-class gasoline station on the corner. If you will do so it will help me a lot and I will appreciate it very much. Now, the property in question is within the business zone. That is all I have to say.

Commissioner Gillen: Do you intend to build it yourself or have a company build it?

Mr. Burgess: Why, Commissioner Gillen, I have two propositions—one to build the station myself and lease it and another to sell it. I really don't know just yet which will be acceptable.

Commissioner Murray: I make a motion that we reconsider the vote.

Mayor Congleton: Motion is made that the vote by which this permit was denied be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen: Mr. Burgess, would you bring in a plan at next Tuesday's conference?

Mr. Burgess: Plans have been filed already.

Mayor Congleton: Come into the conference room Tuesday at eleven o'clock.

Does any other person wish to be heard?

Mr. Myron W. Morse appeared and read a poem, "The Pauper's Field," which, on motion, was ordered filed.

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. BRENNAN

JOHN HOWE

CHARLES P. GILLEN

JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., November 13, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Congleton.  
Absent: Commissioner Gillen.

The minutes of meeting of November 6th were read and approved.

The City Clerk presented An ordinance to provide for the construction of a storm water sewer to be known and designated as the "Tiffany Boulevard Storm Water Sewer," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Harry A. Freeman, 44 Tiffany Boulevard: In regard to this ordinance for the storm sewer on Tiffany Boulevard I would like to ask if the extension of this sewer is to be on Tiffany Boulevard beyond Highland Avenue so as to take in the F. and H. Foundry property.

Mayor Congleton: Can you answer that, Mr. Costello?

Mr. Costello: Let me have the map.

Mayor Congleton: Now, what is your question?

Mr. Freeman: Does the storm sewer which you are putting in go beyond Highland Avenue?

Mayor Congleton: Highland Avenue?

Mr. Freeman: Yes, sir.

Mayor Congleton: No, sir.

Mr. Costello: The drainage area does.

Mr. Freeman: Why isn't that street extended?

Mayor Congleton: The street?

Mr. Freeman: Yes, sir.

Mayor Congleton: It isn't thought necessary to put the sewer there. The sewer will drain above there and take that water, and the property beyond Highland Avenue is within the drainage area.

Mr. Freeman: The reason I ask that question, the F. and H. Foundry Com-

pany have been very active in the grading of that street but they don't pay any assessment——

Mayor Congleton: Where is their property?

Mr. Freeman: In the rear of the Tiffany factory on Lake Street.

Mayor Congleton: They are in the drainage area. They will be assessed even though there is no sewer in front of their property. The building of a storm sewer is different than a sanitary sewer. The assessment is levied against all the properties in the drainage area. It may be there will be no sewer in front of a certain piece of property, but if the slope of the land is such that their water is going into the sewer they are assessed for the benefit the same as the rest.

Mr. Freeman: Why doesn't the City open up that street all the way through?

Mayor Congleton: I don't know. Is that the street we had up with the Park Commission?

Mr. Freeman: It belongs to the Tiffany Company.

Mayor Congleton: I don't know that we have had any application for it.

Mr. Freeman: Possibly not, because it is private property; but should be a continuation——

Mayor Congleton: Where would it lead to?

Mr. Freeman: Right to their factory and then stops. Of course, it belongs to the Tiffany people. There has always been a driveway there and now it is practically a continuation of Tiffany Boulevard.

Mayor Congleton: But it only leads to the one plant. It is over their private property.

Mr. Freeman: Yes, sir.

Mayor Congleton: They have got either——

Mr. Freeman: They allow the F. and H. Foundry to get in and out, and that is the only way they can get in and out.

Mayor Congleton: I am not familiar with it. We will look it up and see.

Mr. Freeman: I would like to ask the engineer, do you consider that the size of the pipes that you are using for drainage sufficient to take care of the

water? For instance, you have in front of our place, which is in front of Ruby Place, an 18-inch pipe. I would like to know whether the engineer considers an 18-inch diameter, with the flow of water we have there, which is quite great, to be sufficiently large to take care of the volume of water that comes down through there?

Mayor Congleton: Our engineers think so. It starts out with a 15-inch pipe at Highland Avenue and enlarges to a 24-inch pipe down at Mt. Prospect Avenue. You do not need such a large pipe where you are on a slope.

Mr. Freeman: Well, Mr. Mayor, it comes quite fast down by our place, I can assure you.

Mayor Congleton: The engineers advise me that it is a sufficiently large pipe to take care of the storm water there.

Mr. Freeman: As I understand this ordinance, all the property in that particular locality is assessed——

Mayor Congleton: Within the drainage area.

Mr. Freeman: How about the man who lives on the corner of Tiffany Boulevard and Ruby Place, does he get a double assessment?

Mayor Congleton: No. It is just his piece of land. It doesn't make any difference where it fronts. In the case of a storm water sewer it is the land that is benefited. It is different from paving. It is taking care of the water from his property and is put into a sewer and is not thrown down on his lower neighbor, therefore, his land is benefited and he doesn't have to take care of that himself, so all the property within the drainage area that drains into this particular sewer is assessed for this sewer.

Mr. Freeman: In that case I assume he would be benefited on both streets and he would have to be assessed on both streets.

Mayor Congleton: The Assessment Commission would have to take that all into consideration.

Mr. Freeman: Thank you.

Mayor Congleton: Does any other person desire to be heard on this ordinance?

(No response.)

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a storm water sewer to be known and designated as the "Tiffany Boulevard Storm Water Sewer."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the construction of a storm water sewer to be known and designated as the Tiffany Boulevard Storm Water Sewer," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer to be known and designated as the "Tiffany Boulevard Storm Water Sewer."

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance approving the contract dated September 26, 1929, between The City of Newark and the County of Essex wherein the care, custody and control of bridges over the Morris Canal at Blanchard Street, Chapel Street, New Street, Norfolk Street, Dickerson Street, Lockwood Street, Summit Street, Newark Street, Central Avenue, and Sussex Avenue, is transferred to the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance approving the contract dated September 26, 1929, between

The City of Newark and the County of Essex wherein the care, custody, and control of bridges over the Morris Canal at Blanchard Street, Chapel Street, New Street, Norfolk Street, Dickerson Street, Lockwood Street, Summit Street, Newark Street, Central Avenue, and Sussex Avenue, is transferred to the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance approving the contract dated September 26, 1929, between The City of Newark and the County of Essex wherein the care, custody, and control of bridges over the Morris Canal at Blanchard Street, Chapel Street, New Street, Norfolk

Street, Dickerson Street, Lockwood Street, Summit Street, Newark Street, Central Avenue, and Sussex Avenue, is transferred to The City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance approving the contract dated September 26, 1929, between The City of Newark and the County of Essex wherein the care, custody, and control of bridges over the Morris Canal at Blanchord Street, Chapel Street, New Street, Norfolk Street, Dickerson Street, Lockwood Street, Summit Street, Newark Street, Central Avenue, and Sussex Avenue, is transferred to the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating Child Labor, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Edward Schoen of 24 Branford Place, Mr. Charles A. MacCall, Judge Joseph Siegler, Mrs. Catherine G. J. Wiley, Mr. T. L. Swander, representing the Children's Aid Society, Dr. Jackson and Mr. Hugh V. Reilly appeared and urged that the morning hour be fixed at 7 o'clock.

Mr. Valentine D. Kane appeared and favored fixing the hour at 5:30.

A communication dated November 8th, 1929, from the New Jersey League of Women urging the passage of the ordinance in its present form was received, read and on motion ordered filed.

Mayor Congleton stated that he was

in favor of letting the boys get up early in the morning and go to work and did not think it would hurt them a bit, and that if they were up early in the morning they would be tired in the evening and go to bed early.

Commissioner Murray said this would be a starting point and that everybody acknowledges the fact that the dangers are greater in the night hours than any other part of the day; that this ordinance takes heed of the night hours and limits it to the time at which boys shall leave the street and is a starter, and that if it is found by experience that it will be an improvement to shorten the time in the morning and that it can be done with due regard to the rights of all parties concerned the ordinance can be amended later on.

Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance regulating child labor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Commissioner Howe moved that Section 6 be amended so that the morning hour be changed to 6 o'clock.

The amendment was not seconded.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance regulating child labor," be taken for its third reading.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance regulating child labor.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to license florists in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

1. It shall be unlawful for any person, persons, firm or corporation to engage in or carry on the business of selling at retail in the City of Newark, cut flowers, growing flowers or plants, potteries containing plants or flowers, flower stands or flower holders, without having first obtained from the City of Newark a license for that purpose; the provisions of this section, however, shall not apply to transient merchants, itinerant vendors or peddlers as hereinafter defined.

2. Licenses to carry on in the City of Newark the business of florist as defined in section one of this ordinance may be granted by the Mayor of said City upon application in writing to him. Such application shall be made upon forms to be adopted by said Mayor for that purpose, and the payment of the sum of \$10.00 which sum is hereby fixed as the license fee.

Said application shall set forth:

1. The name of the applicant.
2. The business address at which it is proposed to conduct such business.
3. The character of the business, and such other information as the Mayor may require. Said application shall be signed and sworn to by the applicant upon filing such application; it shall be the duty of the City Clerk to issue the said license. All such licenses shall be signed by the Mayor and the City Clerk shall have the seal of the City of Newark affixed thereto.

Such license shall continue in force for one year from the date hereof.

Any such license may be revoked for cause and after hearing.

3. It shall be unlawful for any person, persons, firm or corporation engaged in business in the City of Newark for the purpose of selling at retail any of the articles enumerated in section one of this ordinance as a transient or itinerant merchant, hawker or peddler without first making a declaration to the Director of the Department of Revenue and Finance of the City of Newark of the number of days such applicant proposes to engage in such business, and shall include in such declaration a true invoice or detailed statement of the amount of goods,

wares, merchandise or bankrupt stock it is proposed to offer for sale, together with a specific statement as to the location of the same, and whether on the premises from which it is to be sold or in storage.

Such transient merchant before offering for sale any such goods, wares and merchandise shall pay to the said Director of the Department of Revenue and Finance in a sum equal to two per centum of the fair cash value of such goods, wares and merchandise.

In lieu of such payment, however, such applicant may pay to the said Director of the Department of Revenue and Finance, the sum of Two hundred dollars (\$200.00), upon which payment said Director of the Department of Revenue and Finance shall issue to such applicant the license hereinafter provided for.

4. Said Director of the Department of Revenue and Finance is hereby authorized and empowered to issue to such persons, firm or corporation applying for the same, and complying with the requirements of this ordinance, license to carry on in the City of Newark the business of transient or itinerant merchant, vendor, or peddler of the goods, wares and merchandise enumerated in section one of this ordinance. Such license shall continue in force for the term of thirty days from date of issue.

5. The application herein provided for shall be in such form and shall contain such statements as shall be prescribed by the said Director of the Department of Revenue and Finance and shall set forth:

1. The name of the applicant.
2. The street address of the proposed place of business.
3. The owner or person in whose interest such business is being conducted.
4. The average quantity, kind and value of the goods, wares and merchandise proposed to be sold.
5. The names and addresses of the persons or corporations from whom such goods were or are to be purchased.

A separate license shall be required for each branch establishment or place of business in which such business is carried on.

6. As a condition precedent to issuing a license hereunder the applicant shall enter into bond to the said Director of the Department of Revenue and Finance with good and sufficient surety, in an amount not less than twenty-five per centum of the value of the goods, wares and merchandise for the sale of which license is sought, and in no event shall such bond be less than Two hundred dollars (\$200.00). Such bond shall remain in force for one year from date and shall be conditioned to indemnify and pay the City of Newark any penalties and costs incurred in the enforcement of this ordinance and also to indemnify or reimburse any purchaser of goods, wares and merchandise from such licensee in a sum equal to at least the amount of any payment or payments such purchaser may have been induced to make through misrepresentation as to the kind, quality or value of such goods, wares and merchandise.

7. The applicant for a license to act as a transient merchant, vendor or peddler in the City of Newark shall file with the Director of the Department of Revenue and Finance an instrument in writing, nominating and appointing said Director of the Department of Revenue and Finance, his agent, as provided by Section 7 of an act of the Legislature of this State, entitled "An Act to license and regulate the business of transient merchants or itinerant vendors in this State," approved April 7, 1921.

8. Any person, persons, firm or corporation who or which shall violate the provisions of this ordinance shall, on conviction, pay a penalty of not less than Twenty-five dollars (\$25.00), nor more than One hundred dollars (\$100.00).

9. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Brennan moved that November 27th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and

place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe offered the following resolution:

RESOLVED, That the sum of Six thousand nine hundred eighty-five dollars and twenty-one cents (\$6,985.21) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

Elections .....	\$5,891.52

John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The following communications were received and read:

November 7, 1929.

The Board of Commissioners of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Sabino Marrotta to erect a store in a residence district at 81 Garside Street.

The application was rejected by the Building Department October 23, 1929, and an appeal filed with the Board of Adjustment October 28th.

A public hearing on the appeal was ordered for November 7th, at which time Mr. Leo McKinney appeared on behalf of the owner. No objectors were present.

The Board of Adjustment found a number of stores in the same block and that the new zoning ordinance places the entire neighborhood in a business district.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to November 27, 1929.

November 7, 1929.

The Board of Commissioners of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of George Campbell for permission to erect in a residence district four additional garages in the front of the lot, making a total of nine; premises 58-60 Fairmount Avenue.

This application was rejected by the Building Department August 27, 1929, and an appeal filed with the Board of Adjustment September 18th.

A public hearing on the appeal was ordered for October 3rd, at which time Mr. Frank S. Rizzolo, architect, appeared on behalf of the owner. No objectors were present.

The application was laid over by the Board for further inspection and on October 17th it was again laid over.

On November 6th the application was granted by unanimous vote on condition that the building set back 4 feet from the street line.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to November 27, 1929.

November 7, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Samuel Kurtz for erection in a business district of a four car commercial garage to be used in connection with Kurtz Company's warehouse; premises 541-543 15th Avenue.

The application was rejected by the Building Department on October 25th, 1929, and an appeal filed with the Board of Adjustment on October 26th.

A public hearing on the appeal was ordered for November 7th, at which time Mr. Simon Coheb, architect, appeared on behalf of the owner. No objectors were present.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to November 27, 1929.

The Board of Adjustment,  
City of Newark, N. J.

November 7, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Congregation Adas Israel and Mishnays for the construction in a "D" area district and 30-foot height of a synagogue exceeding the area and height regulations; premises 66-70 Wolcott Terrace.

Plans for this building were rejected by the Building Department October 23, 1929, and an appeal filed with the Board of Adjustment on October 26th.

A public hearing on the appeal was ordered for November 7th, at which time Mr. Samuel Roessler appeared as counsel for the applicant. Mr. Frank Grad, architect, also appeared. Mr. Philip N. Gehl appeared as counsel for a number of objecting property owners, about thirty of whom were present at the hearing.

The proposed use of the building is in accordance with the requirements of the zoning ordinance for residence districts. The question before the Board of Adjustment was of area and height. The building will occupy 79% of the lot instead of 60% required for the district, and the rear and side yards will not be of required size. The building will be 40 feet high in a district limited to 30 feet.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and further action postponed to November 27, 1929.

Newark Society of Architects,  
164 Market Street,  
Newark, N. J.

November 9, 1929.

Mr. W. J. Egan,  
City Hall,  
Newark, N. J.

Dear Sir:

The Newark Society of Architects, which I represent, is opposed to certain parts of the Zoning Ordinance as it is now constituted and would like the privilege to appear before the Board of Commissioners to object to certain parts of this ordinance.

We have had a conference with the Board appointed to revise the ordinance. Some of our suggestions have been accepted and others have not. We feel that some of these are of sufficient importance to lay before the Commissioners before the ordinance is accepted, and explain to them our point of view.

If it is proper for us to appear before the Commissioners, I would appreciate your notifying me the exact time and date.

Very truly yours,

Rudolph Kruger,  
President.

Mayor Congleton: There will be a further public hearing when the ordinance is again introduced. We tried to give everybody notice and there was a public hearing here last Wednesday, and nobody came representing them. It will be received and filed.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission?

Mr. Richard Mattia of 219 Mt. Prospect Avenue, representing the Bloomfield Avenue Business and Improvement Association, appeared and complained of the delay in the improvement of Bloomfield Avenue.

Mayor Congleton: Mr. Mattia: if your statement of facts has not absolved you from criticism from the members of your association, why, I would be glad to add my voice to yours. You have made all the calls and you have done practically everything you have said. But let us look at the picture as it was created. We attempted to make

a real improvement and widening of Bloomfield Avenue, and the very people that you say you now represent vetoed it. Then the question of narrowing the sidewalks came up and plans have been made and remade, and studied. And I want to say to you now, and to the members of your association, that it is not the Engineer's fault; it is my fault. I haven't yet been able to bring myself to the point of recommending my colleagues on this Board the spending of the large sum of money that it would require to merely narrow those sidewalks, because it is only a makeshift, when Bloomfield Avenue should have a real substantial widening. That is my position. And since you vetoed the other the City has undertaken many other major improvements and I don't know now just when that major improvement can be undertaken. The question of narrowing the sidewalks may be all right for a short time, but I have not yet been able to convince myself to recommend it to my colleagues, and that has been the point of difference between you and myself time and time again when you have taken this up in conference. You have thought the narrowing of the sidewalks was sufficient, I did not. I have insisted even if we narrow the sidewalks that there should be a substantial widening at the northeast corner of Bloomfield Avenue and Mt. Prospect Avenue. You have not agreed with me on that. And I am not going to recommend, as long as I am the head of this department, the spending of a large and substantial sum of money for an improvement that I do not think is a real improvement for that section of the city.

Mr. Nathan Goldsmith, Military Park Building: Mr. Mayor and Commissioners, inasmuch as the Commission is negotiating a lease on the Centre Market and the Market Plaza, and inasmuch as the Market Plaza is affected by Route 21, and I being a property owner, as you know, and having suffered all these years, it seems to me that this Commission must have knowledge of what Route 21—what land it is going to take from the Market Plaza as well as my property across the way, and I do think that I should be put in the same position of negotiating with my property. Now, I have suffered with this for years. I am unable to find out how Route 21 is affecting my property.

I came before this Commission over a year ago prepared to build a hotel. There is no need of my going into the details of how I have been suffering down there. I am unable to get anything. Now, if the City is able to negotiate a lease on a piece of property that is going to be affected by the route, I don't see why I should not be placed in the same position.

Mayor Congleton: Mr. Goldsmith, the plan upon which prospective bidders for a lease of the Centre Market bid, showed State Highway 21 bellying out around the lower end of the Market. That is all. The State Highway wanted to go straight. As long as that was City property and used for City purposes there was a very grave question whether they could take it and as long as the City was maintaining it we didn't want them to disturb it. And when we drew our plans to show to prospective bidders, we took the Route 21 around the end of the market. Now, the State, as I say, wanted to go straight. And when we had a conference yesterday it was suggested that I get in touch with the State and see what their latest plan was. Now, they have shown me a blueprint which shows the line of their street. Why they can not show it to you I don't know. I have understood they had their appraisers out working on it.

Mr. Goldsmith: They showed it to me a dozen times and they told me there is nothing definite.

Mayor Congleton: We have nothing, Mr. Goldsmith, that they have submitted to us in which they have said, "These are the plans of Route 21 as it affects your property," so that we have not been withholding anything from you.

Mr. Goldsmith: But I would imagine that any bidder bidding on this property would naturally want to know definitely.

Mayor Congleton: We know that if they can not go through the building, and they can not—

Mr. Goldsmith: It affects the Farmers' Market, doesn't it?

Mayor Congleton: Surely, and this Route 21 on the map that we prepared from the data that we had from the State Highway, shows Route 21 going just to the east of the end of the pres-

ent market building. We simply took and laid out a street so wide.

Mr. Goldsmith: Well, inasmuch as we are both in the same position, I thought in getting the Route 21—

Mayor Congleton: You are no more anxious, Mr. Goldsmith, to see the definite lines of Route 21 settled than we are. We are most anxious, not only to have the line settled but to have the work progress. As you know, they have started at the upper end and they have got to make up their minds pretty quick.

Mr. Goldsmith: The most peculiar part of it is, I went down to Trenton last week and they told me they are waiting on the City of Newark and you tell me you are waiting on the State Highway Commission.

Mayor Congleton: They are not waiting on anything north of Market Street, and the Chief Engineer told me they had their plans practically completed showing the definite lines.

Mr. Goldsmith: Does the Commission participate in the cost north of Market Street?

Mayor Congleton: North of Market Street to the river we pay one-half of the cost of acquiring the right of way, but the State acquires it and they have charge of the whole proceedings, Mr. Goldsmith. All we do, is, when they ascertain the cost, we have to pay them one-half of the cost of acquiring the right of way.

Mr. Goldsmith: I thought inasmuch as you were renting this market that would consider me and give me the plans through so I can compete.

Mayor Congleton: We have no plans beyond there, as I say. We just arbitrarily took that roadway around the east end of the Centre Market building and showed a street that width. I think on that plan we showed it 100 feet wide, knowing, of course, it would not be, but so we could shift it one way or another, and whatever was not used for the highway would go to whoever leased it.

Mr. Goldsmith: Can't you get some relief for me under the circumstances that I am suffering now since 1923?

Mayor Congleton: I hope to have some word to give to my associates on the Commission at our conference next

Tuesday, when we are again going to consider the market proposition.

Mr. Goldsmith: The carrying charges on that property have amounted to close to \$200,000. You can see the position I am in, and I think there should be some way to give me some relief. It is impossible for me to do anything with it.

Mayor Congleton: I think we will have something for you next Tuesday, because I am going to Trenton to find out so we will know more definitely what to do with this market property.

Does anyone else have any matter to bring to the attention of the Commission this morning?

Miss Lillian B. Ross of 587 Hawthorne Avenue appeared and stated that she spoke for her father, who was a citizen and taxpayer of Newark, and that an application was made in Irvington for a live chicken and meat market at 592 Hawthorne Avenue, and while they were fighting this matter in Irvington, the proposed chicken market was near the line of the City of Newark, and that it also affected Newark property and requested the City Commission to enter a protest against the granting of the permit.

Mr. Frederick C. Agens of 52 Cypress Street appeared and requested the City to enter protest with the Town of Irvington against the granting of this permit for a chicken market at 592 Hawthorne Avenue.

Commissioner Murray stated that the Newark Board of Health had been requested to approve this application, but that he had absolutely declined to give it. Commissioner Murray further stated he would appeal once more to the Town of Irvington that the Newark property owners and residents be considered when final decision is made.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commission

Mayor Congleton offered the following resolution:

RESOLVED, That the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which in turn will file the same with the proper City officer:

T. A. Gillespie Company, furnish and lay 60-inch water conduit from Branch Brook Park to Elizabeth City Line. (Contract and indemnity bonds.)

Petoia & Picciottoli, for construction of sewer in Walnut Street between New Jersey Railroad Avenue and Adams Street. (Contract and indemnity bonds.)

#### Plumbers' Bonds:

Arthur Knaack,  
Isidore Cohen,  
Max Roth,  
William Bulger,  
Jerry Salvatoriello.

Jerome T. Congleton  
W. J. Brennan  
Jno F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Gentlemen, you authorized me some time ago to sell lands on Summer Avenue and D'Auria Street. I did that last week, and the best bid I got was \$2,400. I do not feel that I can recommend the sale of that property at that price, and I ask you to concur in my action in rejecting the bids.

Commissioner Brennan: I move you that the bids be rejected.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

#### APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., November 20, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of November 13th were read and approved.

Mayor Congleton: Gentlemen, we are honored this morning by the presence of Mayor Hauge and some of his associates in the Council from Long Beach, California. And we would like very much to have them join us at the table in our meeting and observe our method of carrying on business.

The City Clerk presented An ordinance providng for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that todty was the tme fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until December 4th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize additional alterations in and about the Main City Hall Building and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to authorize additional alterations in and about the Main City Hall Building and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 delared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 decclared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to authorize additional alterations in and about the Main City Hall Building and providing for the financing thereof," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize additional alterations in and about the Main City Hall Building and providing for the financing thereof.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of Seventeenth Avenue from Belmont Avenue to the east side of Lillie Street and from Bergen Street to Fairmount Avenue with asphalt pavement (1 1/2" top-1 1/2" binder) on a new six (6) inch concrete foundation and from the east side of Lillie Street to Bergen Street with oblong granite block pavement on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Seventeenth Avenue from Belmont Avenue to the east side of Lillie Street and from Bergen Street to Fairmount Avenue shall be paved and repaved with asphalt pavement on a six (6) inch concrete foundation, and from the east side of Lillie Street to Bergen Street with oblong granite block pavement on a six (6) inch concrete foundation with the necessary new curbing or resetting of curb together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb,

under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 12, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered, and directed to make the necessary connection with the sewer, gas and water mains to the curb lines of said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$101,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement temporary bonds or notes shall be issued from time to time in an amount not to exceed \$101,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be deter-

mined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Clay Street from Broad Street to High Street, the part from Broad Street westerly about 250 feet to be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation and the balance with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Clay Street from Broad Street to High Street shall be repaved; the part from Broad Street westerly about 250 feet to be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation and the balance with as-

phalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 15, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$26,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to

time in an amount not to exceed \$26,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto, and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the opening of New Street from its easterly terminus as opened west of the Morris Canal easterly about 89 feet to its westerly terminus at Lock Street; for the

change of grade of New Street from Wilsey Street to Lock Street; for the change of grade of Nuttman Street from New Street southerly about 160 feet; for the grading, curbing, flagging, paving and repaving of New Street from the easterly side line of Lock Street to the westerly side line of Wilsey Street; and for the grading, curbing, flagging, paving and repaving of Nuttman Street from the northerly side line of Warren Street to the southerly side line of New Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That New Street from its easterly terminus as opened west of the Morris Canal easterly about 89 feet to the westerly terminus of Lock Street shall be opened as a public street or highway, as follows:

Beginning at a point in the southerly line of New Street, at the easterly terminus of said street as it is opened west of the Morris Canal, said point being distant 96.50 feet measured south 60° 15' 50" east along said southerly line from the southeasterly corner of New Street and Nuttman Street, said beginning point being also in the division line between Lot No. 7, Block 401, of the Newark City Tax Map and lands formerly of Morris Canal and Banking Company; thence south 60° 15' 50" east 74.33 feet to the westerly line of Lock Street; thence along the same north 29° 45' east 0.52 feet; thence still along the same north 23° 20' east 49.79 feet; thence along a line distant 50 feet measured northerly at right angles to the first mentioned course north 60° 15' 50" west 89.12 feet to a point in the division line between Lot No. 1, Block 400, of the Newark City Tax Map and lands formerly of the Morris Canal and Banking Company; thence southerly along the easterly terminus of New Street as it is opened west of the Morris Canal to the southerly side of New Street and place of Beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and design-

nated as No. 1276-O, dated April 12, 1928; under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 2. That the grade of New Street, from Wilsey Street to Lock Street, be changed and established, the new grade to be established to include the roadway, gutters and curb, and described as follows:

Grade of the southerly curb:

Beginning at a point in the easterly curb line of Wilsey Street at an elevation of 117.02 feet above Newark City Datum; thence descending at a rate of 1.90 feet in 100 feet for 165.2 feet to an elevation of 113.87 feet; thence descending at a rate of 2.40 feet in 100 feet for 16.66 feet to an elevation of 113.47 feet; thence descending at a rate of 3.24 feet in 100 feet for 16.68 feet to an elevation of 112.93 feet; thence descending at a rate of 4.14 feet in 100 feet for 16.66 feet to an elevation of 112.24 feet; thence descending at a rate of 4.54 feet in 100 feet for 14.2 feet to a point 3.2 feet west of the westerly curb line of Nuttman Street to an elevation of 11.60 feet above Newark City Datum;

Beginning at the easterly curb line of Nuttman Street at an elevation of 110.36 feet above Newark City Datum; thence descending at a rate of 5.68 feet in 100 feet for 122.5 feet to the westerly curb line of Lock Street as opened July 10, 1929, to an elevation of 103.40 feet above Newark City Datum.

Grade of the northerly curb:

Beginning at a point in the easterly curb line of Wilsey Street at an elevation of 116.96 feet above Newark City Datum; thence descending at a rate of 1.90 feet in 100 feet for 162.7 feet to an elevation of 113.87 feet; thence descending at a rate of 2.40 feet in 100 feet for 16.66 feet to an elevation of 113.47 feet; thence descending at a rate of 3.36 feet in 100 feet for 16.68 feet to an elevation of 112.91 feet; thence descending at a rate of 4.20 feet in 100 feet for 16.66 feet to an elevation of

112.20 feet; thence descending at a rate of 5.00 feet in 100 feet for 50.0 feet to an elevation of 109.70 feet; thence descending at a rate of 5.87 feet in 100 feet for 135.0 feet to the westerly curb line of Lock Street as opened July 10, 1929, to an elevation of 101.77 feet above Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1017-G, dated October 21, 1929.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 3. That the grade of Nuttman Street, from New Street southerly about 160 feet, be changed and established, the new grade to be established to include the roadway, gutters and curb, and described as follows:

Grade of the westerly curb:

Beginning at a point in the westerly curb line of Nuttman Street 3.80 feet south of the southerly curb line of New Street at an elevation of 111.40 feet above Newark City Datum; thence ascending 0.54 feet in 100 feet for 61.70 feet to an elevation of 111.74 feet above Newark City Datum; thence descending 0.67 feet in 100 feet for 84.50 feet to an elevation of 111.17 feet above Newark City Datum.

Grade of the easterly curb:

Beginning at the southerly curb line of New Street at an elevation of 110.36 feet above Newark City Datum; thence ascending 2.00 feet in 100 feet for 35 ½ feet to an elevation of 111.07 feet above Newark City Datum; thence ascending 0.60 feet in 100 feet for 30 feet to an elevation of 111.25 feet above Newark City Datum; thence descending 0.71 feet in 100 feet for 102.20 feet to an elevation of 110.53 feet above Newark City Datum.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1017-G, dated October 21, 1929.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 4. That New Street from the easterly side line of Lock Street to the westerly side line of Wilsey Street, and Nuttman Street from the northerly side line of Warren Street to the southerly side line of New Street shall be graded, curbed, flagged, paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1017-G, dated October 21st, 1929; under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making

of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 5. That said improvements shall be undertaken as local improvements and the cost thereof shall be assessed against the property benefited by said improvements, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 6. That the sum of \$44,500.00 is hereby appropriated to pay the cost of said improvements and for the purpose of meeting said appropriation and temporarily financing said improvements, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$44,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 7. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion

was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer and sanitary sewer in Bloomfield, Newark, and Belleville, beginning at Bloomfield Avenue and North 13th Street and running to the northerly line of the Morris Canal at Meadow Brook, and authorizing the execution of an agreement between the Town of Bloomfield, the Town of Belleville, the City of Newark and the City of East Orange for the building of said sewers and appurtenances by the City of Newark and the payment of the cost thereof by said municipalities.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a storm water sewer, and a sanitary sewer paralleling the same, shall be constructed from a point at Bloomfield Avenue and North 13th Street in the existing storm water conducting said Meadow Brook and running thence northerly through Heckel Street; thence easterly through Honiss Street and Montlieth Street to North Seventh Street and thence northerly along North Seventh Street extended, to the existing open water course of the Meadow Brook; thence

along the open channel of said brook to Watchung Avenue, passing beneath the Erie Railroad; thence through Watchung Avenue to Newark Avenue, crossing Newark Avenue and continuing along the open channel of said brook to the northerly line of the Morris Canal and ending there, together with branches of said storm water sewer in Franklin Street between North Seventh Street and North Sixth Street, in North Ninth Street from Montlieth Street to the terminus of the existing storm water sewer and branch running from the storm water sewer in Belmont Avenue northerly along Belmont Avenue to Lawrence Street and easterly on Lawrence Street to said storm water sewer to be constructed in Heckel Street, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles now on file in the office of the Department of Public Affairs.

Said storm water sewer shall be constructed of reinforced concrete pipe of approximately the following internal dimensions: 8 ½ feet between Bloomfield Avenue and Lawrence Street; 9 ½ feet between Lawrence Street and Eugene Place; 11 feet between Eugene Place and Watchung Avenue; 12 feet along Watchung Avenue to the Morris Canal; the branch in Lawrence Street and Belmont Avenue shall be 5 ½ feet; the branch in Franklin Street 42-inch pipe, and the branch in North Ninth Street 72-inch pipe.

Said sanitary sewer shall be constructed of tile or concrete pipe of approximately the following internal dimensions: 15 inches between Bloomfield Avenue and Lawrence Street; 21 inches between Lawrence Street and the existing 30-inch sewer beyond the Morris Canal.

Section 2. The construction of said sewers shall be done by The City of Newark, as provided in the agreement hereinafter mentioned.

Section 3. That an agreement be entered into by said Town of Bloomfield, City of Newark, Town of Belleville and City of East Orange in form to be approved by the Corporation Counsel providing for the building of said storm

water sewer and sanitary sewer, which contract shall provide: 1. That the sewer shall be constructed by the City of Newark. 2. That the City of Newark and the Town of Belleville will provide whatever rights of way are needed for said sewers within their respective boundaries. 3. That the City of Newark will alone bear the cost of plans and specifications and engineering and inspection charges. 4. That the City of Newark shall bear the entire cost of the construction of the branch sewer in Franklin Street and the branch sewer in North Ninth Street. 5. That Bloomfield shall bear equally the entire cost of the branch in Belmont Avenue and Lawrence Street. 6. That the cost of the construction and maintenance of said storm water sewer and appurtenances, except as above provided, shall be paid by the said municipalities in the following proportions: Belleville 20%, Bloomfield 25%, Newark 33%, East Orange 22%. 7. That the cost of the construction of said sanitary sewer and appurtenances shall be paid by said municipalities in the following proportions: Newark 27.47%, East Orange 7.70%, Bloomfield 39.56%, Belleville 25.27%. 8. That the said municipalities shall endeavor to obtain \$75,000.00 from the County of Essex toward the construction of said storm water sewer. 9. That the City of Newark and the Town of Belleville will pay the expense of operating and cleaning said storm water sewer. 10. That the cost of major repairs to said storm water sewer shall be borne in the same proportions as the original cost of said sewer. 12. That the contract shall include any provisions actually deemed necessary to be inserted for the protection of the City of Newark.

Section 4. That all work provided for in this ordinance shall be undertaken as a general improvement and the cost thereof to be paid by the City of Newark at large.

Section 5. That the sum of \$266,500.00 is hereby appropriated to pay the cost of said improvements and for the purpose of meeting said appropriation and temporarily financing said improvements temporary bonds or notes shall be issued from time to time in an amount not to exceed \$266,500.00, under and by virtue of the provisions of an act entitled "An Act to

authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 6. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

Zoning Ordinance of The City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

#### Section 1. Definitions.

Certain words in this ordinance are

defined for the purpose thereof as follows:

(a) Words used in the present tense include the future; the singular number includes the plural and the plural the singular; the word "lot" includes the word "plot"; the word "building" includes the word "structure"; the word "zone" includes the word "district"; the word "occupied" includes the words "designed or intended to be occupied"; the word "used" includes the words "arranged, designed or intended to be used."

(b) A building shall be regarded for the purpose of this ordinance as each of the independent units into which it is divided by party walls.

(c) A "non-conforming building or use" is one that does not conform with the use regulation of the district in which it is situated.

(d) A "street" is any road, avenue, street, lane, alley or other way commonly used by the public for street purposes.

(e) The "width of the street" is the mean distances between the street lines thereof within a block. Where a street borders a public park or a navigable body of water the width of such street may be taken as the width of such street plus the width of such public park or body of water, provided that the maximum width of such street shall not be more than 100 feet, measured at right angles to the street line.

(f) The "street line" is the dividing line between the street and the lot.

(g) The "street wall" of a building, at any level, is the wall or part of the building (other than a one-story open porch) nearest to the street line.

(h) The "curb level" is the permanently established grade of the street in front of the lot. Where the lot level is higher than the curb level, the average level of the former along the wall in question may be taken as the base for measuring the height of a yard or court. Where a lot fronts upon two or more streets of different levels, the curb level of the higher street may be taken as the base for measuring the height of open spaces and buildings to a distance of 100 feet back from the street with the higher curb level.

(i) A "block" shall be deemed to in-

clude every frontage on either side of a street between two intersecting or intercepting streets.

(j) A "story" is that part of a building other than a cellar or basement between any floor and the floor above, and in its absence the roof above. Any story under the pitched roof at the top of the building, the floor of which is not more than two feet below the plate shall be counted a half story when not more than sixty per cent. of said floor area is used for rooms, baths or toilets.

(k) A "lot" is a parcel of land, the location, dimensions and boundaries of which are determined by the latest official record.

(l) A "corner lot" is a parcel of land not over fifty feet in width at the junction of and fronting on two intersecting streets, having an area not greater than five thousand square feet and a frontage on one of the intersecting streets not greater than one hundred feet.

(m) An "interior lot" is a lot other than a corner lot.

(n) The "depth of a lot" is the mean distance between its mean front street line and its mean rear line. The greater frontage of a corner lot is its depth, and its lesser frontage is its width.

(o) A "front yard" is an open space between the street wall of the building on the lot and the street line.

(p) A "rear yard" is an open unoccupied space between the rear walls of the building on the lot and the rear line of the lot.

(q) A "side yard" is an open unoccupied space situated between the building on the lot and the side line of the lot, and extending through from the street line or front yard to the rear yard, or where no rear yard is required to the rear line of the lot.

(r) An "inner court" is an open unoccupied space on the same lot with a building not extending to either the street or the rear yard.

(s) An "outer court" is an open unoccupied space having a closed end, on the same lot with a building and extending to either the street or the rear yard.

(t) The "least dimension" of a yard

or court is the least of the horizontal dimensions of such yard or court.

(u) The "height of a court or yard" is the vertical distance between the lowest level of such court or yard and the highest point of any bounding wall, exclusive of roof structures.

(v) The "height of a building" is the vertical distance measured in the case of flat roofs from the curb level to the level of the highest point of the roof beams adjacent to the street wall, and in the case of pitched roofs, from the curb level to the average height level of the gable. In the case of both flat roofs and pitched roofs the measurement shall be made through the center of the street facade. Where no roof beams exist or there are structures wholly or partly above the roof the height shall be measured from the curb level to the level of the highest point of the building. Where the walls of a building do not adjoin the street, the average level of the ground adjoining the walls of the building may be taken in measuring its height instead of the curb level.

(w) The "building area" is the maximum horizontal projected area of a building and its accessories.

(x) A "family" as used in this ordinance shall be deemed any number of individuals living and cooking together on the premises as a single housekeeping unit, not embracing clubs, boarding or rooming houses.

(y) An "open porch" is a roofed piazza, porch or porte-cochere not more than one story in height which projects beyond the main wall of a building into a required yard. The columns supporting its roof shall present the minimum of obstruction to the view, and any sash placed between the columns during the winter season shall be glazed with clear glass.

(z) The term "private garage" shall be construed to mean a building designed for the storage of not more than three non-commercial motor vehicles and in which no business, service or industry connected with motor vehicles is conducted or rendered.

(aa) The term "public garage" shall be construed to mean any building or premises in which a business, service or industry connected with motor vehicles is conducted, or rendered, and shall include all premises used for

motor vehicles either housed or unhoused, excepting automobile salesrooms conducted exclusively for the exhibition of not more than twenty vehicles.

#### Section 2. Zone Classification.

For the purpose of limiting and restricting to specified districts, and regulating therein buildings and structures according to their construction and the nature and extent of their use, and to regulate and restrict the height, number of stories, and size of buildings and other structures, the percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use and extent of use of buildings and structures for trade, industry, residence or other purposes, the City of Newark is hereby divided into seven classes of districts:

1. First residence districts.
2. Second residence districts.
3. Third residence districts.
4. First business districts.
5. Second business districts.
6. First industrial districts.
7. Second industrial districts;

as shown on the Zoning Map which accompanies and is hereby declared to be a part of this ordinance. The districts designated on said map are hereby established. The designations which accompany said map are hereby declared to be a part hereof.

No building or premises shall be erected, altered or used for any purpose except in accordance with the regulations herein prescribed for the district in which such building or premises is located, nor until application has been filed in the office of and approved by the Superintendent of Buildings.

#### Section 3. Use Regulations Controlling First Residence Districts.

In a First Residence District no building or premises shall be used, and no building shall be erected, in whole or in part for any industrial, manufacturing or commercial purpose, or for any other than the following specified purposes:

- (a) Single family residences.
- (b) The office of a physician, surgeon, dentist or artist when sit-

uated in the same building used by such physician, surgeon, dentist or artist as his private residence.

- (c) Churches.
- (d) Schools, libraries or public museums.
- (e) Accessory uses customarily incident to the above uses, the term accessory use, however, not including a business or any building or use not located on the same lot with the building to which it is accessory. A private garage, as herein defined, shall be permitted as an accessory use.

#### **Section 4. Use Regulations Controlling Second Residence Districts.**

In a Second Residence District no building or premises shall be used, and no building shall be erected to be used in whole or in part for any industrial, manufacturing or commercial purpose, or for any other than the following specified purposes:

- (a) Dwelling for not more than three families.
- (b) Boarding houses.
- (c) Clubs, except clubs the chief activity of which is a service carried on as a business.
- (d) Railroad passenger stations.
- (e) Farming, truck gardening, nurseries or greenhouses.
- (f) Accessory uses customarily incident to the above uses, the term accessory use, however, not including a business or any building or use not located on the same lot with the building to which it is accessory. A garage or a group of garages for more than five motor vehicles shall not be permitted as an accessory use; but such garage or garages need not be occupied by the motor vehicles owned by the occupant of the premises to come within the definition of an accessory garage. Such garage may not, however, be occupied by any motor vehicle licensed for commercial purposes.

No use permitted in a first residence district shall be excluded from a second residence district.

#### **Section 5. Use Regulations Controlling Third Residence Districts.**

In a Third Residence District no building or premises shall be used, and no building shall be erected to be used in whole or in part for any industrial, manufacturing, or commercial purposes, or for any other than the following specified purposes:

- (a) Apartment or tenement houses.
- (b) Hotels.
- (c) Central Telephone Exchange buildings, not immediately adjoining on the side, or fronting on a First or Second Residence District. Such building shall exclude all public business facilities, the storage of outside plant material, trucks, repair equipment, the housing of outside repair crews, or any operation which might cause annoyance to a residential neighborhood.
- (d) Accessory uses customarily incident to the above uses, the term accessory use, however, not including a business or any building or use not located on the same lot with the building to which it is an accessory. A group of garages not exceeding one motor vehicle for each 1,000 feet of lot area shall be permitted as an accessory use, provided the number of such garages does not exceed by more than two the number of families housed on such plot. Such garages need not be occupied by the motor vehicles owned by the occupant of the premises to come within the definition of an accessory garage. Such garages may not be occupied by any vehicle licensed for commercial purposes.

No use permitted in the First or Second Residence Districts shall be excluded from a Third Residence District.

#### **Section 6. Use Regulations Controlling First Business Districts.**

In a First Business District no building or premises shall be used, and no building shall be erected to be used in whole or in part for an industrial, manufacturing or commercial purpose above the ground story thereof, or for any purpose other than permitted in a Residence District.

No trade, industry or use prohibited in Second Business Districts shall be permitted in First Business Districts. A use not so excluded may be operated or conducted only below the second story of the building in which it is located.

No use permitted in Residence Districts shall be excluded from a First Business District.

Accessory uses incident to a use not otherwise excluded from First Business Districts, when located upon the same lot with the building or use to which it is accessory, may include a group of garages for not more than one motor vehicle for each 1,000 square feet of lot area. Such garages, however, may not be used for the storage of commercial motor vehicles having a capacity of more than two tons each.

#### **Section 7. Use Regulations Controlling Second Business Districts.**

In a Second Business District no building shall be used, and no building shall be erected to be used for any of the following specified trades, industries or uses:

- (a) Bottling plant, or station for the wholesale distribution of bottled products.
- (b) Building material storage yard.
- (c) Carpet, rug or bag cleaning establishment.
- (d) Contractor's plant or storage yard.
- (e) Carousel, ferris wheel, merry-go-round, roller coaster, or similar amusement devices.
- (f) Coal, coke, lumber or wood yard.
- (g) Dry cleaning or dyeing establishment, employing power machinery.
- (h) Ice plant or storage, excepting ice depots for retail trade only.
- (i) Laundries, other than hand laundries.
- (j) Livery or boarding stables.
- (k) Lunch wagons.
- (l) Mattress renovating or manufacture.
- (m) Metal or woodworking shop.
- (n) Public garage.
- (o) Stone yard or monument works.
- (p) Any kind of manufacture or

treatment other than the manufacture or treatment of products clearly incidental to the conduct of a retail business conducted on the premises.

- (q) Any trade, industry or use prohibited in First Industrial Districts.

Accessory uses incident to a use not otherwise excluded from Second Business Districts, when located upon the same lot with the building or use to which it is accessory may include a group of garages for not more than one motor vehicle for each 1,000 square feet of lot area. Such garages, however, may not be used for the storage of commercial motor vehicles having a capacity of more than two tons each.

No use permitted in a Residence District shall be excluded from Second Business Districts.

#### **Section 8. Use Regulations Controlling First Industrial Districts.**

In a First Industrial District no building or premises shall be used, and no building shall be erected to be used for any of the following specified trades, industries or uses:

1. Ammonia, chlorine or bleaching powder manufacture.
2. Asphalt manufacture or refining.
3. Assaying (other than gold or silver).
4. Boiler works.
5. Brick, tile or terra cotta manufacture.
6. Crematory.
7. Creosote treatment or manufacture.
8. Distillation of coal, wood or bones.
9. Fat rendering.
10. Fertilizer manufacture.
11. Glue, size or gelatine manufacture.
12. Incineration or reduction of garbage, offal, dead animals or refuse.
13. Iron, steel, brass or copper foundry.
14. Lamp black manufacture.
15. Lime, cement or plaster of paris manufacture.
16. Oil cloth or linoleum manufacture.
17. Paint, oil, varnish or turpentine manufacture.
18. Petroleum refining, or the stor-

- age of petroleum or its products in excess of 30,000 gallons.
19. Printing or ink manufacture.
  20. Pyroxline plastic manufacture, or the manufacture of articles therefrom.
  21. Raw hides or skins-storage, curing or tanning.
  22. Rubber manufacture from the crude material.
  23. Slaughtering of animals or fowls.
  24. Smelting of iron.
  25. Soap manufacture
  26. Starch, glucose or dextrine manufacture.
  27. Stock yards.
  28. Stone crusher.
  29. Sugar refining.
  30. Sulphurous, sulphuric, nitric or hydrochloric acid manufacture.
  31. Tallow, grease or lard manufacture or refining.
  32. Tar distillation or manufacture.
  33. Tar roofing or tar waterproofing manufacture.
  34. The dismantling or storage of dismantled automobiles or used parts thereof, or the storage or baling of scrap paper, iron, bottles, rags or junk.
  35. Any other trade, industry or use that is noxious, or offensive by reason of the emission of odor, dust, smoke, gas or noise.

No use permitted in a Residence or Business District shall be excluded from a First Industrial District.

#### **Section 9. Use Regulations Controlling Second Industrial Districts.**

In a Second Industrial District no building shall be used, and no building shall be erected to be used in whole or in part as a dwelling or tenement for one or more families. This provision shall, however, not prohibit the erection and maintenance of dwelling quarters in connection with any industrial establishment for the family of one watchman employed upon the premises. With this exception, no use permitted in a Residence, Business or First Industrial District shall be excluded from a Second Industrial District.

#### **Section 10. Special Regulations Relative to Public Garages.**

In no District shall a public garage be erected, enlarged or established within a block upon which is situated:

1. A public school.
2. A duly organized school giving regular instruction at least five days a week for eight or more months a year.
3. A hospital.
4. A church.
5. An orphan asylum.
6. A theater or opera house or other building used for theatrical and operatic purposes or for public entertainment.
7. A public library; or
8. A public art museum.

Whenever the frontage, entrance or exit of such public garage, however, is not within such prohibited block, the distance between the nearest lot line of the premises used by such garage and the nearest lot line of the premises used by any of the above enumerated uses shall be not less than seventy-five (75) feet; provided, that there be at least two hundred (200) feet, measured along street lines between the entrance, exit or other driveways of such garage and the nearest lot line of the premises of such enumerated use.

#### **Section 11. Location of Accessory Buildings in Residence Districts.**

Accessory buildings shall conform to the following regulations as to their location upon the lot:

1. In the case of an interior lot fronting upon only one street, no accessory building shall be erected or altered so as to encroach upon that half of the lot depth nearest the street.
2. In the case of an interior lot fronting upon two streets, no accessory building shall be erected or altered so as to encroach upon that fourth of the lot depth nearest each and every street.
3. On corner lots no accessory building shall be located within three feet of its rear lot line or side line when such line forms parts of the front half of the side line of an adjacent interior lot, or nearer any street line than the setback line to be observed by adjacent buildings, and in no case less than four feet from the street line.
4. Notwithstanding any requirements in this section, the foregoing reg-

ulations shall not prohibit any accessory building fifty feet or more from any street line.

5. The limitations imposed by this section upon the location of an accessory building shall be waived when the accessory building is incorporated as an integral part of, and enclosed by the same enclosing walls as the building to which it is accessory.

#### **Section 12. Non-Conforming Buildings and Uses.**

Any non-conforming use or structure existing at the time of the passage of this ordinance may be continued upon the lot or in the building so occupied, and any such structure may be restored or repaired in the event of partial destruction thereof, provided, however, that nothing contained herein shall be deemed to constitute a waiver of a violation of any other ordinance heretofore enacted.

No non-conforming use shall be extended at the expense of a conforming use.

#### **Section 13. Changes of Use.**

Non-conforming uses may be changed subject to the following regulations:

1. Second Residence Uses. In a First Residence District no building or premises devoted to a use permitted in a Second Residence District shall be changed into a use excluded from a Second Residence District.
2. Third Residence Uses. In a First or Second Residence District no building or premises devoted to a use permitted in a Third Residence District shall be changed into a use excluded from a Third Residence District.
3. First Business Uses. In a Residence District no building or premises devoted to a use permitted in a First Business District shall be changed into a use

excluded from a First Business District.

4. Second District Uses. In a Residence or First Business District no building or premises devoted to a use permitted in a Second Business District shall be changed into a use excluded from a Second Business District.
5. First Industrial Uses. In a Residence or Business District no building or premises devoted to a use permitted in a First Industrial District shall be changed into a use excluded from a First Industrial District.
6. Second Industrial Uses. In a Residence, Business or First Industrial District no building or premises devoted to a use excluded from a First Industrial District shall be changed to another use which is also excluded from a First Industrial District.
7. Notwithstanding the provisions of this section, no building or premises used in whole or in part as a public garage shall be altered or enlarged, nor shall the character of its occupancy or service be changed, except to a conforming use.

#### **Section 14. Schedule Limiting Height and Bulk of Buildings.**

No buildings hereafter erected or altered shall be erected or altered to exceed the height, or to accommodate or house a greater number of families, or to occupy a greater percentage of lot area, or to have narrower or smaller rear yards, front yards, side yards, inner or outer courts than is laid down in the accompanying "Schedule Limiting the Height and Bulk of Buildings," for the zone in which such building may be located except that the requirements of the Tenement House Law regarding the sizes of rear yards, side yards, inner and outer courts, shall govern in the case of tenement and apartment houses.

# SCHEDULE LIMITING HEIGHT AND BULK OF BUILDINGS

ZONE	HEIGHT	MAXIMUM BUILDING AREA		SIDE YARDS		REAR YARDS
		Cor. Lot	Int. Lot	Lots 33 ft. or less in width	Lots over 33 ft. in width	
First Residence	2 1/2 stories	45 %	35 %	Min. width 3 1/2' 3" in width to each 1 ft. of height of bounding wall	Min. width 3 1/2' 4" in width to each 1 ft. of height of bounding wall	Min. depth 25% of lot depth, but need not exceed 25 ft.
				Note 6	Note 6	
Second Residence	2 1/2 stories	70 %	60 %	Min. width 3 1/2' 1 1/2" in width to each 1 ft. of height of bounding wall	Min. width 3 1/2' 2" in width to each 1 ft. of height of bounding wall	Min. depth 20% of lot depth, but need not exceed 20 ft.
				Note 6	Note 6	
Third Residence	Street wall twice width of widest street on which it fronts. Note 2	90 %	70 %	Minimum width 3 1/2' 1" in width for each 1 ft. of height of bounding wall.		Min. depth of interior lot 15 ft. Min. depth of corner lot 10% of lot depth, but not less than 10 ft.
First Business Note 1	Note 2	Note 3		Same as Third Residence		District
Second Business Note 1	Street wall 2 1/2 times width of widest street on which it fronts. Note 4	100 %	90 % Beginning at 2nd story sill level, but not more than 20 ft. above curb level	Where required, must be 3 1/2 ft. in minimum width, and not less than one inch for each foot of building height		Min. depth 10% of lot depth. 2" in width to each 1 ft. of height of bounding wall, but not more than 18 ft. Not required on corner lots
First Industrial Note 1		100 %				Minimum 2" for each 1 ft. of height of bounding wall. Not required on corner lots.
Second Industrial		100 %				

# SCHEDULE LIMITING HEIGHT AND BULK OF BUILDINGS

INNER COURTS		OUTER COURTS	FRONT YARDS	DENSITY OF POPULATION
Minimum Width	Min. Area		Note 5	
Min. 4 ft. 2" in width to each 1 ft. of height of bounding wall, but not more than 15 ft.	Twice the square of required least dimension.	3½ ft. Min. 1½" in width to each 1 ft. of bounding wall, but not more than 10 ft.	15 feet	2,000 sq. ft. of lot area to each family
			10 feet	1,200 sq. ft. of lot area to each family
			5 feet	One family for each 1,000 sq. ft. of lot area for each story
		Same	as Third Residence District	
Minimum 4 ft. 1½" in width for each one foot of height of bounding wall, but not more than 20 ft.	Twice the square of required least dimension.	Minimum 3½ ft. 1½" in width for each one foot of height of bounding wall, but not more than 15 ft.	Optional	Same as Third Residence District Note 1
			Optional	Same as Third Residence District Note 1
			Optional	See Section 9

Note 1. Buildings used wholly or partly as dwellings or tenements when erected in Business or First Industrial zones shall conform to all except front yard regulations of Third Residence zones.

Note 2. No street considered wider than 60 feet.

Note 3. 100% up to second story sill level, but not more than 20 feet above curb level.

Note 4. See Section 19.

Note 5. See Section 17.

Note 6. Where two side yards are required, one may be of minimum width.

#### **Section 15. General Area Regulations.**

(a) Unless otherwise expressly provided, the term rear yard, front yard, side yard, inner court or outer court when used in this ordinance shall be deemed to refer only to a rear yard, front yard, side yard, inner court or outer court required by this ordinance. No lot area shall be so reduced or diminished that the yards, courts or other open spaces shall be smaller than prescribed by this ordinance. No existing building shall be altered, enlarged or rebuilt except in conformity with the regulations herein prescribed.

(b) Except as otherwise provided, in this ordinance, every room in which persons live, sleep, work or congregate, shall have at least one window or ventilating skylight opening directly either upon a street or upon a rear yard, front yard, side yard, inner court or outer court located upon the same lot and conforming to the requirements prescribed by this ordinance as to its minimum area and least dimensions. In buildings used for industrial purposes, such window or skylight shall provide at least one square foot of opening between stop beads for every twenty square feet or proportional part thereof of floor area in the room, and in all other buildings one square foot of opening for every ten square feet or proportional part thereof of floor area in the room. Courts, yards and other open spaces, if provided in addition to those required by this ordinance need not be of the area and dimensions herein prescribed. No yard, court or other open space provided about any building for the purpose of complying with the provisions of this ordinance shall again be used as a yard, court or other open space for another building.

(c) Courts or shafts needed exclusively for lighting and ventilating bathrooms, toilet compartments, hallways or stairways, need not comply with the area regulations of the different zones.

#### **Section 16. Exceptions to Area Requirements.**

(a) The area required in a court or yard at any given level shall be open from such level to the sky unobstructed, except for the ordinary projections of skylights and parapets above the bottom of such court or yard, and except for the ordinary projections of window sills and belt courses to the extent of not more than four inches. Cornices and other ornamental features may extend into such court or yard to the extent of not more than twelve inches.

(b) An open or lattice-enclosed iron fire escape, fireproof outside stairway, or solid-floored balcony to a fire tower may project not more than four feet into a rear yard or inner court, except that an open or lattice-enclosed iron fire escape may project not more than eight feet into a rear yard or into an inner court, when it does not occupy more than twenty per cent. of the area of such inner court.

(c) A corner of a court or yard may be cut off between walls of the same building, provided that the length of the wall of such cut-off does not exceed seven feet.

(d) Windows opening on an offset to a court or yard shall be deemed to comply with the provisions of this ordinance provided such offset is no deeper in any part than it is wide on the open side. The area contained in an offset shall in no case be included in computing the required area of a court or yard.

#### **Section 17. Front Yards.**

The street wall of every building hereafter erected, reconstructed or altered, shall in no wise project beyond the average observed by the street walls of the buildings on the same side of the street within the block at the time of the passage of this ordinance. Where there are no existing buildings at the

time of the passage of this ordinance on one or both sides of the street, within the block, no new buildings shall be erected on the vacant side with its street wall nearer the street line than the standard depth of front yard shown for each respective zone on the "Schedule Limiting Height and Bulk of Buildings."

The average depth of front yard observed by buildings on the same side of the street within two hundred (200) feet on each side of the lot in question shall control, in lieu of the average depth within the block, where the block affected has a length of more than one thousand (1,000) feet between its intersecting or intercepting streets.

A building erected on a corner lot shall observe the front yard requirement on its narrow street front, and on its greater street front the required front yard may be reduced one-half. Where the two street frontages of a corner lot are of equal length, the front yard requirement shall be observed on the block having the greater length.

A one-story porch may project into a required front yard for a distance not greater than eight feet.

#### **Section 18. Rear Yards**

(a) A rear yard extending along the rear lot line shall be required on every lot. This provision shall, however, not apply to buildings exclusively business or industrial when situated on corner lots in Business or Industrial Districts.

(b) Where a lot is not within a residence district as designated on the Zoning Map, the lowest level of a rear yard shall not be above the sill level of the second story window nor in any case more than twenty feet above the curb level. Where a lot is within a residence district the lowest level of a rear yard shall not be above the curb level.

(c) In Third Residence and First Business Districts an interior lot running from street to street shall not be required to provide a rear yard when improved with a single building, provided the requirements as to percentage of lot occupancy are complied with, and provided further, that when such a building is located between lots requiring rear yards on either or both sides,

such building shall provide a court on the side or sides on which adjoining lots are required to provide rear yards and for the full distance between the projected minimum rear yard lines.

(d) In Residence Districts accessory buildings may occupy forty per cent. of the required area of a rear yard up to a height of eighteen feet above the curb level.

(e) Chimneys or flues may be erected within a side or rear yard, provided they do not exceed five square feet in area in the aggregate and do not obstruct ventilation.

#### **Section 19. Exceptions to Height Regulations.**

(a) In Third Residence and First Business Districts where streets are more than sixty (60) feet in width, the same height regulation shall be applied as on streets sixty (60) feet in width.

(b) In Second Business and Industrial Districts where streets are less than sixty (60) feet in width, the same height regulations shall be applied as on streets sixty (60) feet in width; and on streets more than one hundred (100) feet in width the same height regulations shall be applied as on streets one hundred (100) feet in width.

(c) In Second Business and Industrial Districts five feet may be added to the height limit of a building or portion thereof for each one foot that such building or such portion sets back from the street line.

(d) In Second Business and Industrial Districts a dormer, elevator or bulkhead or other structure may be erected above the height limit at any level for any part of a building, provided its frontage length on any given street be not greater than fifty per cent. (50%) of the length of such street frontage of such part of the building. Such frontage length of such structure at any given level shall be decreased by an amount equal to one per cent. (1%) of such street frontage of such part of the building for every foot such level is above such height limit. If there are more than one such structures, their aggregate frontage shall not exceed the frontage length above permitted at any given level.

(e) In Second Business and Industrial Districts if the area of a building is re-

duced so that above a given level it covers in the aggregate not more than twenty-five per cent. (25%) of the area of the lot, the building above such level shall be excepted from the height regulations. Such portion of the building may be erected to any height, provided that it sets back from each of its lot lines at every level at least one inch for each one foot that such level is above the curb level.

(f) Along a narrower street near its intersection with a wider street, any building or any part of any building fronting on the narrower street within one hundred and fifty (150) feet, measured at right angles to the side of the wider street, shall be governed by the height regulations provided for the wider street. A corner building on such intersecting streets shall be governed by the height regulations provided for the wider street for one hundred fifty (150) feet from the side of such wider street, measured along such narrower street.

(g) The height regulations shall not apply to the erection of church spires, belfries, chimneys, flues, grain elevators or gas holders; nor to bulkheads, elevator enclosures or water tanks occupying in the aggregate less than ten per cent. (10%) of the area of the roof on which they are located.

(h) Nothing in this ordinance shall prevent the projection of a cornice beyond the street wall to an extent of not more than three (3) feet, nor prevent the erection above the height limit of a parapet wall or cornice extending above such height limit not more than five (5) feet.

#### **Section 20 Board of Adjustment.**

A Board of Adjustment is hereby established consisting of five members. The Board shall be appointed by the Board of Commissioners of the City of Newark, and shall serve for a term of five years each, or until their successors shall be appointed and qualify, except that of the original appointees, one shall be appointed for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years and one for a term of five years. All appointments to fill vacancies shall be for the unexpired term.

Said Board shall exercise the powers

and authority conferred upon it by Chapter 274 of the Laws of 1928.

#### **Section 21. Interpretation; Purpose.**

In their interpretation and application the provisions of this ordinance shall be held to be the minimum requirements adopted for the promotion of the public health, safety, comfort, convenience and general welfare. It is not intended by this ordinance to repeal, abrogate, annul or in any way to impair or interfere with any existing provision of law or ordinance or any rules, regulations or permits previously adopted or issued or which shall be adopted or issued pursuant to law relating to the use of buildings or premises; nor is it intended by this ordinance to interfere with or abrogate or annul any easements, covenants or other agreements between parties; provided, however, that where this ordinance imposes a greater restriction upon the use of buildings or premises or upon the height of buildings or requires larger yards, courts or other open spaces than are imposed or required by such existing provision of law or ordinance or by such rules, regulations or permits or by such easements, covenants or agreements, the provisions of this ordinance shall control.

#### **Section 22. Enforcement, Legal Procedure, Penalties.**

This ordinance shall be enforced by the Director of Public Safety through the agencies of the bureaus under him as he shall direct. For any and every violation of the provisions of this ordinance, the owner, general agent or contractor of a building or premises where such violation has been committed or shall exist, and the lessee or tenant of an entire building or entire premises where such violation has been committed or shall exist, and the owner, general agent, contractor, lessee or tenant of any part of a building or premises in which part such violation has been committed or shall exist, and the general agent, architect, builder, contractor or any other person who commits, takes part or assists in such violation or who maintains any building or premises in which any such violation shall exist, shall for each and every violation and for each and every day that such violation continues, be

subject to a fine of not more than two hundred dollars (\$200.00), or be imprisoned in the county jail for a term not exceeding ninety days, or both.

### **Section 23. Amendments, Alterations, and Changes in District Lines.**

The Board of Commissioners may from time to time on its own motion or on petition, after public notice and hearing, amend, supplement or change the regulations and districts herein established. Whenever an owner of property in any district or part thereof shall present a petition duly signed and acknowledged to the Board of Commissioners requesting an amendment, supplement, change or repeal of the regulations prescribed for such district or part thereof, it shall be the duty of the Board to vote upon said petition within ninety days after the filing of the same by the petitioners with the City Clerk. In case of a protest against such proposed change, signed by the owners of twenty per centum or more, either of the area of the lots included in such proposed change, or of those immediately adjacent in the rear thereof extending one hundred feet therefrom, or of those directly opposite thereto extending one hundred feet from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three-fourths of all the members of the Board of Commissioners. Final action shall not be taken on an application involving a change of district boundary lines, however, until the City Clerk shall have given due notice in writing of the application, and the date of hearing thereon, to the owners of every property entitled to be protected as above mentioned.

If any area is hereafter transferred to another district by a change in district boundaries by an amendment, as above provided, the provisions of this ordinance in regard to buildings or premises existing at the time of the passage of this ordinance shall apply to buildings or premises existing at the time of the passage of such amendment in such transferred area.

### **Section 24. District Boundaries.**

The district boundaries are, unless otherwise, either street lines or lines drawn parallel to and one hundred

feet back from one or more of the street lines bounding a block. Where two or more district designations are shown within a block two hundred feet or less in width, the boundaries of the less restricted district shall be deemed one hundred feet back from its street line. When two or more district designations are shown within a block more than two hundred feet in width, the boundaries of the more restricted district shall be deemed one hundred feet back from its street line.

### **Section 25. Completion and Restoration of Existing Buildings.**

Nothing herein contained shall require any change in the plans, construction or designated use of a building for which a building permit has been heretofore issued.

Nothing in this ordinance shall prevent the restoration of a building, wholly or partly destroyed by fire, explosion, act of God, or act of the public enemy or prevent the continuance of the use of such building or part thereof as such use existed at the time of such destruction of such building, or part thereof, or prevent a change of such existing use under the limitations provided in Section 13. Nothing in this ordinance shall prevent the restoration of a wall declared unsafe by the Superintendent of Buildings or by a board of survey.

### **Section 26. Validity of Ordinance.**

If any article, section, paragraph, subdivision, clause or provisions of this ordinance shall be adjudged invalid, such adjudication shall apply only to the article, section, paragraph, subdivision, clause or provision so adjudged, and the rest of the ordinance shall remain valid and effective.

### **Section 27. Property Used by Public Utilities.**

No regulation herein contained shall apply to existing property or to buildings or structures used or to be used by public utilities in furnishing service, if upon a petition of the public utility, the Board of Public Utility Commissioners shall, after a hearing, decide that the present or proposed situation of the building or structure in question is reasonably necessary for the service, convenience or welfare of the public.

## Section 28. Public Buildings.

Nothing in this ordinance shall exclude from any district municipal or governmental buildings necessary to the health, safety and welfare of the community, and any ordinance hereafter enacted providing for such buildings shall not be construed as an amendment to this ordinance or as a waiver of any of the provisions of this ordinance.

## Section 29. New Territory.

Whenever lands or territory shall be hereafter acquired by annexation, the said lands or territory shall be deemed to be zoned as it was prior to annexation in the municipality from which it was acquired.

## Section 30. When Effective.

This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, That the sum of Nine hundred eight dollars and seventeen cents (\$908.17) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

RESOLVED, That Francis A. Capell, residing at 46 Stirling Street, Newark, N. J., a resident of the Seventh Ward,

he and he is hereby appointed a Constable from said Seventh Ward for a term expiring on December 31st, 1929.

Charles P. Gillen  
W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, That in pursuance of the provisions of an act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Six Hundred Thousand Dollars (\$600,000.00) for the purpose of temporarily financing the construction of the City Railway and is an improvement for which the City is authorized to issue bonds by the aforesaid act;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Six hundred thousand dollars (\$600,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they hereby are authorized and directed to execute in the name of the City the bonds authorized by this resolution;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan

Bonds at not less than par, either all at one time or from time to time.

John Howe  
W. J. Brennan  
Charles P. Gillen  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared lost by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on May 27th, 1929, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of One million dollars (\$1,000,000.00) for money borrowed in anticipation of the receipt of money expended for Pavings, said Temporary Loan Bonds being numbered 1654, 1655, 1656, 1657, 1658, 1659, 1660, 1661, 1662, 1663, 1664, 1665, 1685 and 1686, and dated May 27th, 1929, and payable November 27, 1929;

AND WHEREAS, The improvement for which said One million dollars (\$1,000,000.00) was issued was for Pavings now in the course of construction or have been completed within six years, and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said One million dollars (\$1,000,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of One million dollars (\$1,000,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said One million dollars (\$1,000,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds author-

ized by this resolution, amounting in the aggregate to One million dollars (\$1,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk, be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

RESOLVED, That in pursuance of  
an act of the Legislature of the State  
of New Jersey, entitled, "An Act to  
authorize and regulate the issuance of  
bonds and other obligations and the  
incurring of indebtedness by county,  
city, borough, village, town, township  
or any municipality governed by an  
improvement commission," approved  
March 22, 1916, and the amendments  
thereto, there shall be issued Temp-  
orary Loan Bonds in the amount of Two  
hundred fifty thousand dollars (\$250,-  
000.00) for the purpose of temporarily  
financing Sewer Construction, and are  
improvements for which the City is  
authorized to issue bonds by the afore-  
said Act;

FURTHER RESOLVED, That each  
of the Temporary Loan Bonds author-

ized by this resolution amounting in  
the aggregate to Two hundred fifty  
thousand dollars (\$250,000.00) shall  
state in general terms the purpose for  
which it is issued, shall be dated as of  
the date of its issue, shall mature not  
exceeding six months after its date,  
shall bear such rate of interest not ex-  
ceeding six per centum per annum, and  
be issued in such denominations and  
be executed in such manner as the Di-  
rector of Revenue and Finance shall  
determine, and the Mayor, the Director  
of Revenue and Finance, the Auditor  
of Accounts and the City Clerk be and  
they are hereby authorized and di-  
rected to execute in the name of the  
City the bonds authorized by this reso-  
lution, subject to the provisions of  
Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the  
Director of Revenue and Finance be  
and he is hereby authorized and di-  
rected to sell said Temporary Loan  
Bonds at not less than par, either all  
at one time or from time to time.

The following communication was received and read:

Department of Parks and  
Public Property,  
Newark, N. J.

November 19, 1929.

Subject: Re Sale of Lands to Joseph Talkowsky.

The Board of Commissioners  
of The City of Newark.  
Addressed.

Gentlemen:

In pursuance of a resolution of this Board I advertised for sale on November 18, 1929, certain lands in the City

of Newark, Essex County, New Jersey, described as follows:

Beginning at a point in the westerly line of Plane Street distant southerly 203.92 feet from the southerly line of Orange Street; thence north 61° 35' west along the southerly line of property now belonging to the J. Clement French Industrial Home for Men, recorded in Book T 50-387 of Deeds, 100 feet to a point in the westerly line of property belonging to Pasquale DiMarco, recorded in C 69-546 of Deeds; thence along the same south 27° 30' east 2.25 feet, more or less, to a corner; thence still along the same north 61° 58' west 20 feet, more or less; thence southerly and parallel with Plane Street and along the second course of property belonging to John D. Mandeville, as described in Book W 52-435 of Deeds, 33 feet to the beginning of said second course; thence easterly along the first course, as described in deed to John D. Mandeville 120 feet to a point in the westerly line of Plane Street and the beginning of the first course as described in Deed W 52-435 of Deeds, along the westerly line of Plane Street; thence northerly 35.25 feet to the point and place of beginning.

Being known and designated as Lot 15, Block 45, as shown on the Tax Maps of the City of Newark.

Also known as No. 55 Plane Street.

The highest bid received for said property was that of Joseph Talkowsky in the sum of \$15,600. I accordingly struck off said property to said purchaser, in accordance with his bid, such sum being the highest and best price I could obtain for said land.

Yours very truly,

Charles P. Gillen,  
Director.

Ordered filed.

Commissioner Gillen offered the following resolutions:

WHEREAS, By resolution adopted by this Board the Director of the Department of Parks and Public Property was authorized to sell, at public sale, to the highest bidder, for cash, certain lands in the City of Newark,

Essex County, New Jersey, described as follows:

Beginning at a point in the westerly line of Plane Street distant southerly 203.92 feet from the southerly line of Orange Street; thence north 61° 35' west along the southerly line of property now belonging to the J. Clement French Industrial Home for Men, recorded in Book T 50-387 of Deeds, 100 feet to a point in the westerly line of property belonging to Pasquale DiMarco, recorded in C 69-546 of Deeds; thence along the same south 27° 30' east 2.25 feet, more or less, to a corner; thence still along the same north 61° 58' west 20 feet, more or less; thence southerly and parallel with Plane Street and along the second course of property belonging to John D. Mandeville, as described in Book W52-435 of Deeds, 33 feet to the beginning of said second course; thence easterly along the first course as described in deed to John D. Mandeville 120 feet to a point in the westerly line of Plane Street and the beginning of the first course as described in Deed W 52-435 of Deeds, along the westerly line of Plane Street; thence northerly 35.25 feet to the point and place of beginning.

Being known and designated as Lot 15, Block 45, as shown on the Tax Maps of the City of Newark.

Also known as No. 55 Plane Street, and,

WHEREAS, In accordance with said resolution, the Director of the Department of Parks and Public Property did expose, at public sale, the interest of said City in said lands, and the highest and best bid received therefor was that of Joseph Talkowsky, in the sum of \$15,600.00, and did accept said bid;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bid be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed, with Covenant against Grantor's Acts, to said purchaser of said lands for the interest therein of The City of Newark.

Charles P. Gillen

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of the Department of Parks and Public Property be and he is hereby authorized to allow the following extra work to the plumbing contractor on the City Hall Alterations as per plans and specifications prepared by James S. Pigott, architect and engineer:

**Ralph B. Smith, Plumbing Contractor.**

Item 1. Brass piping. New brass pipes in place of corroded iron pipes to toilets No. 10, 10a and 20a (to increase water pressure). All fixtures in toilet B-2 put in order.....\$ 747.14

Item 2. Overseer of Poor. Remove present lavatory in private office and install in its place a new lavatory complete. Reset present lavatory in Social Investigator's room in window in same room. Reset present lavatory (now in cage space) in window recess in general office. All as per drawings No. 1061-A, dated June 25th, 1929 ..... 197.00

Item 3. Tax Assessor. Remove present lavatory from general office into vault of Tax Assessor... 69.76

Item 4. Overseer of Poor. Provide and install new fittings on old lavatory in social investigator's room 49.50

Item 4a. Lavatory, Custodian's Quarters. Change the location originally shown of lavatory in rearranged basement for Custodian's quarters and furnish and set an additional similar lavatory complete in the adjoining room as shown on revised drawings dated

April 15, 1929. All connections included.

Item 4b. Urinals, toilets 10, 10a and 20; provide and set new urinal similar to Plate standard with white tank, complete, instead of reusing the present unsuited old ones now contracted for, in toilet room 10, 10a and 20.

Item 4d. Costello's office, provide and install new white enameled seat on present water closet and new lavatory fittings. Remove present seat and fittings ..... 2,325.47

Item 5. Comptroller. Repair cracked leader drain in outside wall..... 98.04

Item 6. City Clerk. Two new rooms, second floor, furnish and install in room next to toilet room as shown a new iron enamel lavatory, same as in office of Overseer of Poor, with all connections, etc., complete ..... 76.00

Item 7. Director Howe's office, revised to date. Remove present new lavatory from private office and all exposed pipes thereto, and reset in adjoining toilet room where present new urinal is. Remove present new urinal and rearrange pipes, etc., for the lavatory from private office..... 59.50

Item 8. Court room toilets. Remove present two damaged marble lavatories and provide and install similar size new iron enamel lavatories, with fittings, connections, etc., complete. Provide and install two new oak water closet seats ..... 176.00

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Edward J. Grassman has agreed to sell to The City of Newark, for the sum of Sixty-eight hundred and sixteen dollars (\$6,816.00), certain lands in the City of Newark, Essex County, New Jersey:

Beginning at the east corner of a lot of land belonging to Stephen Jagers; thence (1) north 49° 30' east 2 chains 62 links; thence (2) north 64° 30' east 48 links to the line of Enos Baldwin; thence (3) along the line of said Enos Baldwin north 54° west 6 chains 19 links to the line of Samuel H. Gardner; thence (4) along the line of Samuel H. Gardner south 22° 30' west 4 chains 11 links to the

line of Stephen Jagers; thence (5) along the line of Stephen Jagers south 67° east 4 chains 31 links to Beginning.

Containing 1.97 acres, more or less.

The above tract by a recent survey contains 2.13 acres.

and,

WHEREAS, In the judgment of this Board it is advisable that the City purchase said lands, at the price stated, which, in the opinion of this Board, is a fair price;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said Edward J. Grassman to sell said lands at the price of \$6,816.00; and

BE IT FURTHER RESOLVED, That the sum of Sixty-eight hundred and sixteen dollars (\$6,816.00) be and the same is hereby appropriated to said Edward J. Grassman as the consideration for the aforesaid conveyance upon the filing by said Grassman with the Acting Auditor of Accounts of said City of a Warranty Deed, free and clear of all encumbrances except taxes for 1929, which are to be apportioned as of date of closing title, conveying the lands aforesaid, which deed shall be approved as to form by the Law Department.

John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Elizabeth Terminal Corporation, a corporation, has agreed to sell to The City of Newark, for the sum of eighty-seven thousand three hundred and fifty and 40/100 dollars (\$87,350.40), four (4) certain tracts of land situate in the City of Newark, Essex County, New Jersey:

#### First Tract:

Beginning at the south corner of Meadow reputed to be owned by

Thomas Riley in line of Meadow formerly of Job Brown; thence along said Riley's meadow north 37° 11' east 5.93 chains; thence south 39° 40' east 4.57 chains; thence south 32° 3' west 4.73 chains; thence along line of Job Brown's meadow north 54° 56' west 4.87 chains to Beginning.

Containing 2.37 acres, more or less.

The above tract by a recent survey contains 2.71 acres.

#### Second Tract:

Beginning at a stake placed on the side of Bound Creek at the west corner of lot of salt meadow belonging to Alexander McKirgan; thence (1) along his line north 23° east 5.18 chains to a stake; thence (2) north 45° east 5.60 chains to a ditch; thence (3) along said ditch north 55° 30' west 11.80 chains; thence (4) south 6° 30' west 6.15 chains; thence (5) south 43° west 6.66 chains; thence (6) north 55° west 3.90 chains; to Bound Creek; thence (7) along said Creek in all its various bearings to the place of Beginning.

Containing 15.31 acres.

The above tract by a recent survey contains 17.094 acres.

#### Third Tract:

Beginning at the mouth of Union Ditch and on the northeasterly side of Bound Creek at a place called Half Way Reach; thence along said ditch north 62½° east 3.95 chains; thence south 7° west 6.18 chains; thence south 43¾° west 6.72 chains; thence north 54¾° west 4.05 chains to said creek; thence along same north 42° 5' east 8 chains; thence still along same north 6° west 84 links to Beginning.

Containing 4.15 acres.

The above tract by a recent survey contains 4.158 acres.

#### Fourth Tract:

Beginning at the northerly corner of piece of salt meadow now or formerly belonging to Nathaniel Johnson; thence (1) north 41° east 2 chains 7 links to David Brown's meadow; thence (2) along his line south 65° east 11.64 chains; thence (3) south 41° west 3.35 chains; thence (4) along ditch to Beginning.

Bounded on north by Samuel Baldwin; east by Josiah Tichenor.

Containing 3 acres, more or less.

The above tract by a recent survey contains 3.335 acres.

and,

WHEREAS, In the judgment of this Board it is advisable that the City purchase said lands, at the price stated, which, in the opinion of this Board, is a fair price;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said Elizabeth Terminal Corporation to sell said lands at the price of \$87,350.40; and

BE IT FURTHER RESOLVED, That the sum of \$87,350.40 be and the same is hereby appropriated to said Elizabeth Terminal Corporation as the consideration for the aforesaid conveyance of lands upon the filing by said company with the Acting Auditor of Accounts of the City of Newark of a Warranty Deed, free and clear of encumbrances, except taxes for the year 1929, which are to be apportioned as of the date of closing, approved as to form by the Law Department, which deed shall contain the lands above described.

John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark has become the owner of the title of record of premises described as follows:

Situate, lying and being in the City of Newark, Essex County, New Jersey:

Beginning at a point in the south-

easterly line of South 12th Street; therein distant 82 feet northeasterly from the corner formed by the intersection of said southeasterly line of South 12th Street with the northerly line of Peat Street; and running thence (1) south 73 degrees 42 minutes east 5 feet, more or less, to the center line of Buck Street, now vacated; thence (2) north 16 degrees 18 minutes east along the center line of Buck Street, now vacated, 101.10 feet, more or less, to the southerly line of lands now or formerly of Ernest E. Coe; thence (3) north 72 degrees 7 minutes west along the southerly line of lands now or formerly of Ernest E. Coe aforesaid 5 feet, more or less, to the southeasterly line of South 12th Street; thence (4) along the southeasterly line of South 12th Street, 101.01 feet, more or less, to the point or place of Beginning.

inadvertently through the vacation of a street; and

WHEREAS, The City of Newark's title in the said premises is due to a mistake, and is a cloud on the title to premises belonging to the Estate of Ernest Hasenauer; and

WHEREAS, There is no intention on the part of The City of Newark to take the property;

NOW, THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that in order to clear the cloud on the title of the rightful owner, that the said The City of Newark execute and deliver to Joseph A. Weber, as sole executor under the last will and testament of Ernest Hasenauer, a proper conveyance releasing all of its right, title and interest in the said premises; such conveyance to be signed by the Mayor and the City Clerk of the said City, on behalf of the said City, which said conveyance shall be approved as to form by the Corporation Counsel of the said City.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal

from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles A. Villano for a gasoline station at 33 Sixteenth Avenue upon condition that the applicant give deed for an 8-foot strip along premises on Bergen Street to The City of Newark;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue permits for the application above set forth.

W. J. Brennan  
John Howe,  
Charles F. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

Mr. S. Sidney Silver, 972 Broad Street: This matter, may it please your Honors, was on about two weeks ago; and at that time it was suggested that the applicant prepare a drawing indicating just in which manner the station would be erected as to the cutting off of a certain portion of the corner. We have prepared a blueprint and have submitted that, and we are prepared to erect in compliance with the drawing as prepared by the engineer.

Mayor Congleton: You are prepared to erect, but is your client prepared to give that piece of land to the City for street purposes?

Mr. Silver: We will, your Honor, make such a dedication.

Mayor Congleton: Free and clear of your land?

Mr. Silver: Free and clear of mortgages, liens and everything.

Commissioner Murray: What is the distance of that cut-back from the present curb line?

Mr. Silver: I think there is eight feet, according to the engineer's drawing.

Commissioner Murray: That will

give you sixteen feet from the curb line to the trolley rails.

Mr. Silver: Yes, sir.

Commissioner Murray: That will open that corner up and double the distance. I move that we concur in the recommendation to approve it on the condition that before any permit shall be issued the City shall receive a deed of that part that is cut off there, to the City for street purposes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Inspector of the Bureau of Combustibles and Fire Risks, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of David Meyers for an open air automobile parking station at 148-152 Washington Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Inspector of the Bureau of Combustibles and Fire Risks, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Brennan: I move that the resolution be laid over to November 27, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of

the Zoning Ordinance, and recommends that the following structure for which application was made be allowed:

Application of Joseph Czaplynsky for a gasoline station at 48 Sixteenth Avenue upon condition that the present building be entirely removed;

**THEREFORE BE IT RESOLVED,**  
By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of issuing permits, be and he is hereby directed to issue a permit for the application above set forth.

John Howe  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

Mr. Michael J. Bruder, 15 Market Street: Mr. Mayor and members of the Commission, I represent the applicant in this case, and the last time it was brought before this body there was same objection made and the members of the Commission said they wished an opportunity to inspect the premises. Now, there is nothing for me to say except to ask you the result of your investigation.

Commissioner Brennan: Is it the intention to leave those houses there?

Mr. Bruder: Why no, it is not, Commissioner, the intention to leave the houses there. We will remove the buildings and houses.

Commissioner Brennan: According to your plans, as submitted, it provides for the houses remaining.

Mr. Bruder: I know, but there was some objection raised and we are willing to remove the buildings.

Commissioner Brennan: Why don't your plans show the removal of them?

Mr. Bruder: That was not the original intention.

Commissioner Murray: It is now.

Mr. Bruder: Yes, and we will agree to remove the buildings.

Commissioner Murray: Give him a permit subject to the conditions.

Commissioner Gillen: I move you, Mr. Mayor, that we concur.

Commissioner Howe: I second the motion on the condition that he comply with the request.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**Abraham Singer,  
Attorney at Law,  
60 Park Place  
Newark, N. J.**

November 16, 1929.

Mayor and City Commissioners,  
City of Newark,  
Newark, New Jersey.

Gentlemen:

I am writing to register my protest against the proposed new Zoning Ordinance insofar as it applies to Osborne Terrace immediately south of Shephard Avenue.

I desire to call your attention to these facts:

I am the owner of vacant ground at 341-347 Osborne Terrace.

Immediately adjoining my property on the north (southwest corner of Osborne Terrace and Shephard Avenue) is a three-story brick apartment house.

The entire block of Osborne Terrace between Shephard Avenue and Renner Avenue (both sides of the street) is zoned under the proposed new ordinance for business.

There is a business property on the northeast corner of Shephard Avenue and Huntington Terrace.

Permits for apartment houses and a synagogue have been granted along Shephard Avenue and Osborne Terrace.

Because of the facts set forth above; because of the distinctive change in the character of Osborne Terrace in the above section; because of the high cost to me of the parcel I own, and the carrying charges thereon; and because my land is the only remaining vacant ground in that respective block of Osborne Terrace, and by reason of its location, size and surroundings, is best adaptable for apartment house pur-

poses, I strongly urge that Osborne Terrace immediately south of Shephard Avenue be included under the proposed new ordinance in the same category as Osborne Terrace immediately north of Shephard Avenue, i. e. for business purposes, or at least apartments.

I have in my possession a petition signed by a great many property owners and residents in this particular locality favoring the recommendation outlined above.

Respectfully submitted,  
Abraham Singer.

Held over for hearing December 11, 1929.

**The Newark Museum,  
49 Washington Street,  
Newark, N. J.**

November 15, 1929.

To the Honorable  
Board of Commissioners,  
City Hall, Newark, N. J.

Gentlemen:

I have been instructed by the Board of Trustees of the Newark Museum to transmit to you the Budget of the Museum for the year 1930.

Mr. J. Henry Bacheller and Mr. Arthur F. Egner have been appointed a Committee on the Budget and if your Honorable Body requires any further information about the Budget, these gentlemen are prepared to give you any further information.

Yours truly,

Beatrice Winsor,  
Secretary.

Referred to the Mayor.

**Henry Arnold Jenks,  
25 Broadway,  
New York City.**

November 8, 1929.

Board of City Commissioners,  
City Hall,  
Newark, N. J.

Gentlemen:

It has been suggested that you are about to select a competent Landscape Architect to design, supervise and con-

struct your new improvements. I am writing to inquire whether an appointment might be arranged to receive your ideas and to submit a proposal, leading to the engagement of my services, for managing landscape improvements.

Very truly yours,

Henry Arnold Jenks.

Referred to Commissioner Gillen.

**New Jersey State League  
of Municipalities,  
Trenton, N. J.**

November 13, 1929.

To the Honorable Governing Body,

Gentlemen:

I am directed by a resolution adopted by the Fifteenth Convention of the League of Municipalities to bring to your attention at budget making time the fact that municipalities are empowered by Chapter 163, P. L. 1915, to appropriate money for the expense of delegates attending the conventions and meeting of the League.

Copy of resolution attached.

Respectfully yours,

Sedley H. Phinney,  
Executive Secretary.

Referred to Commissioner Gillen:

#### **City Officers' Reports.**

The following reports of City Officers were received and ordered filed:  
Auditor's Trial Balance as of October 31, 1929.

Overseer of the Poor for September and October, 1929.

The following petition was received and read:

To the Honorable  
The Board of Commissioners of  
The City of Newark.

Sirs:

The owners of the land on both sides of Mt. Vernon Avenue between Florence Avenue and Eastern Parkway have made inquiry of this Association whether the members thereof have any objection to the above named location being zoned for business use.

At a meeting of this Association it

was resolved that this Association go on record as being in favor of zoning all of that section of Newark south of Varsity Road and west of Sanford Avenue as "residence zone," and that that portion thereof north of Ivy Street and west of Eastern Parkway be zoned as "single family residence." However, if the owners and residents in the immediate vicinity of Mt. Vernon Avenue, Florence Avenue and Eastern Parkway have no objection thereto, then this Association does not object to the first mentioned block being zoned for business.

Respectfully yours,

Tuxedo Protective Association.

Henry G. McPike, President,  
William Meisel, Secretary.

Held over for hearing December 11, 1929.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. Edmund W. Wollmuth, 24 Branford Place: Mr. Mayor and gentlemen of the Commission, if I may bring up this question of Route 21 as it is related to the interests of the manufacturers, property owners, and others, along New Jersey Railroad Avenue. These gentlemen met at the Chamber of Commerce on November 13 and they thought it would be advisable and in their interest to appear before the Commission this morning and learn from you, Mr. Mayor, if possible, what the exact situation is; and then ask for your cordial assistance and leadership with respect to obtaining a definite schedule of time as to when this improvement will be undertaken by the State Highway Commission. These men all recognize, of course, that that is a question that is within the hands of the State Highway Commission, but they recognize also that at your conference with the State Highway Commission in September that you stressed the importance of the property owners and manufacturers down there being informed as speedily as to the time element in the thing so that they could make their necessary arrangements for changes in their property or relocations.

It is a fact that up to the present

time some of the owners, as you know, have suffered a considerable loss of money; but above all of that, what they would like to get, just as speedily as possible is a very definite line of information with respect to when their property will be taken over and how much notice they will receive, so that in the meanwhile they can turn around and make their necessary commitments for property purchase and building elsewhere. That is the situation in a nutshell, Mr. Mayor, that these people have in mind. I know you are sympathetic to that idea, and if possible we would like to learn from you this morning what you can give us and any offers that you make will be very heartily supported by these people. May we have some word from you, then, along that line?

Mayor Congleton: Mr. Wollmuth, I say to you that the State Highway Commission at its meeting yesterday adopted its plan for the highway. They are working on the appraisal. The definite line of taking to the west must now be known by reason of the adoption of their plans yesterday. I can not see any reason why the thing should not progress very rapidly from this point on. So far as the time that will be given, I can only say to you that when I last appeared before the State Highway Commission I pointed out to them the very situation that you have spoken of, and I found that they were all in accord, that the awards should be ascertained and paid over as promptly as possible, and that the people occupying the property be given all reasonable time in which to make their new arrangements. I cannot say what that definite time may be, but knowing that they have no money appropriated yet for the physical work, but only money appropriated for the taking of the land, it must be some considerable time that they have in mind to give the tenants.

Mr. Wollmuth: Now, then, it would be possible then under existing conditions to ascertain, or at least request the State Highway Commission to set down a definite period of time.

Mayor Congleton: They can not do that very well with respect to all properties because they have no control over them. If they can not agree with the property owner on price they have to go to condemnation.

Mr. Wollmuth: But they can take possession before—

Mayor Congleton: They can, but they won't, as I gather from them. I will say that Mr. Bauer, the chief engineer, thinks that it is very unfair to go in and take possession before the man has received his money so that he can go out and make his new arrangements.

Mr. Wollmuth: Well, Mr. Mayor, I am sure that these men, patient as they have been, have reached a point where it has cost some of them a good deal of money. Some of them have purchased property elsewhere and they are carrying it at great expense to themselves, and what they would like to do is to get by way of reiteration something very definite by way of this time schedule. They don't care whether it is six years from now.

Mayor Congleton: I can't tell you any more about that than you know. I would suggest that a small committee of your property owners appear before your State Highway Commission. They meet every Tuesday morning—and get from them what you can, because we have no control in any way over their proceedings. All we do, after they have acquired the property and ascertained the cost, they tell us how much it was and we pay one-half of the sum. And I would think a small committee from your property owners appearing before the State Highway Commission could get very much more definite information than I could attempt to give them second hand.

Mr. Wollmuth: Now, of course, there isn't any question but what you have a very sympathetic understanding of the situation, completely informed on it, and when we do go down there I rather assume that would be necessary, and is now necessary, in light of the fact that you can not speak for the State Highway Commission with respect to this definite information as to time schedule, that is undoubtedly what will have to be done. And in doing that we would like to be able to appear before the State Highway Commission feeling that that board will be very definitely supported by yourself and the City Commission. May we have that assurance?

Mayor Congleton: We have been our-

selves working along with the State Highway Commission to get this thing completed just as speedily as possible. And we intend to continue to do that.

Commissioner Gillen: Give the committee that kind of official sanction.

Mr. Wollmuth: In other words, I am sure we can assume that the Commission is quite as sympathetic with respect to the thing as any individual property owner could wish, but if we could have that in a more or less official sanction I think it would be very helpful. That is the thought! Mr. Lum is here also, Mr. Mayor, and he may want to say a word or two. If, upon consideration, you decide you could help us along that line I know it would be very effective when this Committee goes before the State Highway Commission, which now probably will be next Tuesday.

Mr. Ralph E. Lum, Griffith Building: I want to say to the Mayor and Commissioners that I have been to the State Highway Commission until I have almost made myself a nuisance there, and they invariably place the blame back upon the City and say that it has been the change in plans at South Street and uncertainty of the contract arrangements between the City and the Railroad, and that they are not parties to that contract as the City is. Now, consequently, I think your suggestion of a small committee to keep in touch with the State Highway Commission is an excellent thing; but I think it would be very wise for someone who can represent or speak for the City, either from the legal department, engineering department or one of the Commissioners, to be present at each time in order that it should not be possible to put the situation back on the City. Now, if you were properly quoted yesterday, Mr. Mayor, the result of the interview with the Pennsylvania people, there was a question still open of five and a fraction feet.

Mayor Congleton: Not so far as taking the land to the west, Mr. Lum. And the State Highway Commission has been so informed, and the fact that they adopted their plans yesterday shows that they are in accord with us on that proposition. There is nothing in dispute now, so far as I know, at all.

Mr. Lum: The Pennsylvania people

were quoted as saying, "Then if we need the additional five feet it will be up to us to buy it."

Mayor Congleton: That does not affect your property down there at all. It relates to property north of Lafayette Street where we spread off Route 21 into Ward Street anyway.

Mr. Lum: I am very glad indeed to know that fact because two of the property owners are so very close on the margin as to whether they can say any way, that an additional five feet—in the Baker Platinum Company there, the whole heating plant would be destroyed by five feet, and as it is, they have got to change to oil and do away with their coal bunkers that they can probably adapt, but five feet would be, as far as they are concerned, as bad as taking an additional fifty or seventy-five feet. Now, the Weldon-Roberts and others are in this serious predicament. They are refusing orders every day. They feel they can not set up new machinery. There is no legal reason why they can not, but they feel it would not be justified in doing it and they are saving the City and the State many thousands of dollars by not doing that, but it makes it very serious to them. The loss in dollars and cents of those whom I represent there has been very, very serious—more than I would care to quote to you. The orders that they have had to refuse, their inability to adjust, the utter uncertainty, and as soon as they can know with definiteness, Mr. Mayor, the problem will be largely solved for them. Of course, you can not tell them whether they can be there six months or nine months, but as long as they know exactly what they are going to have left, then they can start—the Baker people particularly—to rearrange their whole factory and to build. And I ask you if you would give us the assistance of having someone who could act with this committee as the representative of the City in order that the City's position could be answered for at the interviews. That is all I wish to say on the subject.

But, while I am speaking, may I express to your Honor and to these Commissioners, the great thanks and appreciation of the Board of Trustees of the Newark Welfare Federation, and through them the thanks of the entire needy of our entire City for the very

beautiful cooperation and help we have had from the Commissioners and from you, Mr. Mayor, in the proclamation. The result is shown with the work among those of the whole City with whom we have come in contact in no uncertain way. It is true that some of our wealthy individuals are handing on their stock losses to the widows and orphans, but the rank and file of the whole City, those for whom you peculiarly speak, are doing a beautiful piece of work; and, Mr. Mayor, may I say if we could have the backing and help and the vision on such a problem that is shown by this Board, if we could have that in all the industrial plants of our city, the problem of which I am speaking would be completely and entirely solved; and I want again to express our thanks for it.

Mayor Congleton: So far as appointing a member of your committee, that I would not like to do. We will, of course, cooperate; but we are doing business not only on this route but a good many other things with the State Highway Commission, and I do not care to ask anyone to serve on a committee with property owners to go down there; it might be taken that they were criticizing and finding fault, and that we were a party to it. We will cooperate, however.

Mr. Lum: Whoever goes, we will see he is not put in that position under any circumstances; but if they say to us, as they have said to me not once but a dozen times, that the delay was occasioned by the City of Newark—

Mayor Congleton: Try them once more now that they have adopted their plan yesterday, and see if you don't get a different response.

Mr. Wollmuth: Mr. Mayor, may I have another word in connection with two points? It isn't our intention to go down there and criticize; what we are after—

Mayor Congleton: I didn't mean to intimate that you would, but you know sometimes other people get that viewpoint.

Mr. Wollmuth: Now, what we are going to ask for is this: Consideration by the State Highway Commission of the predicting of a definite time schedule, again repeating we don't care whether it is six years from now or

ten years from now, but something definite—

Mayor Congleton: We would oppose you on that.

Mr. Wollmuth: I am pointing out it isn't of interest when this thing is done as long as they get ample time and notification—

Mayor Congleton: I think they are entitled to the fullest information that can be given to them.

Mr. Wollmuth: In line with that, Mr. Mayor, some of the gentlemen who are here this morning are not posted on this question of the appraisal situation. Would you be good enough to inform them just what that situation is?

Mayor Congleton: That is in the hands of the State Highway Commission, Mr. Wollmuth. I do not think it would be befitting me to discuss that in an open meeting. They have appointed appraisers who are on the job, and beyond that I do not think that it is quite my place to discuss it.

Mr. Wollmuth: I think perhaps what they have in mind is this, Mr. Mayor: That at the conference in September that you had with the State Highway Commission, the City and the State Highway Commission appointed—

Mayor Congleton: The City did not. They appointed them all.

Mr. Wollmuth: Did they appoint the three additional ones?

Mayor Congleton: Absolutely. They appointed them all. That is the reason I say—

Commissioner Howe: What do you mean, three additional ones?

Mr. Wollmuth: Messrs. Fiedler, Fiest and one other man, to go over the appraisals, I believe, which had already been made. And wasn't that at the request of the City?

Mayor Congleton: I wouldn't say directly at the request of the City. It grew out of our conference to speed this thing up.

Mr. Wollmuth: In any event, these three appraisers were appointed. Do you happen to know, Mr. Mayor, whether—or do you know whether or not this agreement which has just been arrived at with the Pennsylvania Railroad, will that slow up the appraisal work or have any influence on the appraisal work?

Mayor Congleton: Absolutely none.

Mr. Wollmuth: Well, thanks, Mr. Mayor. Then the question remains as to whether or not we can go down there with some rather tangible expression of sanction or support—

Mayor Congleton: Why don't you folks go down as you come here, and I say to you we will have the City represented.

Mr. Lum: That is fine. Thanks.

Mr. Nathan Goldsmith, 60 Park Place: Mr. Mayor and Commissioners, on this Route 21, I went to Trenton yesterday and put my story before the Commissioners in the morning session, and they asked Chief Engineer Bauer, and he said he would discuss it with them in conference yesterday afternoon. I stayed in Trenton until they passed upon the adoption of a plan, and I understood in the resolution that they are to enter into agreements with the Commissioners of the City of Newark and the Pennsylvania Railroad. In other words, they simply have adopted some blueprints. Then I see in this morning's paper that there is to be a discussion between the Pennsylvania Railroad—something new has come up with regards to Route 21. What I would like to ask is, what is meant by the State Highway Commission entering into agreements now on this plan?

Mayor Congleton: As I understand it, Mr. Goldsmith, it has nothing to do with the line of the taking of property. But you will recall when Route 21 was first proposed and the plan first adopted by the State Highway Commission it called for that road to be at grade. They later changed their plan and it is to be elevated. The only negotiations that I know of that the State Highway wants to carry on with the City and the Pennsylvania Railroad is looking to the building of a wall along the westerly line of the railroad right of way, which will be a common wall for use by the State Highway Commission and the Pennsylvania Railroad. It has absolutely nothing to do with the line as to where the property shall be. The thought being, it is a waste of expense, of course, for the Pennsylvania Railroad to build a retaining wall for their right of way and have the State Highway to come along and build one right alongside of it for the easterly side of their highway.

Mr. Goldsmith: Well, I want to get the procedure because this resolution was passed in a manner authorizing the entering into agreements on the basis of this plan with the Commissioners of the City of Newark and the Pennsylvania Railroad. And then I afterwards learned there is no telling when they will get down to it because there may be some changes again.

Mayor Congleton: So far as Route 21 is concerned, there is a contract between the State Highway Commission and the City which is a completed proposition in itself, and the only negotiations that I know anything about is the one I have just mention about the building of that wall.

Commissioner Brennan: And its use.

Mayor Congleton: And its use. Because the highway, as elevated, will be practically the same grade as the Pennsylvania Railroad.

Mr. Goldsmith: Well, I know I was down there two weeks ago and this same plan was supposed to be put before them.

Mayor Congleton: But it was formally adopted yesterday.

Mr. Goldsmith: I was there until it was adopted.

Mayor Congleton: I say, a plan was formally adopted. Does any other person have any matter to bring to the attention of the Commission?

Mr. J. Zimit, 63 Tichenor Street: I have a property located on Pennington Street, right at the beginning of Pennington, starting at 417 and finishing at 425. It is two years now that I have applied for a permit to go ahead and do some altering there so I will be able to rent it out, and they refuse me. Now, the time when I took the property over there was \$700 tax and I pay \$1,950 now and you can not derive no rent from that place at all. Nobody wants to stay there without a lease and you can not get no benefit there. I can't keep that property any longer because I can't keep up the expense. Now, the question is, how long are we going to be there on that corner yet with them properties where we can not rent them out and we can not derive no benefit for it? That is the reason why I wanted to find out what for me to do.

Mayor Congleton: Well, you have

heard what I said this morning. I can not add to that.

Mr. Zimit: Yes, but Mr. Mayor, I can not pay no tax if I haven't got no tenants there.

Mayor Congleton: I can not give you any further information than I have given you.

Mr. Zimit: I am losing at the rate of \$5,000 a year there. It is no use. If they would give me a permit I could have put—I could put some stores there. I could re-alter the corner and get \$200 a month. I didn't get an opportunity of doing it. I can't hold this any longer. Either they are going through with it or give me a permit so I can do the work.

Commissioner Murray: Who would n't give you the permit?

Mr. Zimit: We applied down at the Building Department. That is two years I applied for and I couldn't get no permit, and kept on reading the paper for one time to another, only take in a few days now, you keep on as much as you can. You go out and borrow to pay tax and I haven't got no money. Everything is falling down. Another six months everything will be down.

Mayor Congleton: I am very sorry for you, sir, but I can not give you any further information than I have given the other gentlemen. I am not in control of the proceedings. That is conducted by the State Highway Commission.

Mr. Zimit: Do you think if I would go up there they would listen to me about this here proposition or maybe they will take it over?

Mayor Congleton: The railroad or the Highway Commission?

Mr. Zimit: The Highway Commission.

Mayor Congleton: Certainly. They have got to acquire all the property; we don't.

Mr. Zimit: But I have the taxes.

Mayor Congleton: That may be.

Mr. Zimit: I haven't got no money to pay tax.

Mayor Congleton: The State Highway Commission acquires all that land. The City doesn't acquire any of it.

Does any other person have any matter to bring to the attention of the Commission this morning?

Commissioner Murray: They have suffered a lot down there.

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., November 27, 1929.

A regular meeting of the Board of Commissioners was held on the above date, in the Commissioners' Chamber, City Hall, Newark, N. J., at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of November 20th were read and approved.

The City Clerk presented An ordinance changing and establishing the width of the sidewalks in Walnut Street, from New Jersey Railroad Avenue to Lang Street, and requiring the removal of obstructions, projections or encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Joseph Gunn: Mr. Mayor, for the Ironbound Manufacturers' Association, who are behind the improvement, while we wish to speak in favor of shortening the sidewalks, because when that will be repaved it will be one of the main east and west traffic arteries into the City, and it is generally accepted by road builders that in order to handle traffic at all it should be a four-vehicle street, and cutting down the sidewalks, I understand, will create a four-vehicle street, and for that reason the Ironbound Manufacturers' Association is in favor of the improvement.

Mayor Congleton: Does anyone else wish to be heard?

Mr. Charles E. Campbell, 194 Walnut Street: Now, about the petition for repaving and paving in Walnut Street, there wasn't a single objection by anybody in that section. We are in favor of all of those streets being improved in the Ironbound Section and we have all been pleased with the progress made by this Board. Now, we signed the largest petition that was ever gotten up on any street, and we trust that we will be allowed the same as other streets, 80 per cent. off, which we petitioned for. We are willing to have the street widened. I have taken it up with a great many people. I thank you.

Mayor Congleton: Does anyone else desire to be heard?

(No response.)

No one else appearing, Commissioner Howemoved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance changing and establishing the width of the sidewalks in Walnut Street, from New Jersey Railroad Avenue to Lang Street, and requiring the removal of obstructions, projections or encroachments thereon.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton

Commissioner Howe moved that the  
title of "An ordinance changing and  
establishing the width of the sidewalks  
in Walnut Street, from New Jersey Rail-  
road Avenue to Lang Street, and  
requiring the removal of obstructions,  
projections or encroachments thereon,"  
be taken for its third reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the  
ordinance as follows:

An ordinance changing and estab-  
lishing the width of the sidewalks in  
Walnut Street, from New Jersey Rail-  
road Avenue to Lang Street, and requir-  
ing the removal of obstructions, pro-  
jections or encroachments thereon.

The ordinance having been read  
three times was declared to be upon  
its third and final passage.

The roll being called, the ordinance  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordi-  
nance providing for the vacation of all  
that part of High Street lying west  
of the westerly line of High Street as  
it is laid out on the Commissioners'  
Map of the City of Newark, from Lack-  
awanna Avenue northerly to the south-  
erly line of Nassau Street, and from  
the northerly line of Nassau Street nor-  
therly about 92 feet to the northerly  
line of Hedenberg Map, and stated that  
today was the time fixed for hearing  
on the same.

The Board then entered upon said  
hearing.

Mayor Congleton: Does anyone de-  
sire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner  
Brennan moved that the hearing be  
closed.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
the following ordinance be taken up  
on second reading:

An ordinance providing for the va-  
cation of all that part of High Street  
lying west of the westerly line of High  
Street as it is laid out on the Com-  
missioners' Map of the City of New-  
ark, from Lackawanna Avenue north-  
erly to the southerly line of Nassau  
Street and from the northerly line of  
Nassau Street northerly about 92 feet  
to the northerly line of Hedenberg  
Map.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance  
by sections.

Title declared open to amendment.

Section 1 declared open to amend-  
ment.

Section 2 declared open to amend-  
ment.

The ordinance was declared open to  
amendment in all its parts.

Commissioner Brennan moved that  
ordinance be adopted on second read-  
ing.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
said ordinance be ordered to a third  
reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
the ordinance be taken up on third  
reading and final passage.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
the title of "An ordinance providing for  
the vacation of all that part of High  
Street lying west of the westerly line  
of High Street as it is laid out on the  
Commissioners' Map of the City of  
Newark, from Lackawanna Avenue

northerly to the southerly line of Nassau Street and from the northerly line of Nassau Street northerly about 92 feet to the northerly line of Hedenberg Map," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of all that part of High Street lying west of the westerly line of High Street as it is laid out on the Commissioners' Map of the City of Newark, from Lackawanna Avenue northerly to the southerly line of Nassau Street and from the northerly line of Nassau Street northerly about 92 feet to the northerly line of Hedenberg Map.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of an unnamed street 60 feet in width as shown on the Commissioners' Map of the City of Newark, the center line of said street being laid out on a course approximately 3° 20' west and intersecting the center line of Albert Avenue at a point about 119.12 feet westerly from the intersection of the center line of Albert Avenue and Cornelia Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that following ordinance be taken up on second reading:

An ordinance providing for the vacation of an unnamed street 60 feet in width as shown on the Commissioners' Map of the City of Newark the center line of said street being laid out on a course approximately north 3° 20' west and intersecting the center line of Albert Avenue at a point 119.12 feet westerly from the intersection of the center lines of Albert Avenue and Cornelia Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance providing for the vacation of an unnamed street 60 feet in width as shown on the Commissioners' Map of the City of Newark, the center line of said street being laid out on a course approximately 3°

20' west and intersecting the center line of Albert Avenue at a point about 119.12 feet westerly from the intersection of the center lines of Albert Avenue and Cornelia Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of an unnamed street 60 feet in width as shown on the Commissioners' Map of the City of Newark, the center line of said street being laid out on a course approximately north 3' 20' west and intersecting the center line of Albert Avenue at a point 119.12 feet westerly from the intersection of the center lines of Albert Avenue and Cornelia Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the vacation of a portion of Chancellor Avenue on the southerly side thereof from Maple Avenue westerly about 270 feet, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide or the va-

cation of a portion of Chancellor Avenue on the southerly side thereof from Maple Avenue westerly about 270 feet.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the vacation of a portion of Chancellor Avenue on the southerly side thereof from Maple Avenue westerly about 270 feet," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide or the vacation of a portion of Chancellor Ave-

nue on the southerly side thereof from Maple Avenue westerly about 270 feet.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to license florists in the City of Newark, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to license florists doing business in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

1. It shall be unlawful for any person, persons, firm or corporation to engage in or carry on the business of selling at retail in the City of Newark, cut flowers, growing flowers or plants, potteries containing plants or flowers, flower stands or flower holders, without having first obtained from the City of Newark a license for that purpose; the provisions of this section, however, shall not apply to transient merchants, itinerant vendors or peddlers as hereinafter defined.

2. Licenses to carry on in the City of Newark the business of florist as defined in Section 1 of this ordinance may be granted by the Director of Public Safety of said City upon application in writing to him. Such application shall be made upon forms to be adopted by said Director of Public Safety for that purpose, and the payment of the sum of \$10.00, which sum is hereby fixed as the license fee.

Said application shall set forth:

1. The name of the applicant.
2. The business address at which it is proposed to conduct such business.
3. The character of the business, and such other information as the Director of Public Safety may require. Said application shall be signed and sworn to by the applicant. Upon filing such application it shall be the duty of the City Clerk to issue the said license. All such licenses shall be signed by the Director of Public Safety and the City Clerk shall have the seal of the City of Newark affixed thereto. Such license shall continue in force for one year from the date thereof. Any such license may be revoked for cause and after hearing.

3. It shall be unlawful for any person, persons, firm or corporation engaged in business in the City of Newark for the purpose of selling at retail any of the articles enumerated in Section 1 of this ordinance as a transient or itinerant merchant, hawker, or peddler without first making a declaration to the Director of the Department of Revenue and Finance of the City of Newark of the number of days such applicant proposes to engage in such business, and shall include in such declaration a true invoice or detailed statement of the amount of goods, wares, merchandise or bankrupt stock it is proposed to offer for sale, together with a specific statement as to the location of the same, and whether on the premises from which it is to be sold or in storage.

Such transient merchant before offering for sale any such goods, wares and merchandise shall pay to the said Director of the Department of Revenue and Finance a sum equal to two per centum of the fair cash value of such goods, wares and merchandise.

In lieu of such payment, however, such applicant may pay to the said Director of the Department of Revenue and Finance the sum of Two hundred dollars (\$200.00), upon which payment said Director of the Department of Revenue and Finance is hereby authorized to issue to such applicant the license hereinafter provided for.

4. Said Director of the Department

of Revenue and Finance is hereby authorized and empowered to issue to such person, persons, firm or corporation applying for the same, and complying with the requirements of this ordinance licenses to carry on in the City of Newark the business of transient or itinerant merchant, vender, or peddler of the goods, wares and merchandise enumerated in Section 1 of this ordinance. Such license shall continue in force for the term of thirty days from date of issue.

The application herein provided for shall be in such form and shall contain such statements as shall be prescribed by the said Director of the Department of Revenue and Finance and shall set forth among other things:

1. The name of the applicant.
2. The street address of the proposed place of business.
3. The owner or person in whose interest such business is being conducted.
4. The average quantity, kind and value of the goods, wares and merchandise proposed to be sold.
5. The names and addresses of the persons or corporation from whom such goods were or are to be purchased.

A separate license shall be required for such branch, establishment or place of business in which such business is carried on.

6. As a condition precedent to issuing a license hereunder the applicant shall enter into a bond to the City of Newark good and sufficient surety, in an amount not less than twenty-five per centum of the value of the goods, wares and merchandise for the sale of which such license is sought, and in no event shall such bond be less than Two hundred dollars (\$200.00). Such bond shall remain in force for one year from date thereof and shall be conditioned to indemnify and pay to the City of Newark any penalties and costs incurred in the enforcement of this ordinance and also to indemnify or reimburse any purchaser of goods, wares and merchandise from such licensees in a sum equal to at least the amount of any payment or payments such purchaser may have been induced to make through misrepresentation as to the

kind, quality or value of such goods, wares and merchandise.

7. The applicant for the license to act as a transient merchant, vender or peddler in the City of Newark shall file with the Director of Revenue and Finance an instrument in writing nominating and appointing said Director of Revenue and Finance his agent, as provided by Section 7 of an Act of the Legislature of this State entitled "An Act to license and regulate the business of transient merchants or itinerant venders in this State," approved April 7, 1921.

8. Any person, persons, firm or corporation who or which shall violate the provisions of this ordinance shall, on conviction, pay a penalty of not less than Twenty-five dollars (\$25.00) nor more than One hundred dollars (\$100.00).

9. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating and licensing taxicabs and other automobiles and the licensing of drivers thereof and designating taxicab stands and prescribing penalties for violations, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordaining clause of "An ordinance regulating and licensing taxicabs and other automobiles and the licensing of

drivers thereof and designating stands and prescribing penalties for violations" introduced for information at a meeting held June 26th, 1929, be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance regulating and licensing taxicabs and licensing the drivers thereof and designating taxicab stands and providing penalties for violations.

The Board of Commissioners of the City of Newark, Do Ordain:

#### 1. Definitions:

(a) A taxicab is a public vehicle driven by mechanical power, so designed and constructed as to comfortably seat not less than five persons inside thereof, exclusive of the driver, which accepts passengers for conveyance for hire.

(b) A taximeter is a mechanical instrument or device by which the charge for hire is mechanically calculated either for the distance traveled, for waiting time, or both, and upon which such charge shall be plainly indicated by means of figures.

(c) A public taxicab stand is a section of a public street or public place set apart for the exclusive use of a limited number of taxicabs when such section is distinctly marked as such by a metal sign attached to a stanchion on the curb or other conspicuous place or by clearly visible marks upon the surface of the street or other public place.

(d) "Persons" shall include a firm, co-partnership, association and corporation, and the singular or plural, the masculine, feminine or neuter, unless the contrary is clearly expressed.

(e) Cruising is hereby defined as the driving of an empty taxicab to and fro along a public street at a slow rate of speed for the obvious purpose of soliciting passengers.

2. The licensing and inspection of taxicabs, the inspection and approval of taximeters, the examination of applicants for licenses to drive such taxicabs, the licensing of drivers, as hereinafter provided for in this ordinance, and the enforcing of the provisions of this ordinance, shall be under the control of the Department of Public Safety; licenses shall be issued under the hand and seal of the Director of the Department of Public Safety and shall be countersigned by the City Clerk.

3. This ordinance shall take effect December 31, 1929. No taxicab shall operate thereafter upon the streets of the City of Newark without first obtaining a license from the Department of Public Safety, which shall expire December 31 next succeeding the date of issuance, unless sooner suspended or revoked by the Department of Public Safety. The annual fee to be paid for such license shall be the sum of Twenty-five dollars (\$25.00); provided, however, that the fee for any license granted after the first day of August, and expiring December 31 of the same year, shall be \$12.50.

4. Application for licenses for taxicabs shall be made by the owner, lessee, or bailiff thereof upon blank forms to be furnished by the said Department of Public Safety, and such application shall contain the full name and address of the owner, lessee or bailee, and also of the applicant, the type of vehicle for which license is desired, the length of time the vehicle has been in use, the rate to be charged, the number of persons it is capable of carrying, the motor power, and its present value; said application to have affixed thereto an affidavit to be sworn to by the applicant.

Any licensee desiring to change the rate shall file notice of such intention with the Department of Public Safety. Taxicabs, licensed on applications designating a fixed rate within the City limits, shall carry passengers to destinations outside the City limits at the rates so stipulated to the City limits, and not more than meter rates for the balance of the trip.

5. The Director of the Department of Public Safety shall have the power to issue or refuse a license. The number of licenses issued shall not exceed twelve hundred (1,200).

6. No vehicle covered by the terms of this ordinance shall be licensed until it has been thoroughly and carefully inspected and examined by the said Department and found to be in a thoroughly safe condition for the transportation of passengers. Every taxicab shall have a substantial partition extending across the vehicle separating the driver from the passenger's compartment. The upper portion of such partition shall be of reinforced or unbreakable glass and not obstructed by the use of curtains. Side curtains or shades shall not be permitted on any such licensed vehicle. The said Department shall refuse a license to, or, if already issued, revoke or suspend the license of any vehicle found to be unsafe for the transportation of passengers. The said Department shall examine any taximeter attached to any taxicab to see that the same is accurate to the extent set forth in Section 19 hereof, before issuing a license to the applicant, and if already issued it may suspend the license of any vehicle whereon the taximeter attached is inaccurate and may revoke such license upon a repetition of the offense. The Department of Public Safety is hereby authorized and empowered to establish reasonable rules and regulations for the inspection of taxicabs and their appurtenances, construction and condition of fitness for the safe and adequate transportation of passengers.

7. If upon inspection a taxicab is found to be in a safe condition for the transportation of passengers and in accordance with the provisions of this ordinance and the rules and regulations established hereunder upon payment of the license fees hereinbefore set forth the same may be licensed by delivering to the applicant a card of such size and form as may be prescribed by the Department of Public Safety. Such card shall contain the name of the applicant, the official license number of the taxicab, together with the date of inspection of the same and a notice that in case of any complaint the said Department shall be notified, the license number of the taxicab being given; such card shall have attached thereto the signature of the Director of the Department of Public Safety and shall contain blank spaces upon which an entry shall be made of the date of every inspection of the vehicle by the

inspector. The said Department shall also affix to a conspicuous and indispensable part of the interior of each taxicab a small card not exceeding six (6) inches nor less than four (4) inches in dimension which shall bear the license number of the vehicle, and the rate of fares under which such taxicab is operating.

8. That in order to insure the safety of the public it shall be unlawful for the owner, lessee or bailee of any taxicab to operate or cause or permit such taxicab to be operated, nor shall any license be issued hereunder until and unless the applicant shall have complied with the provisions of Chapter 231 of the Laws of 1926 of the State of New Jersey, and the acts amendatory thereof and supplemental thereto.

9. The Department of Public Safety shall keep a register of the name of each person owning or operating a vehicle or vehicles licensed under this ordinance together with the license number and the description, make and dimensions of such vehicles, with the date and complete record of inspections made of it. Such records shall be open to the inspection of the public at all reasonable times and shall be official records of the said Department.

10. The Department of Public Safety shall maintain constant vigilance over all taxicabs to see that they are kept in a condition of safety for the transportation of passengers and to this end shall have the right at any and all times to inspect any and all such vehicles and taximeters and shall maintain a record in writing of the report of all such inspections.

11. Licenses granted under the preceding sections of this ordinance may be revoked or suspended at any time by the Director of the Department of Public Safety if the vehicle shall not be in a safe condition for the transportation of passengers, and kept in conformity with the terms of this ordinance, or any of the rules and regulations made by the said Director of Public Safety.

12. No person shall drive a taxicab until he shall have made application upon a form provided by said Department of Public Safety for a driver's license and shall have procured such license from said Department. Every person applying for a license to drive

a taxicab must furnish satisfactory evidence that he has received the driver's license under the State Motor Vehicle Law. Each applicant for a driver's license under the terms of this ordinance must conform to the following regulations:

- (a) Be of the age of 21 years or over and be a resident of the State of New Jersey for one year or more.
- (b) Present the certificate of a reputable physician that he has been examined within 60 days and that he is of sound physique, with good eyesight and not subject to epilepsy, vertigo, heart trouble or any other infirmity of body or mind which might render him unfit for the safe operation of a taxicab.
- (c) Be able to read and write the English language and be a citizen of the United States.
- (d) Not to be addicted to the use of narcotics or intoxicating liquors.
- (e) Produce on forms provided by the Department of Public Safety affidavits of his good character from at least two reputable citizens who have known him personally and a further testimonial from his last employer unless in the estimation of the said Department sufficient reason is given for its omission.
- (f) Fill out upon a blank form to be provided by the said Department a statement giving his full name, residence places of residence for the preceding five years; age, color, height, color of eyes and hair, place of birth, length of time he has resided in the City, whether a citizen of the United States, places of previous employment, whether married or single, whether he has ever been convicted of a felony or a misdemeanor or a violation of this ordinance, whether he has previously been licensed as a driver or chauffeur and if so whether his license has ever been revoked and for what cause, which statements shall be signed by the applicant and filed in the said Department as a permanent record; he shall

also furnish four copies of photographs size two inches by two inches.

The said Department is hereby authorized and empowered to establish such additional rules and regulations governing the issuance of driver's licenses not inconsistent herewith as may be necessary and reasonable.

13. Upon satisfactory fulfilment of the foregoing requirements there shall be issued by said Department to the applicant a driver's license which shall contain the photograph and signature of the licensee and blank spaces upon which a record shall be made by the Director of the Department of Public Safety or his duly authorized representative of any arrest of or serious complaint against him. Any licensee who defaces, removes or obliterates any official entry made upon his license shall be punished by the suspension of his license. Driver's licenses shall be valid to and including the 31st day of December next succeeding. If the licensee has had his license suspended for cause it shall not be again issued to him until at least sixty (60) days after such suspension, and after a second suspension for cause it shall not be issued to him until at least ninety (90) days after such suspension.

14. There shall be delivered to each licensed driver a metal badge of such form and style as the Department of Public Safety may prescribe with his license number and the word "Operator" clearly appearing thereon, which must, under penalty of suspension of the license be constantly and conspicuously displayed on the right breast of the driver's outer garment when he is engaged in his employment. No vehicle shall be operated except by a duly licensed person wearing such badge conspicuously displayed.

15. A driver in applying for a renewal of his license shall make such application upon a form to be furnished by the Department, entitled "Application for renewal of license" which shall be filled out with the full name and address of the applicant, together with a statement of the date upon which his original license is granted and the number thereof.

16. The following license fees be paid for the driver's licenses: for each or-

iginal license \$2.00; for each renewal thereof \$2.00. The fee hereby fixed for the issuance of such licenses are imposed for regulation.

17. The Director of the Department of Public Saety is hereby authorized to designate such place or places within the City of Newark as public taxicab stands as may be required. There shall be a metal sign attached to a stanchion on the curb or other conspicuous place, setting forth the number of taxicabs used for hire, that will be allowed at such stand and only such taxicabs used for hire in such numbers as set forth on the metal sign may remain at the stand while waiting for employment and only in single file pointed in accordance with the traffic regulations. As said taxicab leaves the line with passengers those behind shall move up and any other taxicab seeking space on the stand shall approach the same only from the rear thereof. No such taxicab shall stand at the curb within 15 feet of the entrance to any railroad station, theater, hotel, restaurant or other public place, and it shall not stand within twenty-five (25) feet of any crosswalk or fire hydrant.

In order to meet temporary conditions of emergency the Director of Public Safety may provisionally establish other stands when in his judgment that course shall be necessary to remedy such temporary conditions. The continuance of such stands shall thereupon be subject to the approval or disapproval of the Director of Public Safety.

18. The Director of Public Safety, after hearing, may suspend or revoke the license of any taxicab driver who shall loiter within any space prohibited by law or ordinance or who shall stand in said prohibited place soliciting or waiting for new passengers or who shall violate any of the provisions of this ordinance, or any of the rules and regulations made by the said Director of the Department of Public Safety.

19. (a) Every taxicab for which a tariff or fare is collected based on the distance traveled or time consumed or both shall have affixed thereto a taximeter of a size and design approved by the Department of Public Safety.

(b) After sundown the face of every taximeter shall be illuminated by a

suitable light so arranged as to throw a continuous steady light thereon.

(c) No person shall use or permit to be used, or drive for hire, a taxicab equipped with a taximeter the case of which is unsealed and not having its covers and gears intact.

(d) No driver of a taxicab equipped with a taximeter or other similar device while carrying passengers or under employment shall display the signal affixed to such taximeter or other similar device in such position as to denote such vehicle is not employed.

(e) It shall be unlawful for any person owning, operating or driving a taxicab, as herein defined, to operate or drive such taxicab unless such taximeter is used to determine the fare to be charged, excepting that a stipulated fare of not more than fifty cents (50c) for any one destination within the City limits may be charged; such charge, however, to be collected regardless of the figure showing on said taximeter, unless such figure on such taximeter shall read less than fifty cents (50c), in which case the smaller amount shall be collected; excepting further that the hourly rate may be used at the option of passengers after the meter has registered an amount equal to that of the first hour, conforming to the rate herein provided for. No other rates or methods of measuring the distance or time charges shall be allowed.

20. The prices that may be charged by the owners or drivers of taxicabs or public motor cars for the transportation of passengers for hire, shall not exceed the following rates:

For conveying one or more persons for the first third of a mile, or fraction thereof .....	\$ .20
For each additional one-third mile thereof .....	.10
For each succeeding mile mile thereof .....	.30
For each three minutes waiting time .....	.10
For use of vehicle by the hour (per hour) .....	3.00
For use of vehicle by the day (10 hours to constitute a day) (per day) .....	30.00
For each trunk carried .....	.20

21. All taxicabs shall contain a card or metal plate to be furnished by the

Department of Public Safety, affixed to a spot in the passenger compartment where it can be easily read by passengers stating the rates charged by that particular taxicab.

22. Every driver of a taxicab shall, when requested, give a passenger a receipt furnished by the Department of Public Safety, for the fare paid.

23. All disputes as to fare shall be determined by the officer in charge of the police station nearest to the place where the dispute occurred.

24. No person other than the licensed driver of the taxicab shall ride or sit in the compartment of the taxicab reserved for the driver.

25. No taxicab while waiting for employment by passengers shall stand on any public street or space other than at or upon a taxicab stand designated or established in accordance with this ordinance, nor shall any driver of such taxicab seek employment by repeatedly and persistently driving his taxicab to and fro in a short space before or otherwise interfering with the proper and orderly access to or egress from any theater, hall, hotel, public resort, railway station or other place of public gathering and no driver shall solicit passengers for a taxicab except when standing at his vehicle or sitting upon the driver's seat thereof.

26. Every driver of a taxicab immediately after the termination of any hiring or employment must carefully search such taxicab for any property lost or left therein and any such property unless sooner claimed or delivered to the owner must be reported in writing by the driver or owner of the taxicab to the Department of Public Safety with brief particulars and description of the property within 24 hours after the finding thereof.

27. No owner or driver of any taxicab shall induce any prospective passenger to employ him by knowingly misinforming or misleading any such prospective passenger either as to the time or place of the arrival or departure of any train or as to the location of any hotel, public place or private residence within the City or as to the distance between any two points, nor shall any such owner or driver deceive any prospective passenger or make any false representations to him or her or

convey any passenger to any other place or over any other route than that to which such passenger may have instructed said driver to go.

28. Each and every licensed owner shall record in writing the time and place when and where the passenger was accepted as well as the time and place of the discharge of the passenger, which record shall remain intact for sixty (60) days from the date thereof.

29. Each and every licensed owner shall record in a book kept solely for such purpose the time of departure from the garage of every licensed vehicle, giving the name and address of the driver thereof, his license number and the license number of the vehicle and the time of return to the garage of each such vehicle, which book shall be kept open for inspection at all times to a duly authorized representative of the Department of Public Safety.

30. No vehicle covered by the terms of this ordinance shall be licensed whose color scheme or the name, monogram or insignia to be used thereon shall be in conflict with or in the opinion of the Director of the Department of Public Safety imitate any color scheme, monogram, name or insignia used by any other person, firm or corporation operating a taxicab or taxicabs in such manner as to be misleading or tend to deceive or defraud the public, and provided further that if after a license has been issued to a taxicab hereunder the color scheme, name, monogram or insignia thereof is changed so as to be in conflict with or in the opinion of the Director of Public Safety to imitate any other color scheme, monogram, name or insignia used by any other person, firm or corporation operating a taxicab or taxicabs in such manner as to be misleading or tend to deceive or defraud the public the license of such taxicab or taxicabs shall be revoked or suspended by said Director of Public Safety.

31. All taxicab driver's licensed hereunder shall wear a uniform approved by the Director of Public Safety.

32. Every person or persons, firm or corporation found guilty of violating any of the provisions of this ordinance shall, in addition to the suspension or

revocation of license as heretofore mentioned, be liable to a fine of not less than \$2.00 nor more than \$25.00.

33. In default of payment of the fine imposed under the provisions of this ordinance the person or persons so defaulting shall be imprisoned in the county jail for a term not exceeding ten (10) days.

34. Should any section or provisions of this ordinance be held invalid in any proceeding, the same shall not affect any other section or provision of this ordinance, except insofar as the section or provisions so held invalid shall be inseparable from the remainder of any such section or provision.

35. This ordinance shall not affect an ordinance entitled "An ordinance regulating the operation of cars, omnibuses, stages and other vehicles commonly known as 'jitneys', approved June 19, 1916."

36. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing of Rowland Street from Bloomfield Avenue to Crittenden Street with asphalt pavement on the existing

brick pavement prepared as a foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Rowland Street from Bloomfield Avenue to Crittenden Street shall be resurfaced with asphalt pavement on the old brick pavement prepared as a foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 26, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$9,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$9,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that December 18th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows.

An ordinance to provide for the recurb-ing and resurfacing of Webster Street from Bloomfield Avenue to Seventh Avenue with asphalt pavement on the existing brick pavement prepared as a foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Webster Street from Bloomfield Avenue to Seventh Avenue shall be recurbed and resurfaced with asphalt pavement on the existing brick pavement prepared as a foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 26, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause such connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement

shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$29,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$29,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that December 18th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Earl Street from the easterly line of Frelinghuysen Avenue easterly about 200 feet to its terminus.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Earl Street from the easterly line of Frelinghuysen Avenue easterly about 200 feet to its terminus, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1279-V, dated May 11th, 1923, shall be vacated as a public street or highway.

Under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that December 11th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its in-

roduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Twelfth Avenue from West Market Street to Newton Street and from Bergen Street to Fairmount Avenue with new oblong granite block pavement on a new six (6) inch concrete foundation; from Newton Street to Bergen Street and from Fairmount Avenue to South 12th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, the street railway track area between South 10th Street and South 12th Street to be repaired or repaved with granite block where necessary.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Twelfth Avenue from West Market Street to Newton Street and from Bergen Street to Fairmount Avenue shall be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation; from Newton Street to Bergen Street and from Fairmount Avenue to South 12th Street to be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and the street railway track area between, South 10th Street and South 12th Street to be repaired or repaved with granite block where necessary, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions

of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 20th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$162,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$162,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be deter-

mined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 18, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Commissioners of Assessments for Local Improvements of the City of Newark made an award of Forty-one thousand five hundred and fifty dollars (\$41,-550.00) to Nathaniel Drake, Nina F. Eesley and Ida M. Eesley, for lands and real estate and rights and interests therein to be taken by The City of Newark for the opening and widening of Poinier Street from Broad Street to Frelinghuysen Avenue, in said City, under and by virtue of the provisions of an ordinance of The Board of Commissioners of the City of Newark, adopted October 16, 1928, by their report duly made in accordance with law, such award being designated therein as Award No. 2; and

WHEREAS, Said award was duly confirmed by the Circuit Court of the County of Essex on September 5, 1929, and this Board is now advised by the Corporation Counsel of The City of Newark that by reason of the uncertainty as to the person or persons entitled thereto, such award should be paid into the Court of Chancery of the State of New Jersey, to be there distributed to the person or persons entitled thereto according to law;

THEREFORE BE IT RESOLVED, That said sum of Forty-one thousand five hundred and fifty dollars (\$41,-550.00) be paid to the order of "Chancellor of New Jersey" and delivered to the Clerk in Chancery, and said sum is hereby appropriated to the Chancellor of New Jersey, accordingly;

BE IT FURTHER RESOLVED, That the Corporation Counsel of the City of Newark be and he is hereby directed and authorized to sign the acting auditor's receipt book and to

endorse the warrant for said award and thereafter to cause the same to be paid to the Clerk in Chancery of New Jersey in accordance with this resolution.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS**, The City of Newark has an interest in certain lands situate in the City of Newark, Essex County, New Jersey, described as follows:

#### **First Tract:**

Beginning at a point in the easterly line of Frelinghuysen Avenue distant therein 170 feet from the intersection of the prolongation of said easterly line of Frelinghuysen Avenue with the prolongation of the southerly side of Poinier Street, said beginning point being also the intersecting point of the said easterly line of Frelinghuysen Avenue with the northerly line of Earl Street; thence (1) in an easterly direction along the said northerly line of Earl Street 100 feet to the lands of N. Drake; thence (2) at right angles to said first course in a southerly direction 60 feet to a point in the southerly line of Earl Street; thence (3) in a westerly direction and along the southerly line of Earl Street 100 feet to a point in the said easterly line of Frelinghuysen Avenue; thence (4) along said easterly side of Frelinghuysen Avenue in a northerly direction 60 feet to the point and place of Beginning.

The above reference to Earl Street is for descriptive purposes only and is not to be construed as a dedication or an attempt to dedicate any portion of said street.

#### **Second Tract:**

Beginning at a point in the division line between lands of N. Drake and United Real Estate Company, said point being distant on a course south 24° 21' west 170 feet from a point in the southerly line of Poinier Street, said point being distant south 65° 39' east from the intersection formed by the prolongation of Poinier Street and the prolongation of

Frelinghuysen Avenue, said beginning point being also in the northerly line of Earl Street; thence (1) in a westerly direction and along the northerly line of Earl Street 100 feet to a point; thence (2) at right angles to said first course in a southerly direction 60 feet to a point in the southerly line of Earl Street; thence (3) in an easterly direction and along the southerly line of Earl Street 100 feet to a point; thence (4) at right angles to said third course in a northerly direction 60 feet to a point in the southerly line of Earl Street and the point and place of beginning.

The above reference to Earl Street is for descriptive purposes only and is not to be construed as a dedication or an attempt to dedicate any portion of said street.

and,

WHEREAS, Said lands are not suitable or needed for public use by said City;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that by virtue of the authority of Article 18, of Chapter 152 of the Laws of 1917 of the State of New Jersey, said interest of the City in said lands be sold, at public sale, to the highest bidder, for cash, after public advertisement given in a newspaper circulating in the municipality, at least once a week for two weeks, prior to such sale; and

BE IT FURTHER RESOLVED, That the Director of the Department of Public Affairs be and he is hereby authorized and directed to offer said lands for sale, to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Under contract between The City of Newark and Essex County Park Commission in the matter of construction of pipe line through Branch Brook Park, it was agreed that after construction of said pipe line the company doing the work should restore the park to the condition which it was before the tearing up of the right of way over paths and lawns; and

WHEREAS, Dispute has arisen between said Commission, the City and the contractor, Pennstock Company, as to the charges for said work; and

WHEREAS, Said Pennstock Company has threatened to institute suit for the collection of such charges from the City; and

WHEREAS, In order to avoid litigation and the expense incident thereto said Pennstock Company has agreed to accept a lower price than that originally asked for in settlement of its claims for the work of restoration aforesaid; and

WHEREAS, In the opinion of the Chief Engineer of the City and in the opinion of this Board the price arrived at is a fair price for such work, and it will be for the best interests of the City to accept such compromise settlement figure;

NOW, THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the Corporation Counsel be and he is hereby authorized to enter into negotiations with said Pennstock Company for a settlement of its claim aforesaid, at the figure of \$3,529.96, such figure, in the opinion of this Board being a fair one for the settlement of the dispute aforesaid without resorting to expensive and lengthy litigation; and the sum of \$3,529.96 is hereby appropriated to said Pennstock Company in settlement and discharge of its claim against the City of Newark arising out of the construction of the pipe line aforesaid, due to restoration of paths and grass plots in Branch Brook Park; said sum to be paid to said company upon the filing by it with the Law Department of proper release and receipt.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the Inspector of the Bureau of Combustibles and Fire Risks, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of David Meyers for an open air automobile parking station at 148-152 Washington Street;

**THEREFORE BE IT RESOLVED**, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be

and the same is hereby approved, and the Inspector of the Bureau of Combustible and Fire Risks, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Congregation Adas Israel and Mishnayes for the construction of a synagogue exceeding the area and height regulations; premises 66-70 Wolcott Terrace;

**THEREFORE BE IT RESOLVED**, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this application?

Commissioner Brennan: I have before me a report from the Building Department — one of the engineers — relative to the proposed erection of a synagogue, which shows a total area of the lot to be occupied as being 80 per cent. of the same. The area permitted is only 60 per cent. It does not look to me as though there are proper fire escapes in the event of any occurrence of fire. I understand there has been quite a controversy between the neighbors in the immediate vicinity

and the owners of the property on which the synagogue is to be built. I am calling this to your attention as submitted to me through the Building Department.

Mayor Congleton: For myself, I want to say that I do not feel free to vary the regulations of our building code and zoning ordinance when it comes to a building to be used for the gathering of large numbers of people, where the factor of safety of the lives of the people enter into it, as it does in this case. I am not prepared to waive the provisions where it involves the safety of human life.

Commissioner Brennan: Is there a drawing of the proposed synagogue?

Mr. Rankin: I have it here.

Mr. Philip Kaplan: Will you wait for Mr. Samuel Roessler, who represents the applicant to get here?

Mayor Congleton: We will, if he gets here before we finish our business.

Mayor Congleton: Mr. Roessler, your matter was up—

Mr. Samuel Roessler, 17 Academy Street: I did not think my presence would be required here this morning because I had appeared before the Zoning Board, and after a very careful consideration of the situation by the Zoning Board, they unanimously granted our permit.

Mayor Congleton: We often disagree with the Zoning Board.

Mr. Roessler: I appreciate that, but I thought I understood the feelings and views of this Board at the time. This matter came up informally before the Zoning Board acted upon our application, in connection with a proposed amendment to the existing ordinance to except public buildings, including churches and so forth, from the operation of the ordinance with reference to the area to be built upon. Now, there was opposition before the Zoning Board, it is true, but I think that opposition has disappeared. The neighbors fully understand the situation; they are resigned; and they are co-operating with us. And I might say to you gentlemen that I am so shocked to learn that there is any question as to the justice of our cause, that I might say to you that since the Zoning Board acted upon our application, we actually took title and we own these

two parcels of land for which we paid a large sum of money.

Mayor Congleton: You knew that the action of the Zoning Board was not final.

Mr. Roessler: I was assured; I was told it is a mere formality and that the City Commissioners very, very rarely disagree with the Zoning Board, especially in a situation like this. I could not conceive of any adverse action being taken, because so far as the erection of a temple is concerned, I understand that no special consent or permission is required; it is only where we exceed the area. And I might say that the excess area is in the rear of this land; it does not affect the adjoining property owners. There is enough land on either side for light and air. The excess is thrown to the rear. And we have gone ahead; and, in fact, our architect, Mr. Grad, is preparing plans, because we had every reason to believe, because I did not anticipate any further objections from the City Commissioners. I have here a photograph of the proposed building. I don't think there can be any question as to the character of the building.

Commissioner Brennan: There is objection, Mr. Roessler, from the Building Department, relative to the area of the property to be used for the erection of the building and the lack of—

Mr. Roessler: Why, they gave their consent, as I understand it.

Commissioner Brennan: The Building Department?

Mr. Roessler: The Building Department did, yes.

Commissioner Brennan: I have before me a report thereon. (Reads report.)

Mr. Roessler: I know, but the Building Department knew of that and the Building Department approved of the waiver of the provisions of the ordinance.

Commissioner Brennan: That does not look very much like approving it, Mr. Roessler.

Mayor Congleton: If they had approved it you wouldn't have had to go to the Board of Adjustment.

Mr. Roessler: Well, we did go to the Board of Adjustment after their approval because we were told a question was raised.

Mayor Congleton: You didn't have to go to the Board of Adjustment if the Building Department approved.

Mr. Roessler: I am making a statement based on fact.

Mayor Congleton: You can not, because you would not go to the Board of Adjustment. If the Building Department approved it they would have issued a permit.

Mr. Roessler: There seems to be a difference of opinion as to whether the Superintendent of Buildings has a right to waive a feature of the code; and there seems to be some doubt; and in order to remove that doubt so we would not be accused of taking unfair advantage, by adjoining property owners, we went before the Zoning Board. But as I understand it, the Superintendent of Buildings did approve of this excess use. There is no doubt about that. I know whereof I speak.

Mayor Congleton: Did he issue a permit?

Mr. Roessler: Yes, and I will produce it.

Commissioner Brennan: I would like to see it.

Mr. Roessler: That is why I am so shocked that I can hardly find words to express my real feelings. I am not pleading for sympathy for myself, but I might say to you that I am placed in a most embarrassing position, because I would not let these men go ahead and take title to the land under the circumstances unless I had every reason to believe that all the obstacles had been overcome. And we did proceed, and I can show you, if my bare statement is not sufficient, that we have actually taken title to this land.

Mayor Congleton: I am not questioning your taking title; I am questioning why you went to the Board of Adjustment if you had a building permit, and why a building permit was issued.

Mr. Roessler: Well, the permit itself was not issued—

Mayor Congleton: I don't know that the Superintendent can—

Mr. Roessler: The permit was not issued but the waiver was given to us in writing, and then the question was raised as to whether the Superintendent of Buildings had a right to waive,

whether it is not up to the Zoning Board; and to remove all doubt, because we did not want to tear down those two buildings and then find we are up against it—

Mayor Congleton: The record here before us shows the Building Department rejected it because it was in conflict with the Zoning Ordinance, and that has to be the procedure before the matter goes to the Board of Adjustment. It is only on an appeal from his decision that you have a standing before the Board of Adjustment.

Mr. Roessler: Well, I might say that after that was all done, then in order to make our title, so to speak, one hundred per cent. clear, the Superintendent then, and then only, rejected our application so we could go before the Zoning Board. I felt that it was the only decent thing to do under the circumstances, because property owners had objected, and we knew of their objections, and we thought we probably would be putting something over on these property owners unless we gave them their opportunity to be heard before the Zoning Board. And that was the reason for appearing before the Zoning Board. And when they granted this permit unanimously we thought that we were in a position to go ahead. I might say that there is enough vacant space on either side—on one side there is ten feet some inches and on the other side five feet and some inches.

Commissioner Brennan: That ten feet only extends back on one side of the building part way.

Mr. Roessler: Quite a distance, though. I am sorry I haven't the architect's sketch here.

Commissioner Brennan: We have it.

Mr. Roessler: Ten feet on one side—

Commissioner Brennan: And three feet on the other and three feet on the rear and five feet on this side.

Mr. Roessler: Five feet, that is right, on one side, and ten feet on the other.

Commissioner Brennan: Ten feet part way. The ten feet does not run all the way.

Mr. Roessler: Now, I will make this request at this time: Give me an opportunity to see the architect and find out just what the situation is.

Mr. Rankin: I think I only figured seventy-seven per cent. and not eighty.

Mr. Roessler: It is only seventy-seven and not eighty.

Commissioner Howe: Aren't there places that you could have purchased in that neighborhood with sufficient ground for that building?

Mr. Roessler: No.

Commissioner Howe: Are you sure?

Mr. Roessler: Yes.

Commissioner Howe: We have been so advised.

Commissioner Murray: You don't maintain a set-back with the other buildings.

Mr. Roessler: There are no street restrictions.

Commissioner Howe: But you are going out beyond the line of the houses.

Mr. Roessler: There is no fixed building line on that street.

Commissioner Howe: But you would not want anybody to do it on you.

Commissioner Brennan: There is under the Zoning Ordinance.

Commissioner Howe: There is a set-back line there. There is a gentlemen's agreement amongst the neighbors that they should set back.

Commissioner Brennan: It is set in the Zoning Ordinance.

Mr. Roessler: I think there is a difference of about four feet; is that right?

Commissioner Howe: One foot is enough for my neighbor to go out beyond my line if I have complied with it, and it is four or five feet there.

Mr. Roessler: I think it is four feet.

Commissioner Howe: We have had complaints about this, lots of them—I have. One of the arguments was there are a number of places in the vicinity that they could have secured sufficient ground.

Mr. Roessler: That is too late. As far as that is concerned, we have already bought, and I think the Board should do everything in its power to assist us under the circumstances. We are not asking you to help us to create a nuisance.

Commissioner Howe: You are asking us to do something absolutely contrary to law.

Mr. Roessler: It is not absolutely contrary to law.

Commissioner Howe: It is contrary to law, and you must know it from that letter.

Mr. Roessler: I know, but this Zoning Board, after all, had certain powers, and they certainly were authorized to hear and decide, and they did.

Mayor Congleton: They have a right to hear and not decide, but recommend to this Board where it is a variation of the ordinance at a point more than 150 feet distant from a zone where such as you are asking for could be done. All we have before us is their recommendation.

Mr. Roessler: May I ask that this matter go over for a week to give me an opportunity—after all, you can appreciate my position.

Mayor Congleton: I will tell you frankly my position, Mr. Roessler, and I have tried constantly to adhere to it. Where it comes to a proposition of varying ordinances that we must presume have been carefully prepared and proper thought been given to the question of the safety of lives, when it applies to a building where large numbers congregate, I seldom, if ever, vote to waive those provisions. I have done it where there has been a corner lot where there has been plenty of access on two sides of the street, but in any building where large numbers congregate I have tried to stand by the provisions that have been enacted upon the recommendation of men who are supposed to be experts in their line of business. So, when the building code, in the first instance, and the zoning ordinance, in the second instance, provides that buildings of this kind in a residential district must occupy only a certain percentage of the lot, I am very reluctant to drag down those—

Mr. Roessler: Except—

Mayor Congleton: Except this: If there happened to be some catastrophe there and we had waived these provisions, perhaps we could not be indicted, but we could be subject to very severe criticism for permitting such things to exist when our ordinance prohibited it.

Mr. Roessler: I can truthfully say that I am surprised to hear the Mayor and the Commissioners express the views which they have expressed this morning, for this reason: This does not come to you de novo, a new matter—

Mayor Congleton: It does as far as I am concerned.

Mr. Roessler: I want to say this, that I did take it upon myself to lay my cards on the table and discuss the whole situation informally with several Commissioners.

Mayor Congleton: What you discussed with me, Mr. Roessler, if you will permit me to interrupt you, was an ordinance which was pending which would have wiped out all of these provisions and would have permitted a church or school or so-called public buildings, to be located in any place in the city without going before the Zoning Board, or anywhere else, and that I objected to. That was as far as it was discussed with me.

Mr. Roessler: Except I understood the Commissioners to say if that ordinance was not pressed, if we did not go further in our attempts to have that new ordinance considered by the Board, that the Commissioners would be in favor in a given case, and I was told that this was such a case where the Board would not be adverse to co-operating with the congregation to the end we may be permitted to build. That was my understanding.

Mayor Congleton: Of course, I don't know who told you that, but what I said was that each case would have to be considered by itself, and that is just what I meant. If a building such as you are proposing for the use were going on a corner lot, I might very willingly go along and vote to exceed the area; but where it is an interior lot which is being built up, I want to say that I consider it a serious matter.

Mr. Roessler: I don't know. All that I can say is that I have never felt so unhappy and so uncomfortable in all my years of practice, because it looks to me now as if I am going to be the goat, because I left these men—after all, this is a mighty small congregation, so to speak; it doesn't compare in number and wealth—

Mayor Congleton: How many people will your building hold?

Mr. Roessler: I can't answer that question. I would be guessing if I did.

Mayor Congleton: Three or four hundred?

Mr. Roessler: Oh, probably more than

three or four hundred. But my understanding is that we have a right to build a temple, to build a church, without any special permit; but it is only where we exceed the area provided in the code—

Mayor Congleton: That is the point.

Mr. Roessler: And that is why we went before the Zoning Board. And when they gave us the stamp of approval we thought we were justified, and we did actually go ahead.

Commissioner Howe: Did you tell them that you were going out beyond the house line?

Mr. Roessler: Absolutely. That was all discussed. The property owners knew that—

Commissioner Howe: I mean the Zoning Board. Did you inform them of that?

Mr. Roessler: Absolutely.

Commissioner Howe: That is one of the worst violations, to my mind, as well as exceeding the area.

Commissioner Murray: That is the only question they had before them, exceeding the area.

Mr. Roessler: That is the only reason we had to go before them.

Mayor Congleton: Didn't the notice that you got from the Zoning Board give you notice as to the action they had taken—say it was not effective until acted upon by this Commission?

Mr. Roessler: Oh, I knew it, certainly.

Commissioner Howe: Then why did you buy land until you knew you were safe here?

Mr. Roessler: I will answer that. Because I was assured, and my general understanding of the situation was, in view of what I had ascertained, plus the unanimous approval of the Zoning Board, that it was a mere formality; that in all cases the City Commissioners never go above the action of the Zoning Board. But I will say to you, in all fairness, looking you square in the eye, every member of this Board, that I had every reason to believe that the members of this Board knew exactly what we were doing. We told the members of this Board what we were doing. We were led to believe that the Zoning Board was expressing the views and sentiments of the City Commission, and we felt that when the

Zoning Board—after all, they are only subordinates—they are your agents—when they said "Go ahead, we vote unanimously in favor of granting this permit," we could not conceive of any objection being raised by the City Commission.

Commissioner Murray: Was that on building a temple in excess of the area provided for in the ordinance?

Mr. Roessler: Building a temple. We gave them plans and an enlarged photograph of the building. They knew everything. They knew the exact area. They knew it was seventy-seven per cent. instead of sixty per cent. Mr. Frank Grad appeared before the Zoning Board and he told them the excess was in the rear and did not in anywise affect the adjoining property on either side. That was all explained to them, and it was also explained to them that we were going beyond the building line.

Commissioner Murray: You are talking about the members of this Commission knowing all about it. I didn't know anything about it.

Commissioner Howe: I didn't know about it.

Mr. Roessler: You knew it was an excess area case.

Commissioner Howe: I didn't. I wouldn't vote for it for my father.

Commissioner Murray: Forty feet high in a thirty-foot zone is the only thing I ever heard about it.

Commissioner Gillen: Can't you acquire additional property?

Mr. Roessler: I don't know.

Commissioner Howe: Can't you reduce the building?

Mr. Roessler: We need the side building that we provide for here. Otherwise there is no sense in going ahead and building. If we can not have this size building we might as well stay where we are. That is what we are planning for.

Commissioner Howe: You won't lose anything on that land because you are too shrewd a man to pay more for that land—

Mr. Roessler: I am not a broker. I am not so sure.

Commissioner Howe: You wouldn't

pay any more for that land than you wanted.

Mr. Roessler: The answer to that is this: When they know that a church wants a piece of property they are shrewd enough to jack up the price and get a few thousand dollars more than the property is worth, and I want to say to you right now in answer to your question, that I wouldn't pay what they paid for the land, and I am not an investor and I am not a speculator.

Commissioner Howe: You don't know any church that ever enhanced the value of property around it.

Mayor Congleton: They enhance sales in property.

Mr. Roessler: Yes, I do. Don't you think property owners are better off to have a church there than a service station or garage, and isn't this an assurance against a service station or garage?

Commissioner Howe: That doesn't answer my question. The question was, do you know of any property with a church upon it that enhanced the real estate value of the surrounding neighborhood?

Mr. Roessler: Well, that is hard to answer. Of course, there is so much to be said pro and con.

Commissioner Howe: If you were on the tax board as long as I was they would tell you. There is no business comes from a church.

Mr. Roessler: You don't expect any business on Wolcott Terrace. You have four-family houses and three-families, and this church certainly is not going to hurt the neighborhood.

Commissioner Gillen: I move it be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a vari-

ation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Sabino Marretta for the construction of a store; premises 81 Garside Street;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Samuel Kurtz for the construction of a 4-car commercial garage; premises 451-453 Fifteenth Avenue;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
John Howe  
Charles P. Gillen

Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of George Campbell for the construction of four additional garages on condition that they set back four feet from the street line, premises 58-60 Fairmount Avenue;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Charles P. Gillen  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**The Board of Adjustment,  
City of Newark.**

November 21, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of

William A. Schilling for a gasoline station in a business district, premises 3-5 Jones Street, southwest corner of Dark Lane.

Plans for this building were denied by the Building Department August 29, 1929. An appeal was filed with the Board of Adjustment September 5, was denied October 3rd because of the objections entered by the Board of Education on behalf of the school on Hayes Street.

On November 7th, Mr. Schilling's request for a rehearing was granted after the Board of Education, through its counsel, Mr. Charles M. Myers, withdrew all objections. The rehearing was ordered for November 21st, at which time Mr. Schilling presented a petition in favor of the application signed by 18 of the 26 property owners affected. Mr. Joseph Zemel, owner of 27-29 Jones Street, spoke in favor of the application. No objectors appeared.

The synagogue at 11 Jones Street was among those favoring the proposition.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and final action postponed to December 11, 1929.

November 21, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Peerles Oil Company for gasoline station in an industrial district, premises 299-305 Central Avenue, northeast corner of Jay Street.

A public hearing on the appeal was ordered for November 6th, at which time the matter was laid over. On November 21 Mr. Joseph Henry appeared as counsel for the applicant. The only objector to appear was Mr. Charles Schaedel, owner of the northwest cor-

ner of Central Avenue and Jay Street, and of the southeast corner of Dickerson and Jay Streets.

The southeast corner of the Armory is approximately 195 feet away. This section of Central Avenue is mainly devoted to the automobile industry. There have been no applications for gasoline stations on Central Avenue within several blocks in either direction. In April of this year an application for a gasoline station directly opposite the Sussex Avenue entrance to the Armory was denied.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and final action postponed to December 11, 1929.

November 21, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Abraham A. Appel for the construction in a business district of eleven individual garages, premises 29-31 Rose Street, northeast corner of Barclay Street.

Plans for these buildings were rejected by the Building Department November 7, 1929, and an appeal filed with the Board of Adjustment November 12.

A public hearing on the appeal was ordered for November 21st, at which time the applicant and his architect, Mr. Simon Cohen, were present. The garages will replace existing frame sheds. Two garages will set back 4 feet from Rose Street, three will face Barclay Street and the same will be equipped with overhead doors and access to the others will be had by means of a driveway from Barclay Street. No objectors appeared.

There is no church, school or similar institution within 200 feet.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structures be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner and final action postponed to December 11, 1929.

November 21, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Louis W. Kenngott, Jr., for the construction in a business district of a public garage to be used for the adjustment of automobile brakes, premises 478-482 South Orange Avenue.

Plans for this building were rejected by the Building Department October 19, 1929, and an appeal filed with the Board of Adjustment November 6th.

A public hearing on the appeal was ordered for November 21st, at which time the applicant was present. The estate of Mary Powers, owner of 468-470 and 476 South Orange Avenue, was represented at the hearing but entered no protest.

The application was granted by unanimous vote on condition that no gasoline be sold on the premises, no cars kept for storage and no repairs made other than the adjustment of brakes.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner, and final action postponed to December 11, 1929.

The Board of Adjustment,  
City of Newark, N. J.

November 21, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the application of Joseph H. Mayzel for the construction of a three-story apartment house; premises 361-365 Sandford Avenue.

Plans for this building were originally approved by the Board of Adjustment July 7, 1927. The building permit subsequently expired. A new application was made to the Board of Adjustment, and a second approval given September 6, 1928. The Board of Commissioners concurred in the action of the Board of Adjustment by resolution dated September 18, 1928.

The second permit also expired (on October 2, 1929) and the application came again before the Board of Adjustment on the refusal of the Building Department to renew the permit.

A public hearing on the appeal was ordered for November 21st, 1929, at which time Mr. Benjamin Hurwitz appeared for the applicant. No objectors were present.

The new Zoning Ordinance as introduced would permit the construction of this building without a public hearing.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Received, copy to be sent to each Commissioner, and final action postponed to December 11, 1929.

International Combustion Tar  
& Chemical Corp.,  
200 Madison Avenue,  
New York, N. Y.

November 20, 1929.

Board of Commissioners,  
Newark, New Jersey.

Gentlemen:

Reference is made to Ordinance No. 1323-S, entitled "An ordinance granting permission to International Com-

bustion Tar & Chemical Corporation to construct, operate and maintain a single track siding on grade in Avenue P," adopted at a meeting of your Board held on October 23, 1929.

This letter will evidence the fact that the undersigned International Combustion Tar & Chemical Corporation accepts the provisions of said ordinance as required by Section 5 thereof.

Very truly yours,

International Combustion Tar  
and Chemical Corporation,

By Walter Runge,  
President.

Ordered filed.

**Beckwith-Chandler Company,  
Newark, N. J.**

November 12, 1929,

Board of Commissioners of  
The City of Newark,  
City Hall, Newark, N. J.

Gentlemen:

We hereby accept the provisions of the ordinance entitled "An ordinance granting permission to Beckwith-Chandler Company to construct, operate and maintain a single track siding at grade crossing Delancey Street," as passed by the Board of Commissioners of the City of Newark, as per certified copy submitted to us.

Very truly yours,

Beckwith-Chandler Company,

Clarence W. Slocum,  
President.

Ordered filed.

**State of New Jersey.  
Passaic Valley Sewerage  
Commissioners,  
Newark, N. J.**

November 20, 1929.

Hon. Mayor and  
Board of Commissioners  
of The City of Newark,  
City Hall, Newark, N. J.

Gentlemen:

You are hereby requisitioned to pay the sum of \$248,718.80 plus interest at the rate of six per cent. per annum if

not paid before December 8th, 1929. This money represents the share of your municipality of the monies which the Passaic Valley Sewerage Commissioners must pay in settlement of the case of Lloyd Makepeace, Trustee in Bankruptcy of Charles A. Haskin against Passaic Valley Sewerage Commissioners.

The enclosed blueprint shows the amount which each municipality is called upon to pay, based upon percentage of construction cost under the terms of contracts between the Commissioners and the municipalities, together with the daily rate of interest which should be added to your check if payment is not made before the 8th of December.

I also enclose a copy of a letter from Counsel for the Commission, explaining the case and why the settlement is made. The Commission at its meeting today, approved the action and resolved to settle the case by payment of \$443,500.

Yours very truly,

J. H. Quigg,  
Secretary.

Referred to Director of Revenue and Finance.

**Western Union,  
Newark, N. J.**

November 20, 1929.

Jerome P. Congleton,  
City Hall,  
Newark N. J.

We earnestly protest against any change in taxi ordinance that will deprive citizens of Newark the present fifty-cent rate.

Kiwanis Club of Newark.

Ordered filed.

**New York,**

November 18, 1929.

City Commissioners,  
City Hall,  
Newark, N. J.

Gentlemen:

As a resident of Newark (100 Goodwin Avenue) I would like to protest

to your Commission abolishing the 50c taxi rate prevalent here.

We have enjoyed something in this community under the 50c rate that has given Newark widespread advertising and independent owners as well as associations of taxis have found it profitable to operate under this rate.

Should you abolish the 50c rate the community will suffer, and it is only natural that the supposition would be that someone is to be favored and the community disregarded.

We urge you give us a thought.

Very truly yours

Martin Jacobson.

Ordered filed.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. Saul J. Zucker, 810 Broad Street: I am appearing for myself and Mr. Steiner to make an application for a rehearing on the granting of a permit to erect a drive-in station at 71-79 Elizabeth Avenue. I do not at this time—and I do not think it is proper—to refer to the merits of the proposition. But at the time that the matter came up before the Commission, neither myself, Mr. Steiner, nor Mr. Newman, who was to represent us, were present. Mr. Newman actually had a court engagement and he was in Chancery on that day. It was the day after election day and Chancery matters were heard on Wednesday instead of Tuesday. For that reason I wish to make the application at this time for the rehearing. When I appeared in conference before the Commission, the point was made that the original applicant had been declared a bankrupt, and therefore that he had no standing before this Commission. For that reason I have, since that matter came up in conference, obtained an order by the Referee in Bankruptcy directing the assignment of the applicant's interest in the application to Mr. Steiner and myself, and at this time, with the Commission's consent, I would like to have a date set when the matter could be brought when we at least could be heard and our side of the question presented. I have the order, if the Mayor or the Commissioners wish to see it.

Mayor Congleton: I suggest that we

put it down for two weeks from today and that you give the property owners the same notice that they are entitled to have under the rules of the Adjustment Board, because there were property owners here objecting to it. I think they are entitled to a new notice.

Commissioner Murray: Hasn't the original applicant stepped out of this picture entirely?

Mr. Zucker: Yes, he has.

Commissioner Murray: What effect can an order of his trustee in bankruptcy have on this Commission?

Mr. Zucker: Well, the Mayor had made the point that the receiver in bankruptcy might have had some interest in the application, and we, as landlords, now having stepped in and taken possession of the property, have deemed it advisable to obtain an order directing the transfer of whatever interest the original applicant may have had, to us. The application, I think, now is in the name of the landlords, Mr. Steiner and myself, and to perfect any apparent defect that there might have been, we went to the trouble of procuring the order from the referee in bankruptcy.

Commissioner Murray: Who was the original owner?

Mr. Zucker: We have been the owners of the real estate.

Mr. Steiner: There is an application which the tenant made—the prospective tenant of the premises, with our consent and with our approval onto the application, and we now have the assignment of the referee of the interest of Sternbach in the application so we may stand as the applicants and have a hearing on the matter.

Mayor Congleton: I don't see any harm in letting it come up and letting it be threshed out on its merits, on condition that notice be given to the property owners as you had to do before the Board of Adjustment.

Commissioner Gillen: I move you to that effect and that the matter be laid over to December 11, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Is there any other

matter to come to the attention of the Commission?

Mr. William E. Sandmeyer, Kinney Building: I represent John Ludwig, who had an application for a gasoline station on the southwest corner of Crescent and Chancellor Avenues—293 Chancellor Avenue—

Mayor Congleton: Southeast or southwest?

Mr. Sandmeyer: Southwest—before this Commission late in June, and the application was refused by the City Commission. Mr. Ludwig made originally an application on that site and the Board of Adjustment refused to entertain his petition because they felt that Chancellor Avenue was not a proper street for gasoline stations. Six months after that he made a second application and was again refused. And then shortly after the refusal of his second application another person made an application for the southeast corner of Crescent and Chancellor Avenues, and that application was granted although Mr. Ludwig appeared and told the Board of Adjustment that he thought he ought to have the opportunity for making the first application if any gasoline station permit was going to be granted. It was intimated to him if he made application a permit would be granted to him. He did make application, and in April the Board of Adjustment granted his petition. And, of course, it was referred to the City Commission. The Board of Adjustment granted the petition on condition that he should remove the building then on the lot, rather than tear it down. He went to the expense of moving that building before the City Commission acted, and then the City Commission refused him a permit. Mr. Ludwig would like to have the City Commission reconsider its action on that application and give him an opportunity to bring before the Commission the specific equities in the case in his favor, and give him a chance to present his case.

Mayor Congleton: He made his application for the southwest corner and it was denied?

Mr. Sandmeyer: Yes.

Mayor Congleton: And then an application was made for the southeast corner and that was granted?

Mr. Sandmeyer: Yes. He appeared at that time—

Mayor Congleton: Was any reason given as to the difference in location?

Mr. Sandmeyer: Oh, no. The Board of Adjustment did say that the southeast corner was a property that needed improvement. It was low and they thought it was a good corner on which to put a gasoline station. It was intimated to Mr. Ludwig at that time if he would make an application at that time they would consider it, and they did consider it and finally granted his application. And they told him he would have to move the house, which he did, before the City Commission acted.

Commissioner Murray: It would be a good thing to get all those proceedings and have a conference next Tuesday.

Mayor Congleton: I would ask Mr. Rankin to get up a record of the various applications made for the southeast corner and the southwest corner and give us the history of them and we will take it up in conference next Tuesday.

(Referred to conference, December 3, 1929.)

Mayor Congleton: Is there any other matter to come to the attention of the Commission?

Mr. Henry Hebler: Mr. Mayor, I am here representing the Essex Trades Council, and in the name of the council and organized labor throughout the city and the county, I would like to say that the labor movement of Essex County and the City of Newark enter a very strong protest against the fare increase of the Public Service Corporation on buses and trolley cars, and we ask you to use all your influence and power to prevent this increase in fares. Thank you.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commission?

Mr. Herman W. Brams, 951 Broad Street: Gentlemen of the Board, the Broadway Association at a meeting last night instructed me to appear before this Commission and urge it to go on record as disapproving the experiment that is being asked by the Public Service Coordinated Transport. It was the unanimous opinion of all those who

were present that the experiment is unwarranted by reason of the service now given. They feel it is an undue hardship to be placed upon thousands of people, to compel them to buy a dollar's worth of tokens and pay in advance for any rides that they may make. They also feel that there would be a great many people, who by reason of hurry, or otherwise, might very often forget to bring any tokens that they might have bought, or a great many people may not have the dollar with which to invest to buy these tokens. Especially do they feel that the service as now given, the limited area that is covered by the majority of the trolleys and buses, does not warrant any increase.

Commissioner Gillen: You wouldn't consider that a noble experiment, would you?

Mr. Brams: No. The "noble" part especially.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commission this morning?

Commissoiner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

### December, 1929

---

Newark, N. J., December 4, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of November 27th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street, from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until December 18th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Before we overlook it, let us consider that three weeks

from today is Christmas and four weeks from today is New Years Day. Shall we have the meetings in those weeks on the day before the usual day or the day after?

Commissioner Brennan moved that the meetings be held on Tuesday, December 24th and Tuesday, December 31st.

Mayor Congleton: The motion is that the regular meetings of those weeks be held on Tuesday instead of Wednesday at the same hour. That would make the dates December 24th and 31st, respectively, instead of December 25th and January 1st, respectively.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer from a point approximately 1,800 feet north of Mc-

Clellan Street in State Highway No. 25, northwesterly about 1,900 feet to connect with the existing sewers on the east side of the Pennsylvania Railroad approximately 450 feet south of Van Dwyne Street and making an additional appropriation therefor.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a pipe sewer shall be constructed from a point approximately 1,800 feet north of McClellan Street in State Highway No. 25, northwesterly about 1,900 feet to connect with the existing sewers on the east side of the Pennsylvania Railroad approximately 450 feet south of Van Dwyne Street; 300 feet to be sixty (60) inch pipe; 300 feet to be ninety (90) inch pipe and the balance ninety-six (96) inch pipe, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated September 6th, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof shall be paid by the City of Newark.

Section 3. That in addition to the sum of \$70,000.00 heretofore appropriated for said work, there is hereby appropriated an additional sum of \$30,000.00, said amount being necessary to complete said work. For the purpose of meeting said additional appropriation temporary bonds or notes shall be issued from time to time in an amount not to exceed \$30,000.00 in addition to said \$70,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per

centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 24th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the resurfacing and repaving of South 12th Street from Clinton Avenue to Avon Avenue with asphalt pavement on the existing brick or new concrete foundation as a base and making an additional appropriation therefor.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That South 12th Street from Clinton Avenue to Avon Avenue shall be resurfaced or repaved with asphalt pavement on the existing brick or new concrete foundation as a base, with the necessary new curbing or resetting of curb, together with

all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles date June 18, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That in addition to the sum of \$23,100.00 heretofore appropriated for said work there is hereby appropriated an additional sum of \$6,000.00, said amount being necessary to complete said work. For the purpose of meeting said additional appropriation, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$6,000.00 in

addition to said \$23,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that December 24th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, That the sum of Twenty-eight thousand seventeen dollars and sixty-eight cents (\$28,017.68) be and the same is hereby appropriated to the City Treasurer, as per annexed certified list, being the semi-monthly payrolls of the Department of Revenue and Finance from November 16th to 30th, 1929:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, That in pursuance of the provisions of Chapter 192 of the Laws of 1917, and the amendments thereto and supplements thereof, the Director of Revenue and Finance be and he is hereby authorized to issue Tax Revenue Bonds in a sum not to exceed Five Million Dollars (\$5,000,000.00) in anticipation of collection of Taxes 1929;

FURTHER RESOLVED, That each of the Tax Revenue Bonds authorized by this resolution amounting to Five Million Dollars (\$5,000,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized to execute in the name of the City the bonds authorized by this res-

olution, subject to the provisions of Chapter 192 of the Laws of 1917;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized to sell said Tax Revenue Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That in pursuance of the provisions of an act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two hundred and eighteen thousand dollars (\$218,000.00) for the purpose of temporarily financing payments on account of contract for construction of the Passaic Valley Sewer and is an improvement for which the City is authorized to issue bonds by the aforesaid act;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two hundred and eighteen thousand dollars (\$218,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and may be executed in such manner as the Director of Revenue and Finance may determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in

the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Brennan

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

To The Board of Commissioners of the City of Newark, N. J.

Dear Sirs:

I respectfully submit the statements annexed (by items) of the amount in gross as shown by the records in this office of the several grading, curbing, flagging and pavings, Chapter 152, Laws 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. Brady,  
Acting Auditor of Accounts.

Esther Street grading, curbing, flagging and paving—  
Lister Avenue to Euclid Avenue .....\$29,998.33

RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction and provision of the statutes in such case made and provided.

John Howe  
Jerome T. Congleton  
W. J. Brennan

Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolution:

RESOLVED, That  
Edward J. Carlin,  
Raymond V. Hackett,  
Theodore F. Sheppard and  
John J. Collins,

who have been certified as eligible by the Civil Service Commission, be and they are hereby appointed to the position of Junior Operator (Fire Alarm Telegraph System) in the Fire Division, Department of Public Safety, at the salary of \$1,500.00 per annum, payable semi-monthly as other salaries are paid, effective December 16, 1929.

W. J. Brennan  
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, In the opinion of the Director of the Department of Public Affairs it is necessary to acquire the hereinafter described lands in the City of Newark, in connection with the development of the Port of Newark, to wit: Being a tract of seven and one-half acres of land, more or less, bounded on the north by a small creek called the Worm; east by lands of Josiah Beach; south by a small creek; west by land of Caleb Crane.

Excepting from the above described land that portion included in the right of way of Central Railroad of New Jersey one hundred feet wide and two tracts of seventy-seven one-hundredths acres and twenty-eight one-hundredths acres respectively owned by the Central Railroad of New Jersey.

Also being known as lots 2 and 3, in block 1532; lot 1 in block 1533; lot

2 in block 1534; lot 2 in block 1560; and lot 4 in block 1561 on the Assessment block maps of the City of Newark;

AND WHEREAS, The Director of the Department of Public Affairs is unable to agree with Josiah H. Fitch, Kate S. Miller, Wheeler Point Land Company, Dayhill Corporation, et als., the owners thereof as to the price to be paid to them for said lands;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the Corporation Counsel of the City of Newark be and he hereby is directed to institute condemnation proceedings to acquire the said lands for the purposes aforesaid.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan: I move you, Mr. Mayor, that the vote by which the recommendation of the Board of Adjustment in approving the application of John J. Ludwig for a gasoline station at 294 Chancellor Avenue was rejected be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of John J. Ludwig for a gasoline station at 294 Chancellor Avenue;

THEREFORE BE IT RESOLVED,

By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard? This resolution is to concur in the recommendation of the Board of Adjustment as modified.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

November 29, 1929.

To the Commissioners of  
The City of Newark:

I wish to protest against the raising of taxes in the City of Newark in these hard times as we do not receive as much rent as we formerly did.

As maintenance of same, such as repairs, painting, etc., is much higher than it formerly was, and if we do not make our rents lower our houses will be vacant entirely, as there have been too many houses and apartments built in the City already.

Respectfully yours,

David Weiss,  
104 Lyons Avenue,  
Newark, N. J.

Referred to budget conference.

Municipal Accounts

Referred to Commissioner Howe.

City of Passaic, N. J.  
Office of City Clerk.

November 27, 1929.

Mr. William J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

Enclosed please find certified copy  
of a resolution adopted by the Board  
of Commissioners at a regular meet-  
ing held Tuesday, November 26th,  
1929.

Very truly yours,

A. D. Bolton,  
City Clerk.

Passaic, New Jersey  
November 26, 1929

BE IT RESOLVED, By the Board  
of Commissioners of the City of Pas-  
saic that it does hereby express the  
desire of said City of Passaic to join  
in the sale of the unused allotment in  
the waters of the Wanaque Develop-  
ment to supply the City of Bayonne  
in accordance with a contract entered  
into between the North Jersey District  
Water Supply Commission, the City  
of Bayonne and the Town of Kearny,  
dated October 29, 1929, and it does  
hereby acquiesce in a certain contract  
between North Jersey District Water  
Supply Commission and T. A. Gillespie  
Company, in accordance with the  
terms and conditions of the resolu-  
tions adopted by the City of Newark  
and the Town of Kearny, authorizing  
and directing the North Jersey District  
Water Supply Commission to enter  
into a contract with the City of Bay-  
onne and the Town of Kearny for a  
daily supply of water to the City of  
Bayonne from the Wanaque Develop-  
ment, and the resolutions of said cities  
authorizing and directing said North  
Jersey District Water Supply Commis-  
sion to enter into a contract with said  
T. A. Gillespie Company for the more

speedy completion of the Wanaque  
aqueduct.

John J. Roegner,  
John R. Johnson,  
John H. McGuire,  
Anton L. Pettersen,  
Benj. F. Turner,  
Commissioners.

I hereby certify that the foregoing  
is a true and correct copy of a resolu-  
tion adopted at a regular meeting of  
the Board of Commissioners held  
Tuesday, November 26th, 1929.

A. D. Bolton,  
City Clerk.

Jno. F. Murray, Jr.  
Charles P. Gillen  
Jerome T. Congleton  
W. J. Brennan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any person desire to be heard?

Mr. Charles Schaedel, East Orange: I have been requested by the Adjustment Commission to appear before the Board regarding the gasoline station at Central Avenue and Jay Street. I haven't heard it brought up today.

Mayor Congleton: That was submitted to us last week. Under our rules it lies over for two weeks. It would not be on our calendar for today.

Mr. Schaedel: It is not on the calendar?

Mayor Congleton: No, next week.

Mr. Schaedel: Next Tuesday?

Mayor Congleton: Next Wednesday.

Does any other person have any other matter to bring to the attention of the Commission?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE,  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., December 11, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of December 4th were read and approved.

The City Clerk presented An ordinance entitled "Zoning Ordinance of the City of Newark," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. William L. Morgan, representing Newark Automobile Trade Association: Gentlemen of the Commission, I will take up about two minutes of your time. I want to call your attention to the provision of the Zoning Ordinance as proposed relating to public garages. Public garages, by the proposed ordinance, are excluded from all the residential zones and from the first business zone and from the second business zone. We have no objection to the classification excluding public garages from the zones which have been mentioned and which are printed in the ordinance, but we do object to the definition of "a public garage" that is used. When this ordinance was first proposed, or at least in the first copy that I saw of it, the term "public garage" shall be construed to mean any building or premises in which a business, service, or industry connected with motor vehicles is conducted or rendered, and shall include all premises used for motor vehicles, either housed or unhoused, excepting automobile salesrooms conducted exclusively as such."

The ordinance I have just read is entirely satisfactory, but now the ordinance has been changed in this printed form to read "excepting automobile salesrooms conducted exclusively for the exhibition of not more than 20 vehicles." The basis of our objection is this: A substantial and

progressive sales agency must have more than 20 cars, and do have, in general practice. The great majority of the sales agencies are now in leased premises. When those leases expire they must get new locations. If they must get new locations, they are excluded by the ordinance as it now reads from, say, the D., L. & W. station to Lincoln Park on Broad Street, Halsey Street, Washington Street, all the intermediate streets—that is, all the cross streets—from a large section of Plane Street, from all of Clinton Avenue as far up and including High Street; then, again, jumping up to First Street, I believe, or Bergen Street up to the City Line.

Those are the accepted territories where any new dealer would want to locate an automobile salesroom, and we don't think that an arbitrary limitation as to the exhibition of not more than 20 cars or 20 vehicles is the proper limitation. We think the limitation ought to be as to the character of the business conducted on the premises. It must be conducted as it says here — "excepting automobile salesrooms conducted exclusively as such." If the ordinance should pass in its present form, it would absolutely exclude salesrooms for progressive agencies. I don't mean for a little bit of a salesroom; I mean for a large and progressive sales agency. It would exclude them from everything except the first industrial and the second industrial zone. That does not seem to be, at least to my mind, to the best interests of the public and certainly not for the best interests of the automobile sales agencies. That is the suggestion which I have as to the change of this ordinance.

Mayor Congleton: Thank you, Mr. Morgan. It will be given consideration.

Mr. Fred G. Stickel, Jr. I am here today representing myself, to object to the inclusion, as I understand it, of the easterly side of Mt. Prospect Avenue between Berkeley Avenue and Elwood Avenue in the apartment zone. It seems to me, with all due deference to the Commission, that it is rather a reversal in the attitude toward this apartment question. I recall very distinctly, when the southern end of the City was confronted with the same problem, when His Honor the Mayor was Corporation Counsel and the pres-

ent Senator, Senator Wolber, was Assistant Corporation Counsel, that quite a different attitude was taken before the zoning was amended. The City furnished us with the facilities of all its departments to demonstrate that the apartments should not be allowed in that section. The police officials came and testified that the apartment houses were more difficult to police and that they weren't an asset to the community. The Fire Department stated that they were a fire hazard. The Water and Sewer Departments said that the facilities in the southern end of the City were not sufficient to take care of the demand. The Education Department indicated that the school facilities that would have to be constructed were out of proportion to the finances available to the City. The Court, however, took a narrow and a legalistic view of the situation and decided that apartments could be erected. They have been erected, and if the assessments—that is, the tax assessments—bear any relation to the values in the southern end of the City, I should think that they would have to be very seriously reduced this year, due to a reduction in the values in the southern end of the City.

One of the defects of it has been that the residence value of the community was depreciated, and people don't want to pay, from a residence standpoint. They don't want to build on vacant lots if there are apartment houses there. They do not want to spend the money on fine residences.

Now, I think the same situation will result in the northern end of the City. As the City was cooperative in endeavoring to keep out apartments in the southern end of the City, I think the City should be cooperative in the northern end. The easterly side of Mt. Prospect Avenue in that section, I think, is not yet ripe for apartments. I think it is forcing the issue. I think that the only persons who will profit will be those of a speculative turn of mind, in building apartments there. Certainly the people on the westerly side of the street will be seriously damaged. I think that whole residential section in which three of you Commissioners live, will be affected. I don't think that apartments can live alongside of fine residences. One has

got to give way to the other, and the residence necessarily gives way in depreciated value.

My own idea is that the Commission should adopt a constructive view toward this apartment situation and not include this section as yet in the apartment zone. The time will come when it must be included, I realize, but I do not think the time is ripe yet.

Mayor Congleton: How many apartments are there on the east side?

Mr. Stickel: Two 100 feet back, one 150 feet back and one out in the street line. I think all the rest are 100 feet back. There are seven apartment houses now. I do not think the proposed change is in the interest of the beauty of the city. It is certainly not in the interest of maintaining a high class residential community. I understand that this community was set in the high class community class so that Newark might have at least one, but you are minimizing and entirely destroying all that by making the gateway to that section an apartment section or zone, and you can not help but depreciate the value of that remaining section. I think you know as well as I do that people who paid fifty to seventy to a hundred thousand dollars for their houses will not live opposite apartment houses.

Mayor Congleton: Do I understand that if the people on the west side were required to set back a hundred feet, you wouldn't object?

Mr. Stickel: I personally wouldn't object.

Mayor Congleton: Let me ask you, Mr. Rankin, what the set-back is in that apartment zone up there.

Mr. Rankin: In all of the apartment zones the set-back is regulated by existing buildings. The set-back would be the same as the average set-back existing.

Mayor Congleton: The average would not be a hundred feet, would it?

Mr. Stickel: I don't want to be unconstructive; I want to approach the matter fairly. I realize that the time will come when that section must be in the apartment zone, but I did hope that we could live in it for five years, at least, before that time came. I lived in the southern end of the city and

came up to the northern end of the city because of that apartment situation. I did hope that I could live up there for five or six years. I have lived there for three years, and now that same situation confronts us there. I like to live in Newark, if I can, and I think many of us do. If you must force the issue and put apartments in at this stage, it does seem to me that in fairness to those who live on the west side of the street that you should include both or neither. I don't think you should put either in that zone, but I do think it is not good judgment to line the easterly side with apartments until the people on the westerly side have it.

I realize that the Mayor does not want to have apartment houses on one side of the street and not on the other. If you are going to have houses on one side of the street, you should have them on the whole street, on both sides of it.

Mayor Congleton: That is the way I am going to vote on it. I am going to vote on the block system.

Mr. Stickel: Very well, but include the whole block in it. Don't include the easterly side of the street alone. I understand that Mr. Hood made application to include the westerly side of Mt. Prospect Avenue in the apartment zone south of Abington Avenue. I haven't had a chance to look at the map to see whether that was granted or not.

Mayor Congleton: It is not. Not alone Mr. Hood, Judge Stickel, but every property owner on that block with one exception.

Mr. Stickel: Therefore, I think, if that is to be done in that section, it ought to be done in the whole section. If you are going to do a thing at all, but in the interest of that particular section—the higher class section of Berkeley Avenue to Ellwood Avenue running back to the park—I don't think you should do it.

I think you should keep it as it actually is, because it is the only high class remaining section in the City of Newark. I think that you should not line that gateway into that section with apartment houses at this time. There is no crying demand for it at this time. It does seem to me that instead of infecting with depreciation

that entire hinterland by putting these apartments on the east side, you might well wait and defer this until you can see how this zoning law works out in the rest of the city, and if at some later time, because of demand and pressure, do it, but not now. If you must destroy the one remaining residential section of the city, destroy it properly, and put in the whole block on both sides, but I earnestly beseech you to let Newark have one unaffected high class residential property in which we can live in peace and content.

The following petition was received and read:

The Board of Commissioners,  
City of Newark, New Jersey.

Honorable Sirs:

We, the undersigned, property owners of the City of Newark, do hereby protest the adoption of the proposed Zoning Ordinance as printed in the Newark Evening News on Tuesday, December 3, 1929, for the following reasons:

Our properties as at present zoned are in an industrial zone. The proposed ordinance places them in a Residence Zone.

We have used our properties for years for purposes that are prohibited in a Residence Zone. In most cases we were led to purchase the property because it was in an Industrial Zone and to now prohibit such use would be equivalent to confiscation.

We, therefore, petition your Honorable Body to allow our properties to remain in their present zone, namely industrial.

(Signed by eight property  
owners on Third Street.)

Ordered referred to Commissioners' conference.

Mr. Charles L. Doe, Glen Ridge, N. J. I represent the Doe-Wathey Company, who are the owners of the southeast corner of Fourth Street and Abington Avenue. That is the section just to the west of Branch Brook Park. I have a petition signed by eight other property owners in that location and in that vicinity. Before we purchased our property we studied your present

zoning map. Being desirous of obtaining property in the industrial zone, we purchased this corner, which is at present in the industrial zone. The property we are using is a contractor's yard. The new ordinance would put this in the residential zone, which would prohibit us from using our property for the purposes for which we purchased it and for the use which we meant at that time that we could use it. We are right across the street from a large bakery, the Dugan Brothers. There are factories all around us. Dugan Brothers are signers of this petition, and also the Snow Flake Laundry, Essex Ideal Laundry, Klein-Leslie Box Company and several other concerns down there besides ourselves. We feel that to pass the ordinance at this time would be the equivalent of confiscating our property, because we are there and we have spent considerable money. The other people have also spent a great deal of money in developing the property along the lines which your present zoning ordinance said it could be used for.

I am presenting this petition in protest, and I hope your body will take cognizance of the use to which the property is now being put, which is according to the present map. It seems to us that we should not be deprived of that use.

Mr. C. S. Smith, Winthrop Street: Mr. Mayor, I represent the Radio Utilities Corporation, which now has an established non-conforming use structure of Winthrop Street on the north side of that thoroughfare from Summer Avenue west to Lincoln Avenue. The property consists of premises 150 feet frontage by 100 feet in depth, wherein there are two factories, structures about 160 feet unoccupied on the eastern portion.

Mayor Congleton: You say your business is there now?

Mr. Smith: Yes, your Honor.

Mayor Congleton: If it were put in the zone as proposed in the ordinance you could not build there?

Mr. Smith: No.

Mayor Congleton: You want to expand your business, perhaps, on land adjacent?

Mr. Smith: Yes.

Mayor Congleton: You have the right to do it under section 12, page 13.

(Mayor Congleton then read the indicated section.)

Mr. Smith: But the conclusion of that section qualifies it, as we understand it, and it might limit our use of the remaining unoccupied portion of the premises. That is the reason why we ask this Board to consider our application to modify the zone so as to include the north side of Winthrop Street in the industrial zone. The surrounding premises are not such as would be seriously depreciated in value by such a modification. In fact, many of the residences are occupied by our employees. To officially limit the use of the premises by virtue of your limiting clause might be highly detrimental to the rest of our property, so we make the formal application at this time, your Honor, that you consider a modification of the zone to the extent of including one side of Winthrop Street in the industrial zone.

One more point that I want to make is that these premises abut on the railroad yard of the Greenwood Lake Branch of the Erie Railroad, so that residential property will not be seriously affected or detrimentally so by making this change.

The following communication was received and read:

**Newark Society of Architects,  
184 Market Street,  
Newark, N. J.**

December 10, 1929.

Hon. Jerome T. Congleton,  
City Hall, Newark, N. J.

Dear Sir:

Enclosed you will find a copy of the recommendations from the Newark Society of Architects to the new Zoning Ordinance which comes up for final hearing tomorrow.

We will be present at this hearing to present these recommendations to your Commission.

Respectfully yours,

Rudolph Krueger,  
President.

Ordered referred to Commissioners' conference.

Mr. Rudolph Krueger, 60 Branford Place: Gentlemen, I represent the Newark Society of Architects, who have gone over this Zoning Ordinance as it is proposed. We have suggested and recommended certain changes.

Mayor Congleton: Are those the changes specified in the communication received this morning?

Mr. Krueger: Yes, they are.

Mayor Congleton: We will have that available before us.

Mr. Krueger: Do you want us to go through it?

Mayor Congleton: I don't think it is necessary. We don't propose to pass this ordinance this morning. All of the criticisms such as this that are made will be taken in conference by the Commissioners. You can speak your piece if you want to, but we probably will depend upon the written memorandum rather than our memories, when we come to discuss.

Mr. Krueger: There is no use discussing it, because there are quite a lot of items. I think you will all have copies of our communication.

Mayor Congleton: We all have copies. It is on the basis of your written memorandum that we will consider it when we go in conference.

Mr. John L. Becker, Becker Construction Company, 361 Grove Street: Gentlemen, I am asking you to change the zone on the southerly side of Ferdinand Street, which is a small street on a block long running from Grove Street to 21st Street in the old Vailsburg Section. At the present time it is in the industrial zone. The new map calls for it to be in the second residence zone. That property up there is peculiar. It is a dead end of the city, where we have all the cemeteries—Fairmount, Holy Sepulchre and a number of Jewish cemeteries—with the attending monument works and greenhouses and all that sort of thing. There is a large plant in the neighborhood, wagon shops, a baby carriage factory, and contractors' yards. We bought this property four years ago because it was zoned in the industrial section. Now we find that we are in a residential section and that we can

not use it for the purposes for which we thought it could be used. At the time we bought it there were certain restrictions on the property which we went to the trouble of having removed, through the action of the Chancery Court last year. Vice Chancellor Church rendered a decision which put this property in the industrial zone. He removed all residential restrictions from it. We don't believe we are hurting the neighborhood any by asking you to keep this property in its present class. While it is true that there are a number of residents there, they are of such a character that industry would not hurt them. In fact, it would benefit them by having the homes in close proximity to the worker, for which we are asking you to leave this street in the same classification that it now is.

Mr. Edward A. Schilling, Prudential Building: Gentlemen: I represent the Tuxedo Protective Association. You will probably recall that I have appeared before you several times on the question of the zoning of the annexed district of Newark, the part that was taken over from Maplewood, representing the Tuxedo Protective Association. We have no complaint whatsoever with the ordinance as now set forth so far as this is concerned. Ordinarily we have appeared before the Zoning Board only to protect what we had originally obtained from the Commission, mainly, that that section out there should be put in the one-family zone. We have no objection to it except for one thing, and that is that we think that a certain error has been made here, or, rather, that a certain change in the zoning ordinance as to two particular lots would be more beneficial not only to us but to the people in the locality generally. That pertains to the two corners of Varsity Road and Florence Avenue. That section has been zoned for four-family houses and for one-family generally that section adjoining Tuxedo Park. However, the Zoning Ordinance provides that the two southerly corners—the southeast and the southwest corners of Varsity Road and Florence Avenue—should be zoned for business.

I agreed that somewhere in that section there should be some facilities for stores of some kind, because the

people in the locality need them. Everybody, of course, wants stores somewhere else, and we wouldn't come in here and say, "Well, we don't want you to put them next to us. Put that with someone else," except for one thing, and that is that these two lots which you say would be for business—the first objection is that these two lots are inadequate for stores. You have only got two corners in the whole section where you are going to permit stores. All the way down to the end of the City line toward Irvington and down to South Orange there are no other places where you will permit a store except at these two corners. We feel that that will necessarily result in future encroachment on properties that have been reserved for residence purposes. In other words, someone coming in will say that you have got stores there and that you need more stores. In other words, it will put the people to the trouble, at least, of protesting what is now provided for in the ordinance. The next thing is that you have put the stores across the street from what is known as a one-family section.

(Mr. Schilling pointed out some locations on a map to the Commissioners.)

The next thing is that you have them right alongside of the one-family houses. The third thing is that there is another section, as I understand it, or so we have been informed, a block or two further down, where the people in the locality would desire to have a block set aside for stores. As I understand it, someone is going to appear before the Commission and ask both sides of Mt. Vernon Avenue, which is two blocks to the south, be zoned on both sides of the streets for business purposes. Now, it would seem to me that everybody in the locality would be better served and that the people in the northern section where you have placed the stores would like to see them go away, whereas the people on the two blocks that you have zoned here for residences only would like to see the stores down there. Under those circumstances, I think, therefore, that the Commission might move the store section and the business section from the corners of Varsity Road and Florence Avenue to the block on

Mt. Vernon Avenue between Florence Avenue and Eastern Parkway, where the people in that locality would not object to the stores being placed there.

Mayor Congleton: Do you know whether that property down there is restricted by deed for stores?

Mr. Schilling: No.

The following petition was received and read:

To the City Commissioners  
of the City of Newark.

Honorable Commissioners  
of the City of Newark:

We, the undersigned residents in the neighborhood surrounding the street hereinafter mentioned and the owners of property in said neighborhood, hereby respectfully petition the Honorable Commissioners in considering the proposed new ordinance for the rezoning of the City of Newark to provide in said proposed ordinance for the development of a community shopping center in our neighborhood, the buildings to be along a uniform scheme of architecture consistent with the English type now prevalent in the neighborhood, and for that purpose we recommend that you permit this center to be established on the block of Mt. Vernon Place, between Florence Avenue and Eastern Parkway.

The owners of the block herein mentioned are willing to have this property zoned for business and consent to limitations as to set-back, type of building, etc.

(Signed by fifty-eight  
property owners.)

Ordered referred to Commissioners' conference.

Mr. Charles Handler, 790 Broad Street: I appear for the people in my neighborhood, the section just mentioned. There are four different companies owning land on both sides of the block, which is on Mt. Vernon Place between Florence Avenue and Eastern Parkway. Both sides of that street are now vacant lots, available for any purpose which may be zoned for. There are no deed restrictions on it. I may say that when the Commission first appointed the Zoning Commission to look into the question of

zoning the City, one of the owners of this property thought that he would like to have stores, but when we came to place it before the Commission we found that application was being made to have stores on the two corners which are now zoned for stores in the section. There was a tremendous hubbaloos against that, and we never even presented ours. Despite the objection made, the Zoning Commission zoned the two corners for stores, which is now open for business. The people in the neighborhood object to that, and we have heard from them that they were satisfied to have our centrally located stores, so I am here to recommend and make the suggestion to the Board to have stores. You have to have stores in that section. It is quite a large area, and it is being developed more and more every day. There are no stores in that section except on Sanford Avenue.

Mayor Congleton: You represent the owners of the land?

Mr. Handler: I do.

Mayor Congleton: The surrounding property owners?

Mr. Handler: All the surrounding property owners. I don't say to this Board that this particular locality is right in the heart of the multiple family section. They are mostly two and four-family houses surrounding the section. These people are in favor of it.

I have here a petition signed by 39 different owners. These 39 different owners hold title to 80 different dwellings adjoining this land, which dwellings are of the multiple family type. Besides that, these 39 owners own 2,000 feet of frontage of undeveloped land up there not yet built upon. In addition to that, we have the signatures of the various tenants in the houses, about fifty or sixty of them. There is nobody whom we have approached concerning this land at this corner who has objected to it. There has been a suggestion from the Tuxedo Park Improvement Association that this centrally located area is large enough and that the whole district should be developed for a shopping section. We have found out that the sentiment here is such that the improvement associations themselves

come down and made the recommendation, and the owners agree to any restrictions on it as to the form of architecture. We are willing to put in the English type of architecture conformable to the neighborhood or have set-backs or anything else that the Commission might recommend or that the neighbors might desire.

I may say this: That if you are going to pass a zoning ordinance the way it is now there will have to be changes made in the ordinance later on, because some time there will be a need of buildings for utilitarian purposes. Whether this ordinance will have to stand more amendments or not depends on whether or not at this time you so adopt it so as to take care of the needs of the neighborhood, which you can now take care of. That neighborhood is rapidly building up. There are no stores in the heart of it. I submit that the two corners are unfit for stores for the whole neighborhood. You have offered to you at this time, before you pass the ordinance, two solid blocks—one block on both sides of the street—all vacant, that can be developed into an ideal shopping section in conformity with the wishes of the people in the neighborhood, a large enough area to take care of all the needs. It also does away with the possibility of future bickerings for this amendment and for that amendment. I would like to file this petition and submit our recommendations to the Commission.

Mr. Harry Augenblick, 14 Mechanic Street: Gentlemen, I appear for an owner who owns a plot of ground on the southeast corner of Maple Avenue and Weequahic Avenue. If the ordinance is passed as it is drawn today, this particular owner will suffer very much, for this reason:

Lyons Avenue is zoned for business—first business, as it is termed in the ordinance. I have prepared a sketch here showing just exactly what I intend to convey to this Commission. Stores can be erected on the corner of Lyons Avenue and Maple Avenue, and those stores will be directly adjoining, abutting on my client's property, which is zoned for first residence. I think that the transition from first business to first residence is too drastic. I think it should go from first

business to third residence, to second residence and then to first residence. If you have business——

Mayor Congleton: That would be fine if we were laying out a new city. We have to take it somewhat as we find it.

Mr. Augenblick: That is true, but if you go from first business directly into first residence, you have one-family houses abutting up against the users for business in Lyons Avenue, and particularly in the case of my client, where he will have business practically next door to him on Maple Avenue. Now, the Zoning Commission has had a case of that kind on the northeast corner of Weequahic Avenue and Bergen Street. Weequahic Avenue was zoned for first residence. The particular party that I am referring to owns the northeast corner of Bergen Street and Weequahic Avenue. They saw that business could be established directly along Bergen Street, which abuts up against his lot. What the Zoning Commission did was to include the whole thing business. Now, we have a similar situation. The business would abut up directly against my client's property that is zoned for first residence. We ask that you should give him relief, particularly because he has the only lot in the entire section that would have a situation of that kind imposed on him. He should be excepted from the ordinance and he should be included in the second or third residence.

Commissioner Murray: In the first instance you refer to Bergen Street and Weequahic Avenue?

Mr. Augenblick: Yes.

Commissioner Murray: He owned the corner?

Mr. Augenblick: He owned the corner.

Commissioner Murray: In order to give him the benefit of business on that street they gave him the classification of business?

Mr. Augenblick: They gave him the classification of business, although——

Commissioner Murray: In that other case that other man owned the corner?

Mr. Augenblick: In my case.

Commissioner Murray: Now he

wants us to cut off the corner and take care of him on the inside, although he is objecting to the same thing that was given him on the other location in his favor.

Mr. Augenblick: No, Commissioner Murray; this man wanted to include him in business because there was business immediately adjoining him. He was on the corner, and it was given to him. My client is immediately adjoining business also, but he is not asking for business; he is asking for third residence. In other words, he is asking for apartments.

Commissioner Howe: Which would be a great objection to every house on both sides of the street. The other street corners are already occupied by houses. Your property is the only place in four blocks there that is, up on Clinton Place—that has business on there. These three corners in this section here are now first residence.

Mr. Augenblick: That is true.

Commissioner Howe: Your place is the only one unoccupied, whereas Lyons Avenue is business all along. To permit your place to be made other than what it is would affect four blocks there. I don't think your claim is good.

Mr. Augenblick: Commissioner Howe you did the very same on Weequahic Avenue.

Commissioner Murray: That is on the corner of Bergen Street?

Mr. Augenblick: Weequahic Avenue and Bergen Street, and we are on the corner of Weequahic Avenue and Maple Avenue.

Commissioner Murray: Weequahic Avenue and Bergen Street, on the corner, and business would be the thing.

Mr. Augenblick: There is first residence alongside of him, Commissioner Murray.

Commissioner Murray: Your client wants one thing in one neighborhood and another thing in another neighborhood.

Mr. Augenblick: My client doesn't own this corner, Commissioner Murray. That is a particular case that I referred to where the Zoning Board excepted.

Commissioner Murray: You said that he owned it.

Mr. Augenblick: Oh, no; I am only giving that case as an example to bear out my contention in my particular case. I think it is a very drastic thing to do.

Mayor Congleton: We will take it up in conference, Mr. Augenblick, with the other situations.

The following communication was received and read:

December 9, 1930.

Hon. Board of Commissioners,  
City of Newark, N. J.

Gentlemen:

We are the owners of a vacant corner lot, size 100 ft. x 103 ft. located at No. 181-189 Vassar Avenue, City of Newark, N. J., and beg leave to file an appeal against placing this plot of ground in the first residence zone as recommended by the City Zoning Commission.

Our contention is that this property should be placed in the second residence zone, which is equivalent to its former zoning status, and to bear out our argument we are attaching a plot plan as an exhibit showing all the neighboring properties within a radius of two square blocks built under the former zoning ordinance.

This exhibit shows that there were built twenty-one one-family houses, twenty-nine two-family houses and sixteen three-family houses, and that there are left only two vacant lots, showing an average of about 70% of multiple family houses

This plot of ground was purchased by the Company for two of its officers for the purpose of constructing two two-family houses, and were they compelled to build under the new zoning ordinance, which recommends one-family houses only, it would be utterly financially impossible for them to do so and they would therefore be compelled to sell these lots at a considerable loss, as this property in its present status would not be worth very much as a one-family residence site.

Furthermore, a check-up will prove that the majority of the properties in this district and adjoining districts on the north, east, south and west, comprise a solidly built community of mul-

multiple family houses, apartments and stores.

Trusting you will give this matter your kind attention, we remain,

Very truly yours,

Henry S. Grushkin, Inc.

Ordered referred to Commissioners' conference.

Mr. Charles Handler: There is another thing I would like to bring before the Commission's attention, and that is with reference to the area between Vassar Avenue and Goldsmith Avenue, running from Bergen Street up to Clinton Place. The section is pretty well built up with a multiple family type of house, mostly two and a half families, or three-family houses. I think they are two-family houses—

Mayor Congleton: Two and a half story houses.

Mr. Handler: Yes. Now, I represent the owners of the lot on the corner of Vassar Avenue and Maple Avenue, a lot 100 x 103. Right on the corner now in that same block surrounding us there—we have a map here of the locality—there are 21 one-family houses. I might say that the recommendation is to zone it in the one-family section. There are 21 one-family houses, 29 two-family houses, 16 three-family houses built, and there are only two vacant lots in that area. We own the biggest lot, on the corner of Maple Avenue and Vassar Avenue. The company that bought it bought it originally for the officers to have two-family homes to live in. Now, they can't turn around and use them for one-family homes. They can't put up that type of building. It would be financially impossible for them to do so. On the other hand I think it will be impossible to sell it in that neighborhood for one-family houses. From a standpoint of the city, I think you are going to have vacant lots there for a long time. You can't get people to invest money in one-family houses on land that is so filled up, or to put in an investment of \$20,000 to put up a one-family house with that neighborhood already the way it is.

Mayor Congleton: Well, the people wanted it. That is why it was put that way. If all those people request it that

way, just because one person holds a vacant lot, we should not disregard the wishes of all those other people.

Mr. Handler: Certainly not. After all, it is a matter of fairness and justice.

Mayor Congleton: Yes, fairness and justice to the people who are living in the neighborhood, and if these people are living there and they build their homes and are asking us to keep it that type.

Mr. Handler: These people come from a neighborhood in which over seventy per cent. lots built upon now contain two-family and three-family houses.

Mayor Congleton: Not three-family.

Mr. Handler: Well, three families live in the houses.

Mayor Congleton: They are two and a half stories. Perhaps they are violating the tenement house law.

Mr. Handler: They have the permission of the Tenement House. We have checked into them. There are 29 in that condition. Of course, you have to listen to all petitions, especially requests from large numbers of people in a neighborhood. I also think you are entitled to listen to the minority if they come in from land held by people that come down from lots already built up with two or three-family houses. I think that in justice you can consider us. If you are to say to those people that they should restrict their lots to the same type of houses that are already there, fair enough; but we should not try with the assistance of the Commission to place a greater burden on our land even with all the houses there. I suggest that these two lots be put back into the two-family house zone, the same as the others.

The following communication was received and read:

December 11, 1929.

Board of Commissioners,  
City of Newark, N. J.

Gentlemen:

I live on the corner of Fourth Avenue and Roseville Avenue in the block between Park Avenue and Fourth. You have zoned this district as a first

residence district. Standing on the corner of Roseville Avenue and Fourth Avenue, within a stone's throw, are five apartment houses and on the corner is a row of six stores with four apartments above on the second floor. One of these is used as a hair dressing establishment, which are all violations at present intended to be zoned. Roseville Avenue is a very wide and prominent street and the depths of the lots on both sides of the street are at least 200 feet, some of them are a little more. It is close to several Lackawanna Railroad Stations, also close to the new rapid transit line along the canal bed. I do not believe there is in the City of Newark a more desirable block for apartment houses.

Originally the Commissioners had this established as an apartment house district, but since that time, this block has been changed—why, I do not know. I therefore made a canvass of the property owners in the block on Roseville Avenue between Park and Fourth and find the following conditions:

On the corner of Park and Roseville Avenues are two churches, which I have eliminated. In the block are two violations of a first residence district, one a rooming house and the other an Old Folk's Home. This leaves twenty owners of single family houses on this block, and I am attaching hereto the signatures of eleven of these owners signifying their desire that the block be zoned as a third residence district.

Mr. Timothy F. Foyle, who also owns property on this block, is favorable to the zoning as a third residence district and signified his intentions of being present at the meeting and signed, so this would make twelve signatures or two-thirds majority in favor of the third residence district zoning. As far as I know, only six are opposed, as the two others I have been unable to see, but granting they are all opposed, this would still leave a two-thirds majority. One gentleman who is in accord with the first residence district zoning stated to me that he desired to live there and did not want the block zoned for apartments.

However, upon questioning, he told me that when he wished to sell the property or wished to move, it would be very easy to have the zoning changed and sell for an apartment

house site. He did not say whether he thought this would happen in a year or five years.

On behalf of myself and all these property owners, I desire to have the block changed from a first residence district and have same zoned as a third residence district.

Very truly yours,

Leon V. Heuser.

Ordered referred to Commissioners' conference.

December 11, 1929.

To The City Commission,  
Newark, New Jersey

Gentlemen:

We, the undersigned property owners, respectfully submit this, our petition, requesting that the proposed new Zoning Ordinance be amended as follows:

That the business district on the east side of Summer Avenue be extended from Chester Avenue to Delavan Avenue. This extension will take in the remaining properties on the block where there are now seven stores and one funeral parlor just recently established. It will aid the undersigned in case they desire to build or sell for business purposes also. Summer Avenue is fast becoming a well traversed thoroughfare and many new apartment houses are being erected.

(Signed by seven  
property owners.)

Ordered referred to Commissioners' conference.

November 19, 1929.

Mr. Russell Rankin,  
City Hall, Newark, N. J.

Dear Sir:

You have in your files a petition signed by 80% of the owners to change the zone on the east side of South 20th Street between 11th and 12th Avenues, Newark, to light industrial.

Will you please present this petition to the City Commissioners, with our request that they give action on this petition as soon as possible. The rea-

sons for the change in zone are stated in the petition.

Thanking you, we are,

Very truly yours,

William H. Stevens.

Ordered referred to Commissioners' conference.

Mr. Ernest B. Slade, Beaver Manufacturing Company, 625 North Third Street: Mr. Mayor and Commissioners, I represent some of the property between Branch Brook Park and North Third Street. This property has been used for factory purposes for generations.

Mayor Congleton: It is in the neighborhood of the Crabb property?

Mr. Slade: Yes. I represent more particularly all the property between Bloomfield Avenue, North Third Street and Branch Brook Park. That is developed one hundred per cent. industrially at the present time and has been for years. The industrial development, however, continues further than that, north and south and to the west. The properties that I represent, Beaver Manufacturing Company, has about 300 feet frontage on Third running back about 240 feet on an average depth of the tract. We have just recently completed a two-story addition to our factory and expect in the future to be able to increase it considerably. Half of our property is covered with buildings. We find that this whole section between North Third and the Park—I would say about eighty per cent.—is actually developed now and covered, and all along is factory property. The only residents on that ground are two or three little houses put up for the use of employees on the Davis Clauver property, and one put up by Mr. Leslie for his own use, adjoining his own factory; so it seems to me that it would be wrong to classify it as third residential, as it actually is one hundred per cent. industrial. It would absolutely prevent any expansion of growth of any of the industries in that territory. Of course, it really continues farther than this point. The Crabb factory is south of Bloomfield Avenue, and the Van Houten chocolate factory is south of that, so all of the property bordering on the

canal or on the west bank of the canal from Park Avenue up to Berkeley, at least, is developed as industrial property at the present time, yet this new zoning ordinance holds that all as third residential.

Mayor Congleton: We will take it under advisement.

The following communication was received and read:

October 17, 1929.

Board of City Commissioners.

Dear Sirs:

In regards to the new zoning law that is being considered, I am the property owner at fifteen, seventeen, nineteen and twenty-one Mapes Avenue in the Weequahic section. There are two two-family houses on it, and between it and Elizabeth Avenue is an apartment house. This apartment house having deteriorated this property which is on the north corner of Shephard Avenue. Could this property be included in the apartment house sites, and is there anything I could do to have it included as an apartment house site?

Mrs. Esther C. Haffner.

Ordered referred to Commissioners' conference.

Mrs. Matthew Haffner, 21 Mapes Avenue: I am here for myself. I am interested in the property at 15, 17, 19 and 21 Mapes Avenue in the Weequahic section. There is an apartment house on the corner, and my property is on half of that, or not quite half, of that block. The apartment house takes up more than half of that, and my property has depreciated there. I wanted to know if I could have it put in the apartment house zone.

Mayor Congleton: Half of what corner is that?

Mrs. Haffner: Corner of Shephard and Mapes, at 15, 17, 19 and 21 Mapes Avenue, corner of Shephard.

Mayor Congleton: It is down in the third—

Mrs. Haffner: Right near Elizabeth Avenue. The apartment is on the corner of Elizabeth and Mapes, and this is next to the apartment, part of that—about the rest of the block.

Mayor Congleton: That will be taken up again by the Board. We have the matter before us.

Mrs. Haffner: You will take it up?

Mayor Congleton: Yes.

Mrs. Haffner: Can I do anything more about it?

Mayor Congleton: Nothing more until we take it up.

Mr. Sidney Davis, 605 North Third Street: Mr. Mayor and Commissioners, I am the owner of 350 feet front on the same block as the previous speaker, Mr. Slade—the block on Third Street north of Bloomfield Avenue. This is a location that has been occupied for industrial purposes from time immemorial. It is the site of the old licorice works. It lays on the east side of Third Street and Morris Canal.

Mayor Congleton: I don't think that you mean just that. I think that we all recognize that in the drafting of the map there was a mistake made. It was not the intention to take a section that is heavily industrialized and convert it back to a residence. The industries have always been there. It is the proper place for them. Let all the owners of that neighborhood leave their name and address on the record and state that they are for that same proposition. Then we will have a record of it.

(The following firms left their names and addresses: Leslie Box Company, Mr. J. Leslie, 657-683 North Third Street; Kingsland Cooperage Company 649-657 North Third Street; Essex Ideal Laundry, 615-623 North Third Street; Dugan Brothers, 161 Abington Avenue; W. C. Horn Brothers & Company, 571 North Third Street.)

Mr. Carmen Cicero, 52 Jefferson Street: Commissioners of the City of Newark, I am a property owner in the City of Newark, owning property 368, 370, 372 Roseville Avenue. This property is 85 x 236 and located on the westerly side between Third Avenue and Springdale Avenue. An old stone house well over sixty years old is located in the center of this plot, which has been a losing proposition. Adjoining my property on the south side are two two-family houses, one not five years old and the other may be a few years older. The houses on the northerly side, four in all, are large houses,

being used for whatever they can get in them. Directly opposite of my property on the east side of Roseville Avenue and taking in practically all of Roseville Avenue from Third to Springdale is a vacant tract of land being advertised for sale as an apartment site. When I bought my property three and a half years ago I bought with the sole purpose of erecting an apartment, and my lawyer was informed from the zoning department that no restrictions existed. According to a map of Newark that I saw in the Sunday Call the Zoning Board is contemplating on making this part of Roseville Avenue from Third Avenue south to Park Avenue, a one-family district. I am here to voice my disapproval of such an act. To me it looks ridiculous to pick out two blocks out of a busy thoroughfare like Roseville Avenue for a one-family district. This section of Roseville Avenue already has half a dozen stores, two-family houses, two bus lines and a lot of truck traffic which makes it very undesirable for exclusive one-family residences. Not only that, but the price of land on Roseville Avenue is so high that it would be prohibitive to the erection of one-family dwellings. To my knowledge I have not known of a one-family house to be erected in this neighborhood in the last ten years.

A prospective buyer could go out on some of the outlying districts and buy half an acre for what it would cost to buy a lot on Roseville Avenue and it would be an exclusive one-family district with no heavy traffic, two-family houses and business in the same street or next door to him. It seems to me that it is time for the City of Newark to allow apartments to be erected in good neighborhoods in order to get a high type apartment and not wait until the neighborhood is so deteriorated that only a cheap type of tenement houses are erected. Roseville Avenue now, from Third Avenue to Park Avenue is composed of many old houses that within ten years will not be worth the lumber they are made of. I wish to make a motion that a change be made and extend the apartment zone, if not to Park Avenue, to Springdale Avenue, and I promise that when I put up an apartment it will conform with the neighborhood.

Mayor Congleton: I see several other Roseville people here. Do they wish to be heard at the same time along the same line?

Mr. R. H. Jamouneau, 388 Roseville Avenue: I own a property a few hundred feet north of the last speaker. My only remark is that I think Roseville Avenue should be studied carefully and be zoned permanently at this time. That is, it should not be changed later. There is a good deal in what the last speaker stated. At the same time, it is not a one-family street now, and I hope it will be maintained that way. I think that the Commission should give a little special consideration to that particular block and decide accordingly.

Mayor Congleton: Are there any other Roseville Avenue people here?

Mr. Richar Otto, 810 Broad Street: Mr. Mayor and gentlemen of the Board of Commissioners, two other parties and I are interested in a piece of property, as owners—the northwest corner of Clinton Avenue and South 14th Street, Newark. The plot at the present time is about 146 feet on South 14th Street and about 123 feet on Clinton Avenue. The property, as I understand it, has been zoned to the depth of 100 feet as business or apartments. What we desire to have done now is to have an amendment extending the zone to the full depth of our property. Originally these lines on Clinton Avenue were 160 feet deep. Later on—twenty years ago—the City of Newark took about 40 feet off for the widening of the Street. What we would like to have is an extension of that zone to cover the whole plot.

Commissioner Gillen: That is a situation that would require a good deal of changing, because in many instances the depth of this land arose, so it was zoned for business in that way so that they could all be 100 feet.

Mayor Congleton: I think they ought to be 150.

Commissioner Gillen: I think they ought to be 200, because you have apartment houses 100 feet back. That is a situation that will have to be cured.

Mr. Frank Voight, 869 South 13th Street: Mostly all the properties on Clinton Avenue are 100 feet and I

think you should extend the place as it now is in existence.

Mr. William B. Grinnell, 549 Mt. Prospect Avenue: The question of the east side of Mt. Prospect Avenue, the long block between Abington and Elwood Avenues, has been raised earlier in this hearing. Now, I have resided for over thirty years about midway on that block. My thought regarding it is not the same as that of the speaker who has brought up the matter, but rather that the provision of the ordinance as it stands should be preserved. On that long block there are now seven apartments, and all of them are of considerable size. There are three stores. There are a number of properties, about five, to my knowledge, that are for sale on that block, so far as the one-family residence is concerned. Putting all that long block in the first residential district would, I think, be an injury to the property owners on that block, for it would most seriously injure the value of the property and make it largely unsaleable.

Mayor Congleton: Several of those houses are vacant.

Mr. Grinnell: Yes, I know there are several.

Commissioner Gillen: One right at Abington Avenue and Mt. Prospect Avenue is vacant and has been vacant for years.

Mr. Grinnell: That is right at the end of the block I speak of, but there are now, as I say, all these apartments and stores there now. The place seems to me very largely analogous to the case of the block on the west of Mt. Prospect Avenue from Treat Place to Abington Avenue, where, when the transfer was made to change it from the one-family district to the third, property owners protested, though perhaps not so much. They want to sell at the present time because they feel that the natural development of their property would be in the direction of apartment house construction and that it would injure the future sale of their property. I therefore hope the provision of the ordinance as it now stands will be preserved.

Mr. Jacob I. Kaplan, 24 Commerce Street: Mr. Mayor and Commissioners, I represent the Chancellor Homesite,

Inc., whose land is bounded by Leslie Street east—that is, south to Chancellor Avenue, of course—and Fabyan Place on the west, and Lyons Avenue to the south. We have there quite a large tract of land improved by ourselves. A part of the land has been built up with four-family houses. I understand that the proposed zone is going to limit the balance of the land to two or three-family houses. The balance of the land that is not yet built up belongs to us, to my client, the Chancellor Homesites. I believe that if the balance of the land will be zoned to two or three-family houses, it will work a hardship on us, and, besides, the neighborhood will not be uniform, as far as our land is concerned.

Leslie Street has been practically all built up with four-family houses, and so is Schley Street, and also Fabyan Place. Now, the balance of the land that we have in Hillside has been zoned for four-family houses. There are no other owners of land there, and the only ones that will be greatly affected will be ourselves. We feel that we should be given consideration. If we are going to be compelled to comply with the zone and be limited to two or three-family houses, we ourselves will be so affected that it may perhaps occasion an insolvency. We can't sell our land for any other purpose but for at least four-family houses.

We have placed a restriction on the land ourselves. The land wasn't subject to restrictions. All the inside land was restricted by us to four-family houses. We also provided for set-back in our restrictions. We feel that consideration should be given to us. Kéer Avenue has been partly built up—I think only one block—and that block is also built up with four-family houses. The balance of the land that is left is yet unbuilt and it belongs to ourselves. If we are not given the consideration, of course, you gentlemen can imagine what is going to be the effect upon our future work in this development.

I will say that there are no other owners in the entire neighborhood excepting those on those streets, to whom we have already sold the land, and they have already built up with four-family houses. As far as Fabyan Place is concerned, Fabyan Place has the

Gould & Eberhardt factory. There is no question that even if the zone will restrict us to two or three-family houses, we cannot find a purchaser to put a two or three-family house there. We know our restrictions provided that Fabyan Place is not restricted to any kind or type of house. We thought that because it faces the industrial zone we would be permitted to sell that as an industrial neighborhood. Of course, I cannot suggest to you as to what we should do with Fabyan Place, as far as the industrial zone is concerned. You may take into consideration the fact that the entire neighborhood there is an industrial neighborhood, facing Fabyan Place. Our land in Fabyan Place begins with 42 feet north of Keer Avenue and is then all the land to the extent of two blocks on Lyons—up to Lyons and then to the south.

Now, I will plead with you gentlemen that you consider our position and consider also the fact that there are no other owners of land that will be affected, that the owners who might be affected and who have purchased the land from us have already built up their land with four-family houses, and that we be given the same opportunity, at least, with our future customers. It isn't so easy to get customers at this time who will be able to build up the type of house that the zoning restriction has limited them to.

Mayor Congleton: Do I understand that your suggestion is that Fabyan Place should be devoted to industrial purposes? If that is done, then the plants that you put there would back up against some of the houses in the rear. Why wouldn't the street be the proper place to make it—

Mr. Kaplan: You mean Schley Street?

Mayor Congleton: No, Fabyan Place. Your side of Fabyan Place would be restricted to residences. If the industrial plants are across the street, keep them there. We don't want to bring it down into the houses of the people whom you are so much interested in now.

Mr. Kaplan: Well, the idea is that it is hard to get a purchaser to build a house facing a big factory, and the entire tract is developed to industrial business.

Mayor Congleton: Well, if you build on your side of Fabyan Place, you will bring the rear of your plants to the rear of the houses you have already sold.

Mr. Kaplan: Well, the rear of the houses will not be affected by the fact that the industrial zone will be to the rear. The houses that may be built up will be of the four-family type, and they will not be affected as much as the other way.

Mayor Congleton: I don't agree with you. How much of a lot do you use for a four-family house?

Mr. Kaplan: 50 by 100.

Mayor Congleton: How much space do you need between your four-family houses?

Mr. Kaplan: We, ourselves, don't provide in our restrictions for anything.

Mayor Congleton: You say that some of the streets are almost all built up with this type of house. How much space have you got between them?

Mr. Kaplan: There are from 8 to 10 feet.

Commissioner Murray: How many driveways are there? How wide are they?

Mr. Kaplan: There are driveways on both sides.

Commissioner Howe: Community driveways?

Mr. Kaplan: No. Individual driveways. Each house has a driveway for itself.

Commissioner Howe: If you put a double four-family house on a fifty-foot lot you have got room enough on each side unless it is a community. Do you shove one away to the edge?

Mr. Kaplan: No, you see, we leave the driveway, but the last house to the south will face Keer Avenue.

Mayor Congleton: All right, we will take it up in conference.

Mr. Frank Van Blarcom, 60 Mt. Pleasant Avenue. I appear as the owner of property on Mt. Pleasant Avenue and Oriental Street, and also for the others in that district. The rear of my lot is in the industrial zone. I own 120 feet back. The block in the rear of this particular block, from Oriental Street to Third Avenue, is in

the third residential. We back up against factories all the way down there. On this block there are two properties owned by estates, but if at any time later someone wants to sell the property for a business purpose, I don't think it would be possible to get 80 per cent. of the owners, because these two estates that are there comprise more than 20 per cent. of the entire land. Now, I also want to call your attention to the entire district from Broadway back to Mt. Pleasant Avenue. There are less than two blocks restricted to third residential, whereas Broadway is second business, and behind us is industrial. It has been my experience that where a small parcel of land is sandwiched in between business and industrial, that parcel of land deteriorates. Of course, the business, we all know, is beginning to move north. This would absolutely restrict business through Broadway, giving Broadway the advantage of price, because it could not move back into this district.

Furthermore, in this particular district there are six public garages, which I don't think you will find in any other district in as small a space as that. Now, all of these blocks on Mt. Pleasant Avenue on the east side were singled out for third residential. I would like to have at least—

Mayor Congleton: Just the two little blocks here, it shows on this map. All right, we will take that up.

Mr. Van Blarcom: I think that the people there would prefer to have it second business rather than converting into industrial, because of the fact that the people across the street would be benefited by that, by not having factories built up in front of them.

Mayor Congleton: I think Mt. Pleasant Avenue should be a business street rather than industrial.

Mr. Van Blarcom: I think Broad Street and Mt. Pleasant Avenue should be put into second business, the same as Broad Street, those two blocks all the way down. There are a number of stores there.

Anna G. White, 84 Mt. Pleasant Avenue: I would like to uphold Mr. Van Blarcom's contention about the business in Mt. Pleasant Avenue. There are at least eleven or twelve estates. That

is, they range from 75 feet to more or less on Mt. Pleasant Avenue, and to have them residential—well, you know that today they are not buying houses to put them into vast estates. I am in the real estate business and I know as a matter of fact that the apartment houses that come up are not successful. They build them so up to date that they have to ask exorbitant prices, and the class of people to pay those prices do not come to Mt. Pleasant Avenue. The houses change hands and are never filled up, except the smaller apartment houses, which are not built up to date, which get an inferior class of people. Naturally, that deteriorates our property. I think that if it were zoned in the business zone it would be a lot more beneficial to the people that own the property at the present time.

Mr. Herman W. Brams, 951 Broad Street: I would like to add that with those people living in that section with whom I have been in contact, and with the study I have made of those two blocks, I think there should be no special objection to it. No member of the association has raised any objection. I think it is a logical step to take.

The following communication was received and read:

December 9, 1929.

**Petition to Honorable Board of  
Commissioners of the City  
of Newark.**

WHEREAS, The petitioner is apprised by the Zoning Ordinance and accompanying zoning map of the City of Newark that a Second Business Zone is ordained for the block in which our plant is located;

AND WHEREAS, Our premises have been utilized by us for a plant including manufacturing and equipment storage for the past 25 years, and as it is anticipated it will be necessary to extend these same operations on the vacant sections of the premises in years to come, and further, it is our most earnest wish to remain and expand on the premises.

We cite these facts:

The location of our plant and premises is on the northwest corner of 13th

and Morris Avenues, fronting on 13th Avenue, opposite which are now situated plants of similar nature and also apartment dwellings now established in the First Industry Zone. Also, both corners of 13th Avenue, namely, southwest and southeast on Morris Avenue and southwest and southeast on Bruce Street have been included in this first industrial zone and carried through on the streets south for the majority of the blocks.

The premises in question take up more than one-half of the frontage on 13th Avenue between the streets and the adjoining property compares with the apartment dwellings which are included in the first industrial zone on the opposite side of 13th Avenue;

THEREFORE, WE HUMBLY PETITION, To have our premises included in the first industrial zone in order that we may enjoy the benefits of the premises in which we have invested and not have restricted at this time our security for carrying on operations on these premises most vital to our existence.

Respectfully submitted,

Jaehnig & Peoples, Inc.,  
Joan D. Heery, President.

Ordered referred to Commissioners' conference.

Mr. John G. Ott, 223 Thirteenth Avenue: I appear for the Jaehnig & Peoples, Inc., 223 Thirteenth Avenue. As one of their officers, I present myself here. We have already presented a petition asking that it be changed from the second business zone to the industrial zone, and I don't know whether—

Mayor Congleton: The property is located where?

Mr. Ott: On Thirteenth Avenue on the corner of Morris Avenue. I don't know whether it is necessary to elaborate on our petition or not.

Mayor Congleton: No. If you have filed a petition it will be taken up.

The following communications were received and read:

December 6, 1929.

To the Honorable Zoning Board  
of the City of Newark, N. J.:

I, the undersigned owner of property known and designated as Nos. 462-464-466 Chancellor Avenue, which is directly west of Fabian Place, do hereby very respectfully petition your Honorable Board to place said lots either in business zone or in the apartment house zone. These plots adjoin the heavy industrial zone of Irvington and are 400 feet deep and as now laid out with 100 feet in the business zone and the balance in the second class residential, would leave the rear 300 feet of my property worthless, as it could not be used for any purpose.

Trusting my petition may receive your consideration, I am,

Very respectfully,

Alfonso J. Cicalese,  
466 Chancellor Avenue,  
Newark, N. J.

Ordered referred to Commissioners' conference.

December 5, 1929.

Board of Commissioners of the  
City of Newark, New Jersey.

Gentlemen:

As one of the property owners affected by the proposed new zoning laws, we object to the classification affecting our property.

Third Street from Bloomfield Avenue to Abington Avenue has always been in the industrial zone.

We trust you may allow this section to maintain its present classification.

Yours very truly,

Essex Ideal Laundry, Inc.,  
H. J. Devore,  
Manager.

Ordered referred to Commissioners' conference.

To the Honorable,  
The Board of Commissioners  
of the City of Newark.

Sirs:

The owners of the land on both sides of Mt. Vernon Avenue between Florence Avenue and Eastern Parkway have made inquiry of this Association whether the members thereof have any objections to the above named location being zoned for business use.

At a meeting of this Association it was resolved that this Association go on record as being in favor of zoning all of that section of Newark south of Varsity Road and west of Sandford Avenue as "residence zone", and that that portion thereof north of Ivy Street and west of Eastern Parkway be zoned as "single family residence." However, if the owners and residents in the immediate vicinity of Mt. Vernon Avenue, Florence Avenue and Eastern Parkway have no objection thereto, then this Association does not object to first mentioned block being zoned for business.

Respectfully yours,

Tuxedo Protective Association,  
Henry G. McPike, President,  
William Meisel, Secretary.

We, the undersigned, owner of the land north of Ivy Street and west of Eastern Parkway, as set forth in above petition, urge the acceptance of the request above made for the re-zoning of the above section part for business and the balance for single family residences.

Henry S. Grushkin, Inc.  
Henry S. Grushkin,  
President.

Ordered referred to Commissioners' conference.

December 10, 1929.

Most Honorable Mayor  
and Commissioners,  
City of Newark, N. J.

Gentlemen:

We, the owners of property located on the northwest corner of Second and Clifton Avenues, with a frontage along Second Avenue of 75 feet, in the City of Newark, do hereby protest the placing of this property in the first residence district as shown on your Zoning Map and respectfully petition you to have this plot placed in the third residence zone, for the following reasons:

1st: The other three corners in this intersection are place in the 3rd residential district.

2nd: We will be forced to maintain a single family residence surrounded by apartments with the intendant disadvantage, hazards, and lack of light

and air, unless a change can be made.

3rd: The value of the property as a single family residence plot will be greatly depreciated and practically unsaleable.

4th: The use of this property as a single family residence must eventually be abandoned, and no other improvement would be warranted, unless the property were placed in the 3rd residential district.

Respectfully submitted,

Ruth M. Baker,  
Mary B. Lenzarder,  
C. H. Baker.

Ordered referred to Commissioners' conference.

Mayor Congleton: Does anyone else desire to be heard on the Zoning Ordinance?

(No response.)

Commissioner Gillen: I move that the hearing be closed.

Mayor Congleton: The motion is made that the hearing be closed. There are numerous different communications here, which will be treated as received and referred to our conference.

The further hearing on the ordinance is postponed until December 24th. Our meeting will be on Tuesday instead of Wednesday, as Wednesday is Christmas.

Commissioner Gillen moved that the ordinance be laid over until December 24th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating and licensing taxicabs and the licensing of drivers thereof and designating taxicab stands and prescribing penalties for violations, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Louis H. Frankel, 830 Broad Street: I represent the Blue Comet Cab

Company, an organization of the best of the independents that are operating today. The ordinance as advertised in the News of November 30th was shown to me, and I notice that there are a few powers which the Department of Public Safety has which are more or less arbitrary. We can't get away from the fact that the Director of Public Safety has certain discretionary powers with reference to the rules and regulations which his department may from time to time ordain. We won't argue about the rules and regulations until they come, but in order to know what we must conform with, we would like to be given written notices of what the rules and regulations are going to be, for this reason: If on a certain day the Department of Public Safety should suddenly decide that the inside of the cab should conform to certain measurements, we would be willing to comply with that ruling within a certain reasonable time. We don't expect, however, and it isn't reasonable to expect, that each cab owner should take his cab off the street, depriving him of a living for that time being, in order to conform with the new rules as to the size or measurements. We would like a reasonable time, as I said before, to conform to the regulations. I remember it having been told me that in New York two years was the time given for each cab owner to comply with the new rules and regulations which are printed. Certain specifications were printed and delivered to each cab owner. That is a little unreasonable. I would not expect Newark to do that. I think a period of three or four months should be given in both instances.

I notice, also, that the license will be issued on or before December 31st. Now, the organization which I represent, the Blue Comet Cab Company, consists of practically 60 members. Of these 60 members, at least 40 have insurance policies which expire on January 31st. These policies have a particular clause in them by which the policy holder is entitled to a rebate of \$85 on the condition that the injuries and damages sustained by them or through negligence during the fiscal year of 1929 do not exceed a certain sum. I think it is \$212. Now, for your

license the new law requires that the policy be shown at the time that the new license is granted, on or before December 31st, which would mean that we would have to cancel the policy.

Mayor Congleton: Why?

Mr. Frankel: Because we can't have two policies. We would have to have a renewal for another year.

Mayor Congleton: Why do you have to have two?

Mr. Frankel: We would have to have a renewal for another year to get a license.

Mayor Congleton: All right, you have a policy in existence and it expires February 1, you say?

Mr. Frankel: That is right.

Mayor Congleton: That can be taken care of, can't it?

Mr. Frankel: I don't see how. We expect that the gentlemen in charge of the insurance making these rebates—those rebates are really in the form of a present, practically for good behavior—will feel that the men are not entitled to the return of it unless and until that year expires—that is, January 31st.

Mayor Congleton: Do you mean to say that the insurance company would not write a policy in December to run for a year because the policy owner has one expiring in January?

Mr. Frankel: They might not have it in the same company.

Commissioner Murray: If your insurance is in force at the time you have made application for license, is it materially part of the application to ascertain whether the policy has just been issued or is in force?

Mr. Frankel: What I understand is that for a license to be issued, the application must be accompanied by a policy for one year. In that case, we would have to have two policies.

Commissioner Brennan: Heretofore, or since the insurance law went into effect, they were all made to start on February 1st. Because of conditions relative to the State license law for automobiles, with license and drivers licenses taking effect on January 3rd, it was felt that it was advisable to have the license coordinate with that of the State regulations.

Commissioner Murray: Why couldn't you get your renewal and show your renewal with your present policy, without letting your present policy be affected? Why couldn't you get your renewal for 30 days issued 30 days in advance? You would then have your insurance for a year.

Mr. Frankel: It might be attempted. I will take that up. In the event that it is unsuccessful, might we suggest this: Upon the application for a license on or before December 31st, and since the policy is still in effect until January 31st, that the license be granted upon the further condition, however, that on or before January 31st a new policy running for an entire year up to the next license granting be shown. That would save the boys \$85. That may be worked out. Is that suggestion agreeable?

Commissioner Brennan: I think so.

Mr. Frankel: Coming back to the rules and regulations which may be from time to time prescribed by the Director of Public Safety: I know that a great many cabs, maybe three or four hundred in the city, maybe more—are not exactly of the type now being used by the Yellow Cab or now being used by some of the larger companies in New York City, which might be called standard cabs. However, last year these very same cabs consisted of Chevrolets, Pontiacs, Essexes, Hudsons and Auburns, and licenses were issued on these cabs. Today, if the Director of Public Safety suddenly decides that these cabs are not of standard size, and decides that he may suspend or revoke licenses, it would be taking away from the cab owner a property right to which he was entitled, not considering for a moment that the license is only a privilege. Now, if the new change is made, we would want a reasonable time in order to conform to it. We want to do it. We want to have our uniforms uniform, and our cabs standard, but we have to have time. A man can't take his cab off the streets to remodel it.

Commissioner Murray: But you can't remodel a cab while it is rolling either.

Mr. Frankel: Of course not, but he might save up enough money in the four or five weeks to pay for the change. My intention is not to change the ordinance. I am asking for an ex-

pression from this Board as to the certainty of the rules and regulations. May not we ask or insinuate into the records that the Director of Public Safety send out the notices—

Commissioner Brennan: They will be sent out. While I am Commissioner there will be no rules and regulations that will be confiscatory. In other words, the rules and regulations are not going to be issued and expected to be complied with on the following day. Of course, they will be with respect to some cabs that should not be permitted to operate now under the rules and regulations. Those cabs, I assure you, will not be licensed.

Mr. Frankel: But there is nothing in the way of certainty. I read that it says that a cab must be made to seat comfortably five persons. "Comfortable" is a big word—if five oversize people sit in a cab.

Commissioner Brennan: We generally only strike laws on averages.

Mr. Frankel: Since we do and since we strike averages, why not specify that the cab should be of a certain dimension inside?

Commissioner Brennan: If you have no objection to specifying dimensions of the cabs, wouldn't that work a greater hardship than the word "comfortable"?

Mr. Frankel: Maybe that is right. I will withdraw my objection on that.

Commissioner Brennan: If you specify a particular dimension in a cab, why, it would be the easiest thing in creation to tie everything up to the particular make of car.

Mr. Frankel: You are probably right, and I mean to withdraw that particular objection. While the ordinance gives the Director of Public Safety certain discretionary powers, it also points to arbitrary power. Now, I am not pointing to any particular officer, but I want to say this: What if a person, say, Mr. John O'Brien, one of the inspectors, was to say that a certain car was not comfortable? Since he is the judge, or since he is the ruling officer in that case, what can the cab owner say?

Commissioner Murray: Appeal to the head of the department.

Mr. Frankel: And he has the last say?

Commissioner Murray: He is the court of last resort.

Mr. Frankel: Now, in the event that the license is suspended for infringement of the rules and regulations, what is the order of priority of the old licensees to the new applicant? I understand that there are 1,108 old applicants and 92 new applicants. I think I am right. Now, if 50 of the 1,108 licensees come in for renewal, and if their licenses are rejected for reasons advanced by the department or the Director of Public Safety, will it be the fact that the new applicants will come in ahead of the old?

Commissioner Brennan: No. Persons holding licenses at the present time, if they comply with the provisions of the ordinance, are, in my opinion, entitled to priority.

Mr. Frankel: Again it comes back to the question of time. How long a time can each cab owner have in order to be able to conform with these rules?

Commissioner Brennan: There will be a reasonable time given if conditions are not such that the cab is a menace.

Mr. Frankel: Now, every cab has a chassis upon which can be built over a standard cab. It is only a matter of expense.

Commissioner Brennan: There are a great many of the chassis that are in worse shape than the bodies.

Mr. Frankel: That can be fixed and a new cab can be bought, too.

Commissioner Brennan: I understand that.

Mr. Frankel: How long a time do you consider reasonable today for a man—

Commissioner Brennan: Depending upon the conditions of the cab in question. If the cab is one that is recommended as being absolutely safe, there won't be any question about giving the man time, but after examination by mechanics, the cab is one that is said to be dangerous to life and limb, it is going off the street.

Mr. Frankel: That is a very good idea, and I certainly would want to keep them off the road. The idea is this: Supposing that the Department said that a certain entire cab should be condemned. The next step, if the

owner wants to stay in business, is to buy a new cab. How long would he get then?

Commissioner Brennan: We would give a reasonable time.

Mr. Frankel: Would you say six months is all right?

Commissioner Brennan: No, I would not.

Mr. Frankel: How long would you say?

Commissioner Brennan: I would give him sufficient time to provide a new vehicle for the one which would be passed upon as unsafe, but I would not for a moment give him the right to hold a license when he won't operate in a cab and had the sole intention of peddling the same. It has come to my attention that that has been attempted.

Mr. Frankel: How long would you say that a man would have a right?

Commissioner Brennan: Oh, I would give him three months to provide himself.

Mr. Frankel: That means also three months in which he may comply with the other requirements?

Commissioner Brennan: All the requirements provided in the ordinance.

Mr. Frankel: If the ordinance is changed from time to time, will those regulations be printed from time to time?

Commissioner Brennan: They will be printed. They are on the press now.

Mr. Frankel: They will be sent out to the cab owners?

Commissioner Brennan: Each man can get all he wants.

Mr. Frankel: I thank you very much.

Mayor Congleton: Does anyone else desire to be heard on this ordinance?  
(No response.)

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that

the following ordinance be taken up on second reading:

An ordinance licensing and regulating taxicabs and the licensing of drivers thereof and designating taxicab stands and prescribing penalties for violations.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amend-  
ment.

Section 2 declared open to amend-  
ment.

Section 3 declared open to amend-  
ment.

Section 35 declared open to amend-  
ment.

Section 36 declared open to amend-  
ment.

The ordinance was declared open to  
amendment in all its parts.

Commissioner Brennan moved that  
the ordinance be adopted on second  
reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
said ordinance be ordered to a third  
reading.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
the ordinance be taken up on third  
reading and final passage.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that  
the title of "An ordinance regulating  
and licensing taxicabs and the licens-  
ing of drivers thereof and designating

taxicab stands and prescribing penalties for violations," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance regulating and licensing taxicabs and the licensing of the drivers thereof and designating taxicab stands and providing penalties for violations.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of Seventeenth Avenue from Belmont Avenue to the east side of Lillie Street and from Bergen Street to Fairmount Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and from the east side of Lillie Street to Bergen Street with oblong granite block pavement on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

The following petition was received and read:

December 6, 1929.

To the Board of Commissioners of the City of Newark:

The following undersigned corporations and individuals who are owners of real estate on Seventeenth Avenue between Bergen Street and Fairmount Avenue, hereby protest to your Honorable Board against the proposed ordinance to provide for the paving and repaving of Seventeenth Avenue from Bergen Street to Fairmount Avenue with asphalt pavement or any other pavement.

The undersigned owners are well

satisfied with the condition of the pavement at the present time and are of the opinion that the proposed pavement is unnecessary and will further unnecessarily cause assessments to be made against said owners.

(Signed by eleven property owners.)

Ordered filed.

Mr. William H. Smith, 510 Highland Avenue: Mr. Mayor and Commissioners, I represent the land owners from Bergen Street to East Fairmount Avenue on Seventeenth Avenue. I have a signed petition from everyone of the property owners, including myself. In other words, a hundred per cent. of the property owners on that block are absolutely opposed to the proposed ordinance on the ground that the street in that block is in fair condition. The landowners say that the repaving is not necessary at this time. I had occasion to ride there myself this morning through that street, and from my personal observation I am satisfied that what everybody said is so. Each one of these property owners, which includes everyone on the block, is opposed to it. They ask this Honorable Board to defer or table this matter until some future date. I understand that there are other people in here representing the other end of the street from Bergen Street down to Belmont Avenue to the south.

In view of existing conditions at the present time and in view of the fact that rents are reduced, in view of the fact that this will cause a severe hardship on the landowners in that vicinity, and in view of the fact that the condition of the street, I say, is in fair condition, and so do they all, I therefore ask your Honorable Board to defer this or table it to some future date.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Jerome C. Eisenberg, 1060 Broad Street: Mr. Mayor and Commissioners, I appear for one of the owners, owning land on Seventeenth Avenue between Bergen Street and East Fairmount Avenue, who has signed the petition presented by the previous speaker, Mr. Smith. We feel very strongly that the paving of that block

at the present time is not necessary and will be a hardship on all the property owners on that particular block. The street runs from Fairmount Avenue into Bergen Street. There is no through traffic. There is no heavy traffic. A short distance away is a school. Hundreds of school children come out daily, and part of them principally on this block. There is a slight grade there. Rents on the entire block have been reduced. The particular property owner that I represent owns 120 feet on Seventeenth Avenue and has an investment of \$80,000 on that corner, on which they are losing money. We would like to urge this Honorable Board that it table or defer the passage of this ordinance until some time in the future, and the paving of this block seems to be an unnecessary work.

Mayor Congleton: So far as the necessity is concerned, the department thinks the time has arrived now. I think we are not going to respect your wishes. This is one of the few remaining granite block pavements on the sand base, which gives a great deal of trouble in taking care of it and keeping it clean. It was paved in 1903, so it is not modern pavement.

Commissioner Murray: The traffic that goes through Bergen Street, Mr. Mayor, would seem to possibly justify the feeling that it should be repaved, but I think there is very little use made of the block between Fairmount Avenue and Bergen Street. Traffic comes up and goes either north on Bergen Street or down Springfield Avenue.

Mr. Eisenberg: There is no traffic due west on that street.

The following petition was received and read:

To the Board of Commissioners  
of the City of Newark:

We, the undersigned, owners of premises situated on Seventeenth Avenue, Newark, New Jersey, being satisfied that there is no necessity for repaving said street and being satisfied with the present condition of said street and feeling that the repaving of said street will be an unnecessary burden upon us as property owners, do hereby object to the passing of the ordinance introduced and passed on

first reading at a regular meeting of the Board of Commissioners held on November 20th, 1929.

(Signed by twenty  
property owners.)

Ordered filed.

Mr. Irving Schwartz, 790 Broad Street: Mr. Mayor and Commissioners, I appear on behalf of the property owners on the east side of Lillie Street to Bergen Street. I have here a petition signed by approximately ninety per cent. of the property owners in that locality. The other ten per cent. or less that have not signed it, because, in the first place, in two instances there are receiverships, due to the fact that the owners were unable to collect enough rents in order to carry the expense of the property, and in the two other cases it has been impossible to get in touch with the two other property owners. All these property owners are opposed to the paving of this particular portion of Seventeenth Avenue. In fact, the proposal, as I read it, is to have the block paved with granite block pavement, which is already in existence.

Mayor Congleton: Only in parts of the street, where the eight per cent. grade exists. Part of it is with asphalt.

Mr. Schwartz: I happen to know that location pretty well, and my recollection is that you have these granite blocks on Seventeenth Avenue and Lillie Street to Bergen Street.

Mayor Congleton: I am speaking of the ordinance. I say that part of it is with granite block and part of it with asphalt.

Mr. Schwartz: I am speaking of it from Lillie Street to Bergen Street, which is specifically mentioned in this ordinance.

Commissioner Murray: That was built in 1903 on a sand base.

Mr. Schwartz: I might say that one hundred per cent. of the property owners are opposed to this ordinance. In the first place, conditions on that street are perfectly good. There is no reason for the pavement. As a matter of fact, the paving which was recently done on William Street, which is a through thoroughfare, and with that same caliber of granite block on the street where the grade exists. There

is no particular necessity on this street. You have the owners of the property living in their own houses. In many instances they are perfectly well satisfied with the conditions. As a matter of fact, Springfield Avenue has recently been paved, and so has 18th Avenue. Here is 17th Avenue sandwiched between the two, and it doesn't run from Washington or Belmont Avenue all the way through to Springfield Avenue. In other words, I might say that on 17th Avenue you have the Cleveland School, which doesn't pay any taxes.

Mayor Congleton: No, and the property owners would not pay for the assessment—that is, for the cost of it. I mean to say that the cost of it would not be apportioned among the other property owners. That property theoretically would be assessed just as much as the piece alongside of it, but it would be taken care of and charged to the city.

Mr. Schwartz: At the same time, whatever improvements are put there, you will put the burden on the property owners. They can't stand it and they see no necessity for it.

Mayor Congleton: What is the frontage on the property that you represent?

Mr. Schwartz: Practically the entire frontage from the east side of Livingston Street to Bergen Street. That is about four streets extending up.

Commissioner Gillen moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Clay Street from Broad Street to High Street, the part from Broad Street westerly about 250 feet to be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation and the balance with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Any citizen desire to be heard?

The following petition was received and read:

{ In the matter of the proposed paving of Clay Street

To the Board of Commissioners of The City of Newark:

The undersigned is the owner of the property at the southwest corner of Broad and Clay Streets with a frontage of 230 feet on Clay Street, and also of the house known as No. 50 Clay Street.

I wish to protest against the proposed paving at this time for the twofold reason:

First: The future of Clay Street has not been definitely decided, and it is possible that after a future of the street has been definitely decided, by the definite fixing of the character of the approaches, it may be found that the street will require other improvement that will render the present proposed paving ordinance valueless.

Second: The street runs only as far west as High Street and it may be decided later to extend it further west and in that event it may be found necessary to widen the roadway.

I would also state that the value of the interior lots west of Broad Street would scarcely warrant an improvement of this cost.

Yours very respectfully,

Salvatore D'Auria.

Mr. W. P. Hurley, 784 Broad Street: I represent Salvatore D'Auria, who owns the southwest corner of Broad and Clay Streets and also owns a house at 50 Clay Street. I present a petition from him.

Mayor Congleton: That is a vacant lot on the corner of Broad Street filled up with signboards on it?

Mr. Hurley: Yes. He also owns a house across the street. His principal objection is directed to the idea that he feels that Clay Street will eventually be changed, possibly in the near future, and that it may be widened or it might be extended, and that the Clay Street bridge is going to be more of a thoroughfare. He believes that the

paving of this street at this time is premature until it has been definitely decided just how Clay Street is going to be improved ultimately. He believes that eventually it would be widened, and he believes that the paving at this time, which is of an expensive type, will be useless.

Mayor Congleton: The street won't be widened for a good many years. This paving has been there since 1898, and the department feels that it should be renewed.

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving of Clay Street from Broad Street to High Street, the part from Broad Street westerly about 205 feet to be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation and the balance with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the repaving of Clay Street from Broad Street to High Street, the part from Broad Street westerly about 250 feet to be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation and the balance with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Clay Street from Broad Street to High Street, the part from Broad Street westerly about 205 feet to be repaved with new oblong granite block pavement on a new six (6) inch concrete foundation and the balance with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening of

New Street from its easterly terminus as opened west of the Morris Canal easterly about 89 feet to its westerly terminus at Lock Street; for the change of grade of New Street from Wilsey Street to Lock Street; for the change of grade of Nuttman Street from New Street southerly about 160 feet; for the grading, curbing, flagging, paving and repaving of New Street from the easterly side line of Lock Street to the westerly side line of Wilsey Street; and for the grading, curbing, flagging, paving and repaving of Nuttman Street from the northerly side line of Warren Street to the southerly side line of New Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the opening of New Street from its easterly terminus as opened west of the Morris Canal easterly about 89 feet to its westerly terminus at Lock Street; for the change of grade of New Street from Wilsey Street to Lock Street; for the change of grade of Nuttman Street from New Street southerly about 160 feet; for the grading, curbing, flagging, paving and repaving of New Street from the easterly side line of Lock Street to the westerly side line of Wilsey Street; and for the grading, curbing, flagging, paving and repaving of Nuttman Street from the northerly side line of Warren Street to the southerly side line of New Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the opening of New Street from its easterly terminus as opened west of the Morris Canal easterly about 89 feet to its westerly terminus at Lock Street; for the change of grade of New Street from Wilsey Street to Lock Street; for the change of grade of Nuttman Street from New Street southerly about 160 feet; for the grading, curbing, flagging, paving and repaving of New Street from the easterly side line of Lock Street to the westerly side line of Wilsey Street; and for the

grading, curbing, flagging, paving and repaving of Nuttman Street from the northerly side line of Warren Street to the southerly side line of New Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the opening of New Street from its easterly terminus as opened west of the Morris Canal easterly about 89 feet to its westerly terminus at Lock Street; for the change of grade of New Street from Wilsey Street to Lock Street; for the change of grade of Nuttman Street from New Street southerly about 160 feet; for the grading, curbing, flagging, paving and repaving of New Street from the easterly side line of Lock Street to the westerly side line of Wilsey Street; and for the grading, curbing, flagging, paving and repaving of Nuttman Street from the northerly side line of Warren Street to the southerly side line of New Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of a storm water sewer and sanitary sewer in Bloomfield, Newark, and Belleville, beginning at Bloomfield Avenue and North 13th Street and running to the northerly line of the Morris Canal at Meadow Brook, and authorizing the execution of an agreement between the Town of Bloomfield, the Town of Belleville, the City of Newark and the City of East Orange for the building of said sewers and appurtenances by the City of Newark and the payment of the cost thereof by said municipalities, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a storm water sewer and sanitary sewer in Bloomfield, Newark, and Belleville, beginning at Bloomfield Avenue and North 13th Street and running to the northerly line of the Morris Canal at the Meadow Brook, and authorizing the execution of an agreement between the Town of Bloomfield, the Town of Belleville, and the City of East Orange for the building of said sewers and appurtenances by the City of Newark and the payment of the cost thereof by said municipalities.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that he ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the construction of a storm water sewer and sanitary sewer in Bloomfield, Newark and Belleville, beginning at Bloomfield Avenue and North 13th Street and running to the northerly line of the Morris Canal at Meadow Brook, and authorizing the execution of an agreement between the Town of Bloomfield, the Town of Belleville, the City of Newark and the City of East Orange for the building of said sewers and appurtenances by the City of Newark and the payment of the cost thereof by said municipalities," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer and sanitary sewer in Bloomfield, Newark, and Belleville, beginning at Bloomfield Avenue and North 13th Street and running to the northerly line of the Morris Canal at the Meadow Brook, and authorizing the execution of an agreement between the Town of Bloomfield, the Town of Belleville, and the City of East Orange for the building of said sewers and appurtenances by the City of Newark and the payment of the cost thereof by said municipalities.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to license florists doing business in the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to license florists doing business in the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

Section 9 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the

ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to license florists doing business in the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to license florists doing business in the City of Newark.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Earl Street from the easterly line of Frelinghuysen Avenue easterly about 200 feet to its terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Earl Street from the easterly line of Frelinghuysen Avenue easterly about 200 feet to its terminus.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing

for the vacation of Earl Street from the easterly line of Frelinghuysen Avenue easterly about 200 feet to its terminus," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Earl Street from the easterly line of Frelinghuysen Avenue easterly about 200 feet to its terminus.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Summit Avenue from Chancellor Avenue to Goldsmith Avenue and for the grading, curbing, flagging and paving of Goldsmith Avenue from about 476 feet west of Aldine Street to Hobson Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Summit Avenue from Chancellor Avenue to Goldsmith Avenue from about 476 feet west of Aldine Street to Hobson Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, together with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may be-

come necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 26, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$38,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$38,800.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments there-

of, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that December 31, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Paris Street from Wilson Avenue to Avenue L with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Paris Street from Wilson Avenue to Avenue L shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or re-

setting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 5, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$49,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$49,800.00, under and by virtue of the provisions of an act entitled "An Act to

authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that December 31, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation,

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That McWhorter Street from Ferry Street to Elm Street shall be paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 5, 1929, and now on file in the office of the Department of Public Affairs.

The clerk then read the ordinance as follows:

An ordinance providing for the opening of North Seventh Street 50 feet in width from the southerly line of Anthony Street southerly 350 feet to the Belleville-Newark boundary line.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That North Seventh Street 50 feet in width, from the southerly line of Anthony Street southerly 350 feet to the Newark-Belleville boundary line shall be opened as a public street or highway, as follows:

Beginning at a point in the southerly line of Anthony Street distant 200 feet westerly from the southwesterly corner of North Sixth Street and Anthony Street; thence running southerly parallel to North Sixth Street 350 feet to the Newark-Belleville boundary line. The above described parallel line to be the easterly line of a street 50 feet in width.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1303-O, dated December 7, 1929. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof assessed against the property peculiarly benefited by said improvement in proportion of the benefits received, and in no case shall any assessment for said

improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$4,000.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Charles P. Gillen

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolution:

To the Board of Commissioners  
of The City of Newark, N. J.

Dear Sirs:

I respectfully submit the statements annexed (by items) of the amount in gross as shown by the records in their office of the several grading, curbing, flagging, pavings and repavings, Chapter 152, Laws 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. Brady,  
Acting Auditor of Accounts.

Berkeley Avenue grading, curbing, flagging and paving — Third Street to Fourth Street .....	\$10,140.00
Foundry Street grading, curbing, flagging and paving—Roanoke Avenue to Allegheny Avenue .....	16,627.00
Third Street grading, curbing, flagging, paving and repaving—Abington Avenue to Berkeley Avenue..	18,125.00
Arch Street repaving—Warren Street to New Street.	14,642.00

**RESOLVED**, By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction of the statutes in such case made and provided.

and,

WHEREAS, In the judgment of this Board it is advisable that the City purchase said lands, at the price stated, which, in the opinion of this Board, is a fair price;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said Consolidated Corporation to sell said lands at the price aforesaid; and

BE IT FURTHER RESOLVED, That the sum of Thirteen thousand one hundred seven and 20/100 dollars

(\$13,107.20) be and the same is hereby appropriated to said Consolidated Corporation as the consideration for the conveyance aforesaid upon the filing by it with the Acting Auditor of Accounts of said City of a Warranty Deed, free and clear of all encumbrances, except taxes for 1929, which are to be apportioned as of date of closing title, conveying the lands aforesaid, which deed shall be approved as to form by the Law Department.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED.** That the following bonds be and the same are hereby approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

General Contracting and Engineering Company, construction of timber decking for Morris Canal between Broad and Mulberry Streets (Contract and indemnity bonds.)

Charles S. Carracino, curb and flag south side of Eleventh Avenue from South 18th to South 20th Streets. (Contract and indemnity bonds.)

Automatic Sprinkler Corporation of America, automatic sprinkler system for airplane hangar at Newark Metropolitan Airport.

Philip Spampinto. (Plumber's bond)

The following communication from Paul J. Zucker, 810 Broad Street, Newark, N. J., was received and read:

December 10, 1929.

Hon. Jerome T. Congleton,  
City Hall, Newark, N. J.

Re: Gasoline Station permit,  
71-77 Elizabeth Avenue, Newark.

My dear Mayor:

Pursuant to my conversation with you, I shall appreciate it if you will adjourn the hearing on the above matter in which Harry Steiner and I are the applicants to Wednesday, December 18, 1929. The reason for this request is that due to the submission of the new zoning ordinance the entire session will probably be devoted to a discussion of that matter and I have been told by Mr. Rankin that he expects the Chamber to be crowded with persons who expect to participate in the discussion.

Thanking you for any courtesy you will be able to extend, I am

Very truly yours,

Saul J. Zucker.

Ordered filed.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Abe Sternbach for a gasoline station at 73 Elizabeth Avenue; approved on condition that the maximum amount of gasoline stored on the premises is not to exceed 1,000 gallons, that a fireproof wall be erected between

the filling station and the stores to the south, and that an automatic sprinkler system be installed in the garage in the rear of the filling station;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be the Superintendent of Buildings, the and the same are hereby approved, and granting permits, be and he is hereby administrative officer in charge of directed to issue a permit for the application above set forth.

Commissioner Howe moved that the application be laid over until December 18, 1929.

**Board of Education,  
City Hall,  
Newark, N. J.**

December 4, 1929.

Board of Commissioners of the  
City of Newark.

Members of Board:

At a meeting of the Board of School Estimate held on Wednesday morning, December 4, 1929, it was decided to recommend to the Board of Commissioners of the City of Newark that an appropriation of One million and fifty thousand dollars (\$1,050,000.00) be made and placed to the credit of the Board of Education of Newark in the County of Essex for the purchase of lands for school purposes and for erecting, enlarging, repairing and furnishing school houses, and for improvements to playgrounds in said City of Newark, as set forth in the attached statement.

At the same meeting, the Board of School Estimate consented to and approved the transfer of Thirty-three thousand dollars (\$33,000.00) heretofore appropriated for the purpose of improving the Ann Street School Playground, to be used for the purpose of improving the Newton Street Playground, as set forth in the attached statement.

Yours truly,

R. D. Argue,  
Secretary.

Ordered filed.

**RESOLVED,** That the request of the Board of Education of Newark in the County of Essex for an appropriation

for the purchase of lands for school purposes and for playground purposes, and for erecting, enlarging, repairing and furnishing school houses and for improvements to playgrounds within the said city and school district, be and it is hereby approved as to the items hereinafter mentioned, and that the Board of School Estimate hereby fixes and determines the amount necessary for such purposes to be as follows:

#### Land

Additional ground for Garfield School:		
Nos. 312 - 314 North Sixth Street, being about 50' x 100', and buildings thereon ..	\$12,500	\$12,500

#### Summary

Land .....	\$ 87,500
Buildings .....	900,000
Playgrounds (Alts. and Impts.) .....	62,500

Grand Total .....\$1,050,000

RESOLVED, That the Board of Commissioners of the City of Newark be and it is hereby respectfully requested to appropriate the sum of One million and fifty thousand dollars (\$1,050,000) to the Board of Education of Newark in the County of Essex for the purposes as set forth in the foregoing statement.

Louis C. Schwartz,  
Henry Young,  
Jerome T. Congleton,  
John Howe,

The Board of School Estimate.

RESOLVED, That the Board of School Estimate hereby consents to the transfer by the Board of Education of the sum of Thirty-three thousand dollars (\$33,000) heretofore appropriated for the purpose of improving the playground of the Ann Street School, to be used for improving the playground of the Newton Street School.

Henry Young,  
Louis C. Schwartz,  
Jerome T. Congleton,  
John Howe,  
The Board of School Estimate.

The following communication was received, read and ordered filed:

December 5, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted varying the Zoning Ordinance and granting the application of Joseph Talkowsky to convert the former fire house at No. 55 Plane Street into a public garage and welding shop.

This matter came to the Board of Adjustment on appeal from the Bureau of Combustibles, which denied the application November 21, 1929, because the public school on Eagles Street is within 200 feet.

A public hearing on the appeal was ordered for December 5, 1929, at which time Mr. Joel Schlesinger represented the applicant. The owner of No. 24 Eagles Street was the only objector to appear. Mr. John A. Bernhard, representing several property owners, refused to enter objections upon learning that the application was before the Board solely because of the proximity of the school, and word was received that the Board of Education would not object.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Commissioner Gillen: I move that the rules be suspended and that action be taken today with reference to converting the fire house.

Mayor Congleton: The motion is to suspend rules and take action on this matter today. What is your pleasure?

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Inspector of the Bureau of Combustibles and Fire Risks, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Joseph Talkowsky to convert the former fire house at 55 Plane Street into a public garage and welding shop;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Inspector of the Bureau of Combustibles and Fire Risks, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton  
Charles P. Gillen  
John Howe  
Jno F. Murray, Jr.  
W. J. Brennan

The roll being called the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

December 5, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted varying the Zoning Ordinance and granting the application of Bobal Realty Company for an open air parking station at 145-149 Washington Street.

Application was denied by the Bureau of Combustibles September 5,

1929, and an appeal taken to the Board of Adjustment was denied October 3, 1929.

A reconsideration of this application was granted for December 5, the Board having in the interim approved a similar application for 148-52 Washington Street. On that date Mr. Edward Fenias appeared as counsel for the applicant. Objections were entered by James H. Vreeland, owner of 141-143 Washington Street and by Theodore F. Chardavoyne, owner of 24-26 Warren Place, on the ground that their buildings adjoining the proposed parking space might be damaged by careless drivers. Mr. Louis Hood, owner of 131-135 Washington Street, withdrew his objections upon learning that the Board was inclined to limit the permit to one year. Mr. Bush, president of Newark Galleries, Inc., on the south, said it would benefit the street to remove the present buildings.

The application was granted for one year by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

December 5, 1929.

Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted varying the Zoning Ordinance and granting the application of Charles F. Vonhof for a gasoline station at 343-353 Bloomfield Avenue, northwest corner of Fourth Street.

Plans for this building were rejected by the Building Department October 4, 1928, and an appeal filed with the Board of Adjustment November 23rd.

A public hearing on the appeal was ordered for December 5, at which time Mr. Samuel I. Kessler appeared as

counsel for the applicant. No objectors were present.

There is no church, school or similar institution within 200 feet.

The nearest gasoline station is on the southwest corner of Bloomfield Avenue and Fourth Street. There is one on the northwest corner of Bloomfield Avenue and Third, granted by the Board of Adjustment June 4, 1925. One was denied in April of this year on the northeast corner of Bloomfield Avenue and North 7th Street, and from Roseville Avenue west there are a number of gasoline stations.

The application was granted by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Commissioner Howe moved that the application be laid over until December 24, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

December 5, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions varying the zoning ordinance and granting the application of Mileage Gas Corporation to enlarge the existing gasoline station at 122 Summer Avenue (southwest corner of Park Avenue) were adopted.

Plans for the enlargement of this station were denied by the Building Department November 19, 1929, and an appeal filed with the Board of Adjustment November 22nd.

A public hearing on the appeal was ordered for December 5, at which time Mr. Samuel I. Kessler appeared as counsel for the applicant. There were no objectors present.

The existing station was approved by the Board on June 3, 1927, for a plot of ground 30x50 feet. The present

application is for an expansion of 46 feet along Park Avenue.

There is no church, school or similar institution within 200 feet.

The application was approved by unanimous vote.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Commissioner Howe moved that the application be laid over until December 24, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

December 5, 1929

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted varying the Zoning Ordinance and granting the application of William Okin for the construction of a gasoline station at 198 Sixteenth Avenue, southwest corner of South 12th Street.

Plans for this building were rejected by the Building Department November 24, 1929, and an appeal filed with the Board of Adjustment November 8.

A public hearing on the appeal was ordered for November 21st, at which time Mr. Samuel I. Kessler appeared as counsel for the applicant, and Mr. Benjamin Cohen for a number of protesting property owners, fourteen of whom were present. Mr. Kessler argued that the nature of the subsoil made it impossible to erect anything but a one-story building. This was disputed by Mr. Cohen, who cited several three or four-story buildings in the immediate vicinity. This particular section was formerly known as Kehoe's Hole, and members of the Board of Adjustment were familiar with the fact that heavy structures could not be built on this land. The contention was backed by a member of the Building Department staff who was present.

The application was granted, Mr. Lawrence alone voting in the negative.

There is no church, school or similar institution within 200 feet.

The nearest gasoline station is at South 13th Street and Fifteenth Avenue, and was granted in 1924. A public garage is located immediately in the rear of the premises in question, on South 12th Street.

In accordance with Section 9, Chapter 274, P. L. 1928, it is respectfully recommended that the above structure be allowed.

The Board of Adjustment,

R. B. Rankin,  
Secretary.

Commissioner Howe moved that the application be laid over until December 24, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The following bill was received and read:

34 West State Street,  
Trenton, N. J.

December 1, 1929.

City of Newark, N. J.

To New Jersey State League  
of Municipalities, Dr.

To membership dues from  
Jan. 1, 1930, to Dec. 31,  
1930, at \$7.00 per thousand  
inhabitants or fraction  
thereof, according to Fed-  
eral Census of 1920. From  
20,000 to 70,000 population,  
flat rate of \$50.00; mini-  
mum dues \$25.00 per an-  
num; maximum \$1,500.00.

Received payment.

.....  
Treasurer.

Ordered referred to the Director of  
of Revenue and Finance.

Mayor Congleton: Does anyone have  
any matter that they wish to bring to  
the attention of the Commission?

Mr. Fred Herrigel, 1060 Broad Street: A client of mine, Edmund W. Zaegel, of 87 Elizabeth Avenue, received a notice that there would be an application made by Saul J. Zucker and Harry Steiner for a variation from the requirements of the building zone ordinance so as to permit a gasoline filling station at 72 Elizabeth Avenue.

Mayor Congleton: The matter has been adjourned to next week.

Mr. William Umschied of 181 North Fifth Street appeared and protested against the increase in trolley fares of the Co-ordinated Transport.

Mayor Congleton: Does anyone else desire to be heard?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

W. J. BRENNAN  
JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., December 18, 1929

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of December 11th were read and approved.

The City Clerk presented An ordinance to provide for the resurfacing of Rowland Street from Bloomfield Avenue to Crittenden Street with asphalt pavement on the existing brick pavement prepared as a foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the resurfacing of Rowland Street from Bloomfield Avenue to Crittenden Street with asphalt pavement on the existing brick pavement prepared as a foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the resurfacing of Rowland Street from Bloomfield Avenue to Crittenden Street with asphalt pavement on the existing brick pavement prepared as a foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the resurfacing of Rowland Street from Bloomfield Avenue to Crittenden Street with asphalt pavement on the existing brick pavement prepared as a foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

To the Board of Commissioners  
of the City of Newark, N. J.

Dear Sirs:

We, the property owners on Webster Street in the City of Newark, demand a full account and more details before the sum of \$29,000.00 will be spent to asphalt the said street, according to specifications on notice sent us recently.

We demand to know what it is going to cost per foot, approximately. We think the price is exorbitant. Also, will we be assessed for the school frontage?

(Signed by 38  
property owners.)

Ordered filed.

Mr. John Lungo, 5 Webster Street: We have a list here of all the property owners, who are not against the street being done. We are in favor of it, but we are against the price.

Mayor Congleton: Well, of course, as to the price, I suppose you have in mind the \$29,000 mentioned in the ordinance.

Mr. Lungo: Yes.

Mayor Congleton: That does not mean that that will all be assessed upon the abutting property. In repaving the City always assumes a portion of it. Your property will only be assessed for the amount that your City thinks your property has been benefited by the improvement. The rest will be paid for by the City.

Mr. Lungo: Yes, but all these property owners want to know that the Commission will go fifty-fifty with us.

Mayor Congleton: No, not in that kind of street. It may turn out before the Assessment Commission that that is what it will be, but we can't put it in the ordinance. Webster Street isn't one of the main arteries.

The City Clerk presented An ordinance to provide for the recurbing and resurfacing of Webster Street from Bloomfield Avenue to Seventh Avenue with asphalt pavement on the existing brick pavement prepared as a foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(Petitions signed by 38 property owners and Mr. John H. Lungo, 5 Webster Street, appeared.)

No one else appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the recurbing and resurfacing of Webster Street from Bloomfield Avenue to Seventh Avenue with asphalt pavement on the existing brick pavement prepared as a foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the

ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the recurbing and resurfacing of Webster Street from Bloomfield Avenue to Seventh Avenue with asphalt pavement on the existing brick pavement prepared as a foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the recurbing and resurfacing of Webster Street from Bloomfield Avenue to Seventh Avenue with asphalt pavement on the existing brick pavement prepared as a foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Twelfth Avenue from West Market Street to Newton Street and from Bergen Street to Fairmount Avenue with new oblong granite block pavement on a new six (6) inch concrete foundation; from Newton Street to Bergen Street and from Fairmount Avenue to South 12th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, the street railway track area between South 10th Street and South 12th Street to be repaired or repaved with granite block where necessary, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

The following petition was received and read:

December 16, 1929.

City Commissioners of Newark, N. J.

Honorable Gentlemen:

We, the undersigned taxpayers representing more than two-thirds of the property owners along Twelfth Avenue, between Eighth and Twelfth Streets, this city, are unequivocally opposed to the grading and paving of that thoroughfare at this time.

Twelfth Avenue is not in as bad condition as many another street in this city and inasmuch as the paving will not improve it in the least, it will only be a hardship to the owners and taxpayers.

We petition you, as our representatives, to hear our voice, we, who have to bear the burden and expense of this contract, to rescind the order for paving of this street at this time.

It is not necessary and uncalled for and what is more, the expense is too heavy for most of us to bear, especially in view of the fact that the tax burden is already more than we can stand and income does not warrant present taxes much less added paving expense.

(Signed by 34  
property owners.)

Ordered referred to Mayor Congleton.

Mr. John Heimel, 269 South 11th Street: The pavement up there in front of our place is as good as the day it was put down.

Mayor Congleton: Where are you?

Mr. Heimel: I am on 11th, corner of 12th. There are no ruts in it or anything. In fact, for two blocks there—I have a petition from all the people up there.

Commissioner Gillen: How many signed?

Mr. Heimel: I could not tell you. I have it here.

Mayor Congleton: We might look into it and put it over for two weeks. The pavement was laid in 1903.

Mr. Heimel: We were not asked when it was laid whether it was to be asphalt or block.

Mayor Congleton: You had your day in court in 1903.

Mr. Heimel: No, we didn't.

Mayor Congleton: The law required a hearing on the ordinance in 1903, just as it does now. Maybe you didn't go up.

Mr. Heimel: I never got it to come down.

Mayor Congleton: This is a pavement that was laid in 1903, granite on sand.

Mr. Heimel: I will agree with you. I know all about that. They have even got blocks in it that were condemned on Bergen Street.

Mayor Congleton: I suggest it be laid over until later and I will look into it.

Commissioner Brennan moved that the ordinance be laid over until December 31st.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mr. Heimel: Will we be notified again?

Mayor Congleton: No, you have had your notice. It is formally adjourned for two weeks.

The City Clerk presented An ordinance providing for the vacation of Boudinot Street from the westerly line of Mulberry Street westerly to the easterly line of Pine Street, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until February 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to repeal Sections 19, 20, 21 of Chapter 111, of the revised ordinance of the City of Newark (Re-

vision 1913) and to repeal Sections 391 to 396, inclusive, of Chapter XXIII of the revised ordinance of the City of Newark (Revision 1913) and to repeal Sections 401 to 404, inclusive, of Chapter XXV of the revised ordinances of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That Sections 19, 20, 21 of Chapter 111 of the Revised Ordinances of the City of Newark (Revision 1913); that Sections 391 to 396, inclusive, of Chapter XXIII of the Revised Ordinances of the City of Newark (Revision 1913); that Sections 401 to 404, inclusive, of Chapter XXV of the Revised Ordinances of the City of Newark (Revision 1913) be and the same are hereby repealed.

This ordinance to take effect immediately upon passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that January 8th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Whitney Street from South Orange Avenue to Ruth Street and Ruth Street from South Grove Street to Whitney Street with asphalt pavement (1½"

top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Whitney Street from South Orange Avenue to Ruth Street and Ruth Street from South Grove Street to Whitney Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 12, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in propor-

tion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$28,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$28,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that January 8th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced

the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a system of sewers to be known and designated as the Goldsmith Avenue and Summit Avenue Storm and Sanitary Sewers.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a system of sewers to be known and designated as the Goldsmith Avenue and Summit Avenue Storm and Sanitary Sewers shall be constructed as follows: In Hobson Street from a point approximately 220 feet north of Chancellor Avenue to Goldsmith Avenue; in Goldsmith Avenue from Hobson Street to a point approximately 120 feet east of Summit Avenue and in Summit Avenue from Goldsmith Avenue to Chancellor Avenue. The part in Hobson Street to be eighteen (18) inch reinforced concrete pipe; the part in Goldsmith Avenue to be fifteen (15) inch reinforced concrete pipe and in Summit Avenue twelve (12) inch pipe. These sewers to be used for storm water only, together with eight (8) inch pipe sewer for house sewage only in Goldsmith Avenue from Hobson Street to a point approximately 120 feet east of Summit Avenue and in Summit Avenue from Goldsmith Avenue to Chancellor Avenue. These sewers to be constructed with four (4) inch cast iron house connections to the curb lines, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 13, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations, and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas. Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that January 8th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, That the sum of

Twenty-eight thousand six hundred four dollars and eight cents (\$28,604.08) be and the same is hereby appropriated to the City Treasurer as per annexed certified list, being the semi-monthly payrolls of the Department of Revenue and Finance, from December 1st to 15th, 1929:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray offered the following resolution:

RESOLVED, That the City of Newark lease from the Oraton Investment Company for the term of two years, from January 1, 1930, to December 31, 1932, the premises known as No. 728 High Street, in the City of Newark, N. J., at the annual rental of Twenty-four hundred dollars (\$2,400.00) upon the terms and conditions set forth in the annexed copy of indenture of lease; and

BE IT FURTHER RESOLVED, That the original indenture of lease for said premises be and the same is hereby approved, and the Director of the Department of Public Works and the City Clerk are hereby authorized and directed to execute the same on behalf of the City on the adoption of this resolution.

Jno. F. Murray, Jr.  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolution:

WHEREAS, At a public sale of lands conducted by the City one of the terms of sale was that said property should be sold free and clear of all municipal liens and assessments; and

WHEREAS, The purchaser of said property, located at the intersection

of First and Second Streets, was one Philip B. Lawrnece; and

WHEREAS, A search for municipal liens, etc., discloses a charge for water service connection of \$160.68 open of record on the assessment books of the City;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the charge of \$160.68 for water service connection assessed against the property purchased by Philip B. Lawrence at the public sale aforesaid be and the same is hereby cancelled of record from the books of the City, pursuant to the conditions of sale under which said property was purchased.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED**, That John F. Dougherty, whose name has been certified by the Civil Service Commission as eligible, be and he hereby is appointed to the position of Investigator in the Department of Public Affairs (Street Cleaning) at a compensation of \$2,100 per annum, effective December 18th, 1929.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS**, In May, 1925, the City vacated Earl Street in the City of Newark, it being the intention by said vacation that Nathaniel Drake, owner of properties on either side of the street, would become the owner of the street bed adjoining his two properties together, and in consideration of the action of the City at that time said Drake paid to the City the sum of \$3,000; and

**WHEREAS**, It was thereafter discovered that the City had taken Earl Street originally by Deed and at the time of the vacation aforesaid held an estate in fee simple;

**WHEREAS**, It was later disclosed that the proceedings taken for the vacation of Earl Street were defective; and

**WHEREAS**, Upon the institution of new proceedings for the vacation of Earl Street, at a sale of public lands, said Nathaniel Drake was the highest bidder therefor, his bid being \$3,000; and

WHEREAS, It is the intention of this Board to permit the said sum of \$3,000 heretofore paid in the belief that a perfect title was acquired under said first proceedings, to be applied in payment of the purchase price of the lands purchased by said Drake at the public sale held on December 16, 1929, and to vest a good title in said Drake without further payment by him;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Public Affairs in accepting the bid of said Nathaniel Drake for the aforesaid property be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed to said Drake, with Covenant Against Grantor's Acts, which deed shall convey the lands aforesaid; said deed to contain a recital of \$3,000 consideration, said deed, however, to be delivered without further payment by said Drake, in view of the former defective proceedings, and the amount heretofore paid shall be credited as the consideration for the deed conveying the lands sold on December 16, 1929, above referred to.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

Burroughs Adding Machine Company, for furnishing and delivering Burroughs Adding and Calculating Machines. (Contract bond.)  
Remington Rand Business Service, Inc., for furnishing, delivering and

installing "Kardex" filing system. (Contract bond.)

Van Keuren & Son, for wrecking and removing buildings on City property at northeast corner of Clifton and Seventh Avenues. (Contract and indemnity bonds.)

Harry Nungesser, plumber's bond.  
Bart Darress, plumber's bond.  
Jack Abrams, plumber's bond.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Abe Sternbach for a gasoline station at 73 Elizabeth Avenue; approved on condition that the maximum amount of gasoline stored on the premises is not to exceed 1,000 gallons, that a fireproof wall be erected between the filling station and the stores to the south, and that an automatic sprinkler system be installed in the garage in the rear of the filling station;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Saul K. Zucker, 810 Broad Street: I am going to ask for another

adjournment, Mr. Mayor, because of a case which has been determined as late as November 14 and which appears in this week's report, by which, I think, I may be able to convince the Legal Department of the City that we are entitled to the permit. For that reason I would like the opportunity of postponing this matter for three weeks, on account of the holidays, and I think by that time we will be in a position to go ahead or to have convinced the Legal Department.

Commissioner Howe: I move that the application be laid over to January 8, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Abraham A. Appel for the construction of eleven individual garages; premises 29-31 Rose Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Murray: I would suggest that no action be taken on this until the City Commission is assured that the buildings are going to be set back far enough so as not to have the door swing out onto the street, and that the type of building be not detrimental to the neighborhood.

Commissioner Brennan: I move that the application be laid over to January 8, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of William A. Schilling for a gasoline station at 3-5 Jones Street;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

Mr. William A. Schilling, 3-5-7 Jones Street: This application was fully heard by the Board of Adjustment and postponed. In my opinion it is one of the most unusual situations that has developed with reference to a gasoline station. At the hearing before the Board of Adjustment not only were there no objections, but 18 out of 26 persons who were entitled to notice signed a written request to the Board that the permit be granted.

You gentlemen, no doubt, are familiar with the locality of the property. The street is exceptionally wide—I think it is over 200 feet—and the neighborhood is devoted to heavy business. There is the City stable in the vicinity, there is the Eagle Warehouse, there is the iron foundry—

Commissioner Howe: On Jones Street?

Mr. Schilling: In the rear of Jones Street. This is on the corner of Dark Lane. There is on Hayes Street and Dark Lane Seidenberg, the coal man.

There is absolutely nothing that can be put on this property at the present time, or within the reasonably near future which will yield enough to pay only the interest on what the property cost. The property presently is encumbered by a \$35,000 mortgage, and the City of Newark can see fit to assess this for some \$17,000. It is over \$200 a foot for assessments on this property. Unfortunately, when the matter was taken up on appeal seemed to agree with the City of Newark. There is nothing that we as property owners can do. We have to sit by and take it.

Now, it happens that I am personally interested in this property. I own real estate elsewhere in the city. If any of you gentlemen can suggest anything but a gasoline station on this property that will even pay the interest or the taxes, we are willing to consider seriously such a suggestion.

We have presently a purchaser or a lessee who is willing to lease this—one of the largest oil companies in this vicinity. They want to lease it for a period of ten years. They want to erect a modern gasoline station.

It seems to me that this gasoline station will not only improve the neighborhood which at the present time is nothing but a lot of old shacks. The buildings on this property consist of two old shacks, which, I would say, are over forty years old. There are two stores which have been vacant since 1925. We bought in 1925 and have yet to get any return from those two stores. There are something like eight or ten other stores on the block, in spite of all the vacant land, that are vacant or unoccupied.

I most respectfully submit that this Board confirm the recommendation of the Board of Adjustment in granting this permit.

Commissioner Gillen: I so move.

Commissioner Murray: Commissioner Howe, the situation there is that the property cost \$35,000 and the street assessment is \$17,000.

Mr. Schilling: Gentlemen, when I referred to the assessment, I meant the widening of the street. It is \$17,000,

over \$200 a foot, not for the property itself. I think the property is assessed at forty or fifty thousand dollars.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Peerless Oil Company  
for a gasoline station at 299-305  
Central Avenue;

THEREFORE BE IT RESOLVED,  
By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be, and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

W. J. Brennan  
Jerome T. Congleton  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

Mr. Charles Schaedel East Orange: We raised objection to that gasoline station before the Adjustment Bureau and I think we ought to have consideration. We own 100 feet on the adjoining property on Jay Street. We also own the opposite corner, Jay Street and Central Avenue.

The most important objection, I think, is that the City Railway crosses there, and that place will very likely be a terminal. I don't think that is the proper place for a gasoline station.

Mayor Congleton: It won't interfere with the railroad. I have inquired of the engineer about that. It won't interfere at all.

Mr. Schaedel: There are also two schools within a block of the vicinity, one on Central Avenue and one on Sussex Street.

Mayor Congleton: There is one two blocks to the north and one a block to the east.

Mr. Schaedel: We have 125 feet on the westerly side of Jay Street and 100 feet on the easterly side. In fact, we have no surrounding other neighbors that are opposed to this.

Mayor Congleton: Does your 100 feet on the east side abut this property?

Mr. Schaedel: Yes, sir.

Mayor Congleton: Do you own that little frame house next to it?

Mr. Schaedel: Oh, no; that belongs to the owners who are applying for the station.

Mayor Congleton: What is your pleasure, gentlemen?

Commissioner Brennan: While I am opposed to gasoline stations on main arteries because of traffic conditions, I have looked the property over a few times, and there is very little difference between a gasoline station and what is there now, which is really Automobile Row, you might say, on Central Avenue today. There are no gas stations on High Street.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**Lum, Tamblyn & Colyer,  
Counsellors at Law**

December 17th, 1929.

Mayor and City Commission  
of the City of Newark,  
City Hall, Newark, N. J.

Gentlemen:

We desire to enter a formal protest against further proceeding with the Mulberry Street widening and opening at the present time.

As one of the attorneys representing the Casebolt Estate, we had proceeded with the case by direction of the Assessment Commissioners. We have always felt that as the City was

acquiring the property, it in fairness and justice should put in its case first. We were, however, by the rulings of the Commission, compelled to produce our testimony of value in the first instance.

We had called to the stand three experts, of established reputation and years of experience as appraisers, two of whom had been used very extensively by the City in establishing its values in a score or more of cases. While the matter was in the course of procedure, the chief representative of the City, at a public gathering, attacked property owners on Mulberry Street, alleging in effect that they were attempting to obtain an extravagant or extortionate price from the City, and threatening to discontinue the proceedings.

Under the Home Rule Act, as you well know, the Assessment Commission consists of appointees of the City paid by the City. In the present instance, they are men of the finest standing and of recognized ability and integrity. Nevertheless, in the present posture it must be recognized that they are, to say the least, in an extremely embarrassing position. While the case is pending before them as a court, and but partly completed, we are in effect charged with extortion.

You will recall that nearly nine years ago, and in the time of Mayor Raymond, a movement to widen and open Mulberry Street was under active consideration and was for some considerable time before the Council, and after a mature and full hearing, the plan was abandoned. When some three years ago the plan was put forward again by the present Commission, we prepared maps, obtained estimates, secured the services of engineers and presented before the Commission a case which seemed to us fully to justify the abandonment of the project at the present time.

We believe that something in connection with the Lefcourt building, either express or implied, impelled your Honorable Board to go forward with the project.

We do not believe that the improvement can be completed for three times the amount set up in the ordinance as sufficient. The property is being acquired as of the value of May 17th of this year. We believe that the pre-

liminary appraisals made for your guidance some considerable time before that, failed to take into consideration the many improvements which were then mere possibilities and which are now actualities. We refer to the contract with the Pennsylvania Railroad covering the new station and plaza; the Newark City Railway; the Lefcourt building; the National Newark and Essex building; Highway 21 and many other things of lesser importance.

Regardless of the width of Mulberry Street, traffic cannot flow more freely than Market Street cross-traffic will permit. The width of Broad Street should make that immediately apparent to one who observes the conditions there. Route 21 will relieve the City of a tremendous amount of through traffic which is now compelled to use the north and south surface routes. In connection with the working out of new traffic problems that will be presented when the new Pennsylvania station is completed, it may well be that trolleys on Mulberry Street will be abandoned. In that event, a foot or two taken from each sidewalk would completely solve the traffic problem. Certainly the data that can be obtained from actual experience by comparatively short delay is so great in value as to justify the abandonment of the present improvement contemplated at this time.

Particularly do we urge that the City obtain a new and up-to-date appraisal before other property owners are put to additional expense. In this connection we wish to refer to Avenue P, in which the insufficient amount available for the Commissioners was parcelled out in such a way that those owning unimproved real estate received fair awards, and nothing was left over for the owners of buildings that would have been ruined by the proposed opening. Representing the Presto-Lite Company, it was necessary for us to carry the award through the courts to prevent the confiscation which would have otherwise resulted to our client. Mr. Kessler represented a client in the same position, as to whom the court also set aside the proceeding.

It is very easy, as may be observed from letters to the press from taxpayers and others, to arouse a preju-

dice against a property holder whose land the City seeks to take. This was the general situation when the City was acquiring property for the now to be abandoned market some seven or eight years ago. The records will show that this property was acquired at an average of approximately \$300 a foot. We believe that the appraisal that you have recently caused to be made will show a land value today of between two and three thousand dollars a foot. This increase is now to be capitalized by the City to produce an extremely fortunate leasehold interest. The former owners of the fee must be satisfied with their tiny, fractional gain as taxpayers (if they owned other property and so are fortunate enough still to be taxpayers).

We respectfully urge that under the circumstances existing in the present case, the proceedings be at this time abandoned by the City.

Respectfully yours,

Lum, Tambllyn & Colyer.

Ordered filed.

**Franklin Camp No. 29,  
Department of New Jersey  
Newark, N. J.**

December 10, 1929.

Mr. William J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

At a regular meeting of Franklin Camp No. 29, United Spanish War Veterans held on December 3rd, 1929, a copy of the resolution adopted by the Board of Commissioners of the City of Newark, New Jersey, at its meeting held on November 6th, 1929, in which a bill known as S-476—H. R. 2562 now pending before the U. S. Senate and House of Representatives calling for increases of pensions for Veterans of the War with Spain, Philippine Insurrection and China Relief Expedition was presented and read.

I have been directed, sir, to convey to the members of the Board of Commissioners of the City of Newark, New Jersey, the unanimous sincere thanks and appreciation of 700 members of Franklin Camp No. 29 for the action taken by the Board of Commissioners.

Your splendid patriotic spirit manifested in behalf of the veterans of our organization in this instance, we assure you is commendable and appreciated by every veteran of our organization.

Yours truly,

Franklin Camp No. 29,  
United Spanish War Veterans.

Ordered filed.

December 16, 1929.

To the Municipal Clerk:

I am enclosing blank form of budget which we have developed after some study with the idea that it will be of some assistance to the average municipality. These forms are being sent to all municipalities although it is taken for granted that the larger municipalities may not find this form applicable. Four copies are being enclosed with the idea that they will be used as follows:

1. Original working copy.
2. Minute record.
3. Copy to be filed with Department immediately after approval.

4. Printer's copy.

Respectfully submitted,

Walter R. Darby,  
Commissioner of Municipal  
Accounts.

Referred to Commissioner Howe.

Mayor Congleton: Has any person any other matter to bring to the attention of the Commission this morning?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., December 24, 1929

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Mayor Congleton.

Absent: Commissioner Murray.

The minutes of meeting of December 18th were read and approved:

The City Clerk presented An ordinance to provide for the construction of a pipe sewer from a point approximately 1,800 feet north of McClellan Street in State Highway No. 25, northwesterly about 1,900 feet to connect with the existing sewers on the east side of the Pennsylvania Railroad approximately 450 feet south of Van Duyne Street and making an additional appropriation therefor, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing:

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a pipe sewer from a point approximately 1,800 feet north of McClellan Street in State Highway No. 25, northwesterly about 1,900 feet to connect with the existing sewers on the east side of the Pennsylvania Railroad approximately 450 feet south of Van Duyne Street and making an additional appropriation therefor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Congleton.

Commissioner Brennan moved that said ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the construction of a pipe line sewer from a point approximately 1,800 feet north of McClellan Street in State Highway No. 25, northwesterly about 1,900 feet to connect with the existing sewers on the east side of the Pennsylvania Railroad approximately 450 feet south of Van Duyne Street and making an additional appropriation therefor," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer from a point approximately 1,800 feet north of McClellan Street in State Highway No. 25, northwesterly about 1,900 feet to connect with the existing sewers on the east side of the Pennsylvania Railroad approximately 450 feet south of Van Dwyne Street and making an additional appropriation therefor.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Mayor Congleton.

The City Clerk presented An ordinance to provide for the resurfacing and repaving of South 12th Street from Clinton Avenue to Avon Avenue with asphalt pavement on the existing brick or new concrete foundation as a base and making an additional appropriation therefor, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the resurfacing and repaving of South 12th Street from Clinton Avenue to Avon Avenue with asphalt pavement on the existing brick pavement or new concrete foundation as a base and making an additional appropriation therefor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the resurfacing and repaving of South 12th Street from Clinton Avenue to Avon Avenue with asphalt pavement on the existing brick or new concrete foundation as a base and making an additional appropriation therefor," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the resurfacing and repaving of South 12th Street from Clinton Avenue to Avon Avenue with asphalt pavement on the existing brick pavement or new con-

crete foundation as a base and making an additional appropriation therefor.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

The City Clerk presented An ordinance entitled "Zoning Ordinance of the City of Newark," and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until January 8th, 1930, for further action.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing compensation for the members of the Board of Adjustment, when appointed to such Board, under the provisions of Chapter 274, of the Laws of 1928.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the members of the Board of Adjustment, as provided for in the Zoning Ordinance heretofore introduced, in accordance with Chapter 274 of the Laws of 1928, shall receive a salary of Fifteen hundred dollars (\$1,500) each per annum, when so appointed, such salary to be paid as other salaries are paid.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

Commissioner Brennan moved that January 8th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will

be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the erection of a new Police Station upon lands owned by the City of Newark on Port Street, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That a new police station, to be erected upon lands owned by the City on Port Street, be and the same is hereby authorized.

2. That the total cost of the erection and equipment of said police station shall not exceed the sum of One hundred and fifty thousand dollars (\$150,000.00);

3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding One hundred and fifty thousand dollars (\$150,000), bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of temporarily financing the cost of said erection and equipment. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and

directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of One hundred and fifty thousand dollars (\$150,00.00) to be raised by the issuance of said temporary bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Congleton.

Commissioner Brennan moved that January 8th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the opening and widening of Haynes Avenue, on the northerly side thereof from Frelinghuysen Avenue easterly to Fenwick Street; for the change of grade of Haynes Avenue, from a line at right angles thereto intersecting the southerly line of the same at a point distant 415 feet easterly from the southeasterly corner of Frelinghuysen Avenue and Haynes Avenue, easterly 404 feet to the proposed westerly abutment of the bridge over the tracks of the Pennsylvania Railroad; and for the opening and widening of Meeker Avenue on the westerly side thereof

from Frelinghuysen Avenue southerly to Haynes Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Haynes Avenue on the northerly side thereof, from Frelinghuysen Avenue easterly to Fenwick Street, shall be opened and widened as a public street or highway, by the addition thereto of the two following described parts:

#### Part No. 1:

Being a strip 40 feet in width extending from the easterly side of Frelinghuysen Avenue easterly to the westerly side of Meeker Avenue.

#### Part No. 2:

Beginning at the northeasterly corner of Meeker and Haynes Avenue; thence northerly along the easterly line of Meeker Avenue 98.40 feet; thence curving to the left in a generally southeasterly direction with a radius of 66.65 feet and 92.63 feet; thence north 86° 07' east 441.86 feet to the southerly line of Fenwick Street; thence along the same south 65° 39' east 60.71 feet to line of land of Pennsylvania Railroad; thence along the same south 24° 21' west 15.08 feet to the northerly line of Haynes Avenue; thence along the same south 86° 06' west 535.93 feet to the place of beginning.

Section 2. That the grade of Haynes Avenue, from a line at right angles thereto, intersecting the southerly line of the same at a point distant 415 feet easterly from the southeasterly corner of Frelinghuysen Avenue and Haynes Avenue easterly 404 feet to the proposed westerly abutment of the bridge over the tracks of the Pennsylvania Railroad, shall be changed and established, the new grade to be established to apply to the roadway, curb and sidewalk as hereinafter described:

Grade of the main roadway leading to the bridge, approximately 40 feet in width, the middle line of said roadway being parallel to and distant 62½ feet measured northerly at right angles from the southerly line of Haynes Avenue;

Beginning at a line at right angles to Haynes Avenue, intersecting the

southerly line of the same at a point distant 415 feet easterly from the southeasterly corner of Frelinghuysen Avenue and Haynes Avenue at the grade of the existing pavement at an elevation of 14.00 feet above Newark City Datum; thence descending easterly 0.13 feet in 100 feet for 20 feet to an elevation of 13.97 feet above Newark City Datum; thence ascending easterly 1.01 feet in 100 feet for 20 feet to an elevation of 14.17 feet above Newark City Datum; thence ascending easterly 2.15 feet in 100 feet for 20 feet to an elevation of 14.60 feet above Newark City Datum; thence ascending easterly 3.29 feet in 100 feet for 20 feet to an elevation of 15.26 feet above Newark City Datum; thence ascending easterly 4.43 feet in 100 feet for 20 feet to an elevation of 16.15 feet above Newark City Datum; thence ascending easterly 5.00 feet in 100 feet for 304 feet to an elevation of 31.35 feet above Newark City Datum.

Grade at the northerly curb line of Haynes Avenue:

Beginning at a line at right angles to Haynes Avenue, intersecting the southerly line of the same at a point 668 feet easterly from the southeasterly corner of Frelinghuysen Avenue and Haynes Avenue at the grade of the existing curb at an elevation of 12.00 feet above Newark City Datum; thence ascending easterly 41 feet in 100 feet for 33.50 feet to an elevation of 25.72 feet above Newark City Datum; thence ascending easterly 5 feet in 100 feet for 118.00 feet to an elevation of 31.62 feet above Newark City Datum.

Grade of the sidewalk south of and adjoining the above mentioned main roadway approximately 40 feet in width:

Beginning at a line at right angles to Haynes Avenue, intersecting the southerly line of the same at a point 668 feet easterly from the southeasterly corner of Frelinghuysen Avenue and Haynes Avenue at the grade of the existing curb at an elevation of 12.00 feet above Newark City Datum; thence ascending easterly 41 feet in 100 feet for 33.50 feet to an elevation of 25.72 feet

above Newark City Datum; thence ascending easterly 5 feet in 100 feet for 118.00 feet to an elevation of 31.62 feet above Newark City Datum.

Section 3. That Meeker Avenue on the westerly side thereof from Frelinghuysen Avenue southerly to Haynes Avenue shall be opened and widened as a public street or highway, by the addition thereto of the following described part:

Beginning at the intersection of the southeasterly line of Frelinghuysen Avenue and the westerly line of Meeker Avenue; thence running southwesterly along the southeasterly line of Frelinghuysen Avenue 3.00 feet; thence southerly parallel with the easterly line of Meeker Avenue and distant 60 feet measured westerly at right angles thereto 296.16 feet to a line parallel to and distant 100 feet measured northerly at right angles from the southerly line of Haynes Avenue; thence easterly along said parallel line 4.36 feet to the westerly line of Meeker Avenue; thence northerly along the same 299.36 feet to the place of beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1304-O, dated December 16, 1929. Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Section 4. That said improvements shall be undertaken as local improvements and the cost thereof shall be assessed against the property peculiarly benefited by said improvement in proportion to the benefits received, and in no case shall any assessment for said improvements exceed in amount such peculiar benefits, under and by virtue of the provisions of the act above referred to.

Section 5. That the sum of \$165,000.00 is hereby appropriated to pay the cost of said improvements and for

the purpose of meeting said appropriation and temporarily financing said improvements temporary bonds or notes shall be issued from time to time in an amount not to exceed \$165,000, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 6. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Congleton.

Commissioner Gillen moved that January 15th, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

#### Reports of City Officers.

The following reports of City Officers were received and ordered filed: Auditor's Trial Balance as of November 30, 1929.

The following communication was received and read:

State of New Jersey.  
Board of  
Public Utility Commissioners.  
Trenton, N. J.

December 23, 1929.

Mr. W. J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

Your letter has been received concerning application for change in rates of fare by Public Service Coordinated Transport, effective January 1, next.

Under the proposed plan, all regular riders can still ride at a five-cent rate by purchasing ten tokens for fifty cents. The occasional rider will pay a cash fare of ten cents. It is entirely a matter of choice with the rider whether it is desired to purchase tokens or pay a cash fare.

The purpose of this experiment is to preserve the five-cent fare for all regular users of trolleys and buses. The Board deems it more in the public interest to permit a plan of this kind to become effective than to consider an application for an increased fare for all riders.

The reason a rate case has been postponed at this time is because of the fact that it is impossible to forecast at present the number of persons who will continue to ride at the five-cent fare by purchasing tokens, and the number who will choose to pay a ten-cent cash fare for the occasional ride. The only way that the effect of this plan on the revenue can be ascertained is by experiment.

In the meanwhile there has been reserved to all municipalities and other parties in interest, the right to be heard when the experiment has had a reasonable opportunity to demonstrate whether or not it will produce the financial results anticipated.

The important outstanding feature of the plan is the retention of the five-cent fare to the public who make regular use of trolleys or buses. It is similar to the railroad commutation rate schedule, where the commuter uses a monthly ticket at a cheaper rate per ride, as against the occasional rider, who buys a single or round trip ticket at a considerable higher rate of fare.

The company is required to file with this Board monthly reports of the effect of the experiment upon the revenues of the Public Service Coordinated Transport, so that the Board may be in constant touch with the result of the plan.

Very truly yours,

Emmett T. Drew,  
Secretary.

Ordered filed.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Mr. Emanuel Scheck, 14 Commerce Street: I appear for Osborn, Cornish and Scheck on behalf of Dr. William R. Ward. Dr. Ward owns a great deal of property in the Weequahic section of the city and is probably one of the largest owners of land in that locality. He has given serious thought to the Zoning Ordinance and feels that it should be adopted. While, of course, it can not meet with the satisfaction of everybody, it is drawn with a view to the best interests to the entire public; and he feels that any complaints or dissatisfactions should be taken care of as they arise and that they should depend upon the particular circumstances in each case. In view of the fact that Dr. Ward is so extensive an owner of land in the City and is vitally interested in all civic matters, we trust that his views will receive the consideration of the Commission.

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., December 31, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of the meeting of December 24, 1929, were read and approved.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Summit Avenue from Chancellor Avenue to Goldsmith Avenue and for the grading, curbing, flagging and paving of Goldsmith Avenue from about 476 feet west of Aldine Street to Hobson Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Summit Avenue from Chancellor Avenue to Goldsmith Avenue and for the grading, curbing, flagging and paving of Goldsmith Avenue from about 476 feet west of Aldine Street to Hobson Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Summit Avenue from Chancellor Avenue to Goldsmith Avenue and for the grading, curbing, flagging and paving of Goldsmith Avenue from about 476 feet west of Aldine Street to Hobson Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Summit Avenue from Chancellor Avenue to Goldsmith Avenue and for the grading, curbing, flagging and paving of Goldsmith Avenue from about 476 feet west of Aldine Street to Hobson Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading and paving of Paris Street from Wilson Avenue to Avenue L with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading and paving of Paris Street from Wilson Avenue to Avenue L with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the grading and paving of Paris Street from Wilson Avenue to Avenue L with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading and paving of Paris Street from Wilson Avenue to Avenue L with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read

three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over to January 15, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Madison Street from Market Street to Lafayette Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Edward Keelen, 255 Lafayette Street: As far as that street is concerned, I think the street is all right. It is in a condition good enough for what goes over it. Nothing comes over that street but heavy trucks. The street is paved now and was paid for once by the taxpayers. All that there is that comes over that street is New York trucks at night. There comes over some time seven-ton trucks, which shake the whole building up. I don't know but what that street is in a good enough condition—enough for what travels over it.

Mayor Congleton: I will look into it again if you like. We will lay it over for two weeks from tomorrow and I will have a further investigation made of it.

Commissioner Howe moved that the

ordinance be laid over to January 15, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Lang Street from Elm Road to Wilson Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving of Lang Street from Elm Road to Wilson Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the repaving of Lang Street from Elm Road to Wilson Avenue with asphalt pavement (1½" top 1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Lang Street from Elm Road to Wilson Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening of North Seventh Street 50 feet in width, from the southerly line of Anthony Street southerly 350 feet to the Belleville-Newark boundary line, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the opening of North Seventh Street 50 feet in width, from the southerly line of Anthony Street southerly 350 feet to the Belleville-Newark boundary line.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that

the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the opening of North Seventh Street 50 feet in width, from the southerly line of Anthony Street southerly 350 feet to the Belleville-Newark boundary line," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the opening of North Seventh Street 50 feet in width, from the southerly line of Anthony Street southerly 350 feet to the Belleville-Newark boundary line.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Twelfth Avenue from West Market Street to Newton Street and from Bergen Street to Fairmount Avenue with new oblong granite block pavement on a new six (6) inch concrete foundation; from Newton Street to Bergen Street and from Fairmount Avenue to South 12th Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, the street railway track area between South 10th Street and South 12th Street to be repaired or repaved with granite block where necessary, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over to January 15, 1930.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize the acquirement of lands known as No. 50 Franklin Street and No. 235-7 Mulberry Street, in the City of Newark, for city use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the lands hereinafter particularly described, situate in the City of Newark, shall be acquired by The City of Newark, either by purchase or condemnation, for City use:

#### **First Tract:**

Beginning at the corner of I. Abeel's Baldwin's lot which beginning corner is in the northeasterly line of Franklin Street; thence (1) running along the easterly line of said Baldwin's lot a northeasterly course 123 feet, more or less, to the line of a lot now or lately of Halmah Van Wagenen; thence (2) along the same easterly 30 feet to the line of a lot lately of Elias Woods; thence (3) along the line of said last mentioned lot southerly 123 feet, more or less, to said line of said Franklin Street; and thence (4) along said line of Franklin Street westerly 30 feet to the place of beginning. According to survey made by Harrison Van Duyne & Son, Surveyors, Newark, N. J., January, 1901.

#### **Second Tract:**

Beginning on the westerly side of Mulberry Street at the southeasterly corner of John Clark, Junior's, lot, being 86 feet 6 inches from the northwesterly corner of Franklin Street and Mulberry Street; thence running westerly at right angles to Mulberry Street and along said Clark's line 100 feet to James Bruen's land; thence southerly along said Bruen's land 30 feet 10 inches

to Mary Watson's line; thence eastwardly along her line 100 feet to said Mulberry Street; thence northwardly along Mulberry Street 30 feet 10 inches to the place of Beginning.

2. That the total cost of the purchase of said lands shall not exceed the sum of Seventy-four thousand dollars (\$74,000.00);

3. Pursuant to the provisions of

Section 13, of Chapter 252, P. L. 1916, (as amended)

there shall be issued temporary loan bonds of The City of Newark, in an aggregate principal amount not exceeding Seventy-four thousand dollars (\$74,000.00), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such times or time and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of Seventy-four thousand dollars (\$74,000.00) to be raised by the issuance of said temporary loan bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that January 15, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will

be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows.

An ordinance to provide for the repaving of Seventh Avenue from Broadway to the east side of Cutler Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and from the east side of Cutler Street to Clifton Avenue with new oblong granite block pavement on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Seventh Avenue from Broadway to the east side of Cutler Street shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and from the east side of Cutler Street to Clifton Avenue with new oblong granite block pavement on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated November 27, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause such connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$98,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$98,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance,

be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that January 22, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Lang Street from Elm Road to New York Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch reinforced concrete pipe sewer for storm water only shall be constructed in Lang Street from Elm Road to New York Avenue, together with all the appurtenances necessary to complete the same under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 16, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited

by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$5,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$5,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 22, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Kossuth Street from Wilson Avenue to St. Charles Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Kossuth Street from Wilson Avenue to St. Charles Street shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 28, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands

benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$68,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$68,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that January 22, 1930, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is

hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of part of an Unnamed street, as shown on Map of Property of Isaac Winans (later referred to as Wood Street), from a property line about 158.34 feet north of 16th Avenue 86.71 feet northerly to another property line.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That part of an Unnamed street, as shown on Map of Property of Isaac Winans (later referred to as Wood Street), from a property line about 158.34 feet north of 16th Avenue 86.71 feet northerly to another property line, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map also is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1399-V, dated December 12, 1929, shall be vacated as a public street or highway, the part to be vacated being described as follows:

Beginning at the intersection of the westerly line of an Unnamed Street as shown on Map of Property of Isaac Winans (later referred to as Wood Street) and the division line between property now or formerly of Levine Bros., Inc., and Achille Droguardi; thence running northerly along said westerly line 35 feet, more or less, to the easterly line of South Fourteenth Street; thence northerly along the easterly line of South Fourteenth Street 51 feet, more or less, to the division line between property of Achille Droguardi and Sadie Flore; thence easterly along said division line 49.12

feet, more or less, to the easterly line of said Unnamed Street (later referred to as Wood Street); thence southerly along the easterly line of said Unnamed Street 87.51 feet, more or less, to the division line between property now or formerly of Levine Bros., Inc., and Achille Drogardi; thence westerly along said division line 50 feet, more or less, to the place of Beginning.

Under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII, of an Act of the Legislature of the State of New Jersey entitled "An Act Concerning Municipalities" approved March 27, 1917; and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Oswald Realty Company, a corporation, has agreed to sell to The City of Newark, for the sum of Seventy-four thousand dollars (\$74,000.00) certain lands in the City of Newark, Essex County, New Jersey:

First Tract—

Beginning at the corner of I. Abeels Baldwin's lot, which beginning corner is in the northeasterly line of Franklin Street; thence (1) running along the easterly line of said Baldwin's lot a northeasterly course 123 feet, more or less, to the

line of a lot now or lately of Halmah Van Wagenen; thence (2) along the same easterly 30 feet to the line of a lot lately of Elias Woods; thence (3) along the line of said last mentioned lot southerly 123 feet, more or less, to said line of said Franklin Street; and thence (4) along said line of Franklin Street westerly 30 feet to the place of Beginning. According to survey made by Harrison Van Duyne & Son, Surveyors, Newark, N. J., January, 1901.

Second Tract—

Beginning on the westerly side of Mulberry Street at the southeasterly corner of John Clark, Junior's, lot, being 86 feet 6 inches from the northwesterly corner of Franklin Street and Mulberry Street; thence running westerly at right angles to Mulberry Street and along said Clark's line 100 feet to James Bruen's land; thence southerly along said Bruen's land 30 feet 10 inches to Mary Watson's line; thence eastwardly along her line 100 feet to said Mulberry Street; thence northwardly along Mulberry Street 30 feet 10 inches to the place of Beginning.

and,

WHEREAS, In the judgment of this Board it is advisable that the City purchase said lands, at the price stated, which, in the opinion of this Board, is a fair price; therefore, be it

RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said Oswald Realty Company to sell said lands at the price of \$74,000; and be it further

RESOLVED, That the sum of Seventy-four thousand dollars is hereby appropriated to said Oswald Realty Company, as the consideration for the aforementioned conveyance of lands; and the Director of the Department of Parks and Public Property is hereby authorized and directed to enter into contract with said company for the purchase of said lands, on behalf of the City; the consideration for said conveyance to be paid upon the filing by said company with the Acting Auditor of Accounts of a Warranty Deed,

approved as to form by the Law Department, free and clear of all encumbrances, except taxes for the year 1930, which are to be apportioned as of date of closing title, said deed to convey the premises above described.

The following communication was received and read:

The City of Newark,  
New Jersey.  
Office of the Mayor.

December 31, 1929.

**Subject: Appointment of Christian W. Feigenspan to Sinking Fund Commission.**

The Board of Commissioners  
of the City of Newark,  
City Hall, Newark, New Jersey.

Gentlemen:

By virtue of the power and authority vested in me under an act of the Legislature of this State, entitled:

"An Act Concerning Sinking Funds and Sinking Fund Commissioners," approved March 29, 1917, and the acts amendatory thereof and supplemental thereto,

I do, by and with the consent of your body, appoint Christian W. Feigenspan, a resident taxpayer on real estate, a member of the Sinking Fund Commission of the City of Newark, for a term of three years to commence on January 1, 1930.

Respectfully,

Jerome T. Congleton,  
Mayor.

Ordered filed.

Mayor Congleton offered the following resolutions:

**WHEREAS**, JEROME T. CONGLETON, Mayor of the City of Newark, has this day appointed Christian W. Feigenspan a member of the Sinking Fund Commission of the City of Newark, for a term of three years, from January 1, 1930, by and with the consent of this governing body;

**THEREFORE BE IT RESOLVED**, By the Board of Commissioners of the City of Newark, that the action of said Jerome T. Congleton, Mayor of the City of Newark, in appointing said Christian W. Feigenspan a member of said Sinking Fund Commission of the City of Newark for a term of three years from January 1, 1930, be and the same is hereby ratified and confirmed, and our consent to said appointment is hereby given; and,

**BE IT FURTHER RESOLVED**, That said Christian W. Feigenspan give a bond, with corporate security, in the sum of Five thousand dollars (\$5,000.00) for the faithful performance of said office.

WHEREAS, Consolidated Specialty Corporation has agreed to sell to The City of Newark, for the sum of One hundred nine thousand eight hundred forty dollars (\$109,840.00), certain lands situate in the City of Newark, Essex County, New Jersey:

#### First Tract:

Beginning at a point in the southeasterly line of other land formerly belonging to Enoch B. Woodruff at the northerly corner of land reputed to be now or formerly owned by Abby B. Pollison and others; thence running along the southeasterly line of said Enoch B. Woodruff's land north 62° 27' east 496.85 feet to the southerly corner of land formerly belonging to Henry Lyon; thence along the southeasterly line of said Lyon's land north 62° 31' east 420.81 feet to a corner of land formerly belonging to Estate of Lewis Rivers; thence along the line of the last mentioned land south 24° 32' east 266.83 feet to a corner in the land of the said Rivers south 60° 18' west 226.55 feet to a corner of land formerly belonging to Morris Stiles; thence along the northwesterly line of said Stiles' land south 60° 42' west 530.74 feet to the northeasterly line of land reputed to be now or formerly owned by Abby C. Pollison and others; thence along the northeasterly line of the last mentioned land north 54° 14' west 326.55 feet to the point or place of Beginning.

Containing 5.395 acres, more or less, according to survey by Ernest L. Meyer, Inc., dated October 1, 1917.

Said premises by a recent survey are shown to contain 5.395 acres.

#### Second Tract:

Beginning at a point in the southerly line of land formerly belonging to Enoch B. Woodruff, and now or lately belonging to William Kister, which point is also the northerly corner of land formerly belonging to Morris Stiles; thence running (1) along land of said Stiles south 30° 1' 30" east 644.95 feet to land formerly of Obadiah Lyon; thence (2) along the northeasterly line of said Lyons' land north 55° 51' east 199.79 feet to land now or formerly of Moses Price and Jonathan Winans; thence (3) along the westerly line of their land north 9° east 539.87 feet; thence (4) still along the same and land formerly of Moses O. Baker north 9° 21' east 572.47 feet to the southerly line of land formerly belonging to Henry Lyon and lately of the estate of August Kister; thence (5) along the southwesterly line of the last mentioned land south 62° 52' 30" west 651.05 feet to the northeasterly corner of land formerly belonging to said Enoch Woodruff; thence (6) along the easterly line of his land south 24° 32' east 266.83 feet to a corner of the same; thence (7) still along the line of his land south 60° 18' west 226.55 feet to the point or place of Beginning.

Containing 9.887 acres, according to survey by Ernest L. Meyer, Inc., dated October 1, 1917.

Said premises by a recent survey are shown to contain 9.89 acres.

#### Third Tract:

Beginning at the southwesterly corner of land now or formerly of William Grummon; thence (1) along line of his land and land now or formerly of James Jagers north 84° 42' east 824.70 feet to a point in line of land formerly of Henry Meeker; thence (2) along the southerly line of said Meeker's land south 83° 21' east 72.35 feet; thence (3) south 2° east 137.09 feet to the northwesterly line of land formerly of the Estate of Lewis Rivers; thence (4) along the last mentioned land south 52° 52' 30" west 651.06 feet to land formerly of Enoch B. Woodruff; thence (5) along the northwesterly line of said Woodruff's land south 62° 31' west 420.81 feet

to other land formerly of the said Enoch B. Woodruff; thence (6) along the easterly line of land of said Woodruff north 5° 21' 30" east 264.82 feet; thence (7) along the easterly line of land formerly belonging to Morris Stiles north 5° 44' east 297.98 feet to the point or place of Beginning.

Containing 7,349 acres, more or less, according to survey by Ernest L. Meyer, Inc., dated October 1, 1917.

Said premises by a recent survey are shown to contain 7.35 acres.

#### **Fourth Tract:**

Beginning at the northeasterly corner of land formerly of the Estate of Lewis Rivers and at the southeast corner of land formerly of Henry Lyons; thence (1) running along the easterly line of said Rivers' land south 9° 21' west 408.54 feet to land formerly of Samuel Congar; thence (2) along the northerly line of the last mentioned land south 79° 16' east 272.58 feet to the westerly line of land formerly belonging to Edward Earl; thence (3) along the westerly line of said Earl's and land formerly of Jonathan H. Hoyt and land formerly of Richard Townley north 12° 15' east 641.25 feet to a corner of land formerly belonging to Henry Meeker; thence (4) along the same south 63° 28' west 387.35 feet to the point or place of Beginning.

Containing 3.543 acres.

Said premises by a recent survey are shown to contain 3.483 acres.

#### **Fifth Tract:**

Beginning at a point in the southeasterly line of land formerly belonging to the Estate of Morris Stiles at the northerly corner of land now or formerly belonging to Charles Woodruff; thence running along the said Stiles' land north 64° 24' east 782.76 feet to a point in the westerly line of land formerly belonging to Henry Lyons; thence along the westerly line of said Lyons' land south 5° 21' 30" west 264.82 feet to the northwesterly line of land formerly belonging to Enoch B. Woodruff; thence along line of last mentioned land and in continuation thereof south 62° 27' west 638.22 feet to the

easterly corner of land now or formerly of said Charles Woodruff; thence along the same north 27° 36' west 348.96 feet to the point or place of Beginning.

Containing 3.864 acres, more or less, according to survey by Ernest L. Meyer, Inc., dated October 1, 1917.

Said premises by a recent survey are shown to contain 3.864 acres.

#### **Sixth Tract:**

Beginning at the southwesterly corner of land formerly belonging to Morris Stiles in the easterly line of land now or formerly belonging to Charles Merchant; thence along the southeasterly line of land of the said Stiles north 64° 24' east 555.72 feet to the westerly corner of land formerly of Enoch B. Woodruff; thence along the southwesterly line of said Woodruff's land south 27° 36' east 248.96 feet to the northwesterly line of land reputed to belong to Enoch B. Woodruff and the estate of Moses Price; thence along the line of the last mentioned land south 62° 14' west 742.88 feet to the easterly line of land of the said Charles Merchant; thence along the same north 7° 7' east 329.14 feet to the point or place of Beginning.

Containing 3.889 acres more or less, according to a survey made by Ernest L. Meyer, Inc., dated October 1, 1917.

Said premises are shown by a recent survey to contain 3.889 acres.

#### **Seventh Tract:**

So much of the following described tract of land as lies in the City of Newark, in the County of Essex and State of New Jersey:

Beginning at a corner of land formerly of Lewis Mulford, later belonging to Morris Stiles; thence (1) running along the southwesterly line of said land south 40° 51' east 203 feet; thence (2) along land formerly of Baker Woodruff and John De Hart south 39° 44' east 891.27 feet to land formerly belonging to Ephraim Williams; thence (3) along the northwesterly line of said Williams' land south 59° 9' west 264 feet to a point in the line of land now or lately of Hope or Edward Carpen-

ter; thence (4) along the last mentioned land and land formerly of Matthias Potter, Baker Woodruff and John Roberts north 40° 1' west 1100.88 feet to a point in line of land now or formerly belonging to John Kean; thence (5a) along the same and land formerly of the said Mulford north 60° 30' east 266.5 feet to the point or place of Beginning.

Containing 6.625 acres according to survey made by Ernest L. Meyer, Inc., dated October 1, 1917.

The portion of the above tract lying in the City of Newark contains by a recent survey .454 acres.

and,

WHEREAS, In the judgment of this Board it is advisable that the City purchase said land at the price stated, which, in the opinion of this Board, is a fair price;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said Consolidated Specialty Corporation to sell said land at the price aforesaid; and

BE IT FURTHER RESOLVED, That the sum of One hundred nine thousand eight hundred and forty dollars (\$109,840.00) be and the same is hereby appropriated to said Consolidated Specialty Corporation, as the consideration for said conveyance, upon the filing by it with the Acting Auditor of Accounts of the City of Newark of a Warranty Deed, approved as to form by the Law Department, free and clear of all encumbrances except taxes for the year 1929, which are to be apportioned as of date of closing title, conveying the lands aforesaid.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of the Department of Public Affairs be and he is hereby directed to advertise for sealed proposals for the furnishing and delivering of Mack 5-ton trucks and Repair Parts, Chrysler Automobiles and Repair Parts, Dodge Brothers Automobiles and Repair Parts, Studebaker Automobiles and Repair Parts, Tracing Cloth, Transits and Levels.

Bids to be received at the office of said Director between the hours of 10:00 and -0:15 A. M. on such date as he shall in said advertisement designate.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the following bonds be and the same hereby are approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper City officer:

Edward F. Rommel (Plumber's bond.)  
Kenneth McLeod (Plumber's bond.)  
Valentine McEvilly (Plumber's bond.)  
Frederick H. Serra (Plumber's bond.)

Jerome T Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following resolution was presented:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles F. Vonhof for a gasoline station at 343-353 Bloomfield Avenue, northwest corner of Fourth Street;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Brennan moved that the application be laid over until January 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

Bureau of Municipal Information,  
34 West State Street,  
Trenton, N. J.

December 27, 1929.

To the Honorable  
Governing Body:

Will you please refer this letter to

the Chief Financial Officer or take such other steps toward the proposal to exempt all personal property from taxation? When this has been determined, please notify me for the guidance of our Executive Board and Legislative Committee in dealing with this proposal when it comes up in the Legislature.

Yours very truly,

Sedley H. Phinney,  
Director.

Ordered referred to Commissioner Howe.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commission this morning?

Mr. Meyer Zemel, 826 South 13th Street: Gentlemen, at the start I want to wish you and all the citizens of Newark a happy new year.

Mayor Congleton: Thank you.

Mr. Zemel: I am here in behalf of the City's most faithful servants—the policemen and the firemen. I can't say too much about my being in favor of a wage increase. The greatest City in the country, New York City, at the last election voted their policemen a wage increase. I feel that the men in Newark are not any worse than those in New York. I know we have here the best police department and the best fire department in the country. The record of this City for keeping down crime is wonderful. The fires are always under control in the City of Newark. We have a good fire department.

They may advance as an excuse that the tax rate at the present time is going to be increased and that the increase in wages for the firemen and policemen will be a heavier burden than the property owner can stand, but I still echo the sentiment of our Mayor in the speech he made before the Broad Street Association that instead of paying prohibitive and exorbitant prices for property that is going to be used for improvements at this time, those things should be side-tracked.

I fully agree that all the improvements that are going to come in the City of Newark, with relation to Port Newark, the future City Hospital—we need them all; but the Mayor has the

right idea—that the City of Newark should have competent policemen and competent firemen, who can properly support their families and go among men as men should go.

I urge you to grant the policemen and the firemen the increases. Whatever the increases may be, whatever you get together on, will be all right, as long as you give them something. Make them all happy for the new year. Thank you, gentlemen.

Mayor Congleton: Has any other person any matter to be brought before the Commission this morning?

(No response.)

Commissioner Brennan moved that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.
